

# Introduction

Established in 1978, Dana Marine has been fortunate in forming a highly experienced team with the equipment and expertise to provide the highest quality marine products in the custom boating industry today. From our billet deck hardware to our custom power hinges, our products are meticulously designed and manufactured to balance durability with a superior finish.

Located in Corona, California, Dana Marine continuously strives to meet the needs of its customers both locally and worldwide. Our 300 marine products are machined from the finest-quality billet aircraft aluminum for lifelong durability, most of which can be seen on the decks, dashes and transoms of the finer boats in the Southern California area. Our cutting-edge anodizing and powder coating techniques provide a pristine finish in just about any color. Our 38 CNC machines allow us to convert rough-draft ideas into precision products within hours.

Keeping up with the pace of tomorrow means accelerating today. This demands creativity, competence and concentration. See how Dana Marine Products in the various fields of the industry today gets ready for the demands of tomorrow. Let our exceptionally high quality accessories provide the finishing touches for your custom marine needs.

This dynamic catalog is the first of its kind on the web and allows us to deliver catalogs both through the mail and online like never before. You can simply select the products and/or categories you are interested in, and the web site does the rest. It produces a custom catalog including just the items you requested with all of the associated information and images. It's one more reason to work with Dana Marine Products.

Please call us at any time or visit the web site at [www.danamarineproducts.com](http://www.danamarineproducts.com) for complete and up to date information.

Dana Marine distributes high performance Bonaco stainless steel braided lines and aluminum fittings. Our wide selection of hard to find fittings will help you complete any plumbing installation.

### Jaws Anchors

A simple and rugged folding design that was engineered for safe and easy handling. DMP Jaws Anchors lock in the open and closed position. They are specifically designed to help prevent hand injuries. This anchor will bite in even the most difficult bottom conditions. The high strength construction will insure a good set and the ability to retrieve the anchor when necessary. Anchor weight is 19 LBS. Recommended for boats from 10ft to 33ft.

JAW-101

### JAW-101

#### JAWS Folding Anchor

High strength steel construction with a UV protected powdercoat finish. Includes a free draw string storage bag.

JAW-102

### JAW-102

#### Anchor Bag

Heavy duty canvas anchor bag for the JAWS folding anchor. This bag features a heavy duty zipper and a bottom plastic liner to help prevent canvas failure.

JAW-1000

### JAW-1000

#### Slip Ring Anchor Medium

Traditional anchor for 20' to 24' boats.

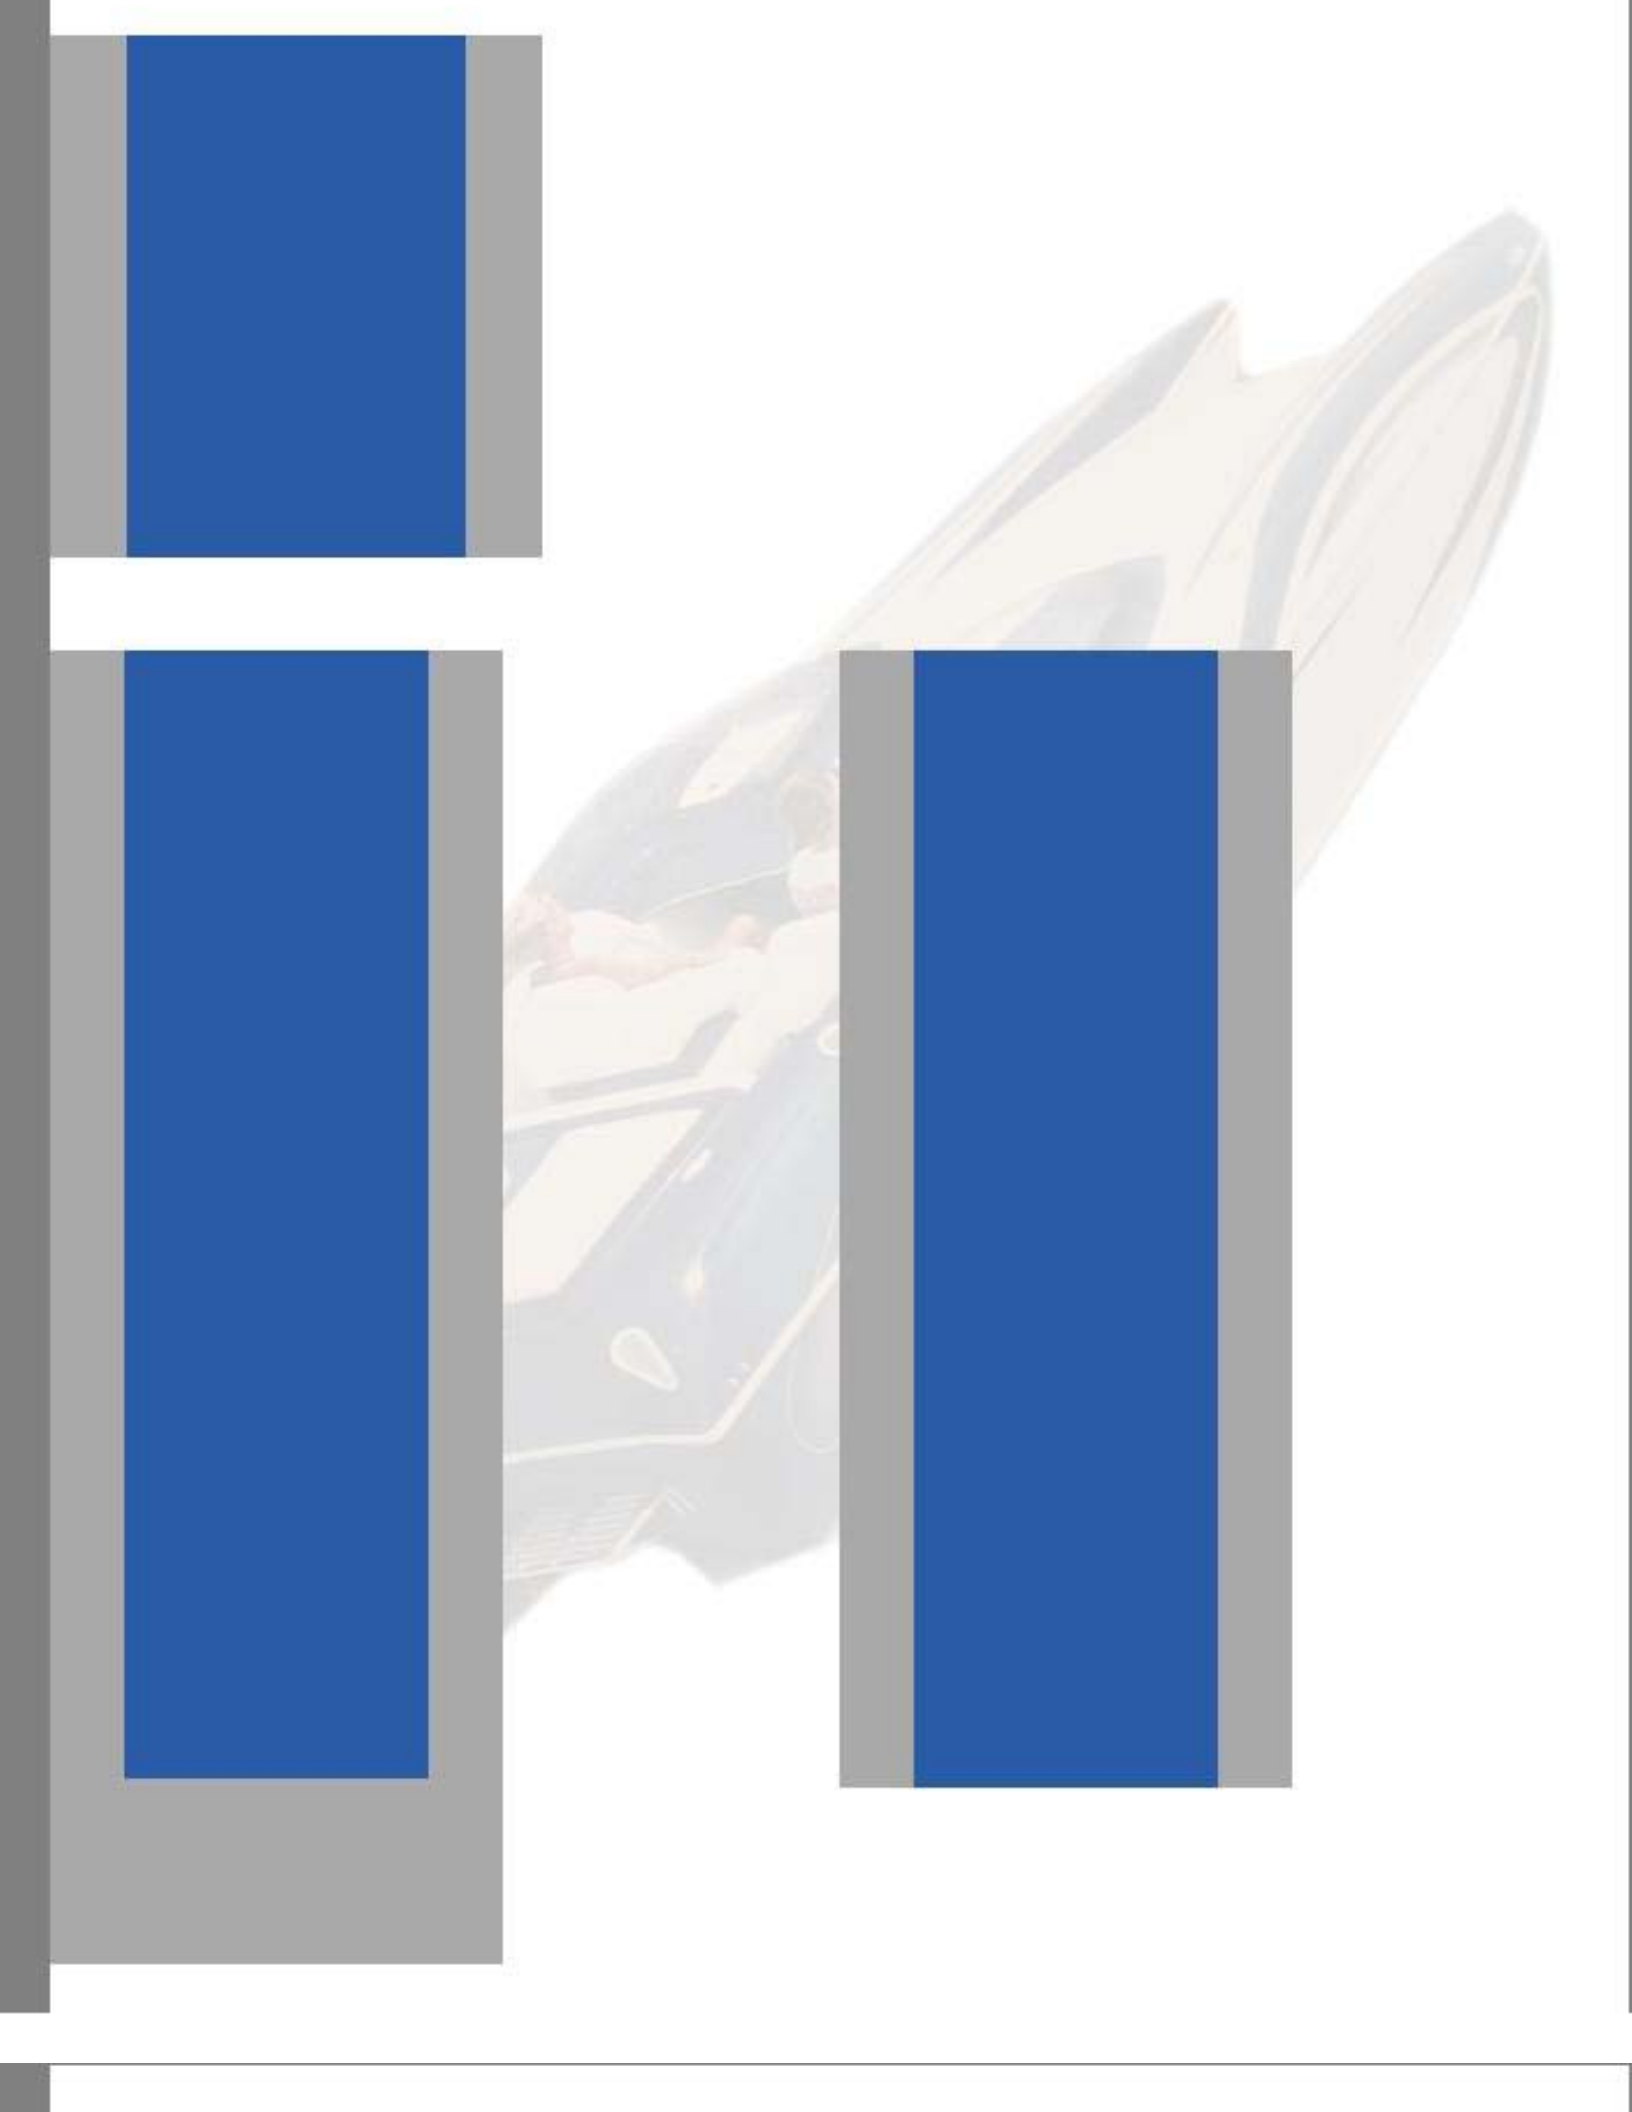

JAW-1001

### ANCH-1001

#### Slip Ring Anchor Large

Traditional anchor for 25' to 30' boats.

3M-0012

**3M-0012****12" 3M Film Tape - 200ft**

3M protective film tape is designed to help avoid upholstery and gelcoat damage while rigging. This self sticking tape does not leave any residue and simply peels off when your done. Will not harm vinyl, leather, paint, aluminum finishes or gelcoat.

3M-0024

**3M-0024****24" 3M Film Tape - 200ft**

3M protective film tape is great for use when rigging to avoid damage to gelcoat and upholstery.

DRVN-02

**DRVN-02****Driven Marine Polish**

This polish contains the highest formulation of premium grade polymers with no abrasives. It has a high gloss wet look with incredible depth and clarity. Easy to use, and long lasting, up to one full year in intense heat or severe cold.

DRVN-03

**DRVN-03****Driven Finish Restorer**

Premium grade glazing compound that is formulated with the highest quality ultra fine micro abrasives to achieve world class results. The precision abrasives will safely remove oxidation, water spots, surface contaminants, and light surface scratches.

DRVN-04

**DRVN-04****Driven Wash Concentrate**

Premium polymer wash safely cleans all automotive and marine finishes. This product will not strip polish or wax. It is fully biodegradable and PH balanced.

DRVN-05

**DRVN-05****Driven Vinyl/Leather Protector**

This premium polymer based cream conditions, preserves, and protects new and old rubber, vinyl, and leather without leaving a slippery or greasy finish.

DRVN-06

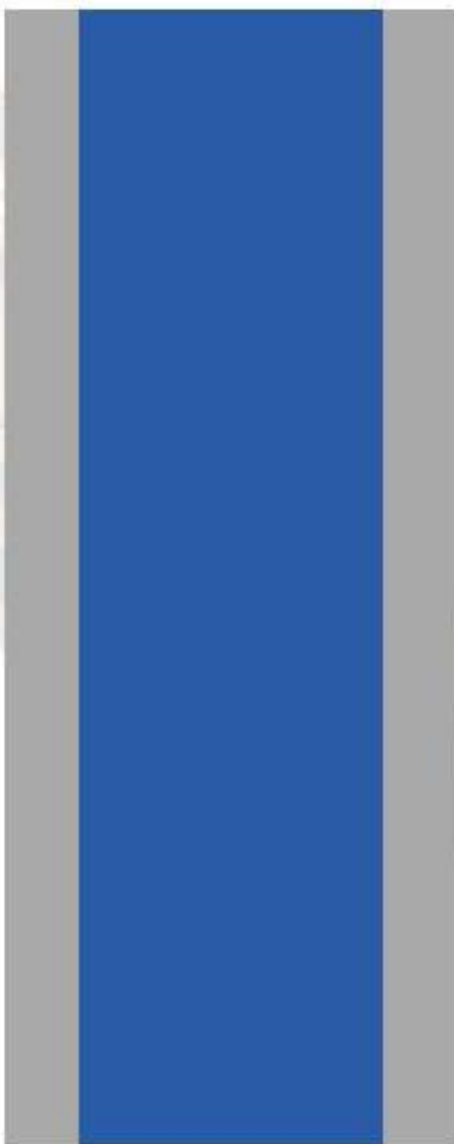

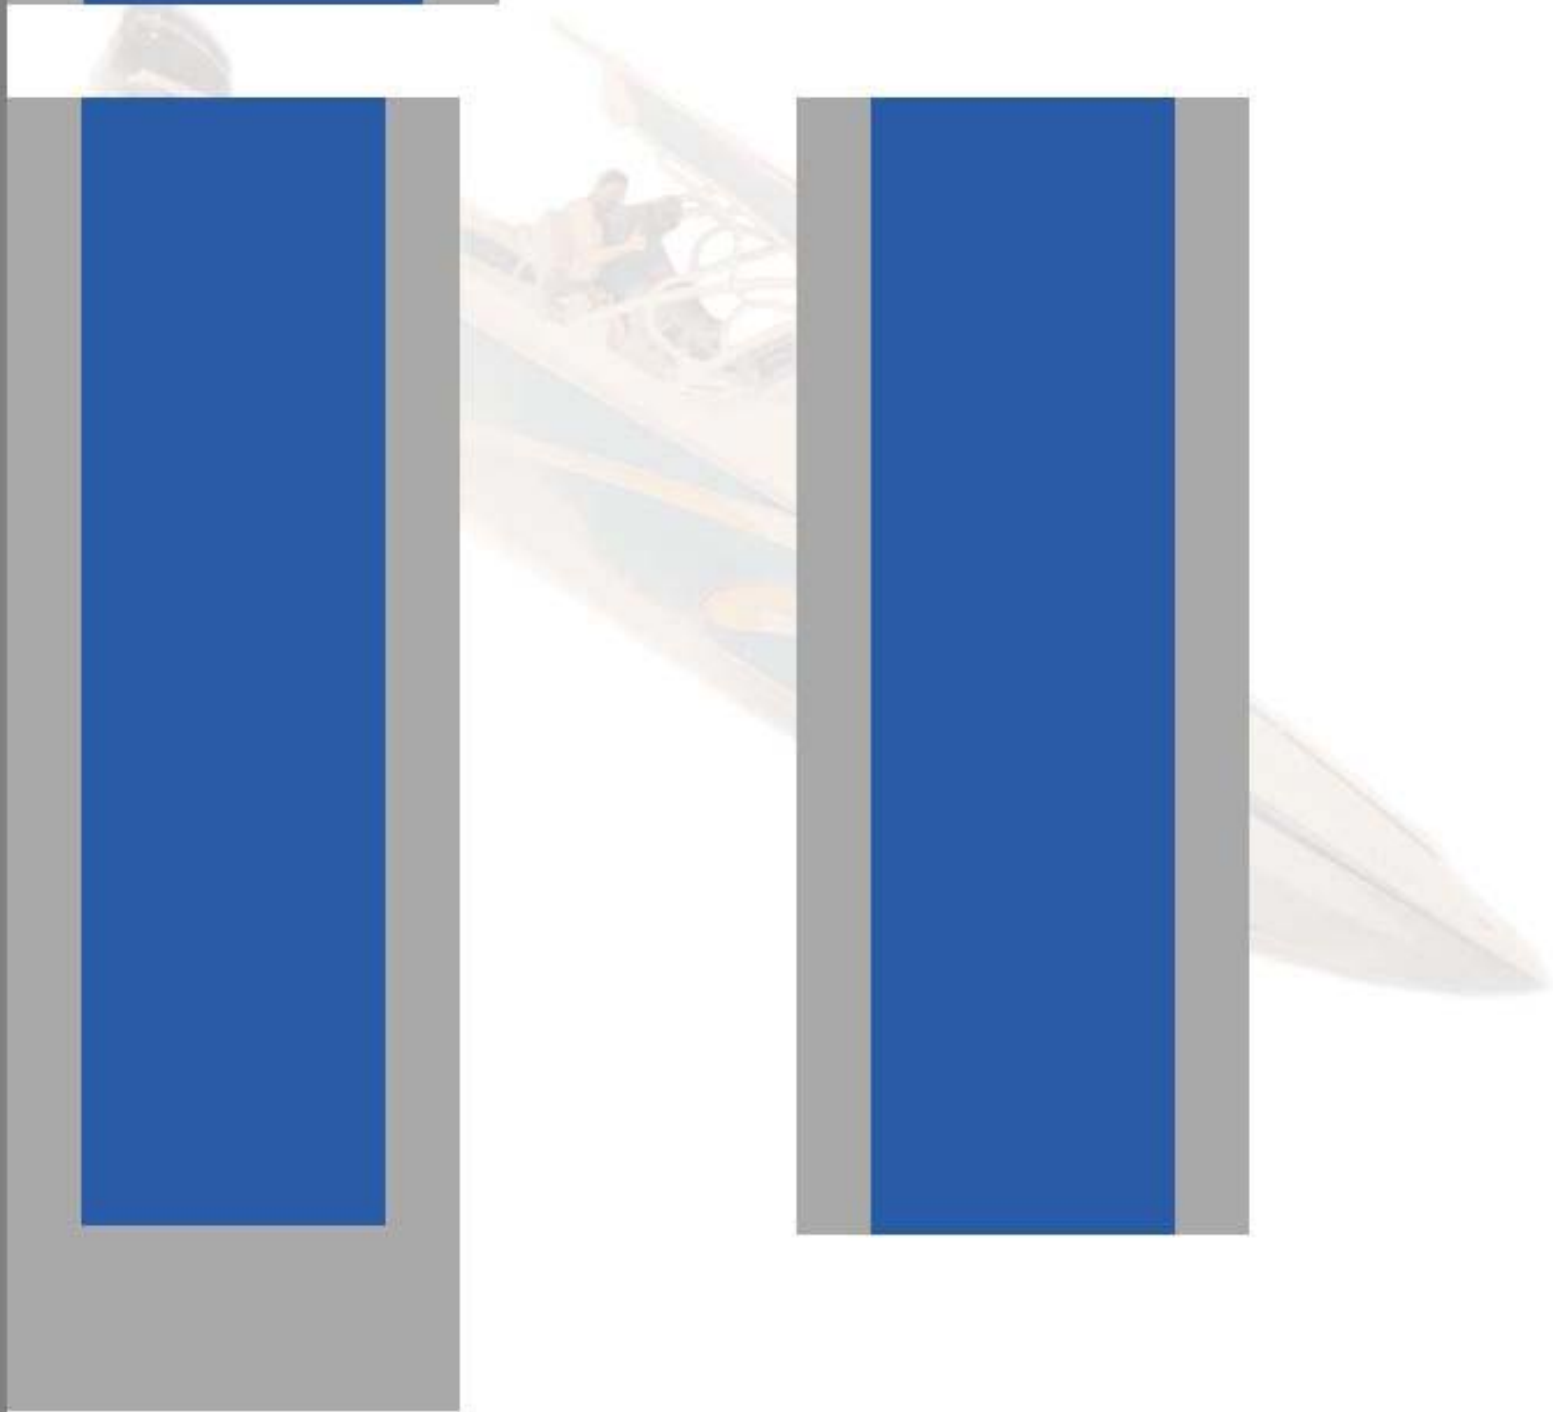

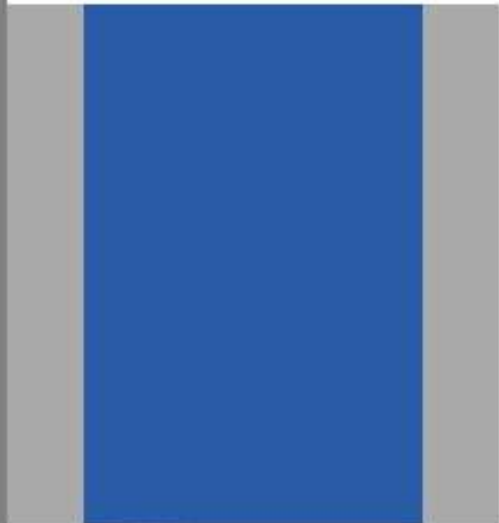

**DRVN-06****Driven Quick Spray Cleaner**

A highly concentrated biodegradable solution for cleaning water spots and water contaminants. Unlike other water spot removers, Driven will not strip wax or polish. This is a concentrate that makes four quarts. Simply mix with water.

(951) 279-5005

Dana Marine distributes Driven Premium Detailing Products. Driven's product line is dramatically different from any other detailing products available. These detailing products are designed to help eliminate hard water spots and contaminants that affect your boats finish. They're easy to use, long lasting, and provide a total non-stick protection layer and a superior shine.

brass mounting hardware, plastic or aluminum cases, and a weather sealed lens. Quality internal movements insure fast gauge response and accurate readings.

**Platinum-Chrome 5" Tachs**

Operates with 4, 6, 8 cylinder and 12 pole outboard applications. 4 5/8" hole size, 5" face.

**AUT-200750-35 6K RPM**

**AUT-200797-35 8K RPM**

**AUT-200801-35 10K RPM**

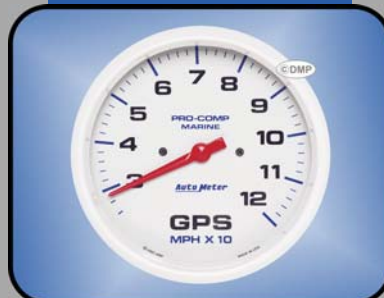

**White 5" Tachs**

Operates with 4, 6, 8 cylinder and 12 pole outboard applications. 4 5/8" hole size, 5" face.

**AUT-200750 6K RPM**

**AUT-200797 8K RPM**

**AUT-200801 10K RPM**

**White 5" GPS Speedos**

Features a high speed recall and average speed readout. Optional recall switch and GPS receiver are sold separately. 4 5/8" hole size, 5" face.

**AUT-200845 100mph**

**AUT-200846 120mph**

**AUT-200847 140mph**

**AUT-200848 160mph**

**Platinum 5" Tachs**

Operates with 4, 6, 8 cylinder and 12 pole outboard applications. 4 5/8" hole size, 5" face. **AUT-200750-33 6K RPM**

**AUT-200797-33 8K RPM**

**AUT-200801-33 10K RPM**

**Platinum 5" GPS Speedos**

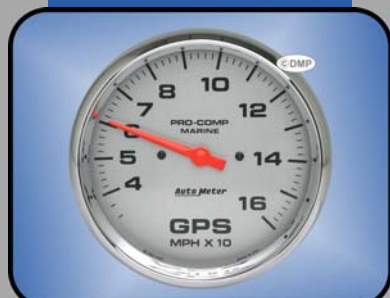

Features a high speed recall and average speed readout. Optional recall switch and GPS receiver are sold separately. 4 5/8" hole size, 5" face.

**AUT-200845-33 100mph**

**AUT-200846-33 120mph**

**AUT-200847-33 140mph**

**AUT-200848-33 160mph**

**Platinum-Chrome 5" GPS Speedos**

Features a high speed recall and average speed readout. Optional recall switch and GPS receiver are sold separately. 4 5/8" hole size, 5" face.

**AUT-200845-35 100mph**

**AUT-200846-35 120mph**

**AUT-200847-35 140mph**

**AUT-200848-35 160mph**

**Don't Forget To Order A GPS Receiver**

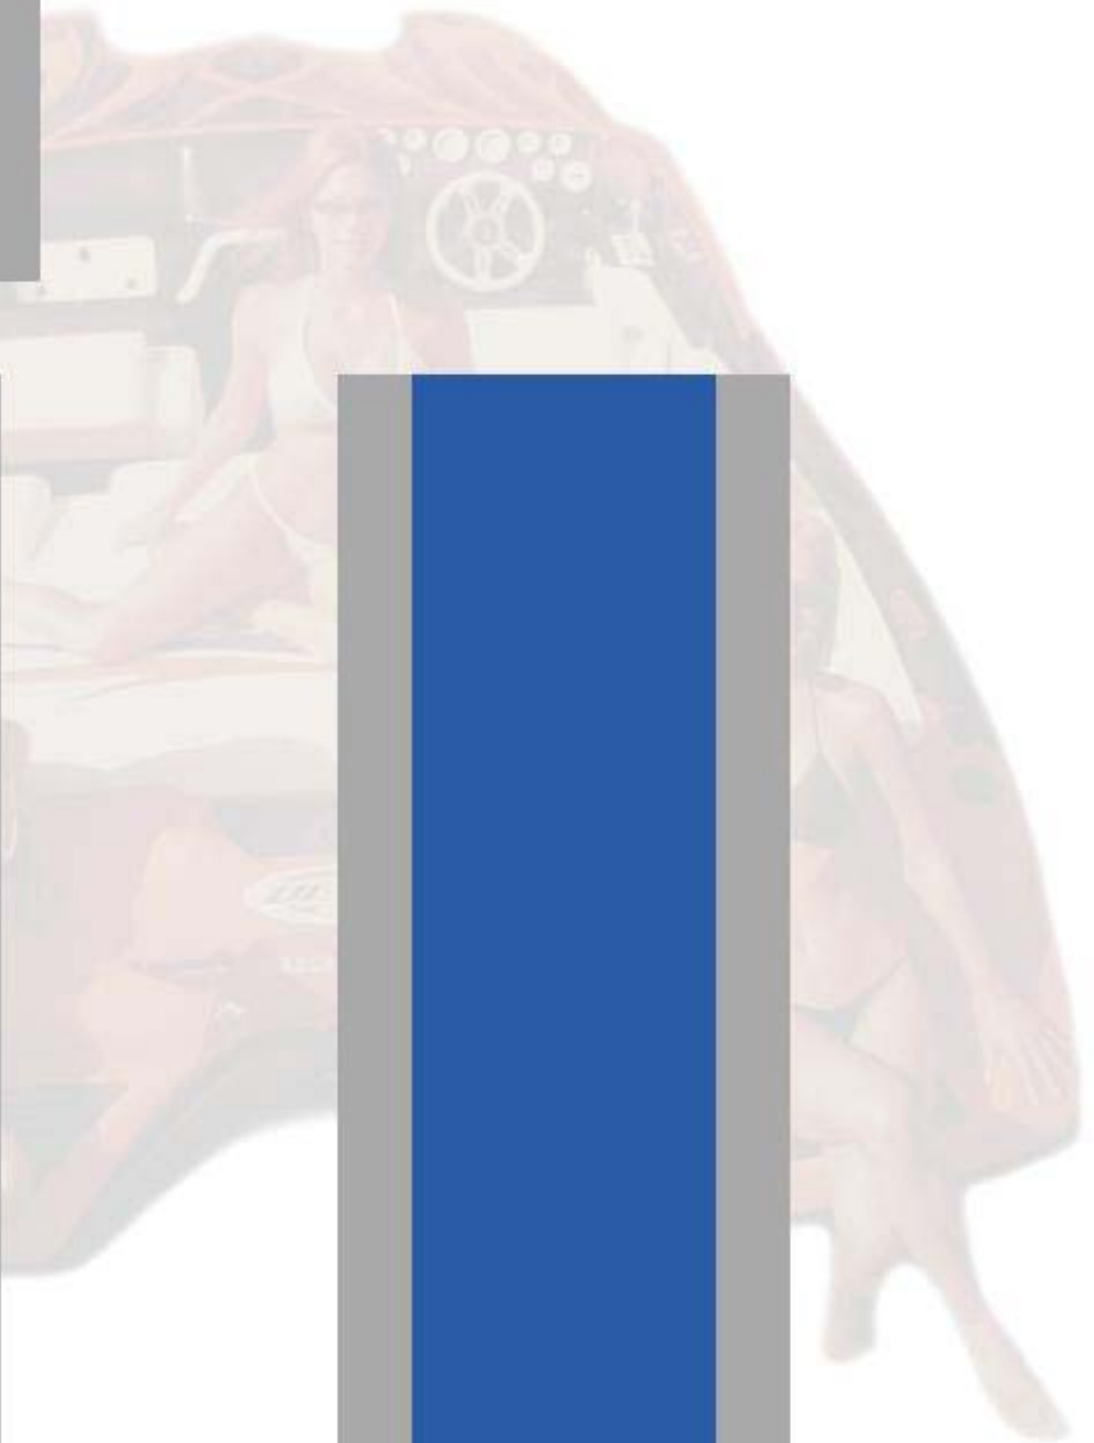

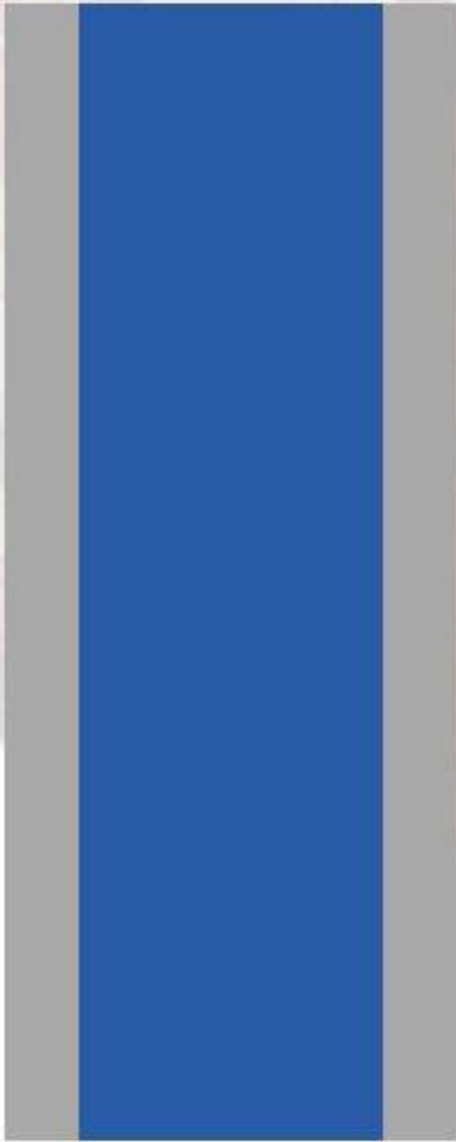

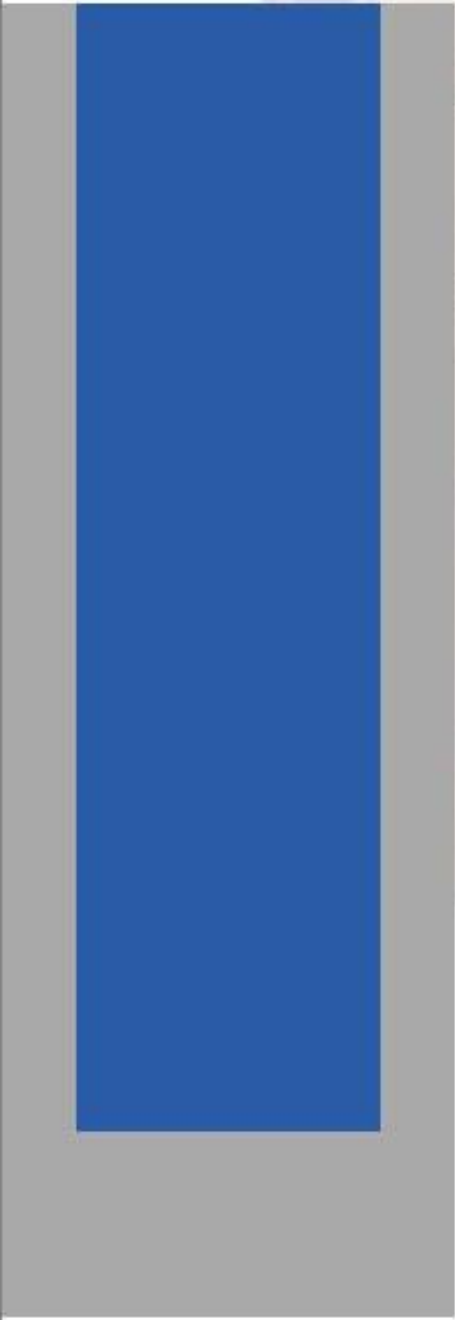

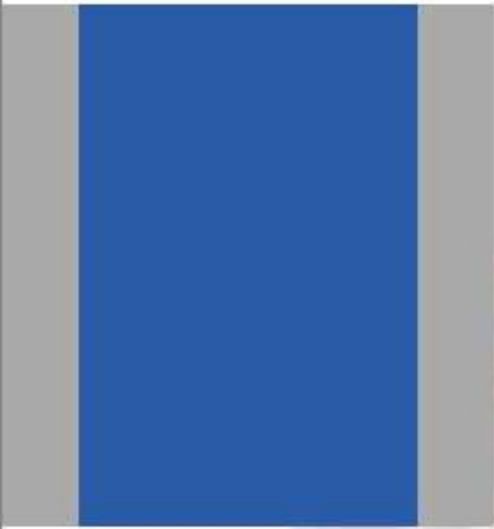

DMP stocks both GPS receiver styles for your new GPS speedo. Both perform the same operation, they only differ cosmetically.

**GPS-100 Garmin HVS**

**GPS-101 White Puck**

**(951) 279-5005**

Autometer Pro Comp Marine gauges are well known as the highest quality marine gauges on the market. Each gauge features non-corrosive brass mounting hardware, plastic or aluminum cases, and a weather sealed lense. Quality internal movements insure fast gauge response and accurate readings.

### 3 3/8" Standard Speedos

Standard water pressure style speedometers. Water pickup kit sold separately. 3 3/8" hole size, 3 7/8" face.

**AUT-200753 White 80MPH**

**AUT-200754 White 100MPH**

**AUT-200753-33 Platinum 80MPH**

**AUT-200754-33 Platinum 100MPH**

*Debug Rendering Time: 31 ms*

**Beede Platinum Gauges**

**Beede White Gauges**

**Beede Black Gauges**

**Dress Up Your New Gauges!**

DMP stocks angled and flat gauge bezels to fit all popular gauges. Available in polished, powdercoated, and anodized finishes.

**New Senders Should Be Installed...**

When installing new gauges. This insures proper and accurate gauge readings. DMP stocks a full line of senders for Beede, Gaffrig, and Autometer gauges.

**SP-1400**

**Plastic Pitot Tube Kit**

Kit includes the pickup assembly, hose, hose cover, and clamps.

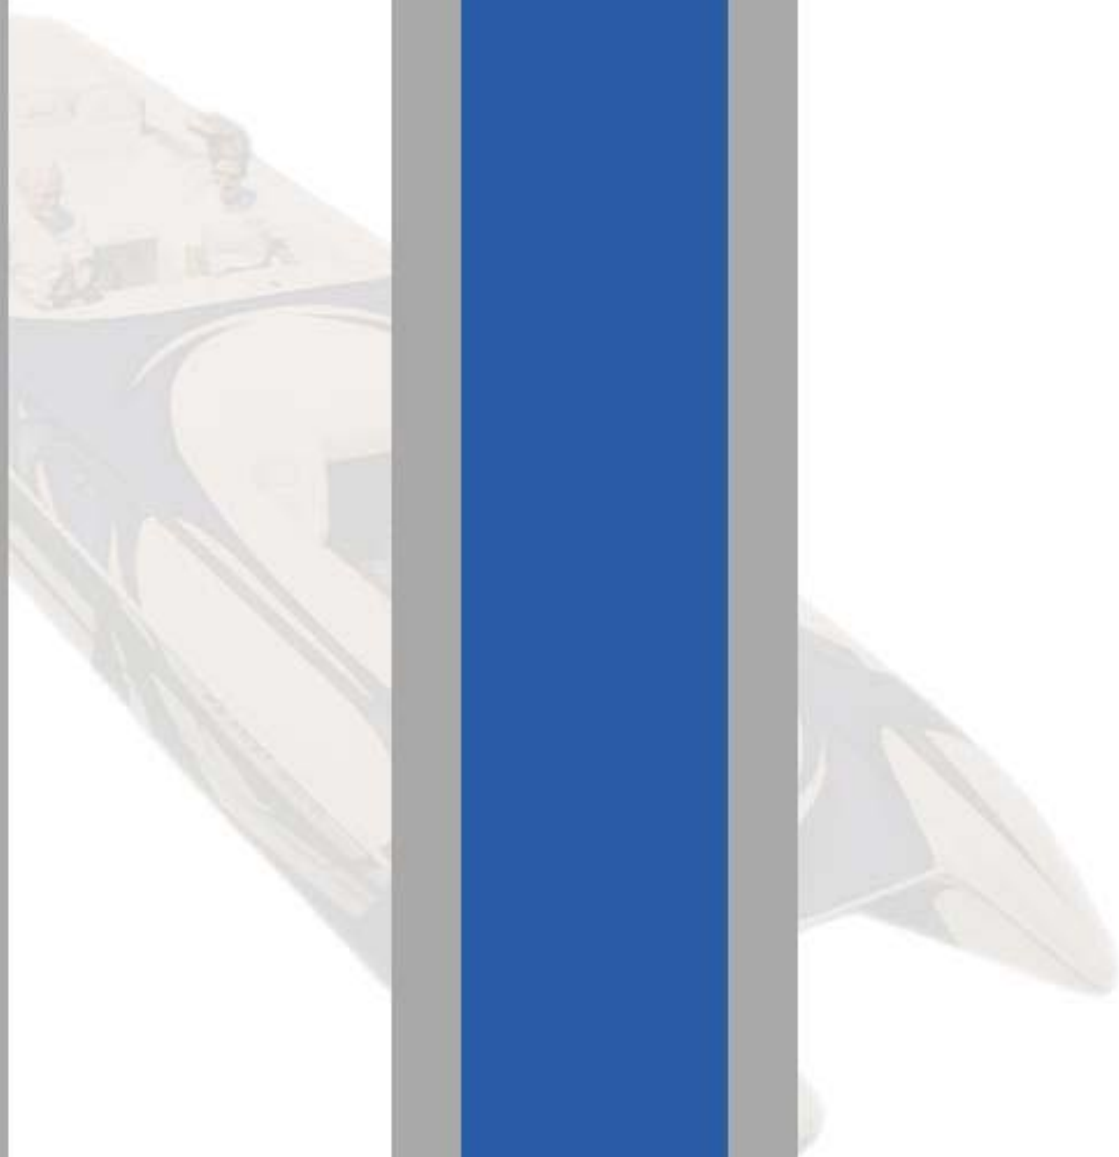

*call to order (951) 279-5005***Beede Gauge Features**

- Non-corrosive construction
- Convex domed safety lenses
- Reliable internal movements
- Used by hundreds of OEM's

*(951) 279-5005*

Beede Gauges do not include sending units. Don't forget to check out our sending unit selection. When installing new gauges, sending units should be changed to assure the most accurate gauge movements.

### Black 3 3/8" Tachs

Functions with 4, 6, & 8 cylinder engines and 12 pole-6 pulse outboard motors.

**GF-4252 6K RPM**  
**GF-4254 8K RPM**  
**GF-4250 10K RPM**

### White 3 3/8" Tachs

Functions with 4, 6, & 8 cylinder engines and 12 pole-6 pulse outboard motors.

**GF-4752 6K RPM**  
**GF-4754 8K RPM**  
**GF-4750 10K RPM**

### Black 3 3/8" Tachs w/ Hour

Functions with 4, 6, & 8 cylinder engines and 12 pole-6 pulse outboard motors.

**GF-4258 6K RPM**  
**GF-4260 8K RPM**  
**GF-4256 10K RPM**

### Black 3 3/8" Speedos

Mechanical water pressure style speedometer head. Pick up components sold separately.

**GF-4002 0-60MPH**  
**GF-4004 0-80MPH**  
**GF-4006 0-100MPH**  
**GF-4008 10-120MPH**

### White 3 3/8" Speedos

Mechanical water pressure style speedometer head. Pick up components sold separately.

**GF-4502 0-60MPH**  
**GF-4504 0-80MPH**  
**GF-4506 0-100MPH**  
**GF-4508 10-120MPH**

### Black 3 3/8" GPS Speedos

This head features a high speed memory recall. Memory recall switch and GPS receivers are sold separately.

**GF-4020 Digital 200MPH**  
**GF-4022 Analog 90MPH**  
**GF-4024 Analog 120MPH**

### White 3 3/8" GPS Speedos

This head features a high speed memory recall. Memory recall switch and GPS receivers are sold separately.

**GF-4520 Digital 200MPH**  
**GF-4522 Analog 90MPH**  
**GF-4524 Analog 120MPH**

**(951) 279-5005**

Gaffrig Performance gauges feature a quality internal movement for accurate readings. A non-corrosive construction with a sealed lense insures a long gauge life. Gauges do not include sending units. Don't forget to check out our sending unit selection. When installing new gauges, sending units should be changed to assure the most accurate gauge movements.

GF-4900

**GF-4900****3" Dual Pyrometer 0-1600F White**

Pyro head only. Order probes and coupling wires separately.

GF-4400

**GF-4400****3" Dual Pyrometer 0-1600F Black**

Pyro head only. Order probes and coupling wires separately.

GF-5524

**GF-5524****2" Pyrometer 0-1600F White**

Pyro head only. Order probe and coupling wire separately.

GF-5024

**GF-5024****2" Pyrometer 0-1600F Black**

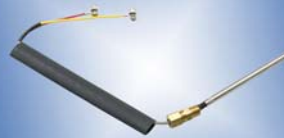

Pyro head only. Order probe and coupling wire separately.

GF-9264

**GF-9264****Thermocoupling Wire**

Coupling wire is for use with Gaffrig pyrometer probes. 25 foot length.

GF-9262

**GF-9262****Pyrometer Probe**

Standard pyrometer probe for I/O and inboard applications. Standard wire feed with a 1/4" diameter probe. Includes a brass compression fitting with a male 1/8" NPT.

HDT-100

**HDT-100****Head Temp Gauge White**

1.5 Diameter, 0-250 range. The gauge is liquid filled to help prevent needle bounce and gauge failure. Male 3/8" P to thread into the water jacket.

**Mini Silver PSI Gauges**

1.5" Liquid Filled

**MNI-103 15 psi**

**MNI-104 60 psi**

**MNI-105 100 psi**

**Mini Black PSI Gauges**

1.5" Liquid Filled

**MNI-100 15 psi**

**MNI-101 60 psi**

**MNI-102 100 psi**

**Mini Pressure Gauge Usages**

-Fuel Pressure

-Oil Pressure

-Air Pressure

-Water Pressure

**SP-1400**

**Plastic Pitot Tube Kit**

Kit includes the pickup assembly, hose, hose cover, and clamps.

**SP-1400**

**SP-7000**

**Pickup Kit - 7" Adjustable**

Stainless steel pickup assembly. Includes mount, 7" pitot tube, and fittings for 1/4" speedo hose.

**SP-7023 Pitot Mount Only**

**SP-7000**

**SP-7006**

**Pickup Kit - Kickup 5"**

Stainless steel kit includes a kickup mount, 5" pitot tube, and fittings for 1/4" speedo hose.

**SP-7015 Kickup Mount Only**

**SP-7006**

**SP-7009**

**Recoil Pickup 5"**

Stainless steel spring loaded pickup that allows movement if the pickup tube hits any floating objects.

**SP-7009**

**SP-7025**

**Pitot Tube Fitting -4 AN**

**SP-7025**

**SP-7034**

**Pitot Tube Fitting 1/4" Hose**

Female -4 X 1/4" push on.

**SP-7034**

**SP-7029**

**Pitot Tube Fitting 1/8" Hose**

**SP-7029**

**SS Pitot Fittings**

**SP-7037 1/8" Hose**

**SP-7036 1/4" Hose**

**SS Pitot Tubes**

Fittings Sold Separately

**SP-7013 5"**

**SP-7012 7"**

**SP-7014 10"**

**SP-1000**

**Pitot Hose Cover 1/8"**

Stainless steel hose cover for 1/8" speedometer hose.

**SP-1000**

**CC-010**

**Cable Cover - Clamshell Style**

**CC-010**

**(951) 279-5005**

Plastic speedometer pickups should only be used up to 75 MPH. Applications going faster than 75 MPH should use a stainless steel water pickup. Stainless steel eliminates flex and will provide a more accurate reading.

**Three Slide Indicators**

Choose between white, black, or platinum face cards. Bezels are offered in polished, powdercoated, and anodized finishes. Must specify port, starboard, aft, or forward entry.

**MI-2T1D Two Tabs - One Drive**

**MI-2D1T Two Drives - One Tab**

**Panel Dimensions**

-Single Slide 5 3/4" X 2 1/4"

-Two Slide 5 3/4" X 3"

-Three Slide 5 3/4" X 3"

**FLT-GPS-00****GPS Adapter Bezel**

Looking to install a new 3 3/8" GPS but your dash has an old 4" speedo? DMP's GPS adapter bezel will cover up your existing 4" hole and allow the installation of a 3 3/8" gauge.

**Aluminum Gauge Pods**

Cast aluminum gauge pods for standard size gauges. Includes mounting studs. Available polished or powdercoated.

**GP-216 2 1/16"****GP-338 3 3/8"****New Senders Should Be Installed...**

When installing new gauges. This insures proper and accurate gauge readings. DMP stocks a full line of senders for Beede, Gaffrig, and Autometer gauges.

insures a long gauge life. Gauges do not include sending units. Don't forget to check out our sending unit selection. When installing new gauges, sending units should be changed to assure the most accurate gauge movements.

## SH-1107

### High Strength 17-4 Pump Shaft

High performance pump shafts are commonly used on power ranges up to 1200 HP. This shaft will work in Berkeley, Dominator, Legend, and American Turbine jet drives.

SH-1107

## SH-3507

### Impeller Nut

Fits all standard and high strength Berkeley, American Turbine, Legend, and Dominator pump shafts.

SH-3507

## SH-3007

### Impeller Key

1/4" keyway for standard pump shafts.

## Thrust Bearings

High strength thrust bearings for jet drives.

**BR-B1007** Berkeley, Dominator, American Turbine, Legend, and Jacuzzi WJ

**BR-B1103** Jacuzzi YJ

## Bowl Bearings

**BR-B1502** Fits Berkeley, American Turbine, and Legend jet drives.

**BR-B1505** Fits Dominator jet drives.

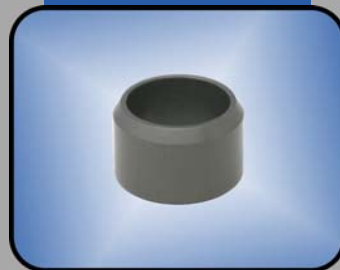

## Shaft Sleeves

Shaft sleeves press onto the shaft behind the main bearing.

**SH-2507** Berkeley, American Turbine, Late Dominator and Legend Jets

**SH-2403** Early Dominator Jets

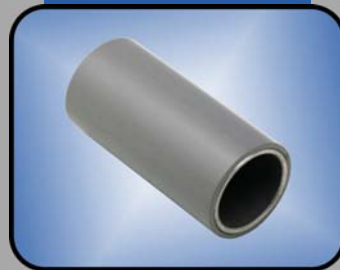

## Bowl Bearing Assemblies

Press in sleeve with bowl bearings. Designed for oil lubricated bowls. Installation of this unit requires the bowl to be machined. Often used to salvage bowls that have excessive bowl bearing clearance.

**BR-B1803** Berkeley

**BR-B1703** Dominator

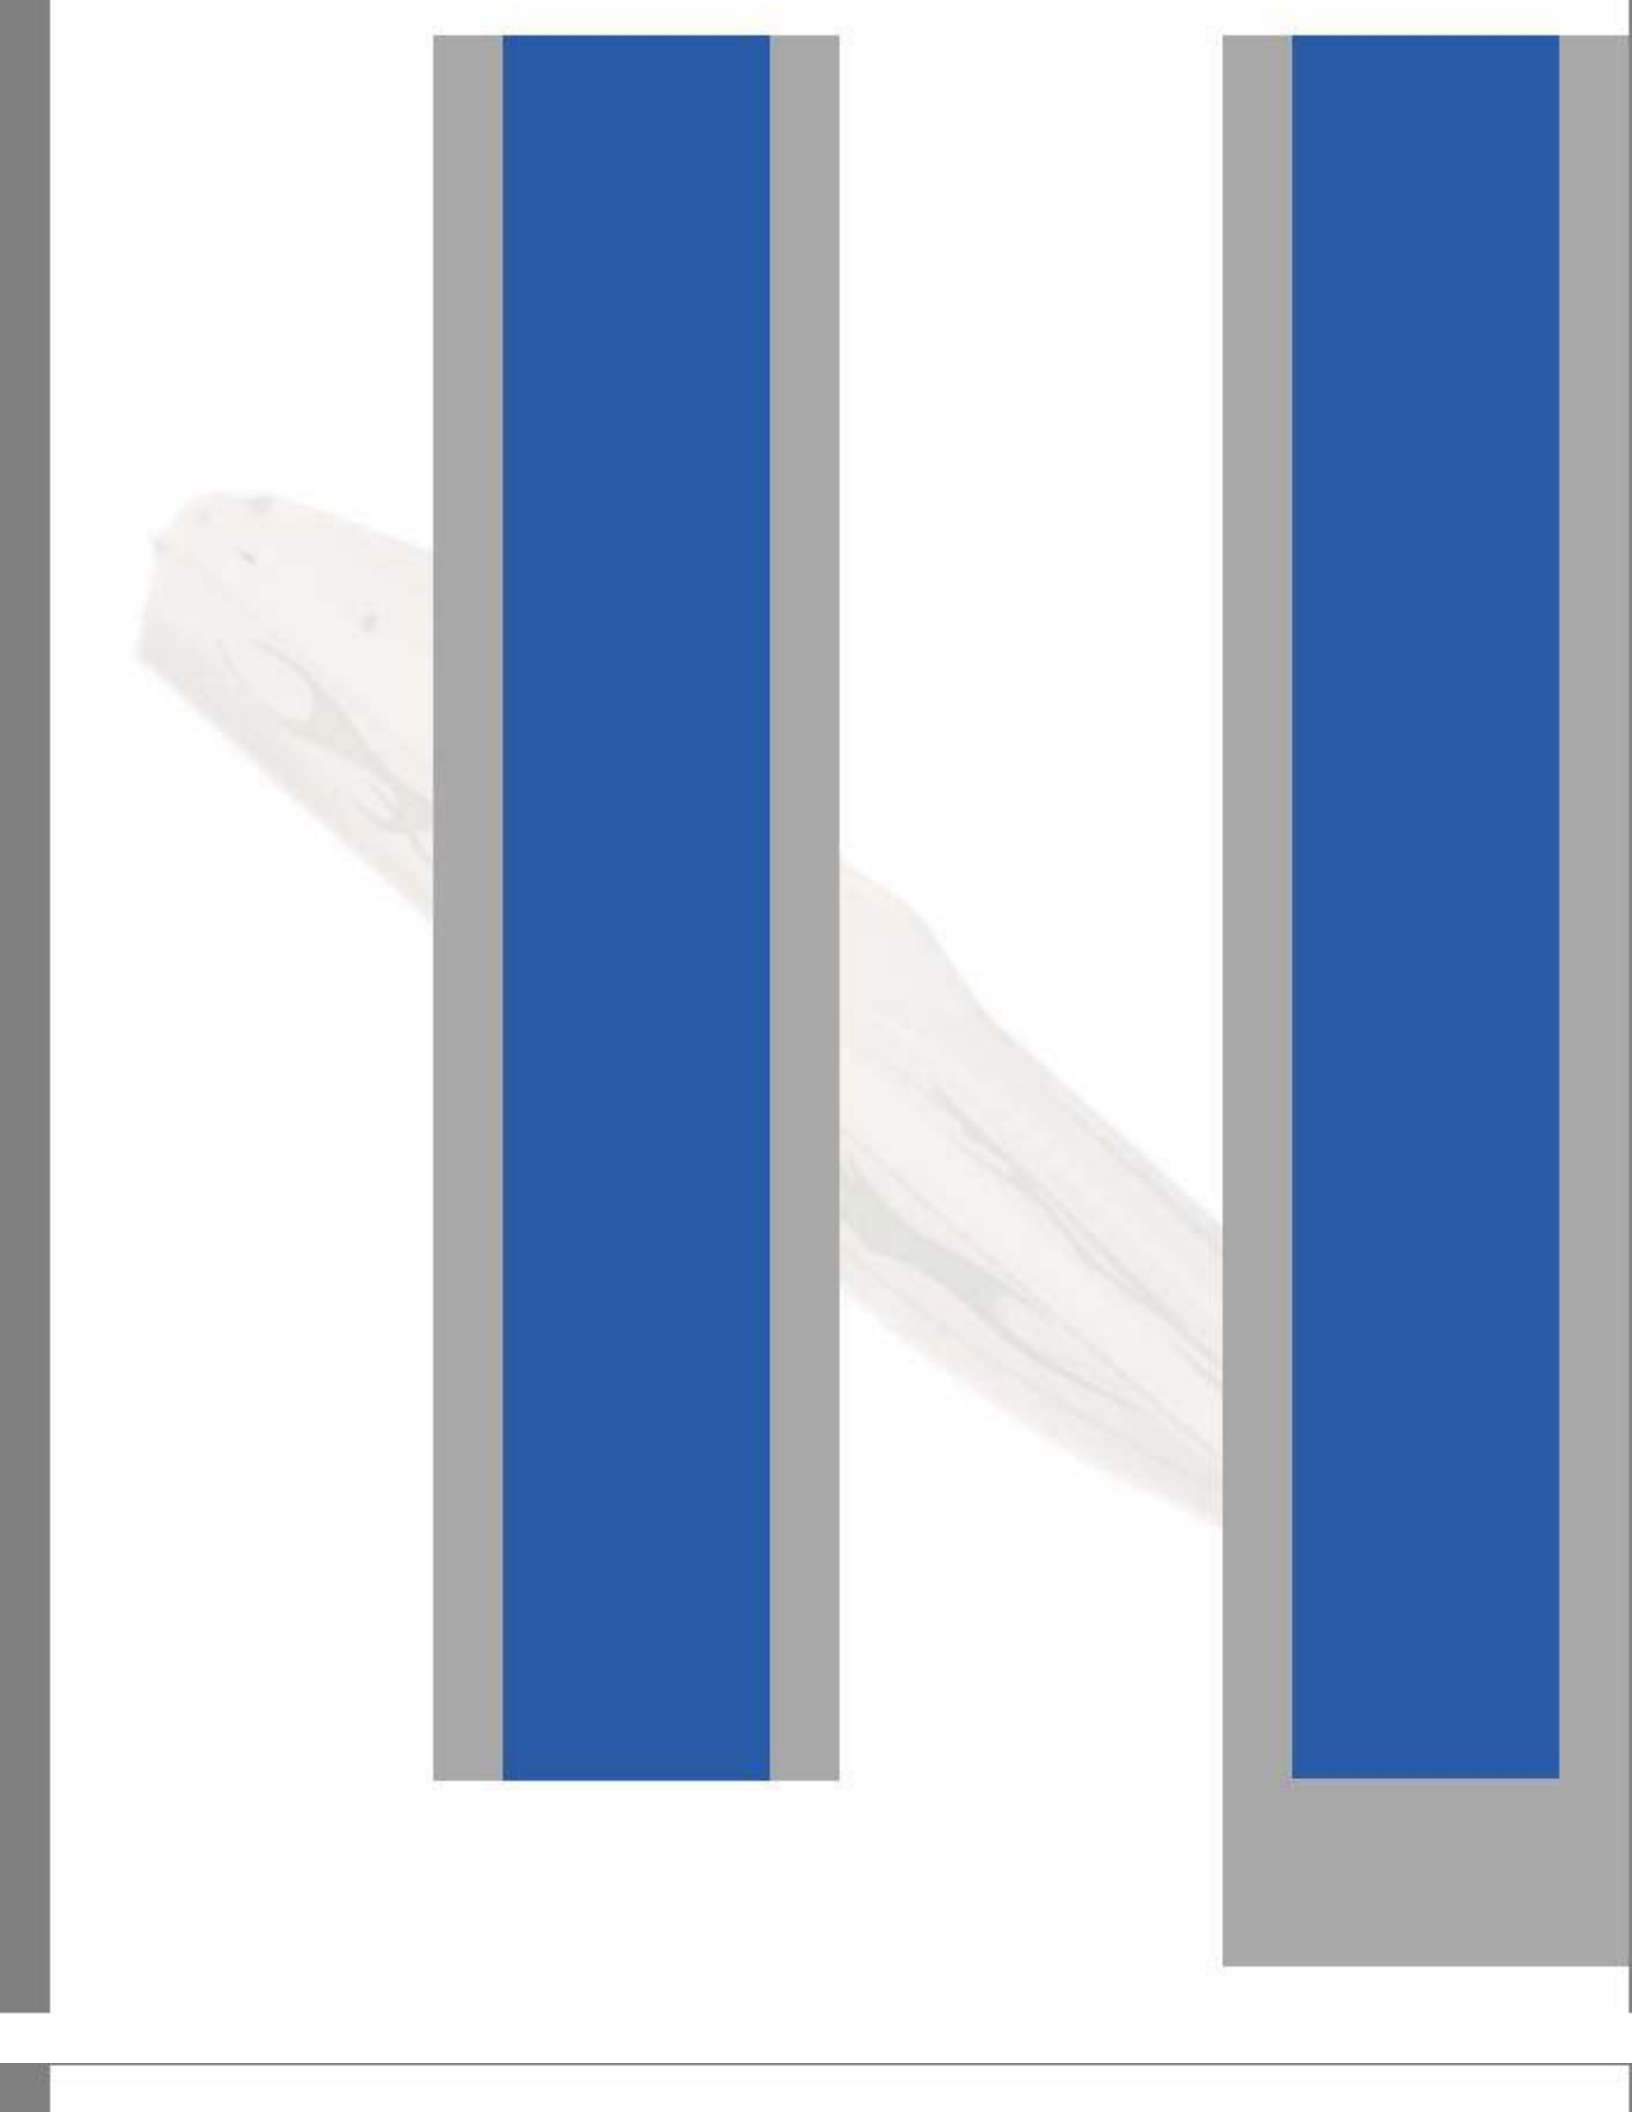

**DMP Stocks Your High Performance Jet Needs!**

**(951) 279-5005**

DMP distributes high performance jet products from American Turbine, Place Diverter, and Legend Jet Drive. These manufacturers have been on the front line of designing high performance products for race and pleasure boating for over 25 years.

DS-0103

### DS-0103 Place Droop Snoot/Rideplate Kit

A droop snoot kit includes the droop snoot, ride plate with mounting bracket, and a steering extension kit.

DS-0100

### DS-0100 Place Droop Snoot

This snoot will fit split bowl Berkeley, American Turbine, and Dominator jets. It has 8 degrees of positive nozzle angle and will accept a Place ride plate.

DS-0101

### DS-0101 Place Ride Plate

Bolt on ride plate for Place droop snoot. Includes plate, mounting bracket, and hardware.

DS-0102

### DS-0102 Place Steering Extension Kit

This kit is necessary when installing a droop snoot because of the added length of the nozzle assembly.

DS-0104

### DS-0104 Droop Snoot

Fits Berkeley, Dominator, and American Turbine. Snoots lower the thrust point of water and add 8 degrees of angle to the nozzle. A lower thrust point and added up angle will help create more boat lift. More lift equals less drag. Less drag equals more speed.

RPLT-100K

### RPLT-100K Ride Plate and Shoe Kit

Kits include a 5/8" billet shoe, ride plate, and cradle. A ride plate and shoe will offer a more efficient water flow into your jet. This usually results in more speed, bow control, and it helps prevent cavitation.

RPLT-102

### RPLT-102 Billet Cradle

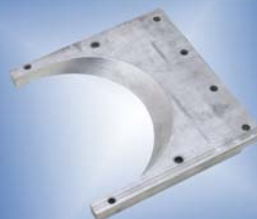

Billet aluminum cradle for ride plate installations. 2 5/8" tall, 6 1/4" wide. Accepts (2) 5/16-18 bolts that are 5 1/2" on center.

RPLT-101

### RPLT-101 Billet Ride Plate

Billet aluminum 1/4" thick ride plate. 19" long X 8" wide. This unit has a standard 4 bolt shoe pattern.

RPLT-103

### RPLT-103 Billet Shoe

Billet aluminum shoe for jet intake installations. 5/8" thick at pickup point.

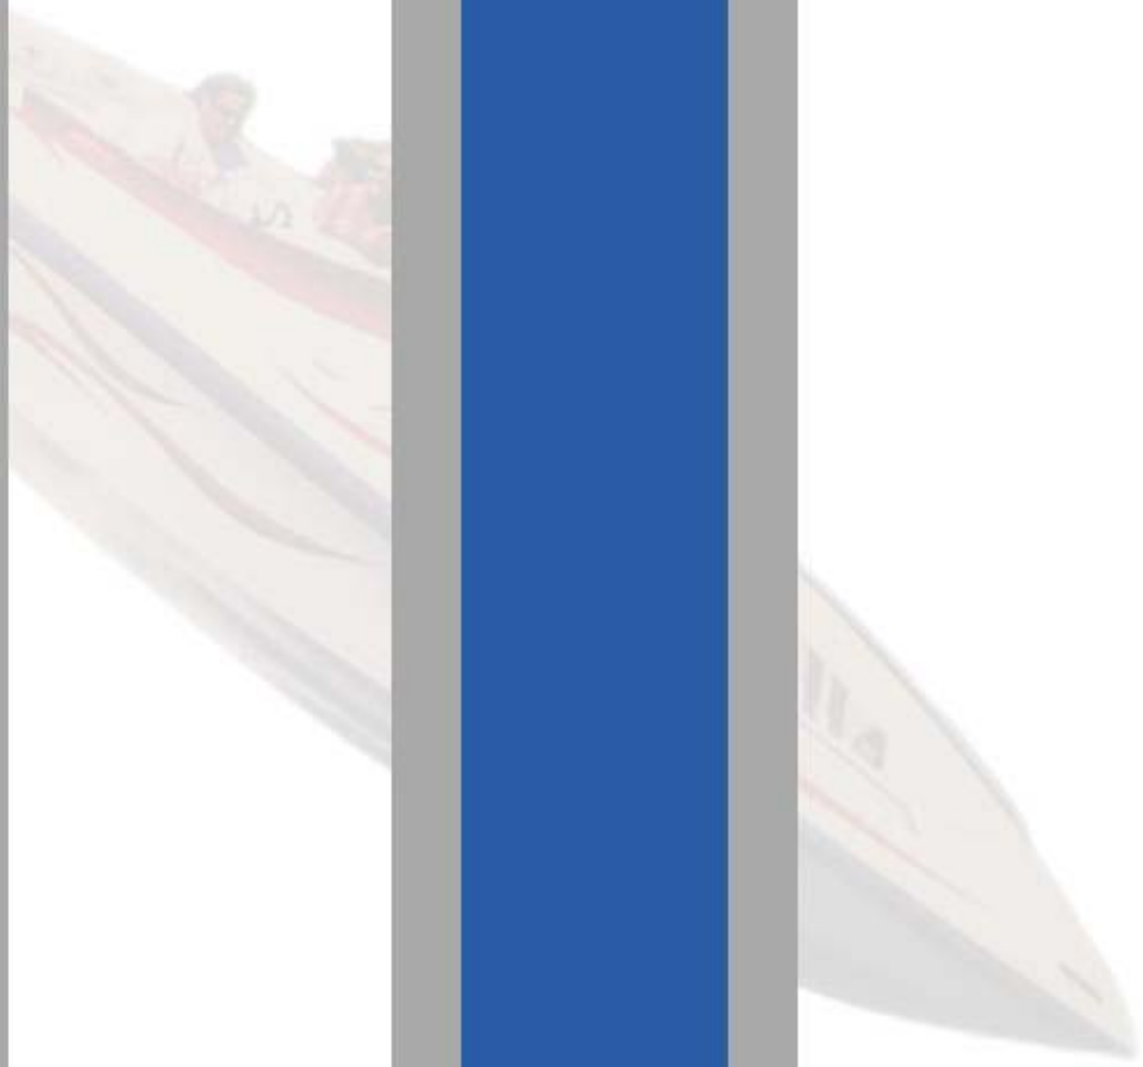

NOZ-R1007

### NOZ-R1007 Standard Nozzle Housing

Aluminum straight nozzle housing for Berkeley, Dominator, and American Turbine jet drives.

#### Jet Drivelines

Spicer jet drivelines feature sealed u-joints for easy maintenance and product durability. These high strength drivelines will fit Berkeley, Jacuzzi, American Turbine, and Legend jet drives.

**JD-1310 1310 7 1/2"L**

**JD-1350 1350 8 1/4"L**

#### Bolt Patterns

**1310 2"X 2 3/8" 3/8" Bolts**

**1350 2 3/8"X 2 7/8" 7/16" Bolts**

#### Bearing Cap Gaskets

**GSKT-5000 4 Bolt**

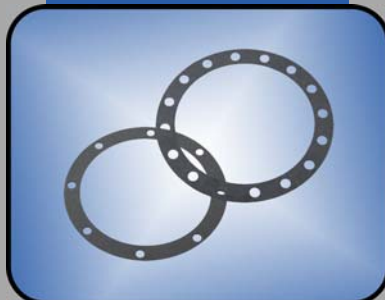

**GSKT-5001 8 Bolt**

#### Nozzle Gaskets

**GSKT-5002 8 Bolt**

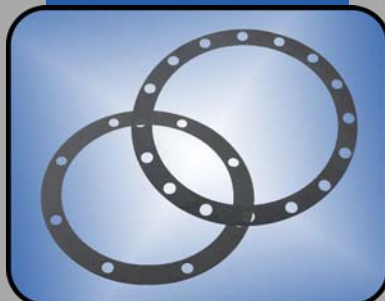

**GSKT-5003 16 Bolt**

#### Bowl Gaskets

**GSKT-5004 8 Bolt**

**GSKT-5005 16 Bolt**

#### GSKT-5006

##### Intake Gasket

Intake base gasket for Berkeley and Dominator jet drives.

**GSKT-5006**

#### GSKT-2007

##### Transom Gasket

Rubber transom gasket for Berkeley and Dominator jet drives.

**GSKT-2007**

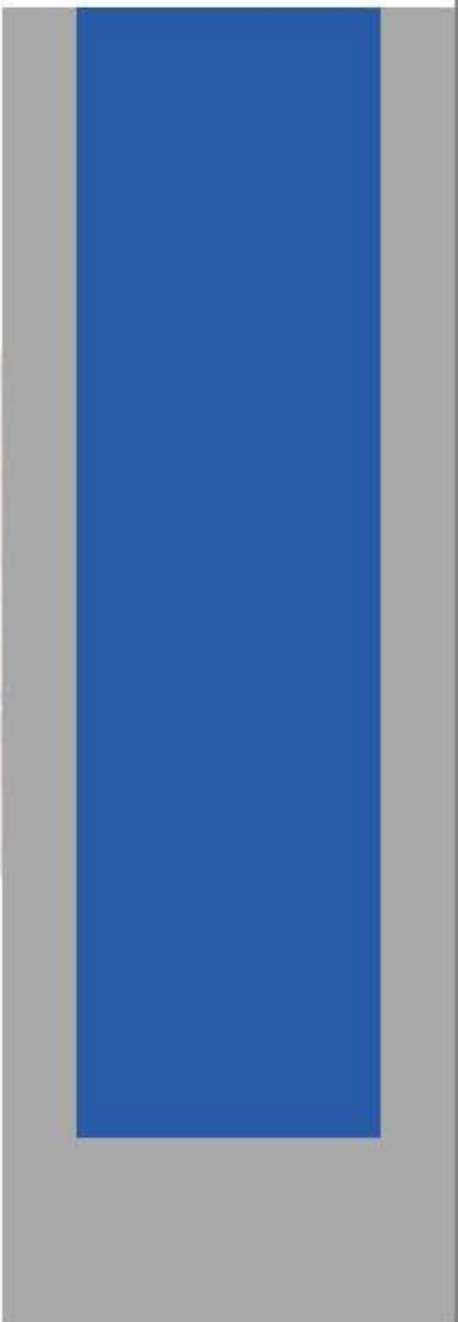

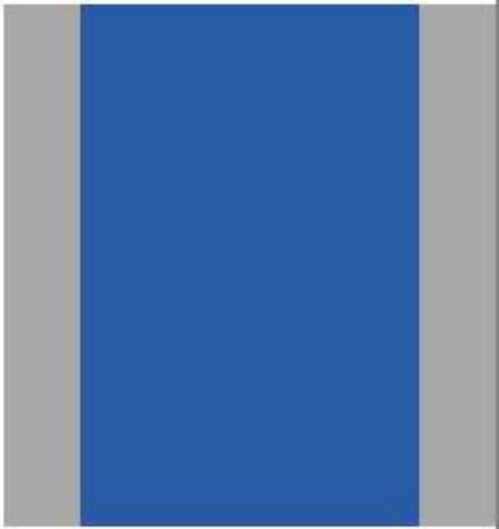

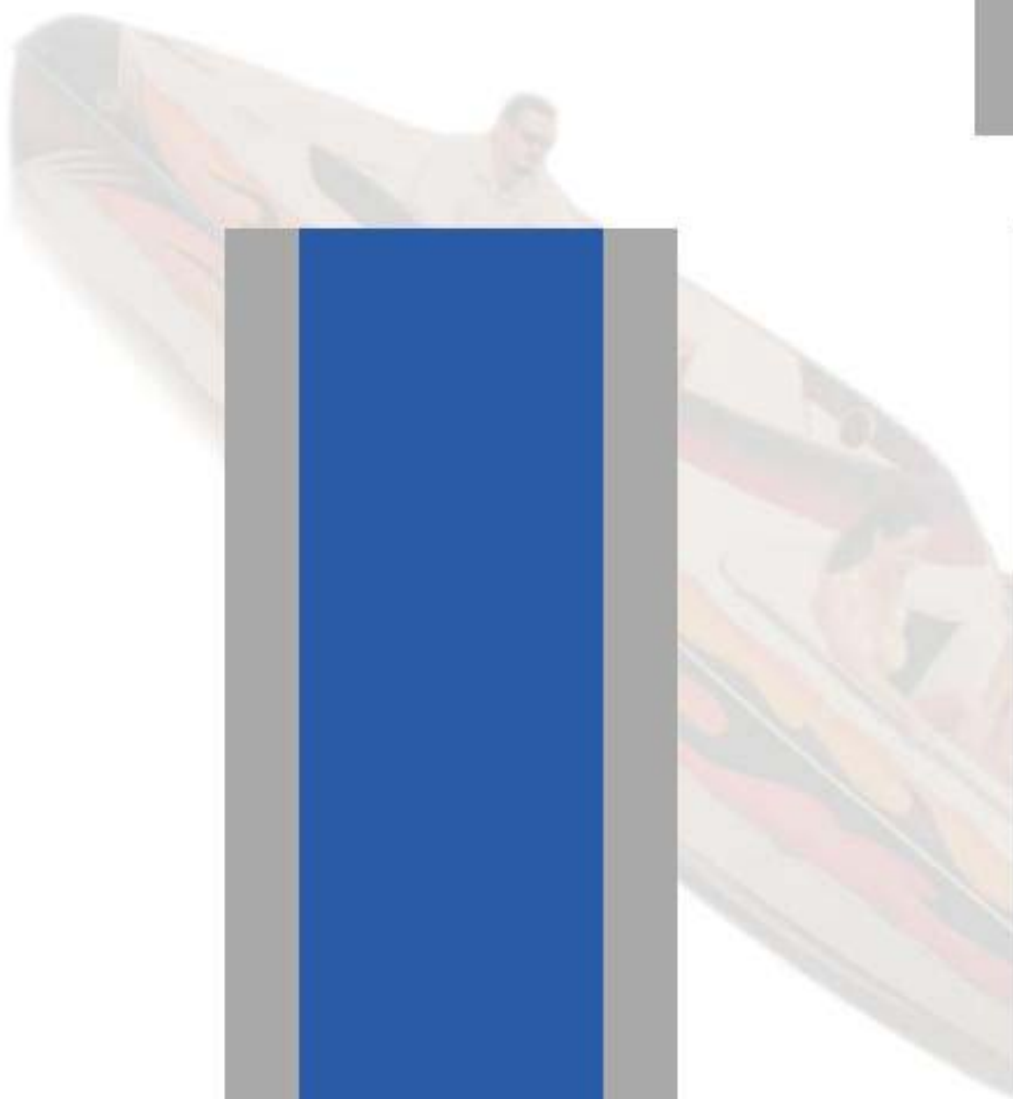

#### When Installing Your New Impeller...

be sure to check the forward clearance between the impeller and wear ring. The suggested forward clearance is .025. Keep in mind, once the impeller nut is torqued it will compress slightly. Initial clearance before tightening should be .030.

**(951) 279-5005**

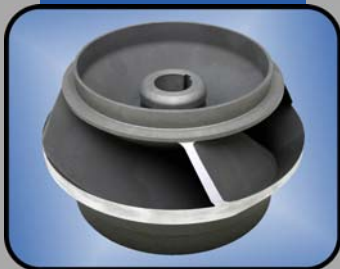

Dana Marine's quality jet drive gaskets do not need sealers when being installed. Be sure to clean off all mating surfaces and install the gaskets dry. Jet drivelines require the use of a power take off flange. DMP has a full line of PTO's for most marine engines.

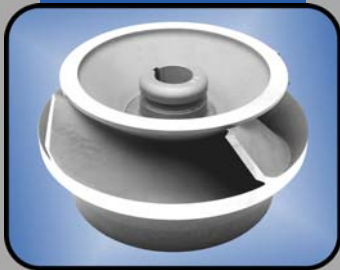

**Berkeley Aluminum Impellers**  
Flow tested and balanced American Turbine impellers are known for a quality finish and reliable operation. Fits Berkeley jet drives.

**IMP-BERK-B B Cut**  
**IMP-BERK-AB AB Cut**  
**IMP-BERK-A A Cut**  
**IMP-BERK-AA AA Cut**

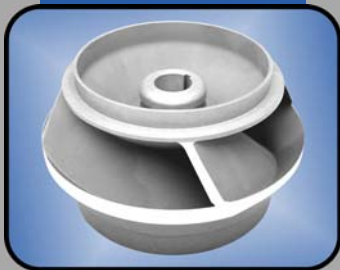

**Turbine Aluminum Impellers**  
Flow tested and balanced American Turbine impellers are known for a quality finish and reliable operation. Fits Turbine and Dominator jet drives.

**IMP-ATJ-B B Cut**  
**IMP-ATJ-AB AB Cut**  
**IMP-ATJ-A A Cut**  
**IMP-ATJ-AA AA Cut**

**Berkeley Stainless Impellers**  
Flow tested and balanced American Turbine impellers are known for a quality finish and reliable operation. Fits Berkeley Jets.

**IMP-BERK-SSB B Cut**  
**IMP-BERK-SSAB AB Cut**  
**IMP-BERK-SSA A Cut**  
**IMP-BERK-SSAA AA Cut**

**Turbine Stainless Impellers**  
Flow tested and balanced American Turbine impellers are known for a quality finish and reliable operation. Fits Turbine and Dominator jet drives.

**IMP-ATJ-SSB B Cut**  
**IMP-ATJ-SSAB AB Cut**  
**IMP-ATJ-SSA A Cut**  
**IMP-ATJ-SSAA AA Cut**

WR-6004

**WR-6004**  
**Wear Ring Insulator**

#### Berkeley Wear Rings

Shouldered Bronze wear ring for Berkeley, American Turbine, and late model Dominator pumps. 1" wide wear skirt.

**WR-5000 Standard 7.250**  
**WR-5015 .015 Under**  
**WR-5025 .025 Under**  
**WR-5050 .050 Under**

#### Late Dominator Wear Rings

Shouldered bronze wear ring for Dominator jet drives with a 3/4" wear skirt. Used for Dominator serial numbers 14467 and up.

**WR-5000OE Standard 7.250**  
**WR-5015OE .015 Under**  
**WR-5025OE .025 Under**  
**WR-5050OE .050 Under**

#### Early Dominator Wear Rings

Shouldered bronze wear ring for Dominator jet drives with a 3/4" wear skirt. Used for serial numbers 14466 and below.

**WR-5800OE Standard 7.250**  
**WR-5815OE .015 Under**  
**WR-5825OE .025 Under**  
**WR-5850OE .050 Under**

#### Early Dominator Wear Rings 1"

Shouldered bronze wear ring for Dominator jet drives with a 1" wear skirt. Used for Dominator serial numbers 14466 and below.

**WR-5800 Standard 7.250**  
**WR-5815 .015 Under**  
**WR-5825 .025 Under**  
**WR-5850 .050 Under**

#### Need Help Picking The Right Impeller?

DMP has jet experts on staff to answer technical questions and provide product details. Selecting the right impeller size is very important. Let us help you get the most performance out of your jet.

#### LDR-0035

##### Berkeley Pro Loader JC/JG

Semi Pro loader grate for Berkeley JC, JG, JB, American Turbine, Dominator, and Legend pumps. Typically used on jet boats exceeding 70 mph.

LDR-0035

#### LDR-0010

##### Berkeley JG/JC Loader

Performance loader grate for Berkeley JC, JG, JB, American Turbine, Dominator, and Legend pumps.

LDR-0010

#### LDR-0015

##### Berkeley JE/JF Loader

Performance loader grate for Berkeley JE, JF, American Turbine TJ309, and Dominator 12TD pumps.

#### Nozzle Wedges

Nylon nozzle wedges for 8 or 16 bolt nozzle housings.

NW-M0000 1/2 Degree

NW-M0001 1 Degree

NW-M0002 2 Degree

NW-M0003 3 Degree

NW-M0004 4 Degree

#### RDR-1100

##### Berkeley Aluminum Rudder

Stock replacement aluminum rudder for Berkeley jet drives. This rudder is offered in powder coat white only. Includes the rudder pin and attaching bolt.

RDR-1100

#### PL-0900

##### Place Small Rudder

Small rudder for Place Diverter nozzles. Adding a rudder will assist in low speed steering.

PL-0900

#### PL-1000

##### Place Large Rudder

Large rudder for Place Diverter nozzles. Adding a rudder will assist in low speed steering.

PL-1000

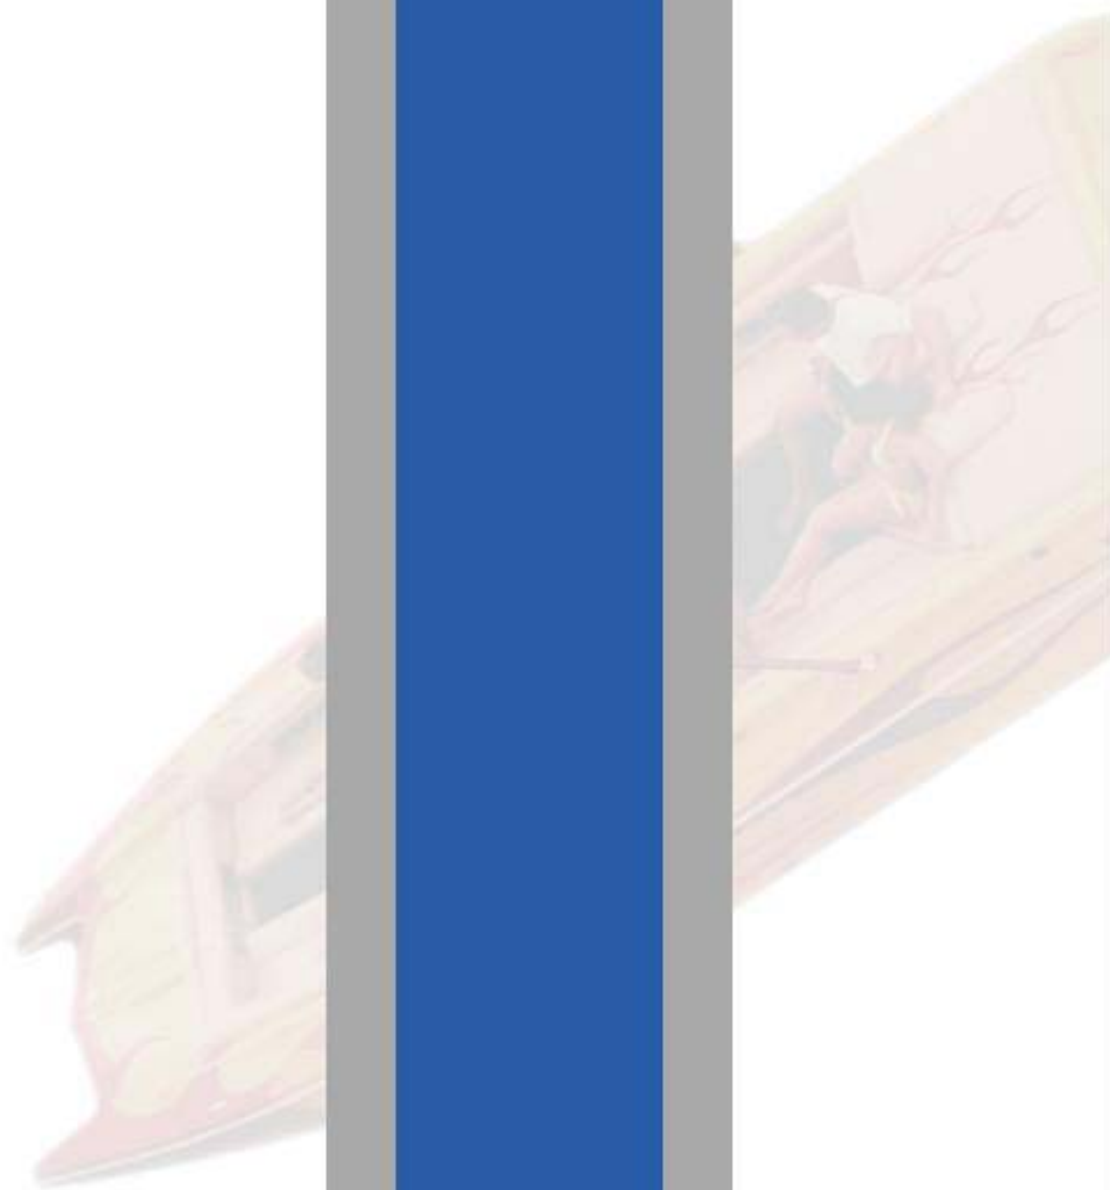

#### Steering Rudders Will Help...

control your jet boat in low speed steering situations. Jet boats have a tendency to wander when idling. Adding a rudder will help prevent this problem. In high speed turning situations a steering rudder will also help keep the tail of the boat stabilized.

(951) 279-5005

DMP performance jet loaders are constructed out of high strength steel and powdercoated for corrosion resistance. Adding a loader to a performance jet boat can add up to 5 MPH. A loader will direct a higher volume of water into a jet and help prevent cavitation.

### Place Diverters

A Place Diverter will increase quickness, speed, and give you the ability to trim your jet drive. In the down position, the Place Diverter will help get the boat on plane faster and keep the bow down. A great option for skiing or wake boarding. In the up position the Place Diverter will create more bow lift resulting in less drag. Don't forget about the "wall of water" rooster tail the Place Diverter provides.

**PL-0100 Berkeley JG, JC, Turbine, Dominator**

**PL-0300 Berkeley JE**

### Fine Tune Place Diverters

A fine tune Diverter accepts a series of billet sleeves that will change the inside diameter of the outlet. One sleeve is included.

**PL-0200 Berkeley JG, JC, American Turbine, Dominator**

**PL-0400 Berkeley JE**

**PL-0500**

**PL-0600**

### PL-0600

**Place Diverter Jacuzzi WJ**

Includes a new o-ring style nozzle housing for maximum performance.

**PL-0700**

### PL-0700

**Place Floor Control**

Seven position floor mount control for all manual Diverters. Available in black and white. Accepts 43 series cables. Control cable is sold separately.

### Fine Tune Inserts

**PL-1006 Violet 3"**

**PL-1007 Turquoise 3 1/16"**

**PL-1008 Red 3 1/8"**

**PL-1009 Gold 3 3/16"**

**PL-1010 Black 3 1/4"**

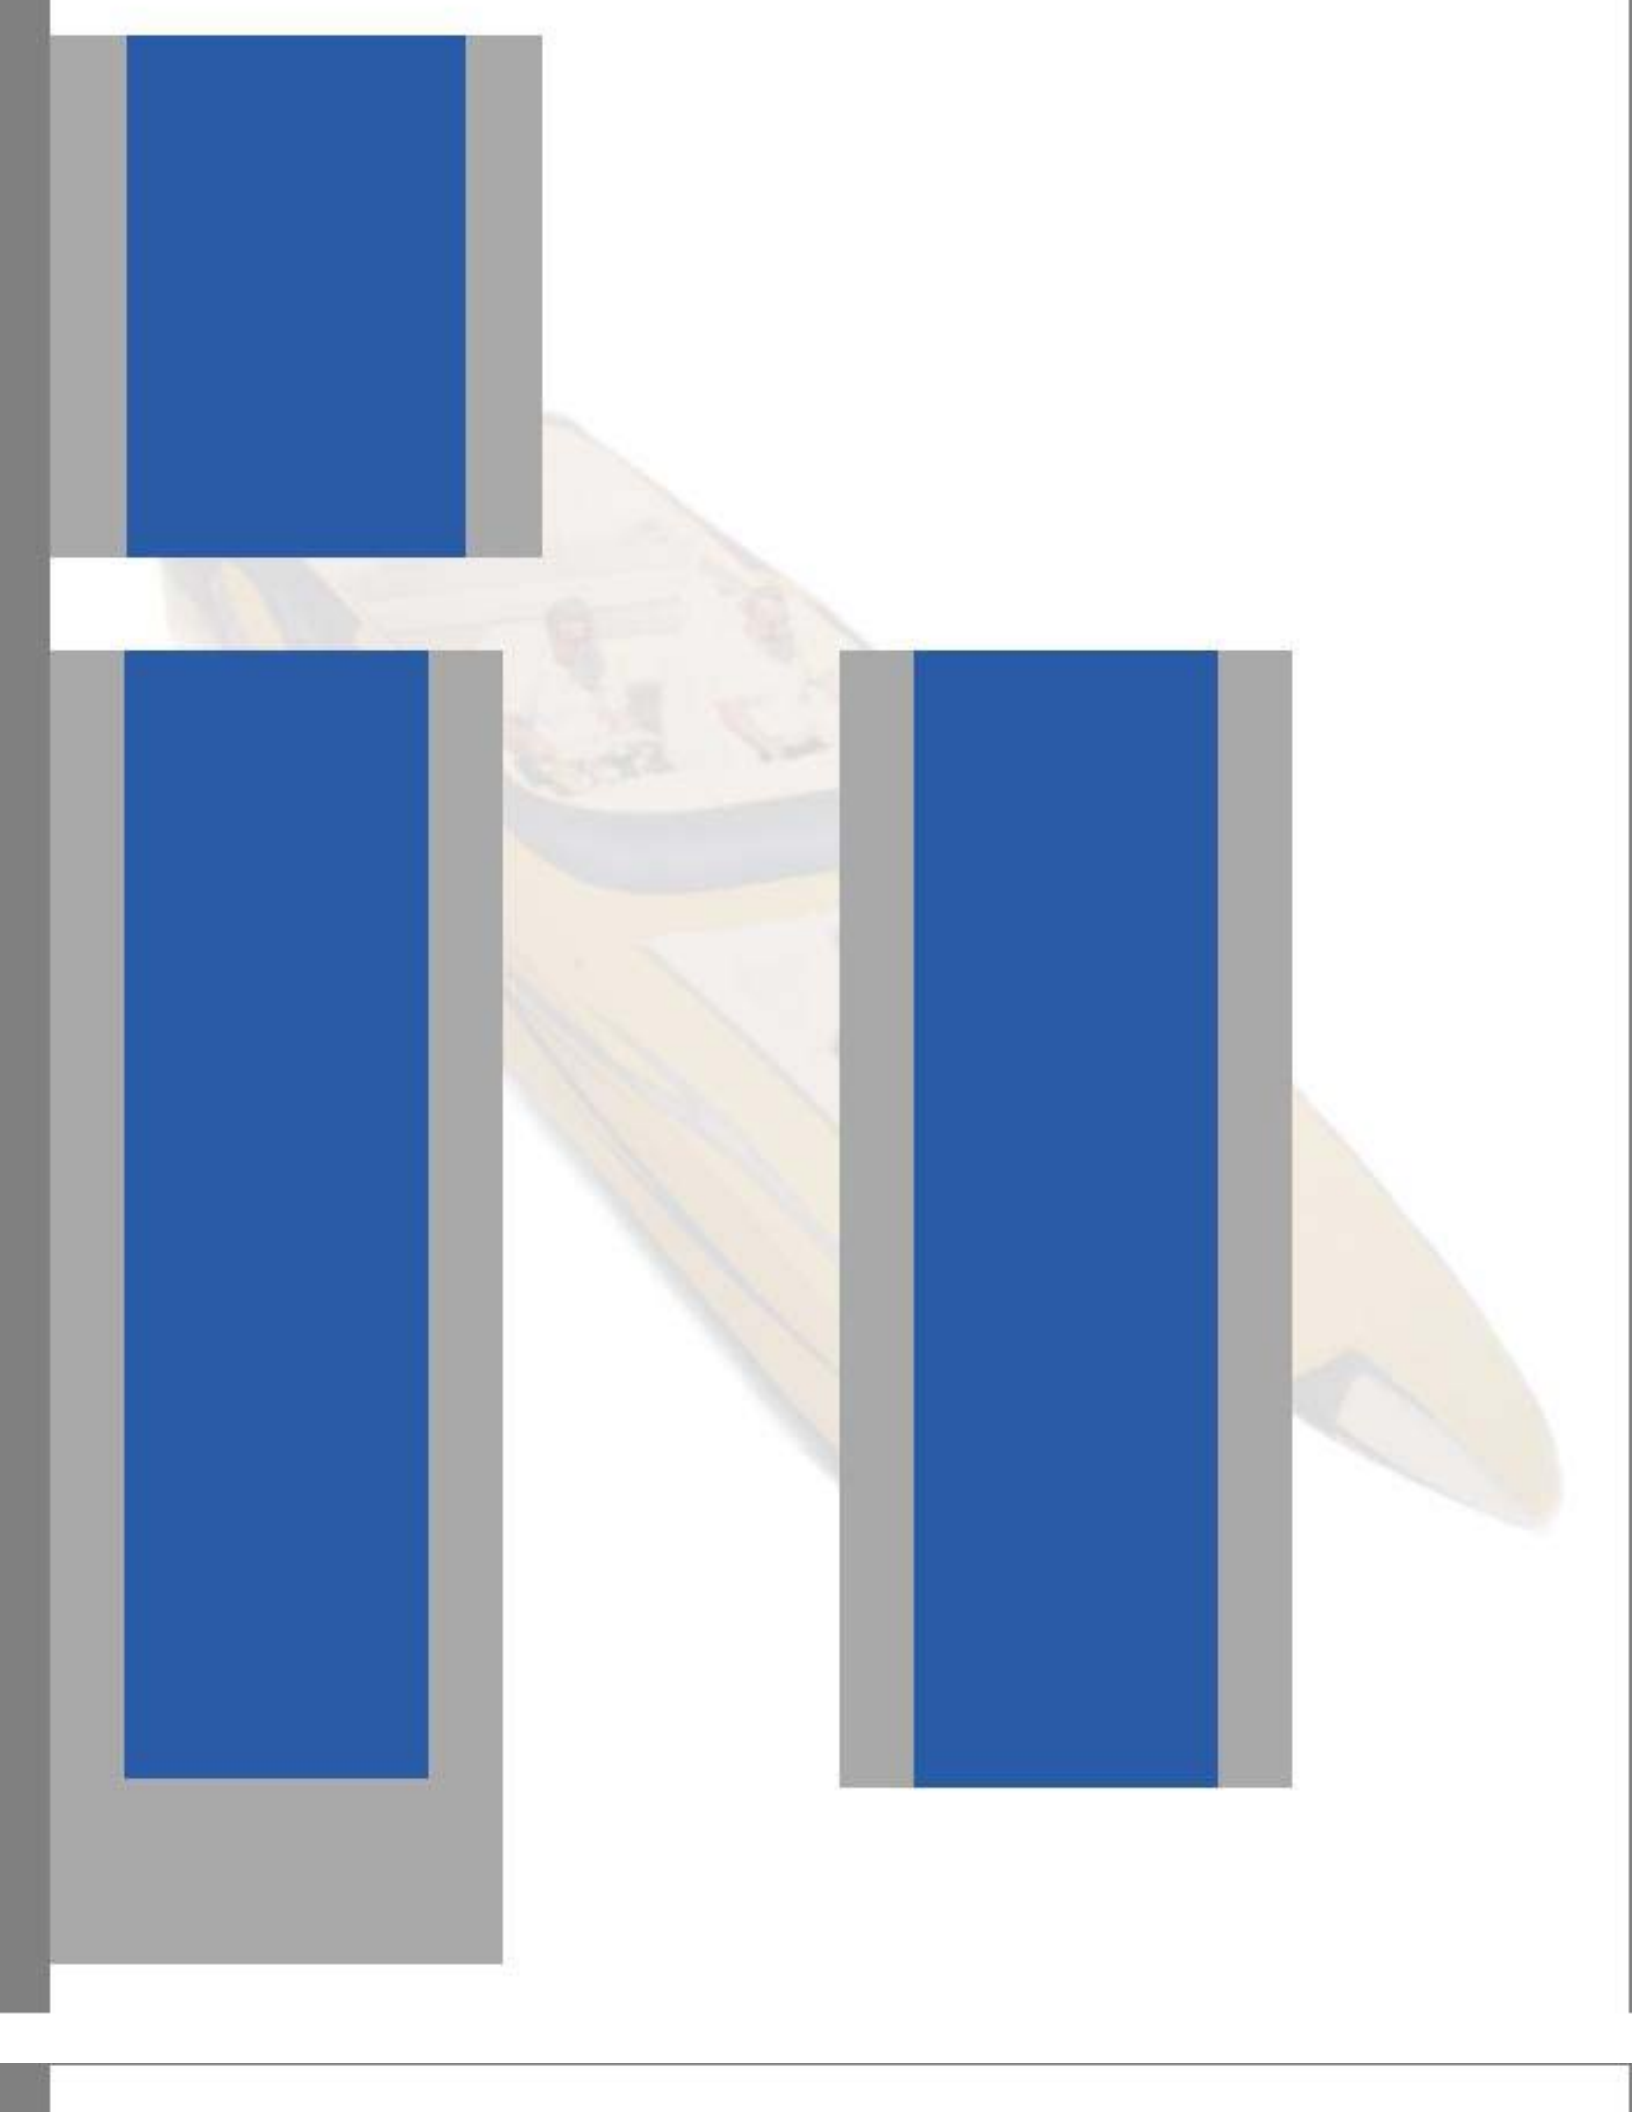

**PL-0800**

### PL-0800

**Place Side Mount Control**

Seven position side mount control for all manual Diverters. Available in black and white. Accepts 43 series cables. Control cable is sold separately.

#### PL-1001

##### Place Hydraulic Pump Only

Replacement hydraulic pump for Place Diverter hydraulic kits.

PL-1001

#### PL-1002

##### Place Hydraulic Cylinder Only

Replacement cylinder for Place Diverter hydraulic kits.

PL-1002

#### PL-1005

##### Indicator Kit

Place Diverter indicator kit for a Mercury style trim gauge. Trim gauge sold separate.

#### SC-2007

##### Bearing Cap

This bearing cap fits Berkeley, Dominator, Legend, and American Turbine jet drives through 1998.

SC-2007

#### SC-4007

##### Engine Mount Ring (bearing cap)

Rubber ring for bearing caps. Fits Berkeley, Dominator, Legend, and American Turbine jet drives.

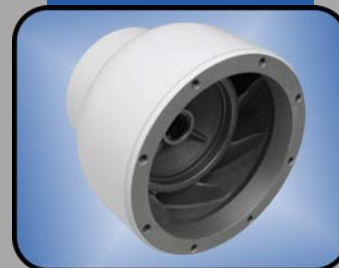

SC-4007

#### SC-9102

##### Berkeley Bowl

American Turbine bowls flow more water than any other bowl in the industry. This bowl will accept up to a 9.5" impeller with no machining.

SC-9102

#### SC-A9001

##### Bowl Cap w/ Zerk

Billet aluminum plug with an o-ring seal. Fits Berkeley, Dominator, and American Turbine jet drives.

SC-A9001

#### SC-2507

##### Split Gland Packings

Two piece aluminum packing glands for Berkeley, Dominator, Legend, and American Turbine jet drives.

SC-2507

**(951) 279-5005**

When ordering a Place Diverter please order a Place control system separately. You can choose between a Hydraulic or Manual control. A manual control system also requires a 43BC control cable.

call to order (951) 279-5005

SL-2003

**SL-2003****Bowl Seal**

Fits Berkeley, Legend, and American Turbine jet drives.

**Suction Seals**

**SL-1507** Berkeley, ATJ, Late Dominator

**SL-1603** Early Dominator

SL-1007

**SL-1007****Bearing Cap Seal**

Fits American Turbine, Berkeley, Dominator, and Legend bearing caps.

SL-4008

**SL-4008**

**Mechanical Seal For Jacuzzi YJ Jet Drives**

OR-3150

**OR-3150****Hand Hole O-ring**

Berkeley hand hole o-ring.

SC-3007

**SC-3007****GFO Rope Packings (5 pk)**

Graphite packings for Berkeley, Dominator, Legend, and American Turbine jet drives. These packings are designed for high RPM applications and seal water better than traditional packings. Sold in packs of 5.

OR-3850

**OR-3850****Berkeley Nozzle O-ring**

Replacement o-ring for Berkeley stock nozzle assemblies.

OR-3860

**OR-3860****Place Diverter Nozzle O-ring**

Replacement nozzle o-ring for late model Dominator and Place Diverter nozzle assemblies.

OR-3870

**OR-3870****Place Nozzle Double Seal**

Double seal assembly for the Place Diverter ball and socket.

OR-3160

**OR-3160****Bowl O-ring**

Berkeley bowl o-ring.

(951) 279-5005

When installing new seals in your jet, please be sure to install them in the right direction. The bearing cap seal installs with the lip facing the bearing, the suction seal installs with the lip facing the rope packings, and the bowl seal installs with the lip facing the impeller. When installing new rope packings be sure to offset the rope ends, this will help prevent water leakage.

### STR-T3007

#### Steering Tube

This steering tube can be used on Berkeley, Dominator, Legend, and American Turbine jet drives. Steering tube nuts and seals are sold separately.

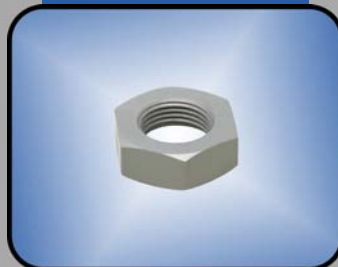

STR-T3007

### STR-R9206

#### Steering Tube Nut

Aluminum nut for Berkeley, Dominator, Legend, and American Turbine steering tubes. Sold individually.

STR-R9206

### STR-R9106

#### Steering Tube Seal

#### Detmar Steering Tube Kit

STR-TK2507

### Steering Extensions

STR-R9601 4 1/8"

STR-R9107 6 1/2"

### Jet Rebuild Kits

This rebuild kit includes a wear ring, all gaskets, bearings, o-rings, and seals to rebuild your jet drive.

**OHK-1002 Berkeley**

**OHK-1003 Dominator 12S**

**OHK-1103 Early Dominator 12S**

**OHK-1001 Turbine AT309**

### Jet Rebuild Kits w/ Impeller

This rebuild kit includes a wear ring, aluminum impeller, all gaskets, bearings, o-rings, and seals to rebuild your jet drive.

**OHK-1002C Berkeley**

**OHK-1003C Dominator 12S**

**OHK-1103C Early Dominator 12S**

**OHK-1001C Turbine AT309**

### Jacuzzi Energizer Kits

Convert your Jacuzzi pump into a high performing jet drive. These kits include a new shaft, impeller, wear ring, bowl, gaskets, bearings, nozzle housing, and steering nozzle.

**OHK-2008 Jacuzzi YJ**

**OHK-2108 Jacuzzi WJ**

**(951) 279-5005**

DMP's jet rebuild kits include high performance components from American Turbine. American Turbine is on the cutting edge of jet drive technology. All ATJ impellers are flow tested and balanced to insure maximum performance. Shouldered bronze wear rings prevent suction damage in the case of a bearing failure. When ordering a jet rebuild kit with impeller, you can specify the required impeller cut, "B", "AB", "A", or "AA".

call to order (951) 279-5005

**Trim Pump Caps**

No more leaking trim pump caps. This o-ringed Turbosonic cap has a built in breather to prevent oil leakage.

**TPC-0010** Clear

**TPC-0020** Red

**TPC-0025** Purple

**TPC-0030** Chrome

## Drain Plugs

**Garboard Drains**

2" diameter with a 1/2" NPT plug

**DP-0050** Chrome Plated

**DP-0055** Brass

**"T" Handle Drain Plugs**

1" Diameter rubber drain plugs

**DP-0060** Brass

**DP-0062** Chrome Plated

**DP-0065** Stainless Steel

**DP-0070****Drain Plug Sleeve Brass**

2 3/8" long, accepts 1" diameter "T" handle drain plugs.

**DP-1000****DP-1000****Sleeve Installation Tool**

Tired of fighting to install drain plug sleeves. DMP's installation tool easily crimps a brass drain sleeve in place. Works with all transoms.

**DP-0075****DP-0075****Drain Plug Assembly**

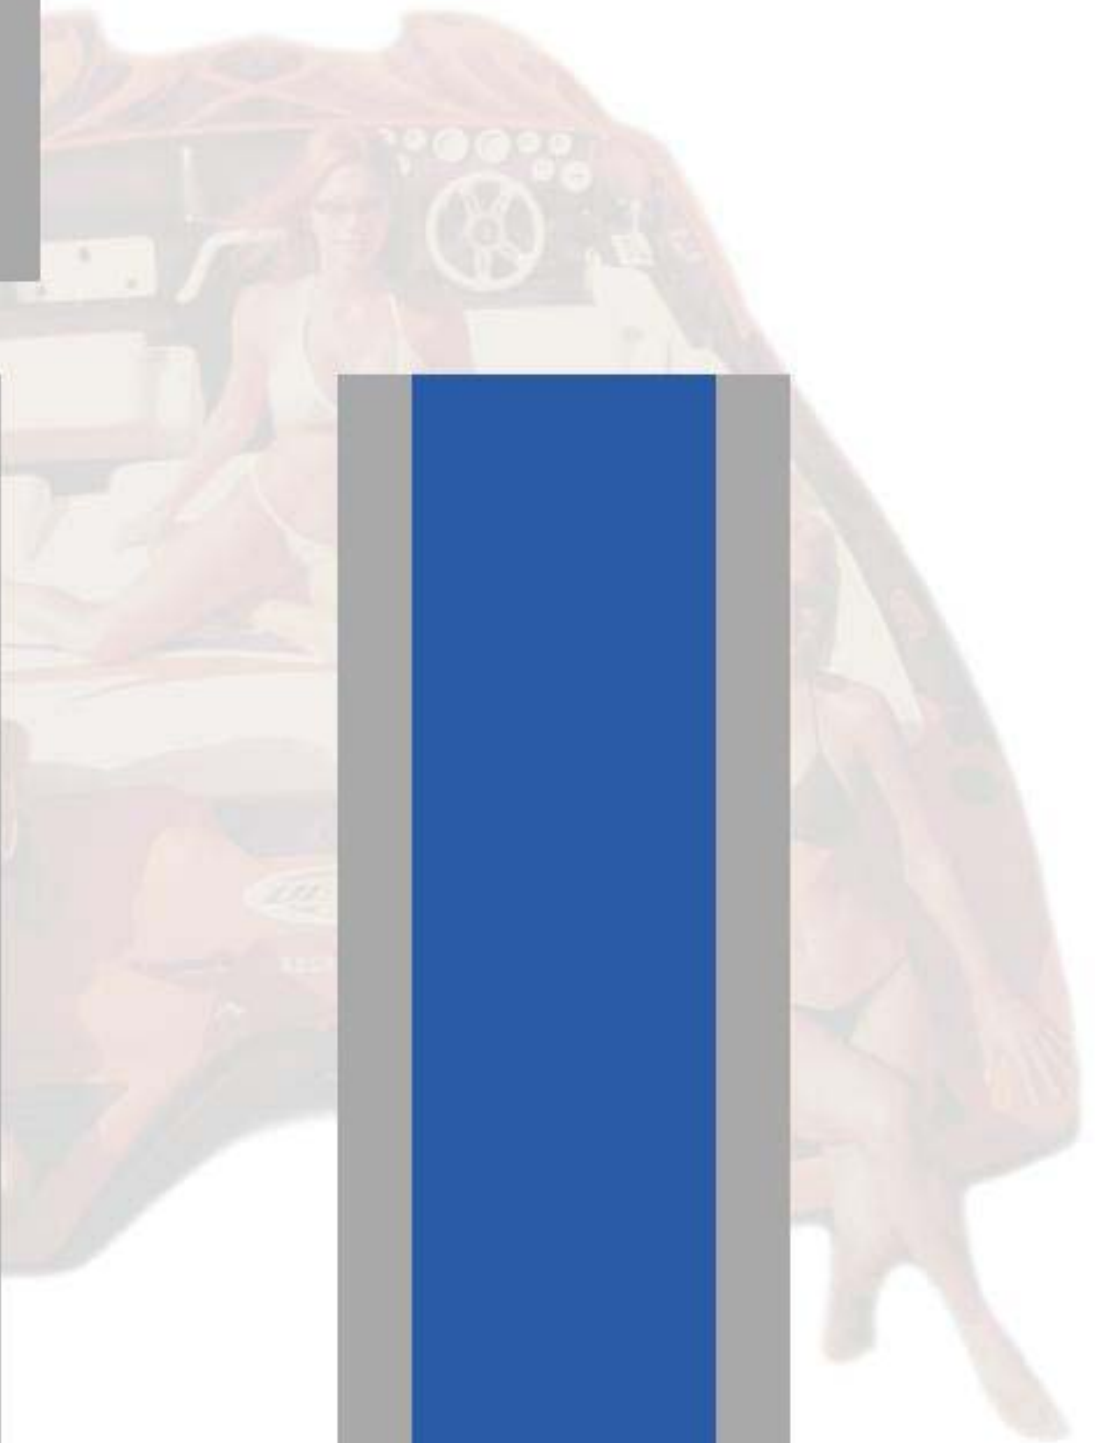

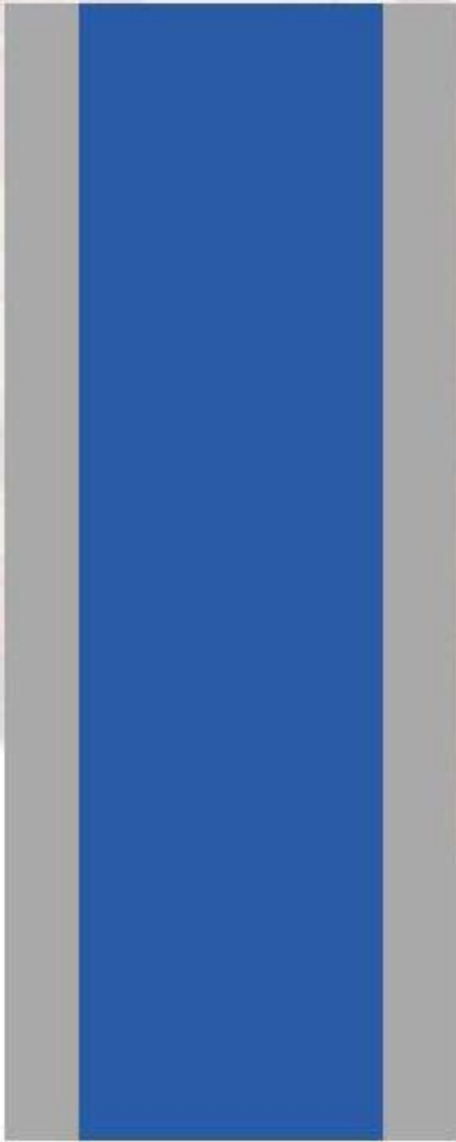

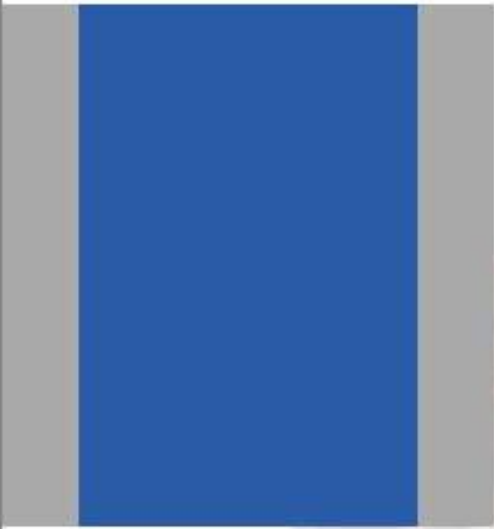

Chrome brass drain plug with a nylon o-ring sealed plug.

**Don't Forget To Order Silicone!**

DMP stocks a full line of Boat Life Marine Silicone Rubber. Available in clear, white, and black.

(951) 279-5005

DMP's installation tool for drain plug sleeves makes installation a breeze. Don't trust epoxy to hold in your drain sleeve. This tool forms the sleeve to the transom so it's impossible to fall out. Simply cut the sleeve to the appropriate length and swedge it into the boat.

**TLM-SS141**  
**Teleflex Rack & Pinion Kit**

**TLM-SS141**

**TLM-SS137**  
**Teleflex Rotary Steering Kit**  
Rotary steering systems include the helm, dash bezel, mounting kit, and cable. Please specify the length when ordering.

**TLM-SS137**

**TLM-SH91610P**  
**Tilt Helm Rack & Pinion**  
Tilt helm for Teleflex rack and pinion steering. You must order the TLM SH91800P tilt mechanism separately.

**Steering Helms**  
**TLM-SH5210P Teleflex Rack Helm**  
**TLM-SH5094P Teleflex Rotary Helm**  
**SHS-0010 Gun Drill Rack Helm Option**

**Teleflex Dash Bezel Kits**  
**TLM-SB39526P Rack and Pinion**  
**TLM-SB27484P Rotary**

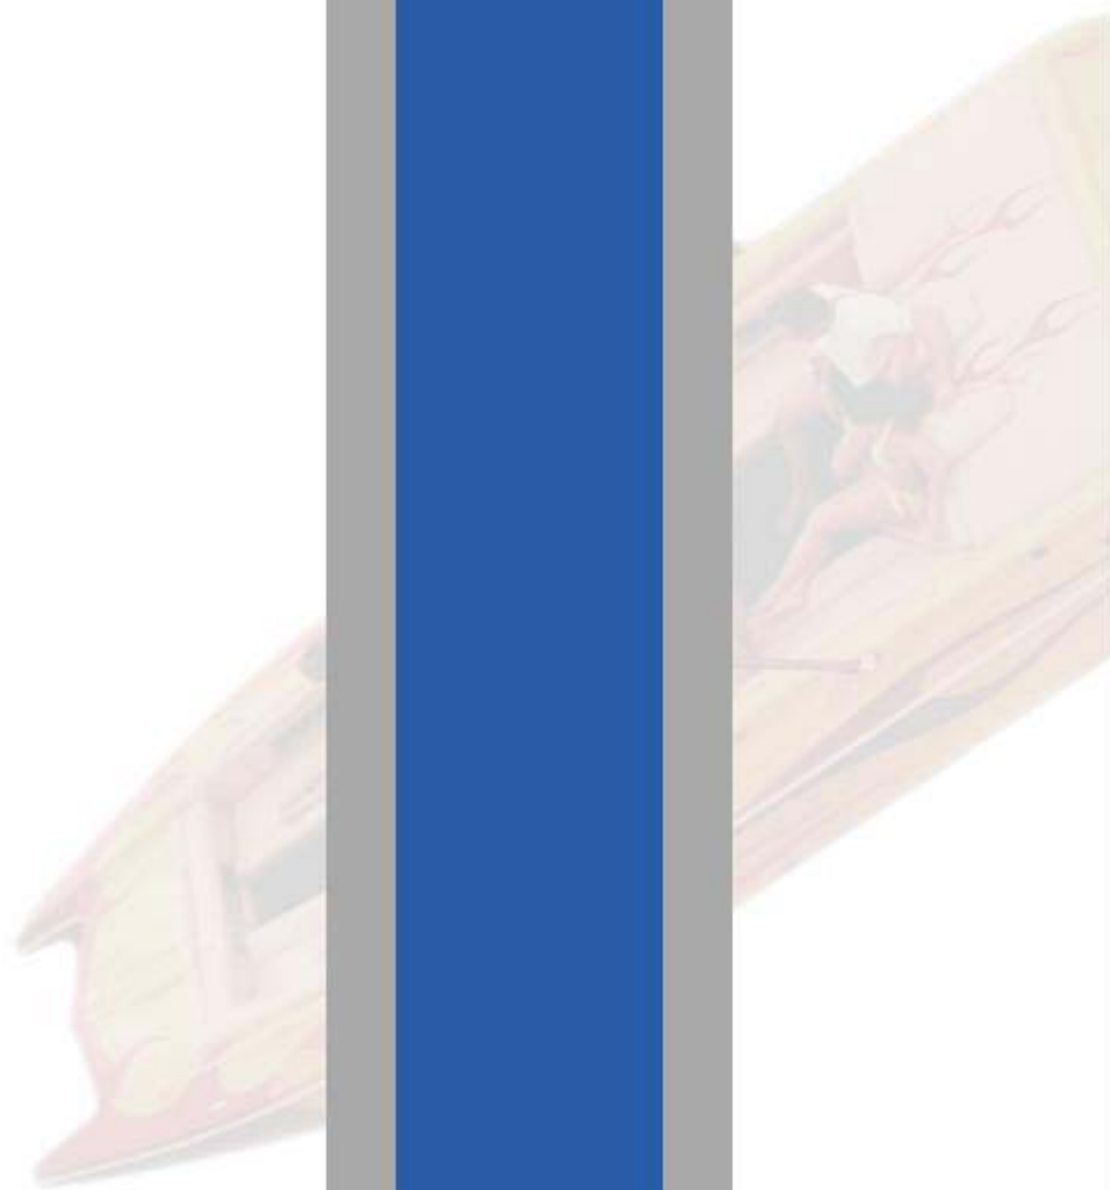

**SBC-0005**  
**Steering Base Cover - Teleflex Rack**

**SBC-0005**

**(951) 279-5005**

DMP stocks a full line of Teleflex control cables. Teleflex steering systems are used by most OEM manufacturers. These systems are used in performance and traditional boats. When ordering your new steering kit, be sure to specify the required length.

**Chrome Ball Valves**

Chrome Plated Brass

**BLV-120** 1/2" Pipe**BLV-340** 3/4" Pipe**BLV-100** 1" Pipe**PO-100****Pop Off Valve**

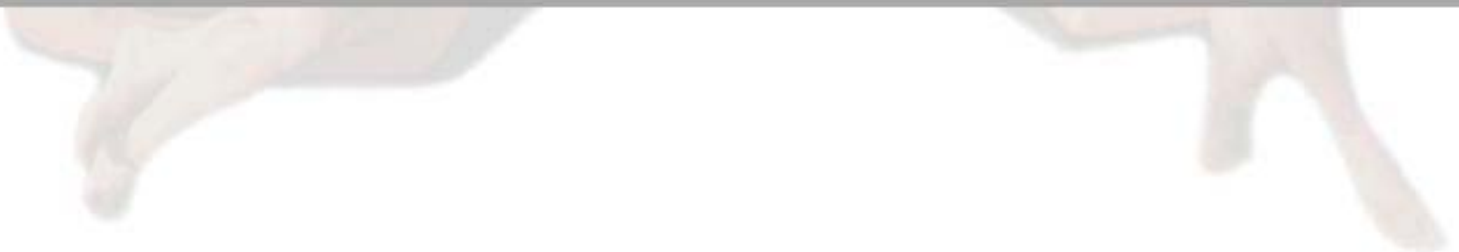

This unit has an adjustable pressure setting from 5-18 lbs. These are commonly used in applications that need to get rid of excess water pressure. All fittings are 1/2" NPT.

**Inline Adapter Fittings**

Use DMP's inline fittings to easily adapt a pop off valve to your plumbing system.

**FK-204** 11/4" Hose Inline - 1/2" Pipe**FK-206** 11/4" Hose X 1" Pipe - 1/2" Pipe

chillers, and high output water pumps. Once at the desired setting, the pop off valve will help protect your engine from excessive water pressure.

**WH-300****WH-300****3/4" Bilge Hose Standard**

White bilge pump hose for above water discharge fittings. Sold per foot.

**Multiflex Bilge Hose**

Extremely flexible vinyl tubing for bilge pumps, live well drains, showers, sinks, and iceboxes.

Sold per foot.

**WH-301 3/4"**

**WH-302 1 1/8"**

**Marine Water Hose**

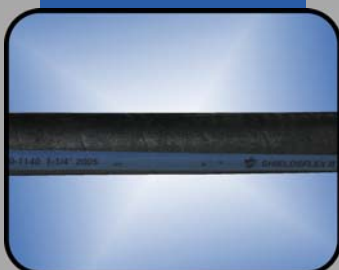

Heavy duty water hose is commonly used on engine cooling, heat exchangers, drains, sinks, and showers. Sold per foot.

**WH-304 1/2"**

**WH-305 5/8"**

**WH-306 3/4"**

**WH-307 1"**

**WH-303****WH-303****1 1/4" Hardwall Water Hose**

Hardwall water hose is primarily used for engine cooling. It has an internal wire wrap to avoid kinking in tight bends. The wire wrap will also prevent the hose from collapsing due to suction. Sold by the inch.

**Marine Fuel Hose**

Type A marine fuel hose. USCG approved. Sold per foot.

**FH-380 3/8"**

**FH-120 1/2"**

**FH-580 5/8"**

**Fuel Fill Hose**

Type A marine fuel hose. USCG approved. Sold per inch.

**FH-150 1 1/2"**

**FH-200 2"**

**Corrugated Exhaust Hose**

Corrugated marine exhaust hose is designed for substantial bends and straight hose routing. It has an internal wire wrap to prevent the hose from kinking when being bent. Sold per inch.

**EXH-278C 2 7/8"**

**EXH-300C 3"**

**EXH-350C 3 1/2"**

**EXH-400C 4"**

**Softwall Exhaust Hose**

Soft wall marine exhaust hose is designed for mild bends and straight hose routing. Sold per inch.

**EXH-278 2 7/8"**

**EXH-300 3"**

**EXH-350 3 1/2"**

**EXH-400 4"**

**Need Hose Clamps?**

We stock a full variety of high quality stainless steel hose clamps. All sizes, Euro clamps, "T" bolt clamps, we have what you need.

**Don't Forget to Check Out Our Selection Of Bilge Dumps**

We offer stainless outside-nylon inside outlets in a variety of sizes. Billet water dumps are also available in all the latest colors.

### FK-201

#### Pro Flush Kit

A durable check valve system that is activated by incoming water. It is constructed of non-corrosive plastic. The kit includes the check valve assembly, water inlet, fittings, hose, and clamps. This unit is for 1 1/4" water hose systems.

FK-201

### FK-204

#### SS T Fitting 1 1/4"H X 1/2"P

Polished 316 stainless steel bypass fitting. Accepts 1 1/4" hose on the run and has a female 1/2" NPT on the bypass. Commonly used on engine flush kits.

FK-204

### FK-203

#### SS T Fitting 1 1/4"H X 3/4"H

Polished 316 stainless steel bypass fitting. Accepts 1 1/4" hose on the run and a 3/4" hose on the bypass barb. Commonly used on engine flush kits.

### FK-202

#### Universal Water Flusher

Works on Mercruiser, OMC, Volvo, and Mercury applications.

FK-202

### FK-200

#### Water Inlet

Chrome plated brass water inlet. The outside diameter is 2 3/4" and it has a female 1/2" pipe thread.

FK-200

### SSF-100

#### Straight 1"P X 1 1/4"H

Polished 316 stainless steel fitting. Features a machined hex for easy installation.

SSF-100

### SSF-102

#### 45 Degree 1"P X 1 1/4"H

Polished 316 stainless steel fitting.

SSF-102

### SSF-101

#### 90 Degree 1"P X 1 1/4"H

Polished 316 stainless steel fitting.

SSF-101

(851) 279-5005

DMP stocks all the necessary hardware to assemble a custom flush kit for your boat. Many applications require different fittings, hoses, etc. If you need assistance assembling a flush kit for your engine, feel free to give us a call.

**Euro Hose Clamps**

Chrome plated brass high speed water pickups are used for engine cooling or any other cooling system that requires a high volume of water. This pickup has a male 3/4" straight pipe nipple.

**WP-0050****WP-0050****Water Pickup Transom Mount 1" Pipe**

Polished stainless steel water pickup. Constructed out of 1 1/4" tubing, 1" male pipe, and a 3" diameter 3 screw mounting flange. Fits through transoms up to 2 1/2" thick. Outside tube length is 7".

**Strainer Type Water Pickups**

Brass strainer style water pickups help prevent harmful objects from entering into the water system. All pickups have straight pipe thread.

**WP-0055** 1/2"**WP-0056** 3/4"**WP-0057** 1"**WP-0058** 1 1/4"**WP-0053****WP-0053****Mini Water Pickup**

Chrome plated brass mini water pickups are commonly used for v-drive cooling, oil coolers, transmission coolers, and intercoolers. It has a male 1/2" straight pipe nipple.

**Thru-Hull Pickups**

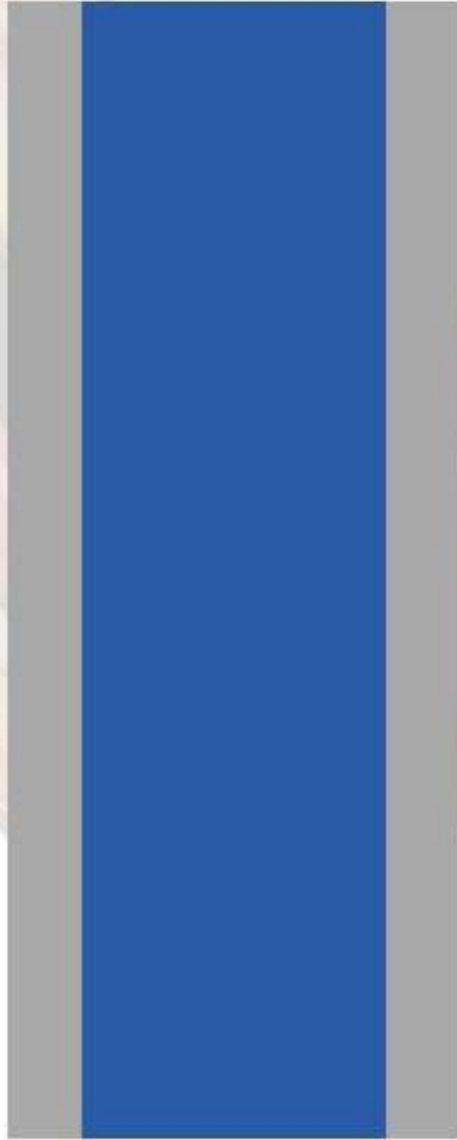

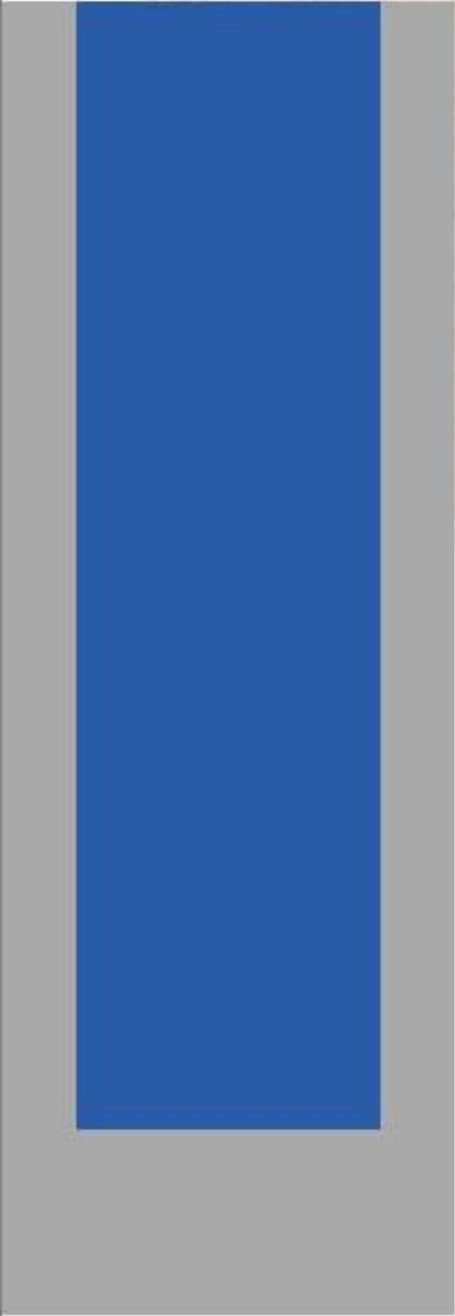

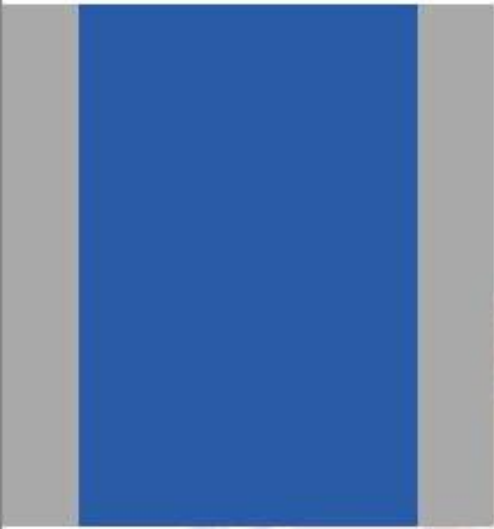

Polished stainless steel water pickups. 2" X 2" mounting base, 1 1/2" pickup tube length.

**WP-0060** -6 AN**WP-0065** -8 AN**WP-0070** -10 AN**WP-0075** -12 AN**WP-0080** -16 AN**WP-0085** FML 3/4"P**WP-0090** FML 1"P

(951) 279-5005

DMP thru-hull water pickups come with a straight 1 1/2" water pickup tube. When installing, cut the leading edge on a 45 degree angle to the appropriate height. Anytime a water pickup is being installed through the bottom of the boat it is suggested to use some form of shut off valve.

### Billet Aluminum Fire Extinguisher Kits

A custom extinguisher and bracket at a reasonable price. These kits include a Kidde marine approved fire extinguisher and a custom billet aluminum quick release bracket. The billet aluminum bracket is available in polished, powdercoated, or anodized finishes.

**FX-425 Polished Extinguisher**

**FX-430 Blue Extinguisher**

**FX-435 Red Extinguisher**

**FX-440 White Extinguisher**

### Kidde Marine Fire Extinguishers

These NEW custom 2 lb. dry chemical extinguishers have a 5-B:C fire rating type. Includes a plastic mounting bracket. 11"L X 3 1/4" DIA.

**FX-400 Polished**

**FX-405 Blue Anodize**

**FX-410 Red Anodize**

**FX-415 White**

### FXB-300

#### 3" Billet Fire Extinguisher Bracket

DMP billet fire extinguisher brackets for Amerex fire extinguishers feature a quick release pin for fast access to your extinguisher. Available in polished, powdercoated or anodized finishes.

**FXB-300**

### FX-300

#### Fire Extinguisher 3" Chrome

Amerex 3" 2.5 lb. dry chemical fire extinguisher. USGC approved. Includes a metal strap mounting bracket.

**FX-300**

**(851) 279-5005**

Dana Marine billet aluminum fire extinguisher brackets have a 4 bolt mounting flange and a quick release feature for fast action. Typical mounting brackets have a slide fit that must be considered when mounting. Extra clearance is often needed to allow the bracket to slide in and out of it's base. Ours is specifically designed as a slip fit so you are not limited on where you can mount it.

**SFTY-HORN****SFTY-HORN****Falcon Air Horn**

100% Ozone safe non-flammable air horn. Meets U.S.C.G. requirements for boats up to 65 feet.

**LV-6500****LV-6500****Throw Cushion**

White Coast Guard approved throw cushion.

**SFTY-HORN2****SFTY-HORN2****Hidden Horn**

Single white boat horn with a polished stainless steel cover. 12 volt.

**Wooden Paddles**

**WDP-100 3 FT**

**WDP-101 4 FT**

**FAID-964****FAID-964****Orion First Aid Kit**

Weekender kits include 146 frequently needed first aid products in a waterproof plastic storage case.

**WDP-102****WDP-102****Stainless Steel Paddle Clips**

Use these paddle clips to securely hold most wooden paddles with an 1 1/4" diameter. Sold in pairs.

**SFTY-928****SFTY-928****Orion Alert Plus Flare Kit**

This kit includes a 12 gauge corrosion resistant launcher, (6) 12 gauge red aerial flares, 2 safety whistles, a signal mirror, and 1 oz. of fluorescent dye marker. All this comes packaged in a water proof, floatable carrying case.

**General Life Vests**

USCG Approved

**LV-Small Childrens**

**LV-Medium 50-90 LBS.**

**LV-Large Adult 30"-52" Chest**

**SFTY-918****SFTY-918****Orion Replacement Flares**

3 Pack of 12 gauge red aerial flares.

**The USCG Requires...**

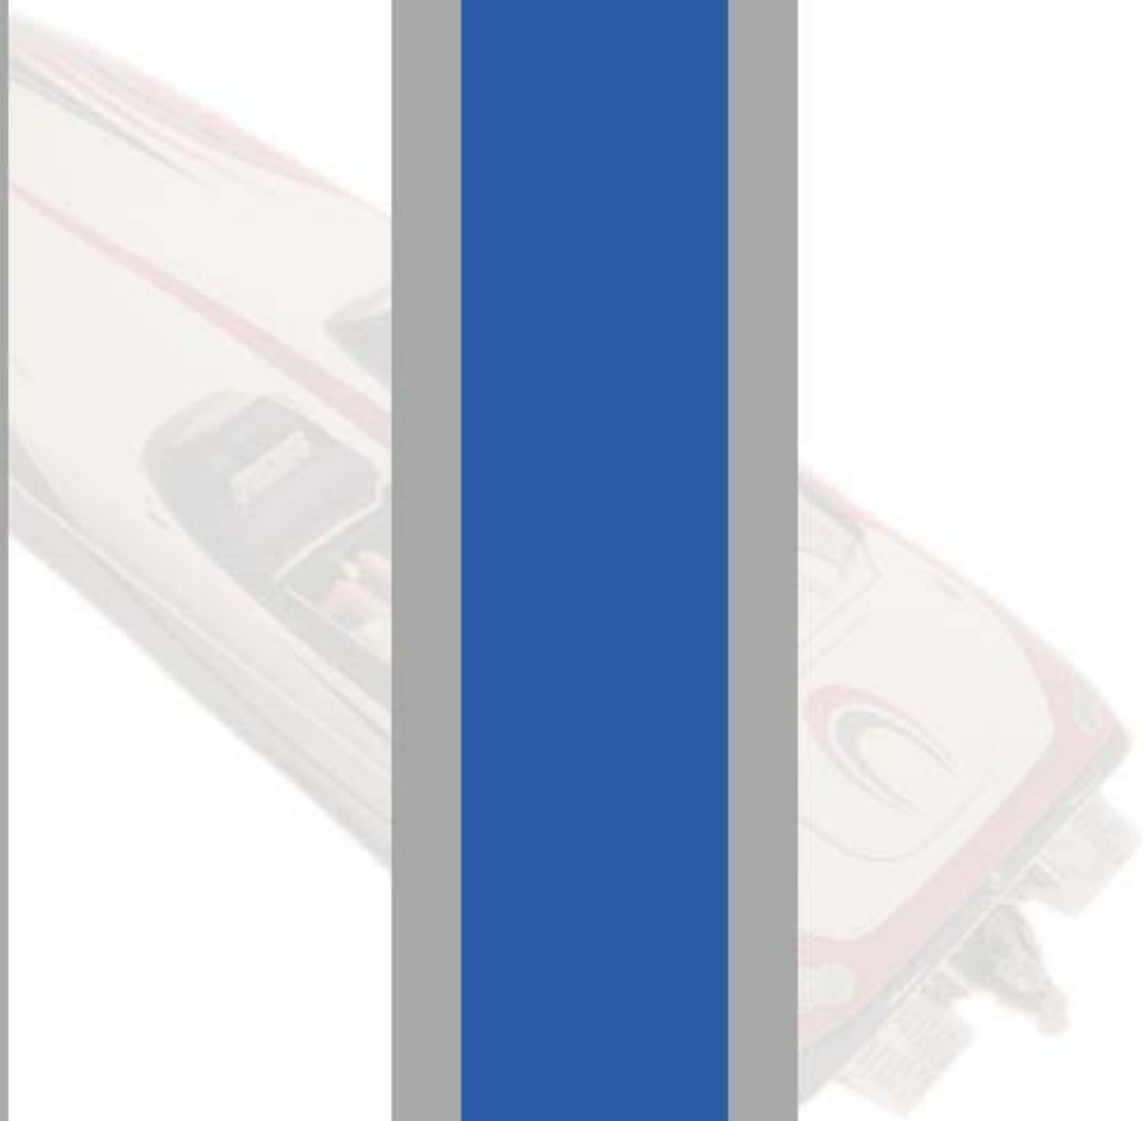

**A Life Vest Per Person**

**A Throw Cushion**

**A Noise Maker**

**A Fire Extinguisher**

**While boating Children under the age of 14 should always wear a life vest.**

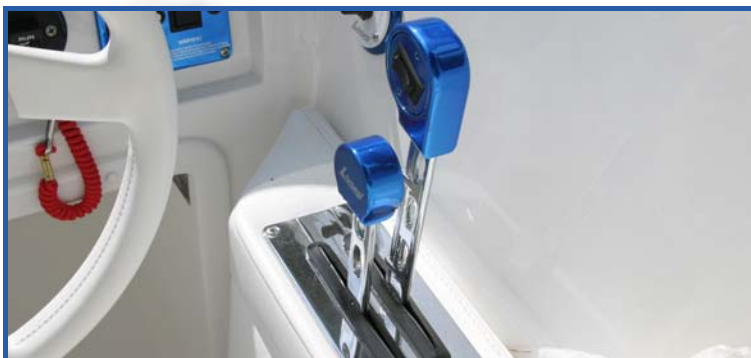

#### SHF-040

##### Billet Race Control - Single Engine

Livorsi shifters are known for high quality and a smooth operation. All shifters are available with a single or dual trim switch. They accept 33C type cables. Cable connectors are included. Billet Livorsi race controls feature chrome handles, a chrome base, and billet aluminum knobs that are designed for maximum comfort. Please specify the aluminum knob color when ordering. Neutral safety switches (SHF-055) are sold separately.

SHF-040

##### Billet Race Controls - Twins and Triples

Must specify RH or LH, knob color, and handle configuration.

**SHF-045 Twin Control**

**SHF-050 Triple Control**

**SHF-055 Neutral Safety Switch**

##### Single Engine Controls

Must specify RH or LH, forward or rear cant, and handle configuration.

**SHF-015 Colored**

**SHF-020 BLK or WHT**

**SHF-055 Neutral Safety Switch**

##### Twin Engine Controls

Must specify RH or LH, forward or rear cant, and handle configuration.

**SHF-020 WHT or BLK**

**SHF-025 Colored**

**SHF-055 Neutral Safety Switch**

##### Triple Engine Controls

Must specify RH or LH, forward or rear cant, and handle configuration.

**SHF-030 WHT or BLK**

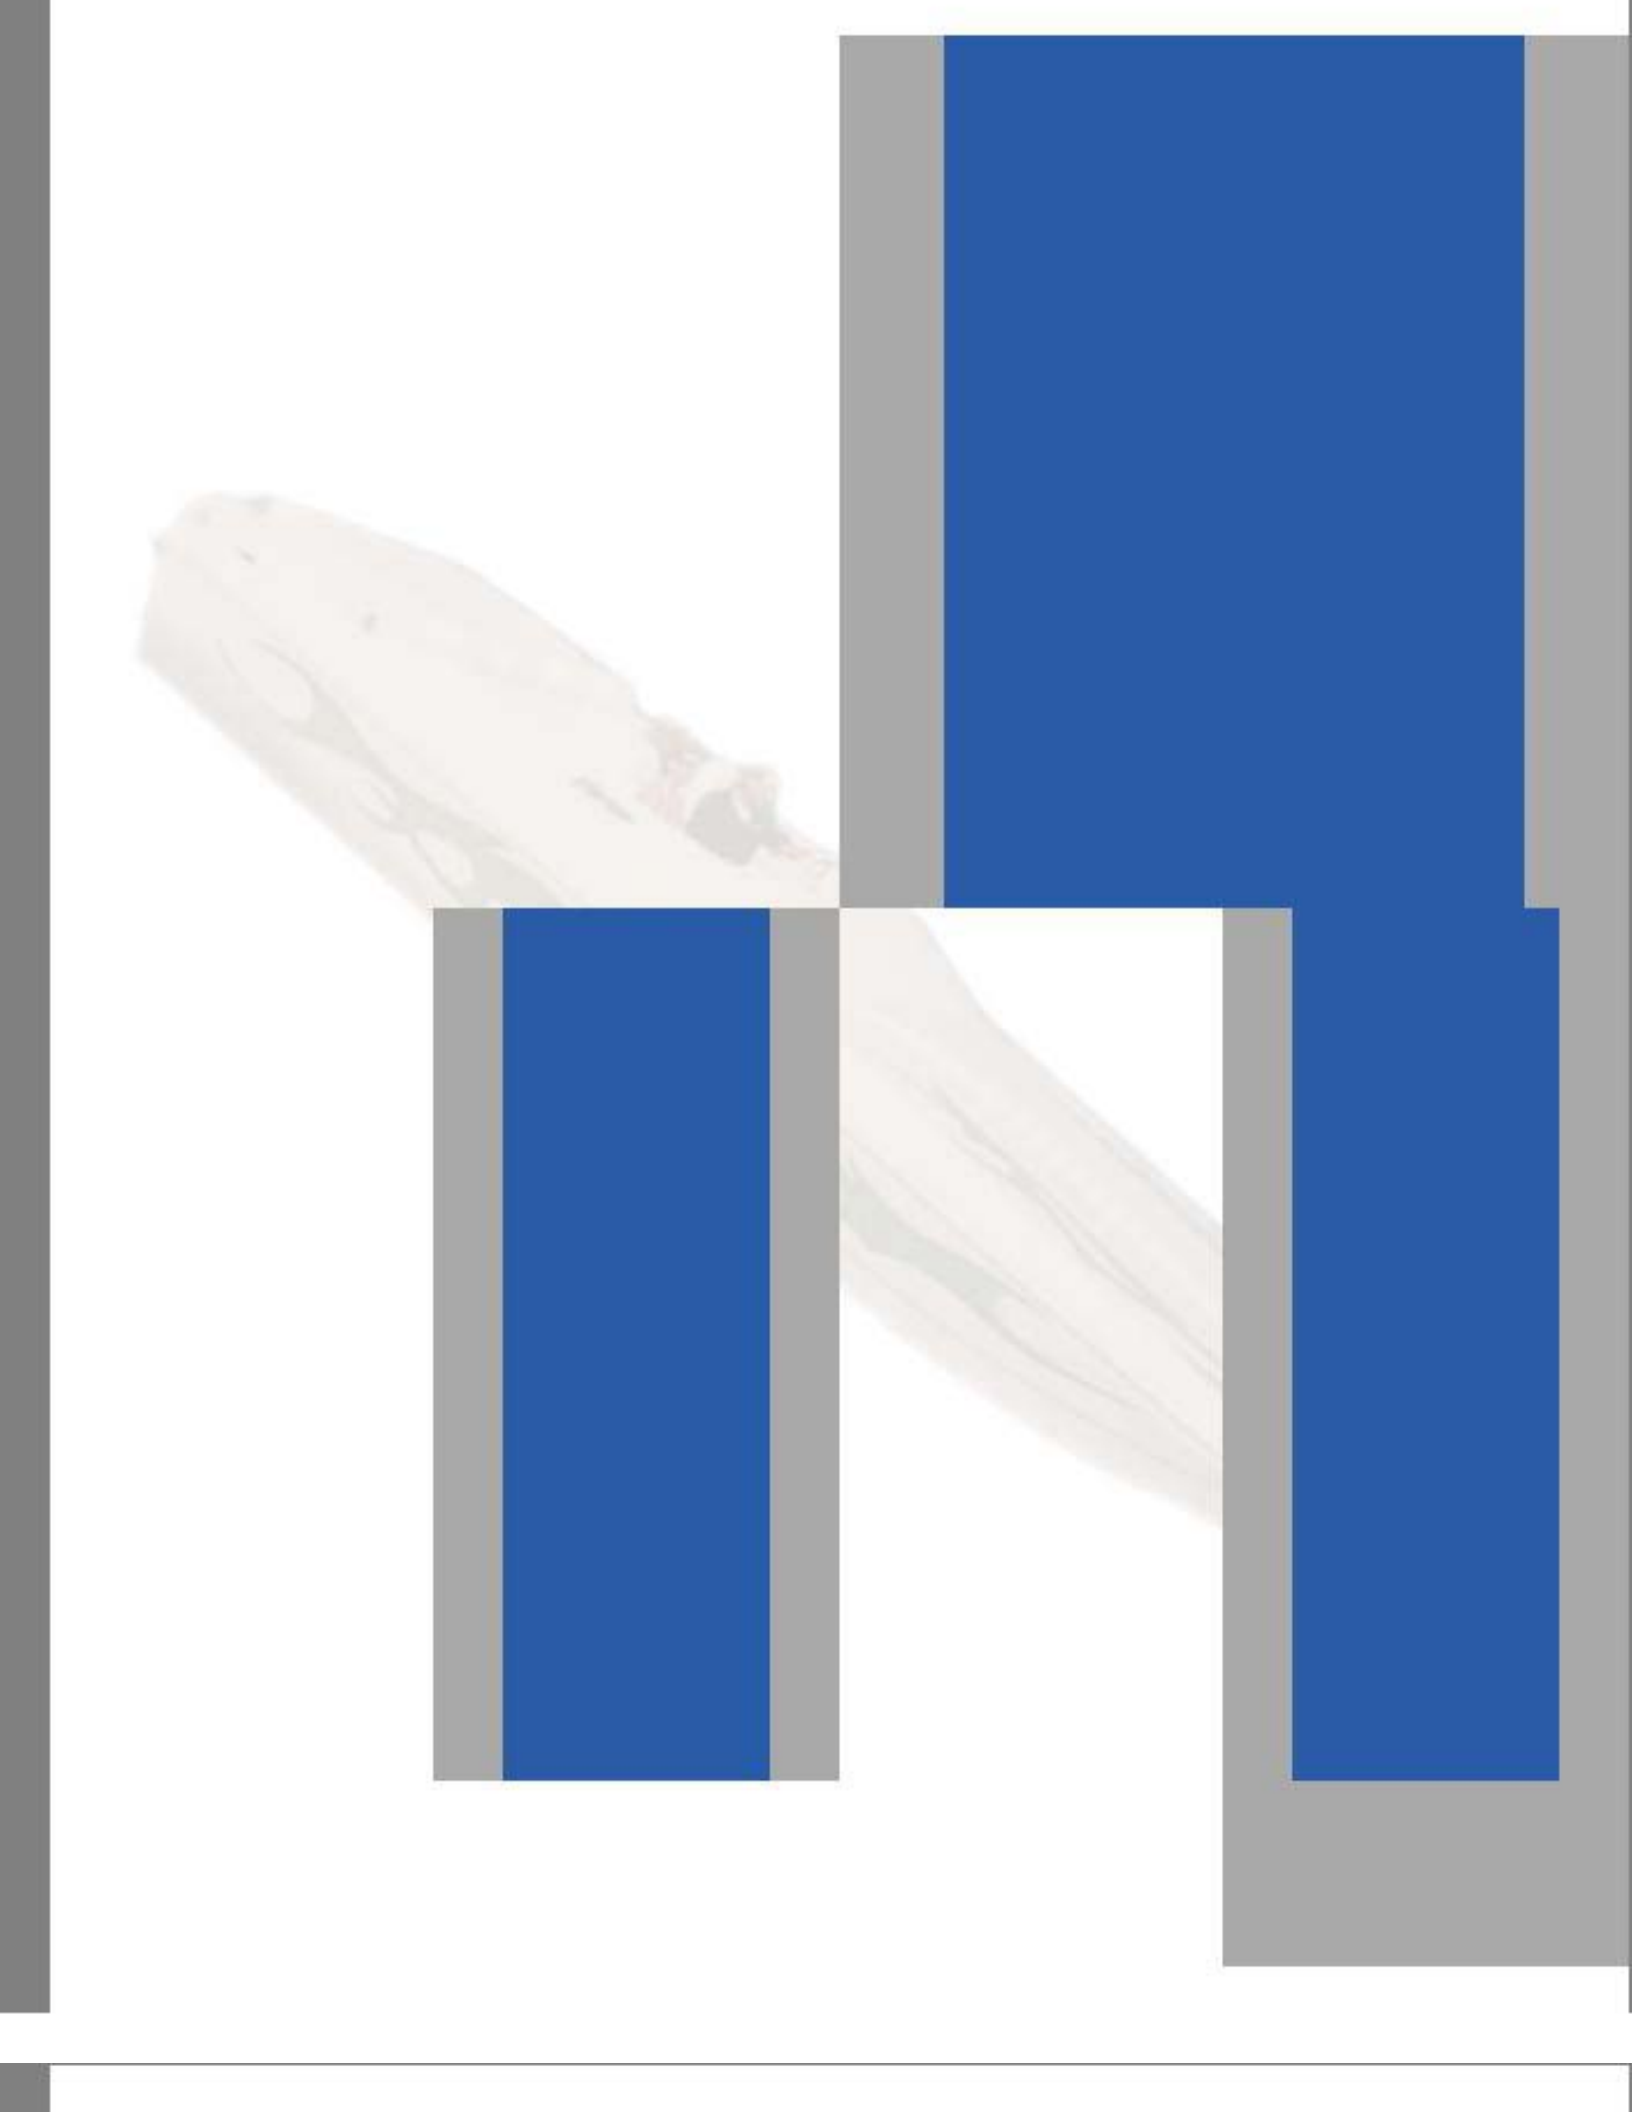

**SHF-035 Colored**

**SHF-055 Neutral Safety Switch**

**(851) 279-5005**

Livorsi shifters are well known for high quality and a smooth operation. Quality components like aluminum and bronze make this shifter corrosion resistant. They accept 33C type cables. Cable connectors are included. Neutral safety switches are sold separately. Shifter dimensions, Single Engine 3 3/8" X 7 3/4", Twin Engine 5 1/2" X 7 3/4", Triple Engine 7 3/4" X 7 3/4".

**DMP Stocks Hard To Find Oildyne Fittings**  
 Our selection will help configure complicated plumbing scenarios.

## Teleflex/Morse Shifters

TLM-311413

**TLM-311413**  
 MV3 Control LH Berkeley

TLM-311364

**TLM-311364**  
 MV3 Control RH Standard  
 This right hand dual function control accepts 33C style cables. It includes a neutral safety switch. Cables enter in from the aft side.

TLM-311412

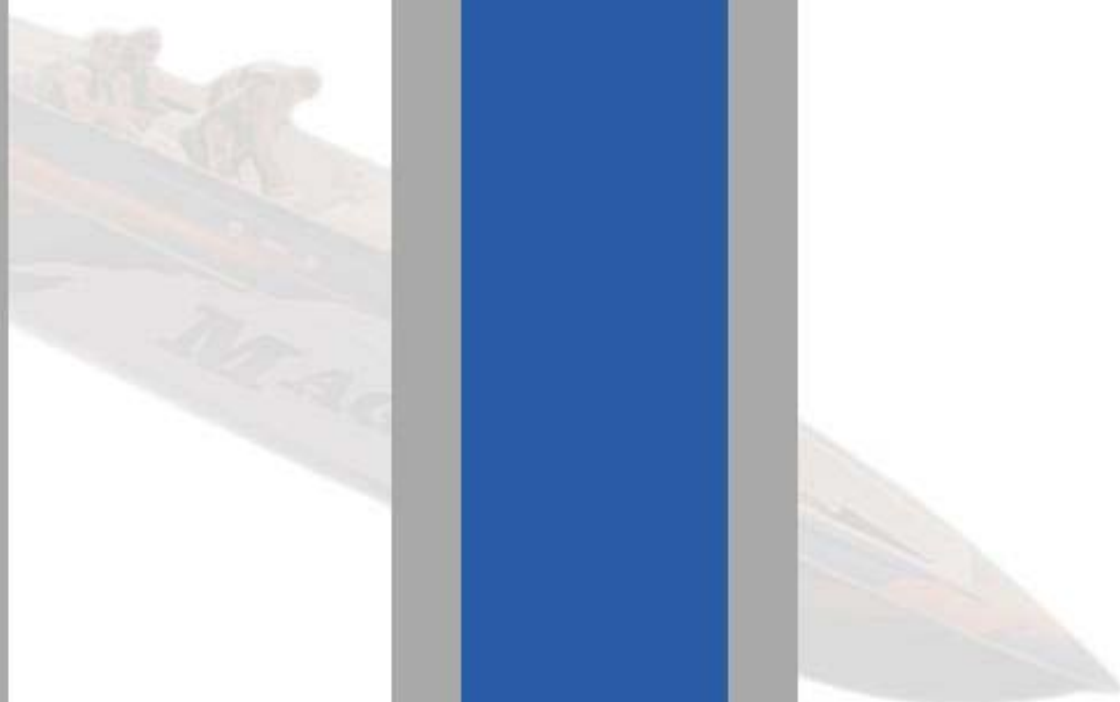

**TLM-311412**  
 MV3 Control RH Berkeley

**Don't Forget To Order Connection Kits**  
 DMP stocks all 33C cables and connection kits.  
 CC-301901 Merc O.B. Kit  
 CC-302123 Merc I/O Kit

(951) 279-5005

DMP stocks all length 33C cables with the necessary connector kits for outboard and I/O engines. MV3 controls are a "2 in 1" style shifter. They control throttle and shift in one lever. They feature a neutral safety switch and a pullout disengagement for trailer idling or revving.

### Gaffrig Shifters

Gaffrig shift controls are constructed of lightweight aircraft aluminum. These shifters offer a detent friction control that allows adjustment without removing the control. Includes cable ends for 33C style cables. Neutral safety switches are sold separately. When ordering please specify RH or LH, forward or rear cant, color, and handle configuration.

### Single Engine Controls

Must specify RH or LH, forward or rear cant, and handle configuration. Includes a single trim switch in the handle.

**GF-3208 BLK or WHT**

**GF-3208C Colored**

**GF-3408 Neutral Safety Switch**

### Triple Engine Controls

Must specify RH or LH, forward or rear cant, and handle configuration. Includes a single trim switch in the handle.

**GF-3220 BLK or WHT**

**GF-3220C Colored**

**GF-3408 Neutral Safety Switch**

### Twin Engine Controls

Must specify RH or LH, forward or rear cant, and handle configuration. Includes a single trim switch in the handle.

**GF-3216 BLK or WHT**

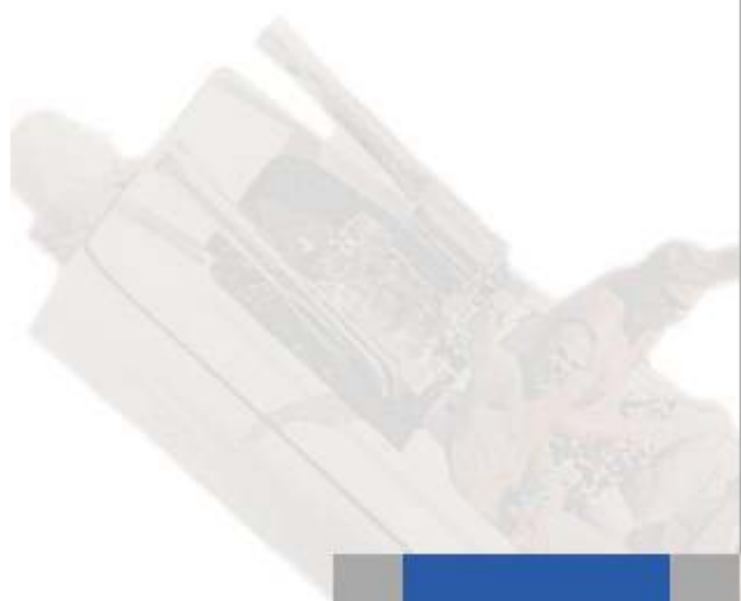

**GF-3216C Colored**

**GF-3408 Neutral Safety Switch**

**(851) 279-5005**

Don't forget to order a Dana Marine billet shifter bezel for your new shifter. Available in polished, powdercoated, and anodized finishes. Shifter base dimensions, Single Engine 3 3/8" X 7 3/4", Twin Engine 5 1/2" X 7 3/4", Triple Engine 7 3/4" X 7 3/4".

OB-001

**OB-001****Outboard Cable Steering Kit**

DMP outboard steering kits for Mercury outboards include (2) billet aluminum engine wing plates, wing plate mounting spacers, (2) billet rear pulleys with yokes, and (2) front bullet style pulleys. This kit is available in polished, powdercoated, and anodized finishes.

OB-002

**OB-002****Steering Arms (pr)**

Billet aluminum engine wing plates for Mercury outboards. Available in polished, powdercoated, and anodized finishes. Sold in pairs.

OB-003

**OB-003****Front Bullet Pulleys (pr)**

Billet aluminum front pulley set for DMP outboard steering. Sold in pairs, one left and one right. Each unit includes a 2.5" diameter nylon swivel wheel. Available in polished, powdercoated, and anodized finishes.

OB-004

**OB-004****Rear Yoke Pulleys (pr)**

Billet aluminum yoke style pulleys with nylon wheels. 3 7/8" diameter wheel. Accepts a 1/2"-20 rod end. Available in polished, powdercoated, and anodized finishes. Sold in pairs.

OB-005

**OB-005****Replacement Bullet Wheel (ea)**

Replacement nylon pulley only. 2.5" diameter. Sold individually.

OB-006

**OB-006****Replacement Rear Yoke Wheel (ea)**

Replacement nylon pulley only. 3 3/4" diameter. Sold individually.

VDS-116

**VDS-116****3/16" Steering Cable (per ft)**

Stainless steel steering cable for chain and cable applications. Sold per foot.

VDS-121

**VDS-121****3/16" Cable Clamp**

Bronze cable clamp for 3/16" steering cable.

(951) 279-5005

DMP billet outboard steering components fit most Mercury outboard engines. These kits and components will need additional parts to complete the installation. Due to the variables in hull designs, engine mounting, and product installation, it is difficult to supply all the correct components to make these kits complete.

#### **TLM-HK7400**

##### **Seastar Pro Steering Kit**

Teleflex Seastar Pro hydraulic steering systems are well known for quality and performance. This system is used by hundreds of boat manufacturers because of its reliable function and ease of installation. Seastar Pro kits are designed for outboard engines up to 300 HP. This kit will work with jackplates and performance propeller applications. Kit includes a 4 turn lock to lock helm, front mount cylinder, and fluid. Hoses are sold separately.

**TLM-HK7400**

#### **Seastar Hose Kits**

Hose kits include (2) hoses.

**TLM-HO5712 12 ft**

**TLM-HO5714 14 ft**

**TLM-HO5716 16 ft**

**TLM-HO5718 18 ft**

**TLM-HO5720 20 ft**

#### **ZGR-2000**

##### **Zeiger Outboard Steering - Single**

Polished stainless steel hydraulic steering kit for Mercury 300 outboards. Kit includes the engine mounting bracket, cylinder, cylinder transom flange, helm, helm mounting kit, hoses, and fittings.

**ZGR-2000**

#### **ZGR-2005**

##### **Zeiger Outboard Steering - Twin**

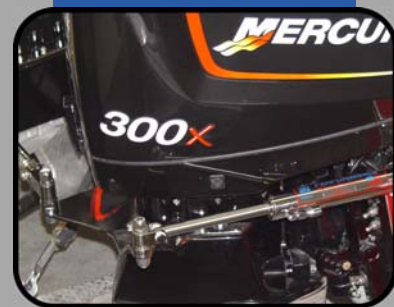

Polished stainless steel hydraulic steering kit for Mercury 300 outboards. Kit includes the engine mounting brackets, cylinders, cylinder transom flanges, tiebar, helm, helm mounting kit, hoses, and fittings.

**ZGR-2005**

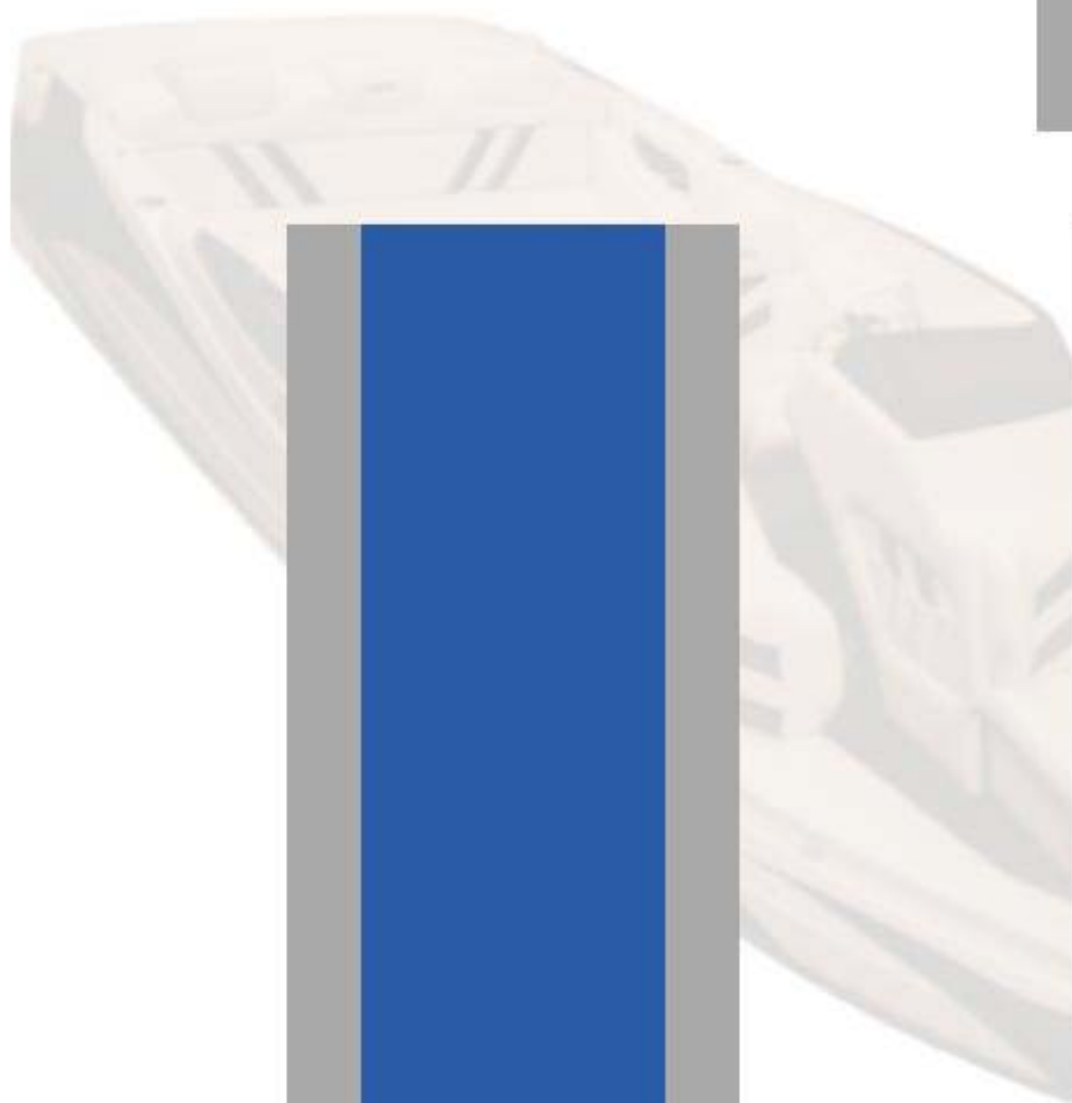

#### **Zeiger Outboard Steering...**

is the ultimate in performance steering. Zeiger steering systems feature high performance 316L stainless steel cylinders with a thicker wall than any other cylinder on the market. A superior brass piston and wiper assembly insure a long and trouble free cylinder life.

kits can specify inside or outside cylinder mounting. All twin engine kits include a solid stainless steel tiebar, please specify the required center to center dimension when ordering.

### Zeiger Hydraulic Steering Systems

The ultimate in performance steering. Zeiger steering systems feature stainless steel drive caps, cylinder mounting brackets, and Zeiger's newly designed steering cylinders. These high performance 316L stainless steel cylinders feature a thicker wall than any other cylinder on the market. A superior brass piston and wiper assembly insure a long and trouble free cylinder life. External hydraulic steering systems are a must for any high performance boat. External steering rams lessen the load on the gimbal housing by evenly distributing engine torque. This will extend gimbal bushing life in high torque applications.

### Single Bravo Add On Kits

Includes a drive cap, cylinder mounting brackets, cylinders, stainless lines and fittings, brass valves, and all inside hoses and fittings.

**ZGR-1000 Single Ram**

**ZGR-1001 Dual Ram**

### Twin Bravo Kits

Includes drive caps, cylinder mounting brackets (2), cylinders (2), tiebar, and all hoses and fittings. Please specify outdrive center to center when ordering.

**ZGR-1004 Add On**

**ZGR-1005 Full Hydraulic**

### Single Bravo Full Hydraulic Kits

Includes a drive cap, cylinder mounting brackets, cylinders, Charlyn helm, all hoses and fittings, and a 3" Momo/Dino billet steering hub.

**ZGR-1002 Single Ram**

**ZGR-1003 Dual Ram**

### SS Tilt Helms

Constructed from stainless steel for strength and durability. Choose from a 5", 7", or 9" hub. Drilled for Momo/Dino wheels.

**ZGR-1010 Charlyn Helms**

**ZGR-1011 Teleflex Rotary Helms**

**ZGR-1006**

### ZGR-1006

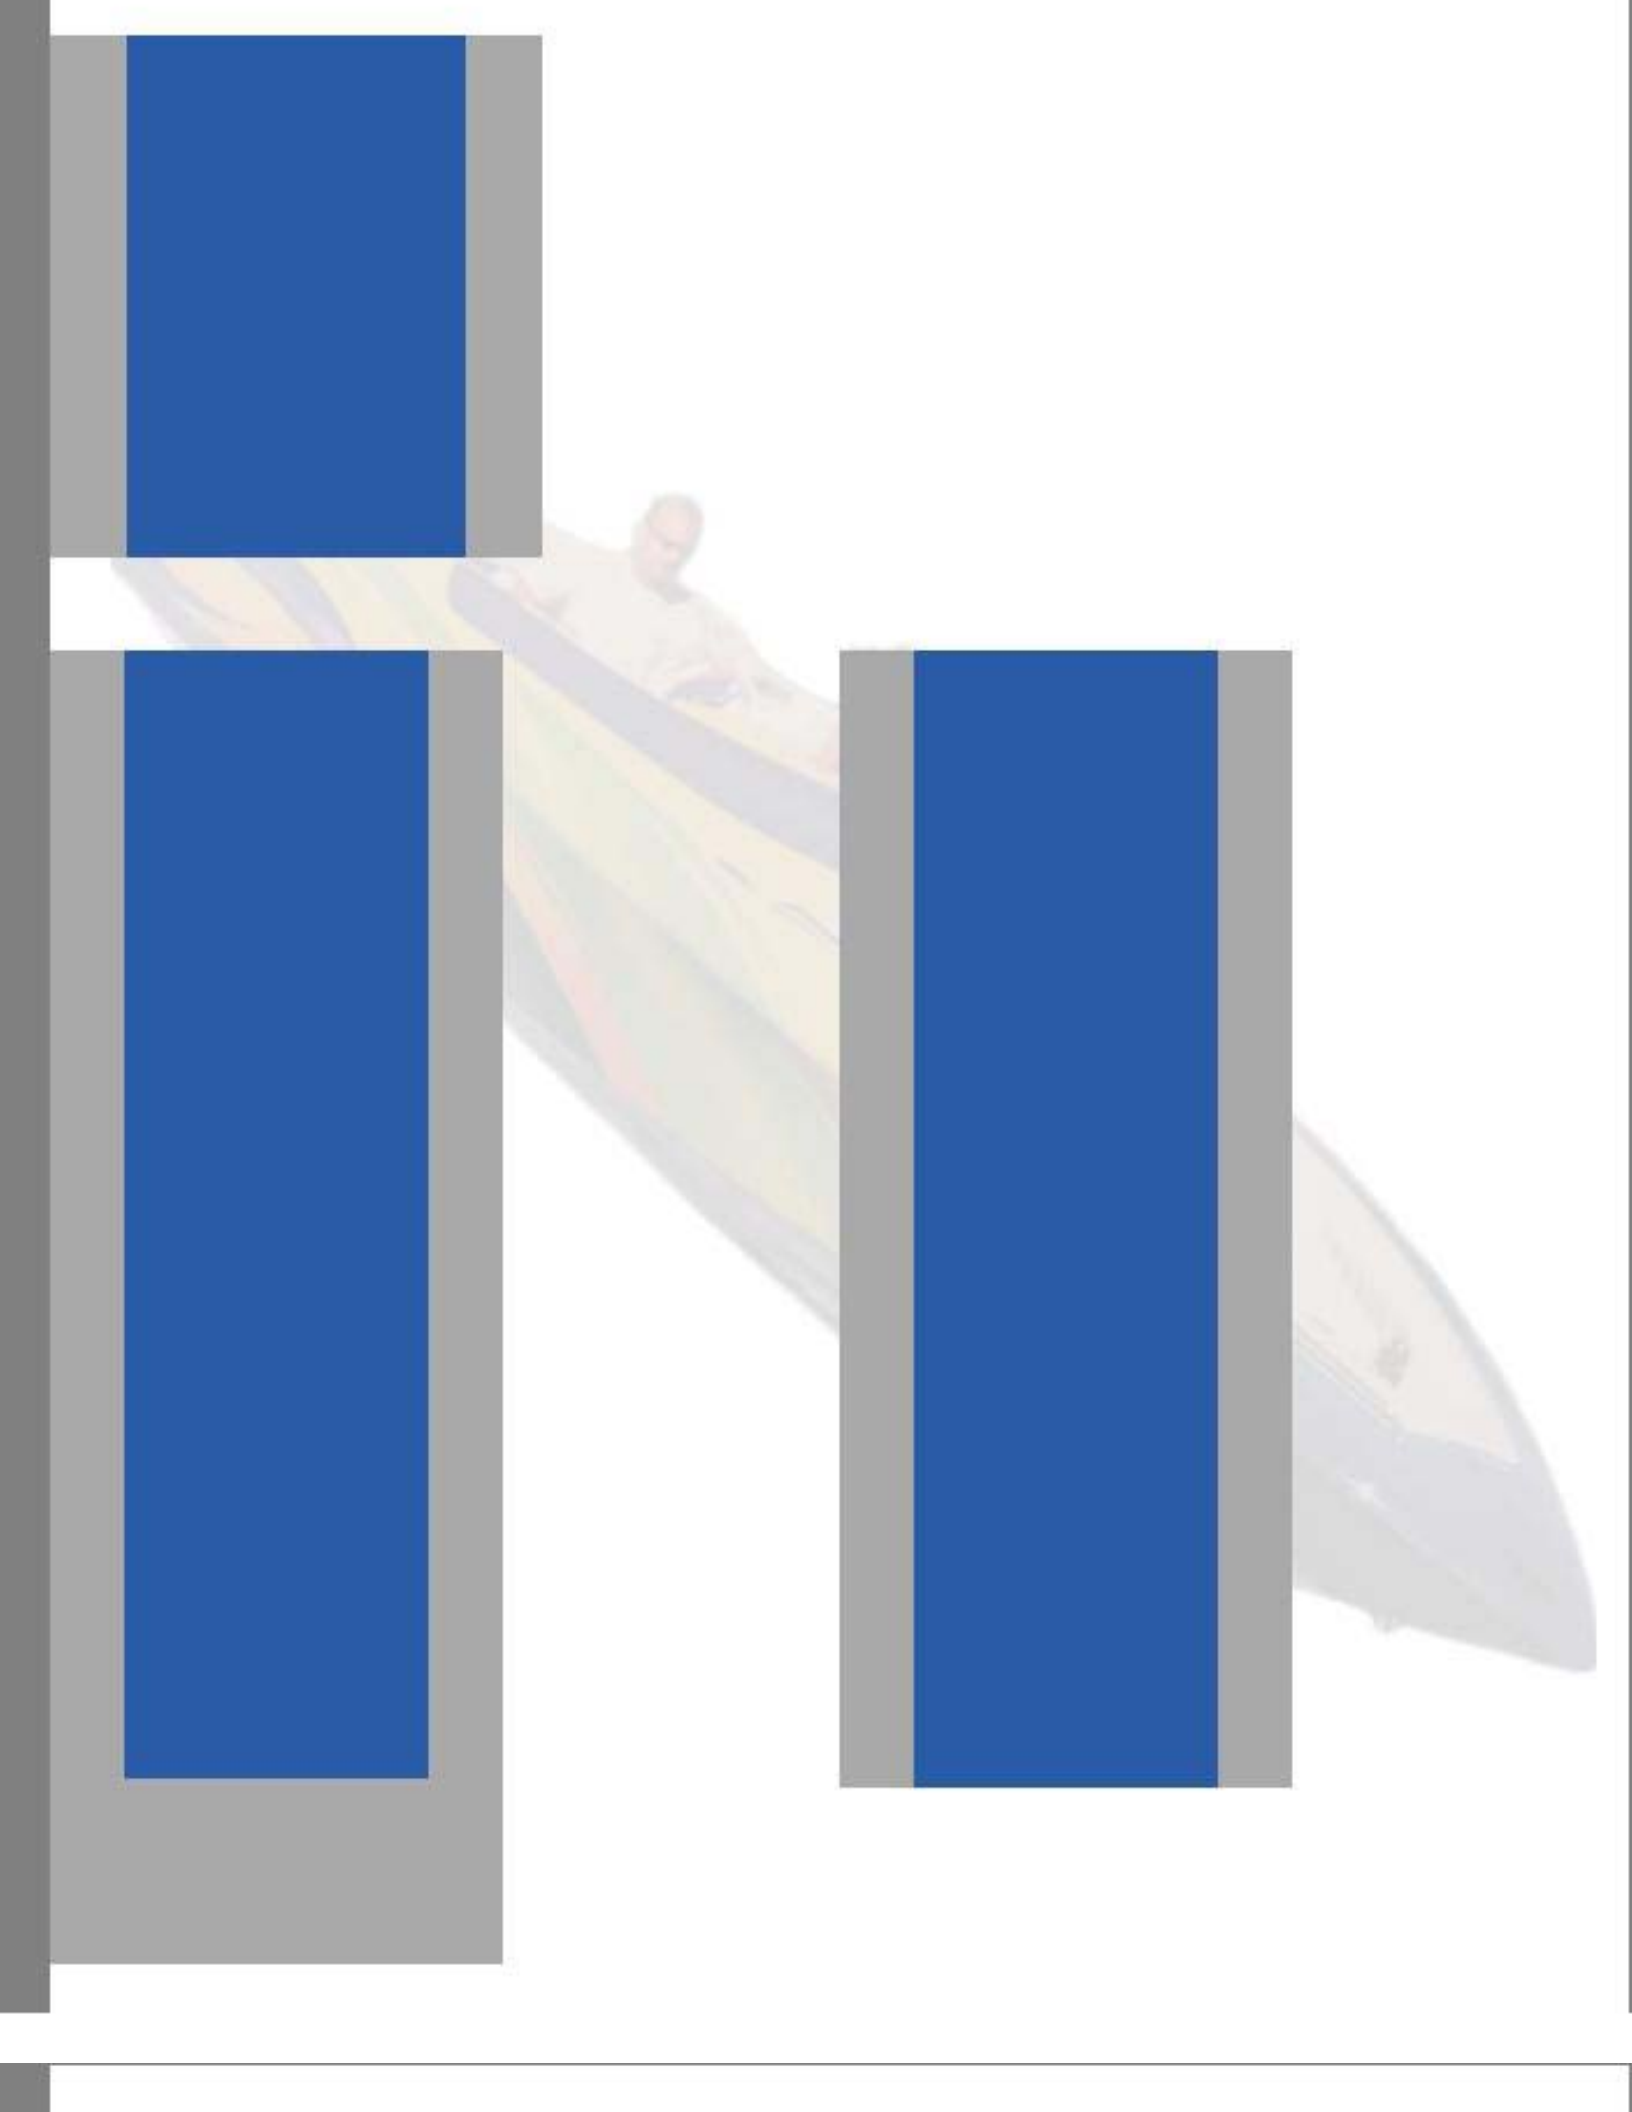

#### NEW Bravo Inside Gimbal Kit

This cylinder mounts to the inside of the gimbal housing. Designed for boats that do not exceed 70 MPH. Includes a Charlyn helm, mounting kit, 3" Momo/Dino steering hub, cylinder, and all hoses and fittings.

### Zeiger Tilt Helms Feature...

an effortless operation with 25 degrees of up and 25 degrees of down adjustment.

### Grant Polished Steering Wheels

Grant 9 bolt marine steering wheels. 13" diameter, polished aluminum centers, black or white vinyl grip. Will replace Formuling bolt pattern steering wheels.

**STR-015 Black Grip**

**STR-020 White Grip**

### STR-010

#### Grant F9 Wheel - Silver Spoke/White Grip

Grant 9 bolt marine wheel. 13" diameter, satin silver center, white grip. Will replace Formuling bolt pattern steering wheels.

**STR-010**

### Grant 11.5" Wheels

Grant 5 bolt marine wheels. 11.5" diameter, silver aluminum center, white or black grip.

**STR-035 White Grip**

**STR-040 Black Grip**

### STR-030

#### Grant 5 Bolt Wheel Silver/Black-13.5" Diameter

Grant 5 bolt marine wheel. Silver center with black grip. 13.5" outside diameter.

**STR-030**

### STR-045

#### Grant 5 Bolt Hub (Cast Aluminum)

Standard Grant marine hub for 3/4" steering shaft. Cast aluminum, black matte finish.

**STR-045**

### Stainless Sport Wheels

Polished stainless steel, 13 1/2" diameter. Includes a hub for 3/4" steering shafts and a polished stainless steel center cap.

**SW-100 SS Wheel**

**SW-101 SS Wheel w/ Knob**

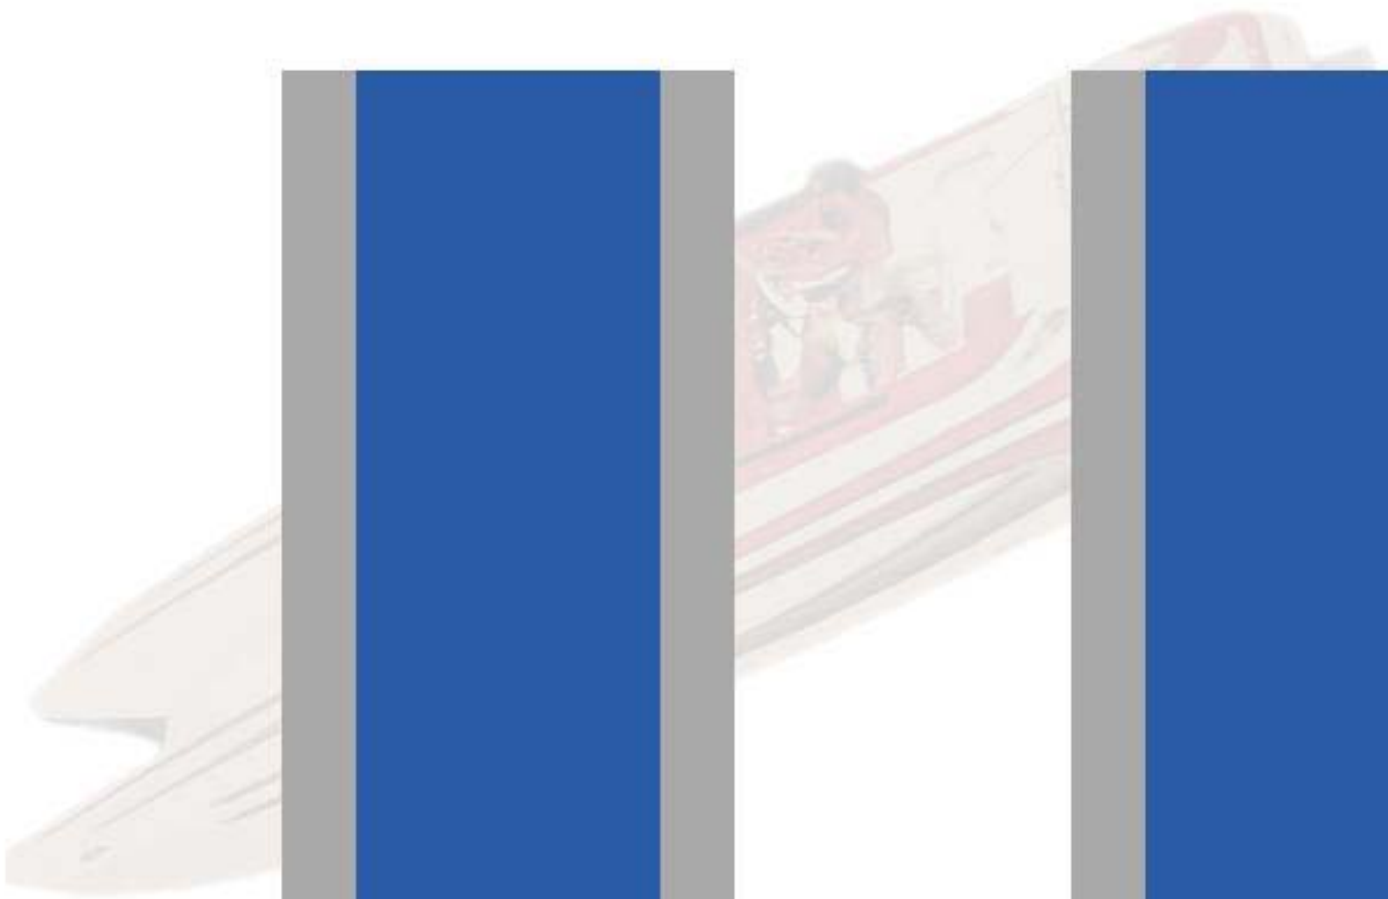

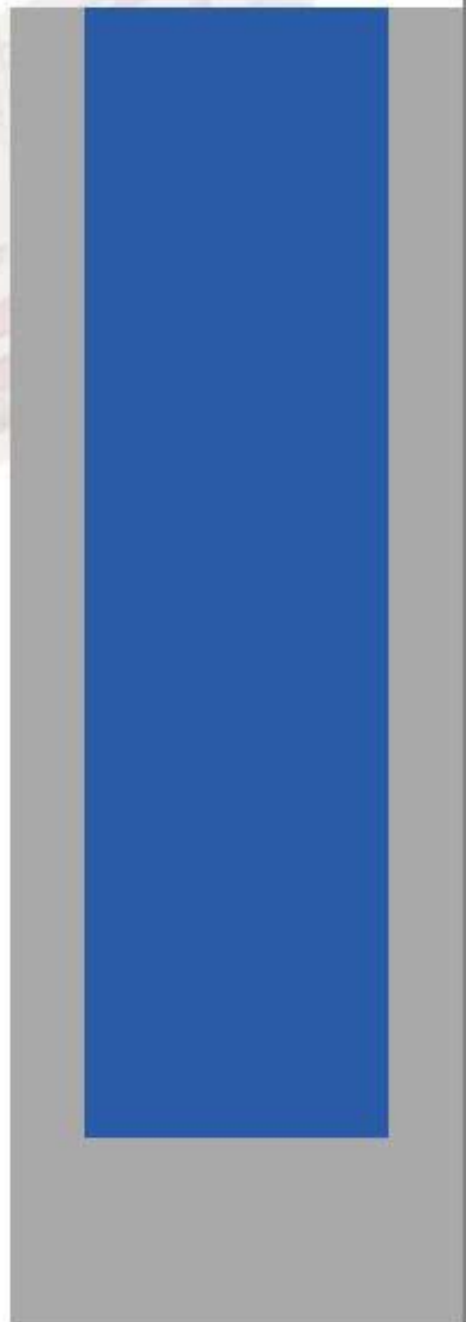

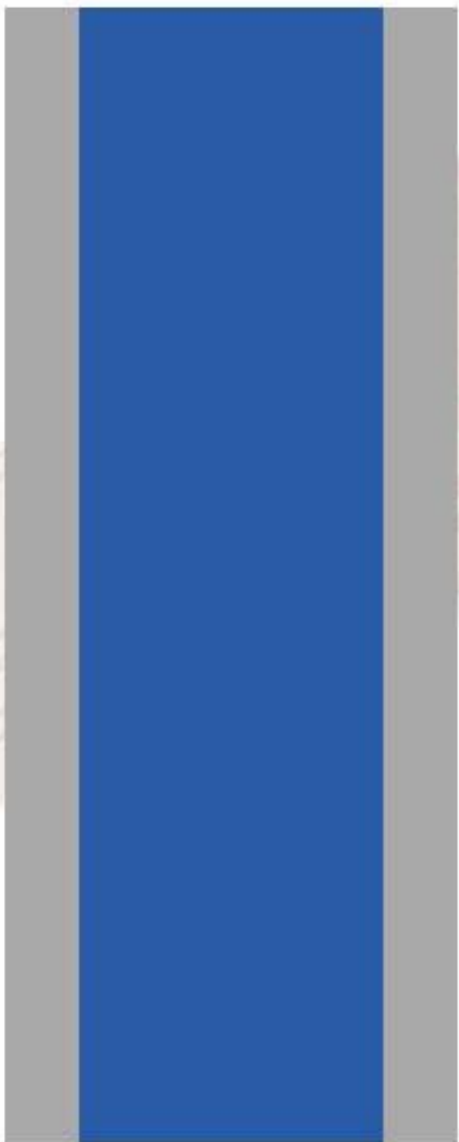

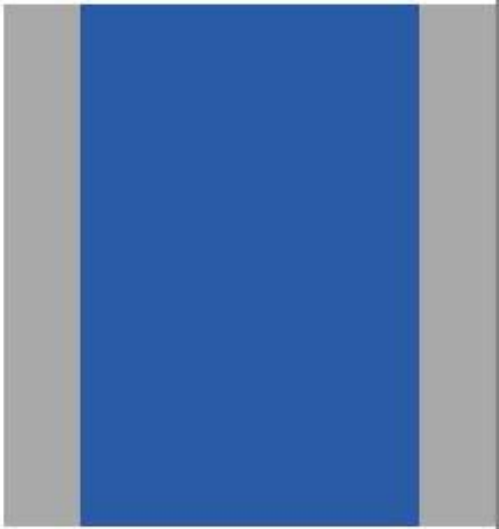

### Looking For A Steering Wheel Trim Switch?

DMP manufactures single and dual trim switches for all marine steering wheels. Available in polished, powdercoated, and anodized finishes.

**(951) 279-5005**

When ordering your new steering wheel, be sure to get the proper hub adapter. DMP billet aluminum hubs fit standard 3/4" tapered shafts and are available in polished, powdercoated, and anodized finishes. All hubs are sold in 3", 5", and 7" lengths to suit any application.

**Mini Marker Lights**

LED rectangle clearance lights have a sealed shock proof housing and lense. Operates with 9-16 volt systems. 1.375" L X 2.50" W.

**TRLR-1182 Red**  
**TRLR-4482 Amber**  
**TRLR-9903 Chrome Ring**  
**TRLR-9905 Light Plug**

**Oval Marker Lights**

LED clearance lights. 2.600" L X 1.90" W. Operates with 9-16 volt systems. These lights feature a sealed shock proof lense and housing.

**TRLR-4400 Red**  
**TRLR-4500 Clear/Red**  
**TRLR-1100 Amber**  
**TRLR-1500 Clear/Amber**

**TRLR-9902****Oval Chrome Trim Ring**

Trim ring for oval side marker clearance lights. 3.24" L X 1.7" W.

**TRLR-9902****Oval Tail Lights**

6" LED oval stop, tail, and turn light. Operates with 9-16 volt systems. Includes a sealed shock proof light and a plug.

**TRLR-4450 Red**  
**TRLR-4455 Clear/Red**  
**TRLR-9900 Rubber Grommet**

**Slimline Tail Lights**

Slimline LED stop, turn, and tail lights measure 15.5" L X 1.60" W X .80 D. Includes a weather tight connector plug.

**TRLR-4403 Red**  
**TRLR-4503 Clear/Red**

**HG-0020****Hidden Hinges Dual Arm**

Billet aluminum hidden hinges are designed to mount under the engine hatch. Includes a back up plate for the engine hatch. Available in polished, powdercoated, and anodized finishes. Sold individually.

SS-0020

**SS-0020****Long Arm Stainless Hinges (pr)**

SS-0015

**SS-0015****Hidden Hinges Long SS**

HG-0010

**HG-0010****Long Arm Hatch Hinges**

Billet aluminum long arm hinges are CNC machined from billet aluminum and are available in polished, powdercoated, and anodized finishes. 3 5/8" long X 2 7/8" wide. Sold in pairs.

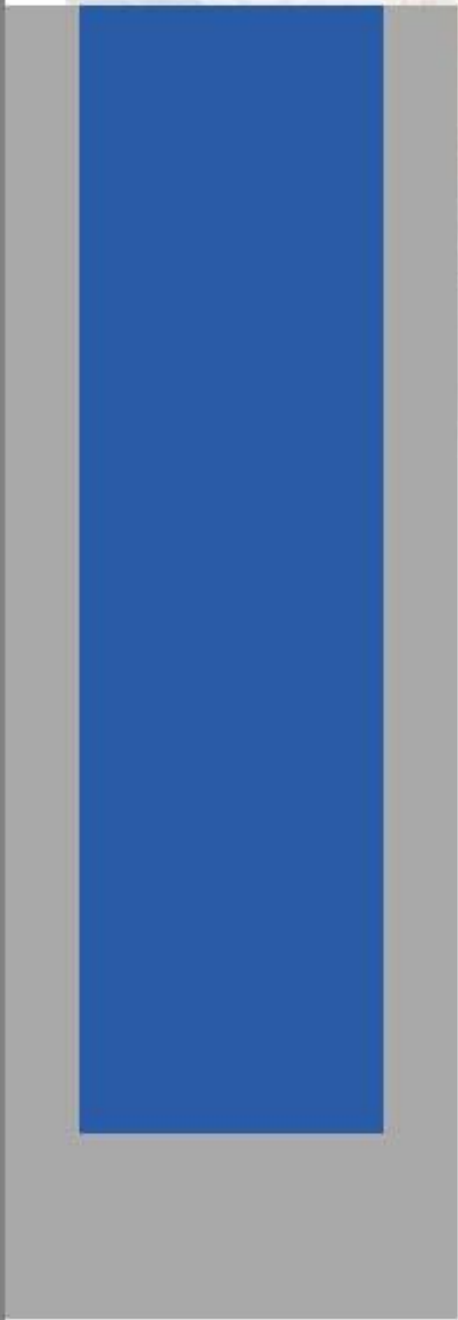

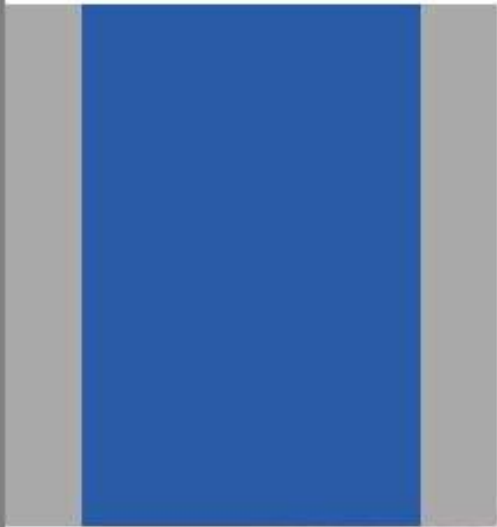

HG-0015

**HG-0015****Hidden Hinges Single Arm**

(951) 279-5005

All DMP billet hardware is available in the following colors: Polished, Purple, Blue, Red, Teal, Dark Blue, Royal Blue, Yellow, Lime Green, Black Chrome, Forest Green, Burgundy, Clear Anodize, Pewter Anodize, Wineberry, Orange, Tangelo, White, and Black.

**HG-0035**  
**Scissor Hinge Long Arm With Gas Shock (PR)**

**HG-0035**

**HG-0012**  
**Scissor Hinge Short Arm With Gas Shock (PR)**

Billet aluminum scissor hinges with gas shocks are available in polished, powdercoated, and anodized finishes. Includes 35 lb rated gas shocks. Heavier gas shocks can be substituted, up to 80 lbs. Sold in pairs.

**HG-0012**

**HG-0014**  
**Scissor Hinge Dual With Gas Shocks**

Billet aluminum scissor hinge assemblies with gas shocks are available in polished, powdercoated, and anodized finishes. Includes 35 lb rated gas shocks. Heavier gas shocks could be substituted, up to 80 lbs.

**HG-0014**

**HG-0040**  
**Scissor Hinge X-Large Arm (PR)**

Billet aluminum scissor hinges are available in polished, powdercoated, and anodized finishes. Sold in pairs.

**HG-0040**

**HS-0010**

**Hatch Support Angle**

Billet support angles will add strength and cosmetic value to your engine compartment. Machined from billet aluminum, they measure 1 1/2" x 1 1/2" x 3". Available in polished, powdercoated and anodized finishes. Sold individually.

**HS-0010**

**HG-0016**

**Hidden Hinge Cover Plate**

This billet cover plate is designed to cover up gunnel cut outs where a hidden hinge was previously used. Sold individually.

**HG-0016**

**HG-0025**

**Billet Deck Plates For Hidden Hinges (Set)**

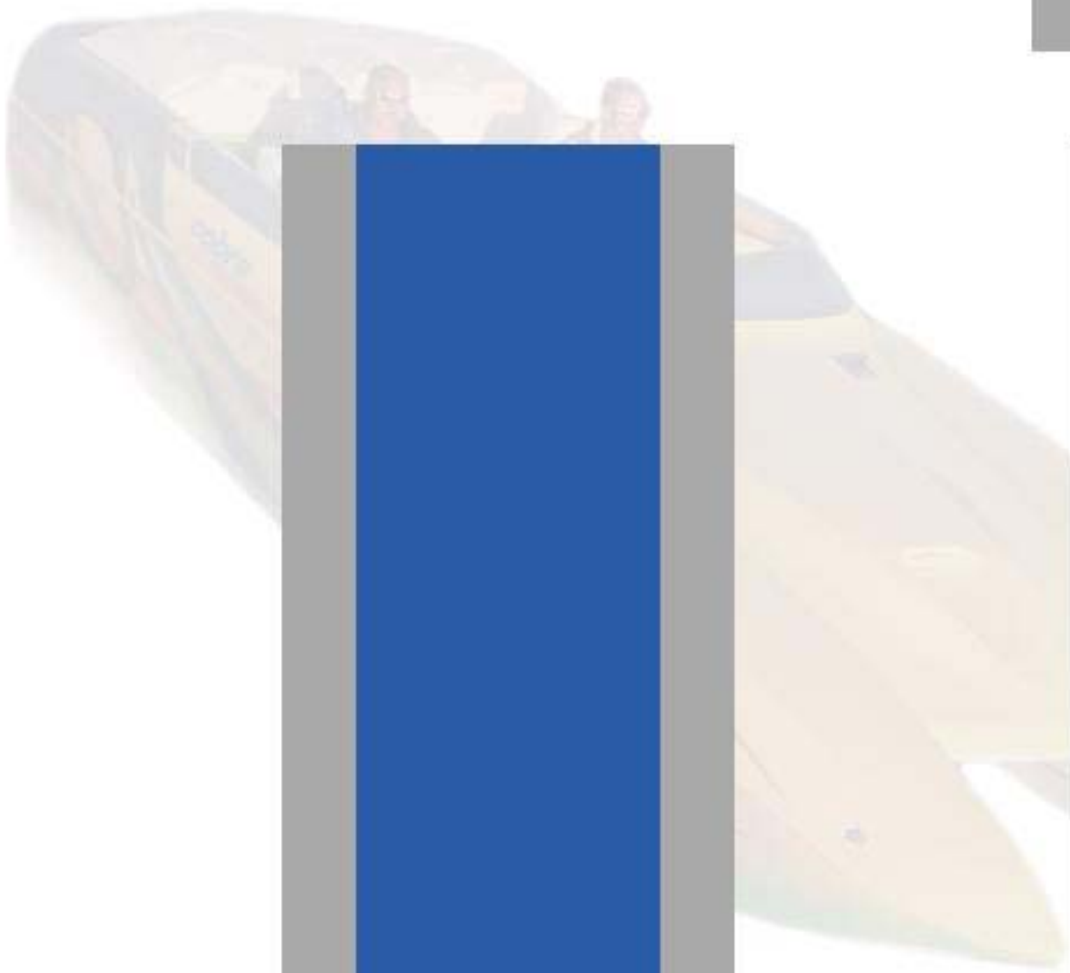

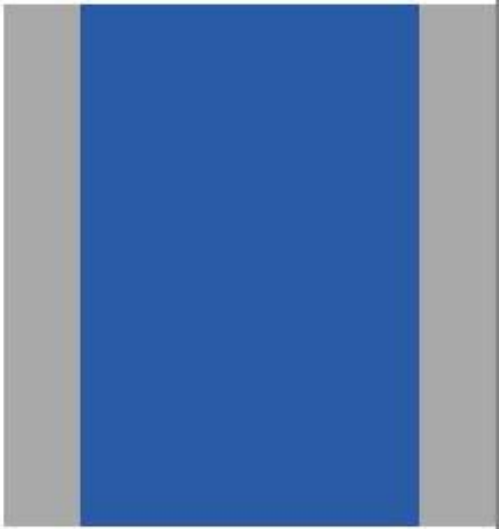

These billet aluminum mount plates are designed to mount on top of the engine hatch. They are studded to accept DMP hidden hinges on the underside of the engine hatch.

**HG-0025**

**(951) 279-5005**

All DMP billet hardware is available in the following colors: Polished, Purple, Blue, Red, Teal, Dark Blue, Royal Blue, Yellow, Lime Green, Black Chrome, Forest Green, Burgundy, Clear Anodize, Pewter Anodize, Wineberry, Orange, Tangelo, White, and Black.

OB-0010

OB-0015

**OB-0010****Single Engine O.B. Hydraulic Jackplate**

Custom billet aluminum hydraulic jackplate for up to a Mercury 300 engine. Constructed from 1 1/4" thick billet aluminum. Custom built to order to your specifications. Includes a hydraulic pump and stainless lines.

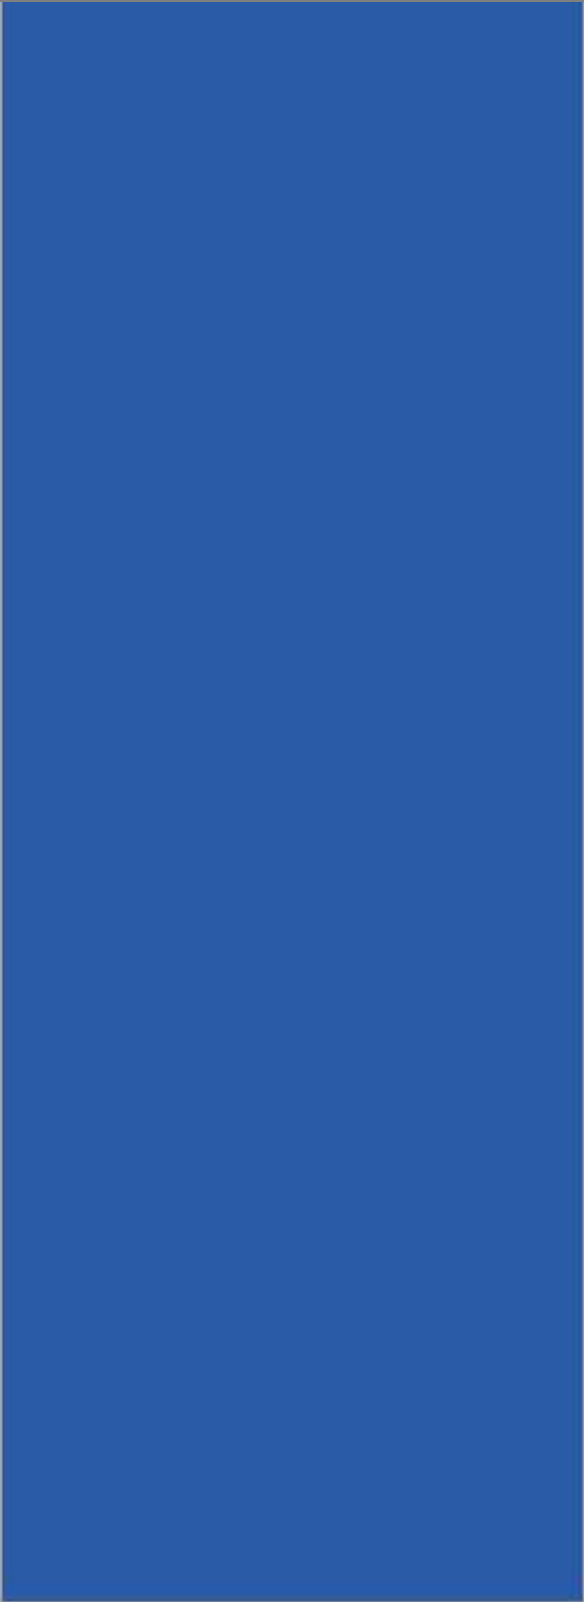

**OB-0015****Twin Engine O.B. Bracket**

Custom construction from 1 1/4" thick billet aluminum. Built to handle up to (2) Mercury Verado engines. All outboard brackets are custom built to order. Available in powdercoated and anodized finishes.

**OB-0025****Triple Engine O.B. Bracket**

Custom construction from 1 1/4" thick billet aluminum. Built to handle up to (3) Mercury Verado engines. All outboard brackets are custom built to order. Available in powdercoated and anodized finishes.

All DMP billet hardware is available in the following colors: Polished, Purple, Blue, Red, Teal, Dark Blue, Royal Blue, Yellow, Lime Green, Black Chrome, Forest Green, Burgundy, Clear Anodize, Pewter Anodize, Wineberry, Orange, Tangelo, White, and Black.

**SB-CBR-290**  
**Hydraulic Seat Bases (Set)**

**A Series Billet Seat Bases**

DMP "A" series seat bases are constructed from 1" billet aluminum with a polished stainless steel kick rail. You can specify the desired width when ordering. Light off your interior with our custom seat bases. They are available in polished, powdercoated, and anodized finishes. Sold in pairs.

**SBA-010 10"**

**SBA-012 12"**

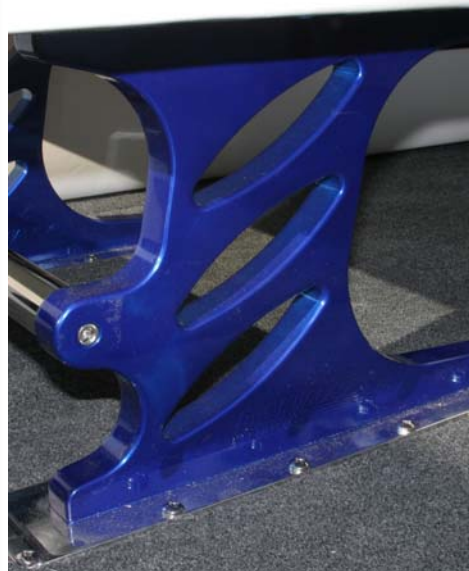

**SBA-012S 12" Single**

**SBA-014 14"**

**SBA-016 16"**

**SBA-018 18"**

**SBA-024 24"**

**Euro Style Billet Seat Bases**

DMP Euro series seat bases are constructed from 1" billet aluminum with a polished stainless steel kick rail. You can specify the desired width when ordering. Light off your interior with our custom seat bases. They are available in polished, powdercoated, and anodized finishes. Sold in pairs.

**SBE-010 10"**

**SBE-016 16"**

**SB-CBR-290**

All DMP billet hardware is available in the following colors: Polished, Purple, Blue, Red, Teal, Dark Blue, Royal Blue, Yellow, Lime Green, Black Chrome, Forest Green, Burgundy, Clear Anodize, Pewter Anodize, Wineberry, Orange, Tangelo, White, and Black.

### C Series Billet Seat Bases

DMP "C" series seat bases are constructed from 1" billet aluminum with a polished stainless steel kick rail. You can specify the desired width when ordering. Light off your interior with our custom seat bases. They are available in polished, powdercoated, and anodized finishes. Sold in pairs.

**SBC-010 10"**

**SBC-012 12"**

**SBC-014 14"**

**SBC-016 16"**

**SBC-018 18"**

### Drop Out Billet Seat Bases

DMP "A" series drop out seat bases are constructed from 1" billet aluminum with a polished stainless steel kick rail. 23 1/2" wide. The billet aluminum drop out controls are durable and easy to use. Light off your interior with our custom seat bases. They are available in polished, powdercoated, and anodized finishes. Sold in pairs.

**SBA-016-DO 16"**

**SBA-024-DO 24"**

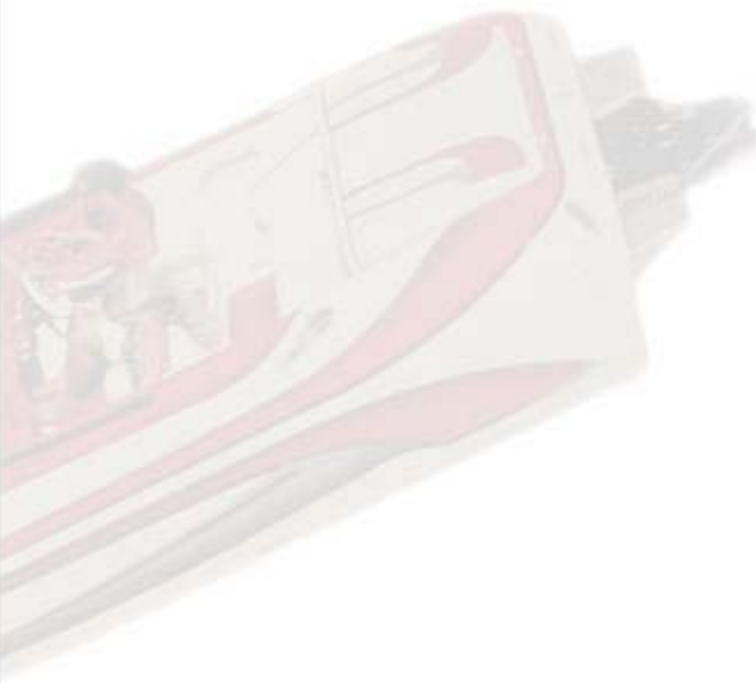

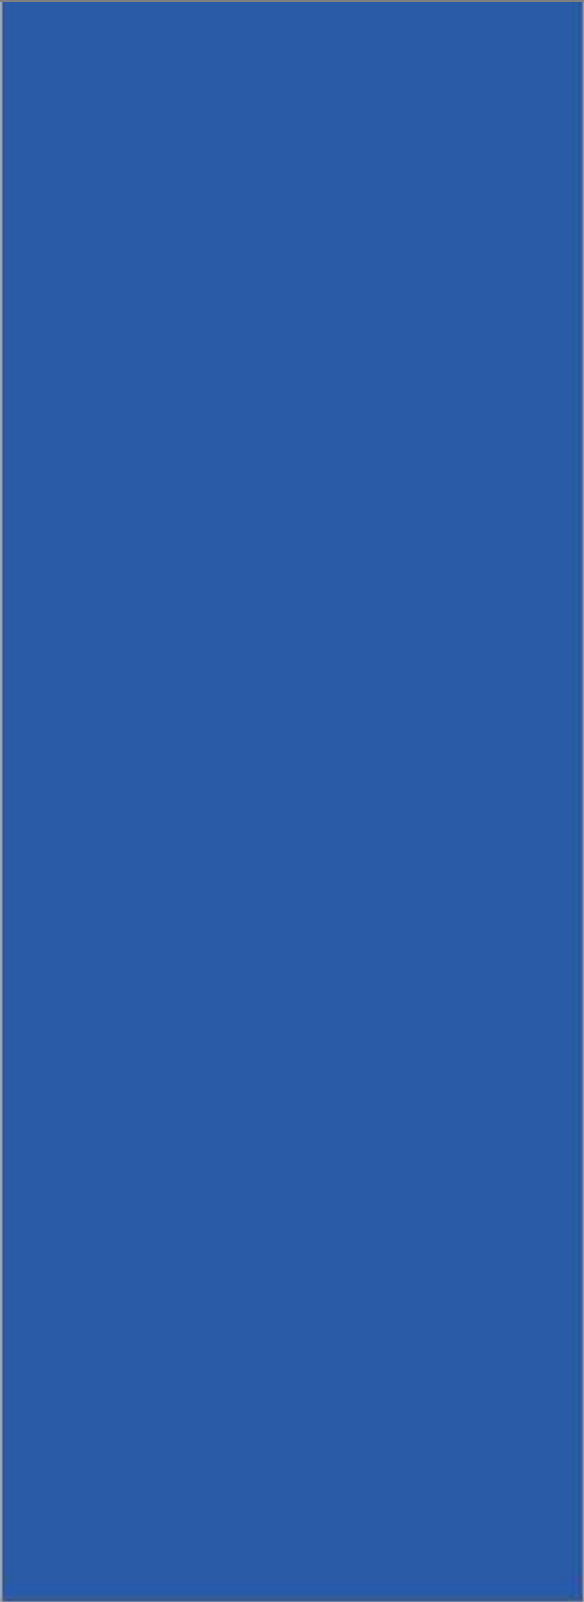

### Z Series Billet Seat Bases

DMP "Z" series seat bases are constructed from 1" billet aluminum with a polished stainless steel kick rail. You can specify the desired width when ordering. Light off your interior with our custom seat bases. They are available in polished, powdercoated, and anodized finishes. Sold in pairs.

**SBZ-013 13"**

**SBZ-015 15"**

All DMP billet hardware is available in the following colors: Polished, Purple, Blue, Red, Teal, Dark Blue, Royal Blue, Yellow, Lime Green, Black Chrome, Forest Green, Burgundy, Clear Anodize, Pewter Anodize, Wineberry, Orange, Tangelo, White, and Black.

#### SC-0020

##### 3 Position Locking Shifter

Billet locking controls are constructed of 6061-T6 aluminum. The handle has 10 degrees of angle to avoid rubbing on the interior. These locking controls can be used on jet boats, outboards, and inboard/outboards. Available in polished, powdercoated, and anodized finishes.

SC-0020

#### SC-0015

##### ST Control Shifter

Billet ST controls are constructed of 6061-T6 aluminum. The handle has 10 degrees of angle to avoid rubbing on the interior. These non-locking controls are most commonly found on jet boats. They are available in polished, powdercoated, and anodized finishes.

SC-0015

#### SC-0025

##### 3 Position Locking Shifter w/ Neutral Safety

This shifter has the same features as our standard 3 position locking shifter with a neutral safety switch which will prevent the engine from starting if the boat is in gear.

SC-0025

#### SC-0010

##### Shift Knob

SC-0010

#### ST-BEZ

##### Shifter Bezel - ST-Control

DMP billet bezel for ST style controls are constructed from 6061-T6 aluminum. This bezel will fit most common ST jet boat controls. They are available in polished, powdercoated, and anodized finishes.

### Billet Aluminum Shifter Bezels

DMP shifter bezels are constructed from 6061-T6 billet aluminum. We manufacture a bezel for all popular high performance marine shifters. Available in polished, powdercoated, and anodized finishes.

SBG-0010

### SBG-0010 Shifter Bezel - Gaffrig Performance

DMP billet aluminum bezels for Gaffrig shift controls are constructed from 1/4" 6061-T6 aluminum. Available in polished, powdercoated, and anodized finishes.

SBG-0020

### SBG-0020 Shifter Bezel - Gaffrig Performance Twin

DMP billet aluminum bezels for Gaffrig shift controls are constructed from 1/4" 6061-T6 aluminum. Available in polished, powdercoated, and anodized finishes.

SBL-0010

### SBL-0010 Shifter Bezel - Livorsi Marine

DMP billet aluminum bezels for Livorsi shift controls are constructed from 1/4" 6061-T6 aluminum. Available in polished, powdercoated, and anodized finishes.

SB-CPH-0010

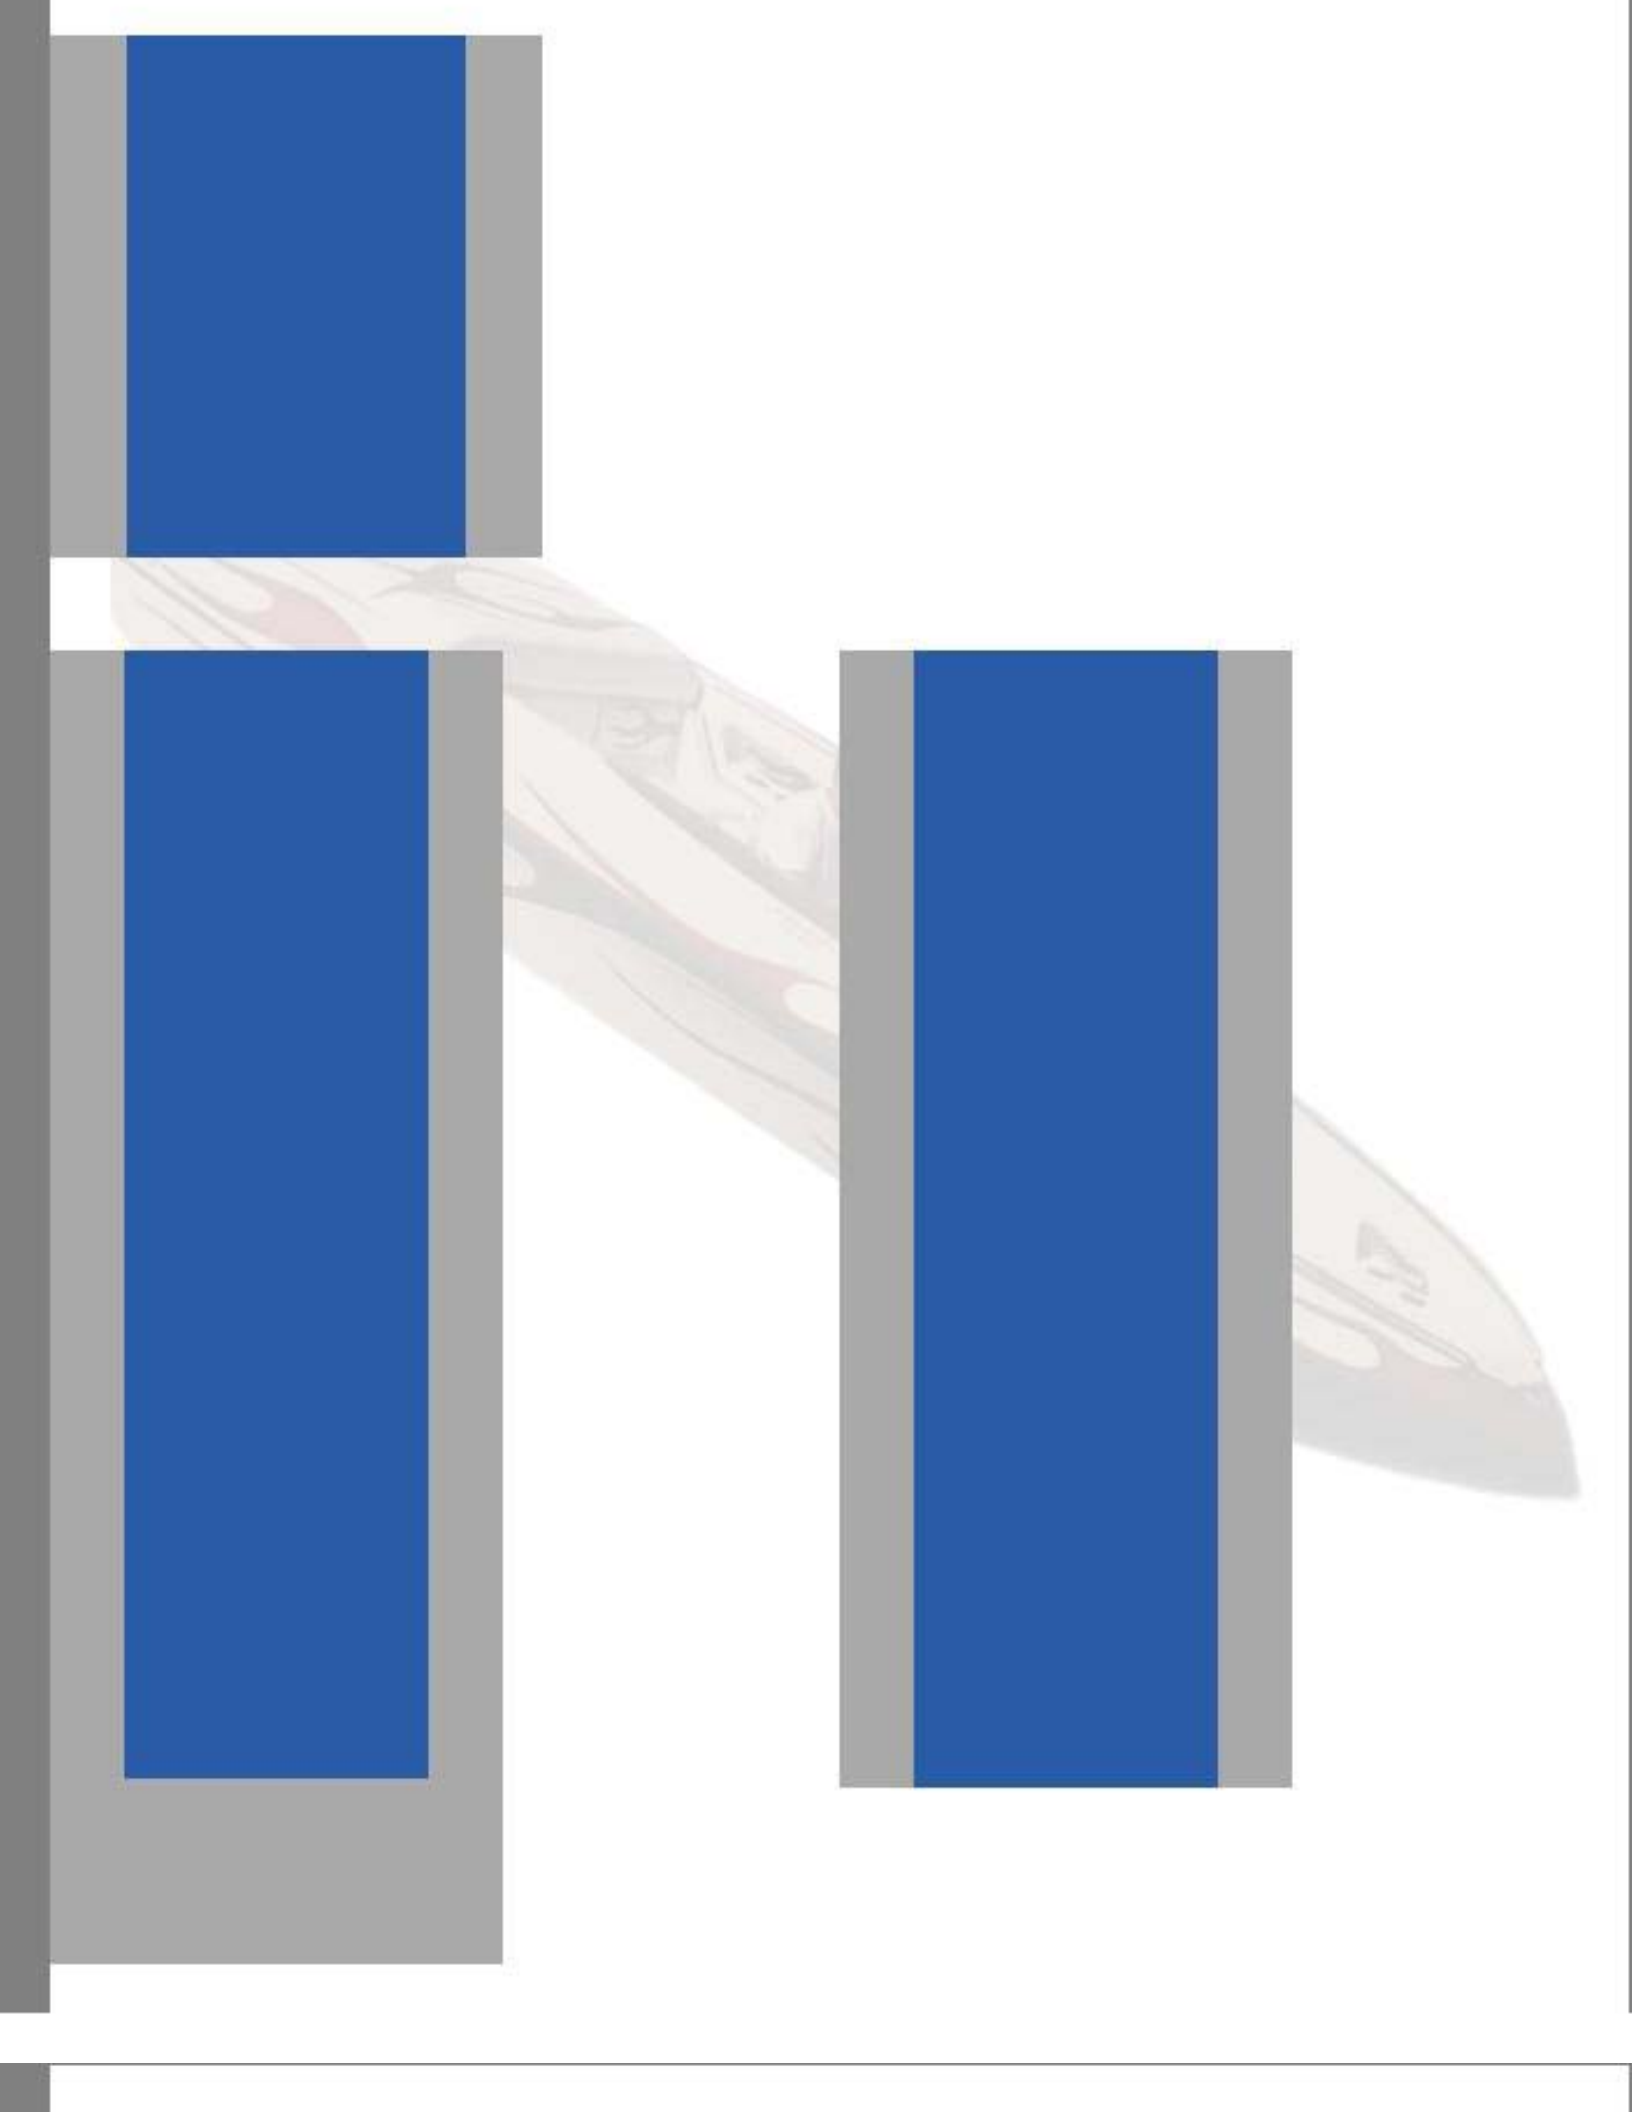

### SB-CPH-0010 Shifter Bezel - CP/Hardin Shifter

DMP billet aluminum bezels for Hardin shift controls are constructed from 1/4" 6061-T6 aluminum. Available in polished, powdercoated, and anodized finishes.

(951) 279-5005

All DMP billet hardware is available in the following colors: Polished, Purple, Blue, Red, Teal, Dark Blue, Royal Blue, Yellow, Lime Green, Black Chrome, Forest Green, Burgundy, Clear Anodize, Pewter Anodize, Wineberry, Orange, Tangelo, White, and Black.

**Power Outlet Bezels**  
Available in polished, powdercoated, and anodized finishes.  
**ACP-100 Square - Fits Sea Dog Outlet #426112**  
**ACM-020 Oval - Fits Sea Dog 426352 cigarette lighters, and 426053 power outlets.**

**(851) 279-5005**

All DMP billet hardware is available in the following colors: Polished, Purple, Blue, Red, Teal, Dark Blue, Royal Blue, Yellow, Lime Green, Black Chrome, Forest Green, Burgundy, Clear Anodize, Pewter Anodize, Wineberry, Orange, Tangelo, White, and Black.

SHL-0080

**SHL-0080****Steering Hub Lecarra 3"**

This 3" billet steering hub is only for Lecarra bolt patterns. Available in polished, powdercoated, and anodized finishes. Fits with standard 3/4" tapered shafts.

SBW-0001

**SBW-0001****Steering Base Wedge 10 Deg.**

Wedge for Teleflex rack and pinion helms. Available in polished, powdercoated, and anodized finishes.

**Grant 5 Bolt Steering Hubs**

Billet aluminum steering hubs are CNC machined from 6061-T6 aluminum and are available in polished, powdercoated, and anodized finishes. Fits on standard 3/4" tapered shafts.

**SHG5-030 3"****SHG5-050 5"****SHG5-070 7"****Grant 9 Bolt Steering Hubs**

Billet aluminum steering hubs are CNC machined from 6061-T6 aluminum and are available in polished, powdercoated, and anodized finishes. Fits on standard 3/4" tapered shafts.

**SHF-0030 3"****SHF-0050 5"****SHF-0070 7"****Momo - Dino 6 Bolt Steering Hubs**

Billet aluminum steering hubs are CNC machined from 6061-T6 aluminum and are available in polished, powdercoated, and anodized finishes. Fits on standard 3/4" tapered shafts.

**SHD-0030 3"****SHD-0050 5"****SHD-0070 7"****Rideguide Steering Hubs**

Billet aluminum steering hubs are CNC machined from 6061-T6 aluminum and are available in polished, powdercoated, and anodized finishes. Fits on Rideguide square shafts. Accepts 9 bolt Grant steering wheels.

**SHRG-030 3"****SHRG-050 5"****SHRG-070 7"****Hub And Base Combos**

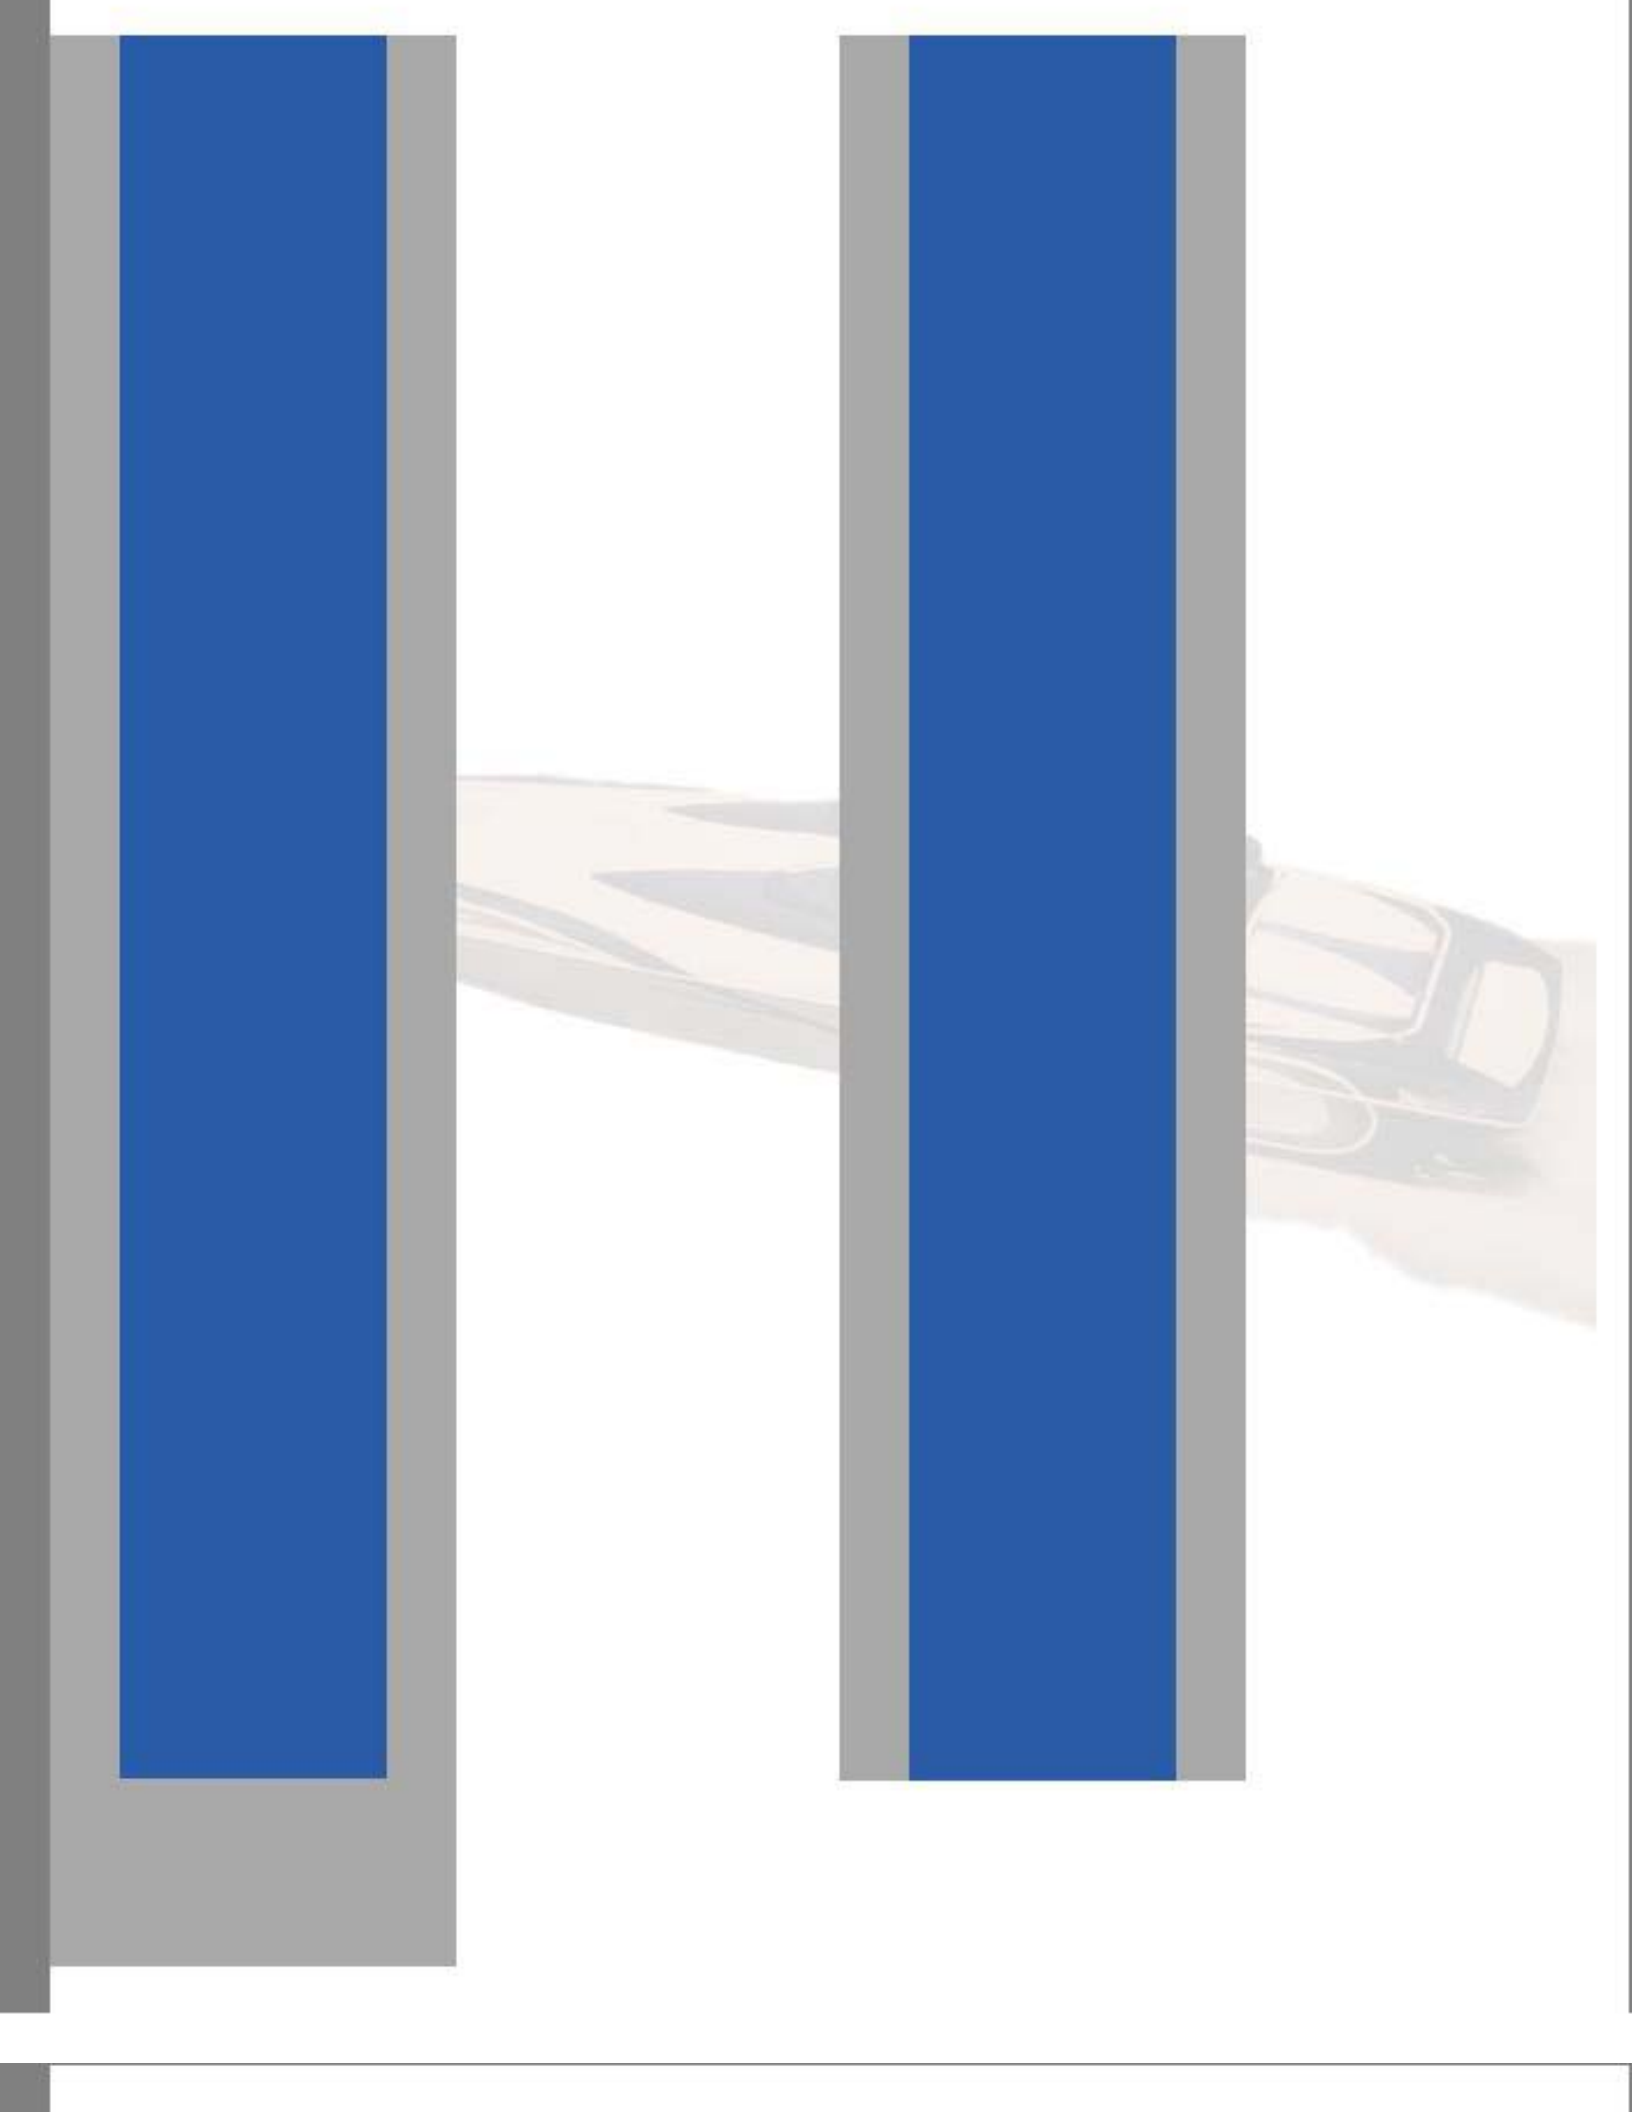

Billet steering hub combos are 5" tall. Available in polished, powdercoated, and anodized finishes. Fits on standard 3/4" tapered shafts.

**SHD-055 Momo-Dino****SHD-060 Grant 5 Bolt****SHD-065 Grant 9 Bolt**

SHS-0010

**SHS-0010****Machine Drill Charge - Steering Shaft**

DMP can gun drill most popular steering shafts to route trim switch wiring through the helm.

**Right Hand Steering Switches**

Steering switches are constructed from 6061-T6 billet aluminum. Includes a momentary switch with a 18" straight wire loom. Available in polished, powdercoated, and anodized finishes.

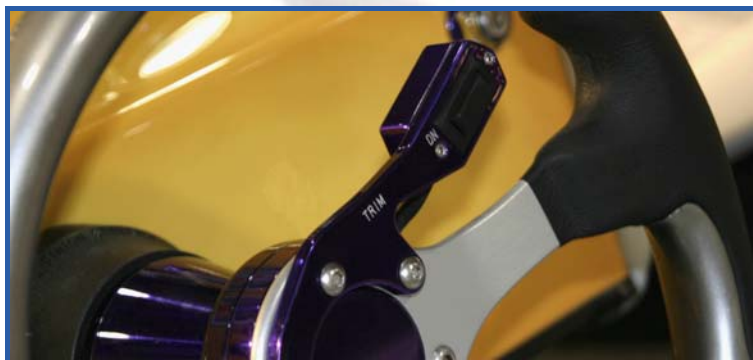

**SSG-R910 9 Bolt Grant**

**SSG-R510 5 Bolt Grant**

**SSD-R010 6 Bolt Dino**

**SSM-R010 6 Bolt Momo**

Add "C" to the end of the part number to specify a coil cord wire loom.

**Left Hand Steering Switches**

Available in polished, powdercoated, and anodized finishes.

**SSG-L915 9 Bolt Grant**

**SSG-L515 5 Bolt Grant**

**SSD-L015 6 Bolt Dino**

**SSM-L015 6 Bolt Momo**

**Dual Steering Trim Switches**

Available in polished, powdercoated, and anodized finishes.

## Bezels (Miscellaneous)

TM-LT-001

**TM-LT-001**  
**LED Indicator Billet Bezel**  
Billet bezel for Trim Master  
LED dash indicators.  
Available in polished,  
powdercoated, and anodized  
finishes. Measures 3" X 3".

LT-500SL

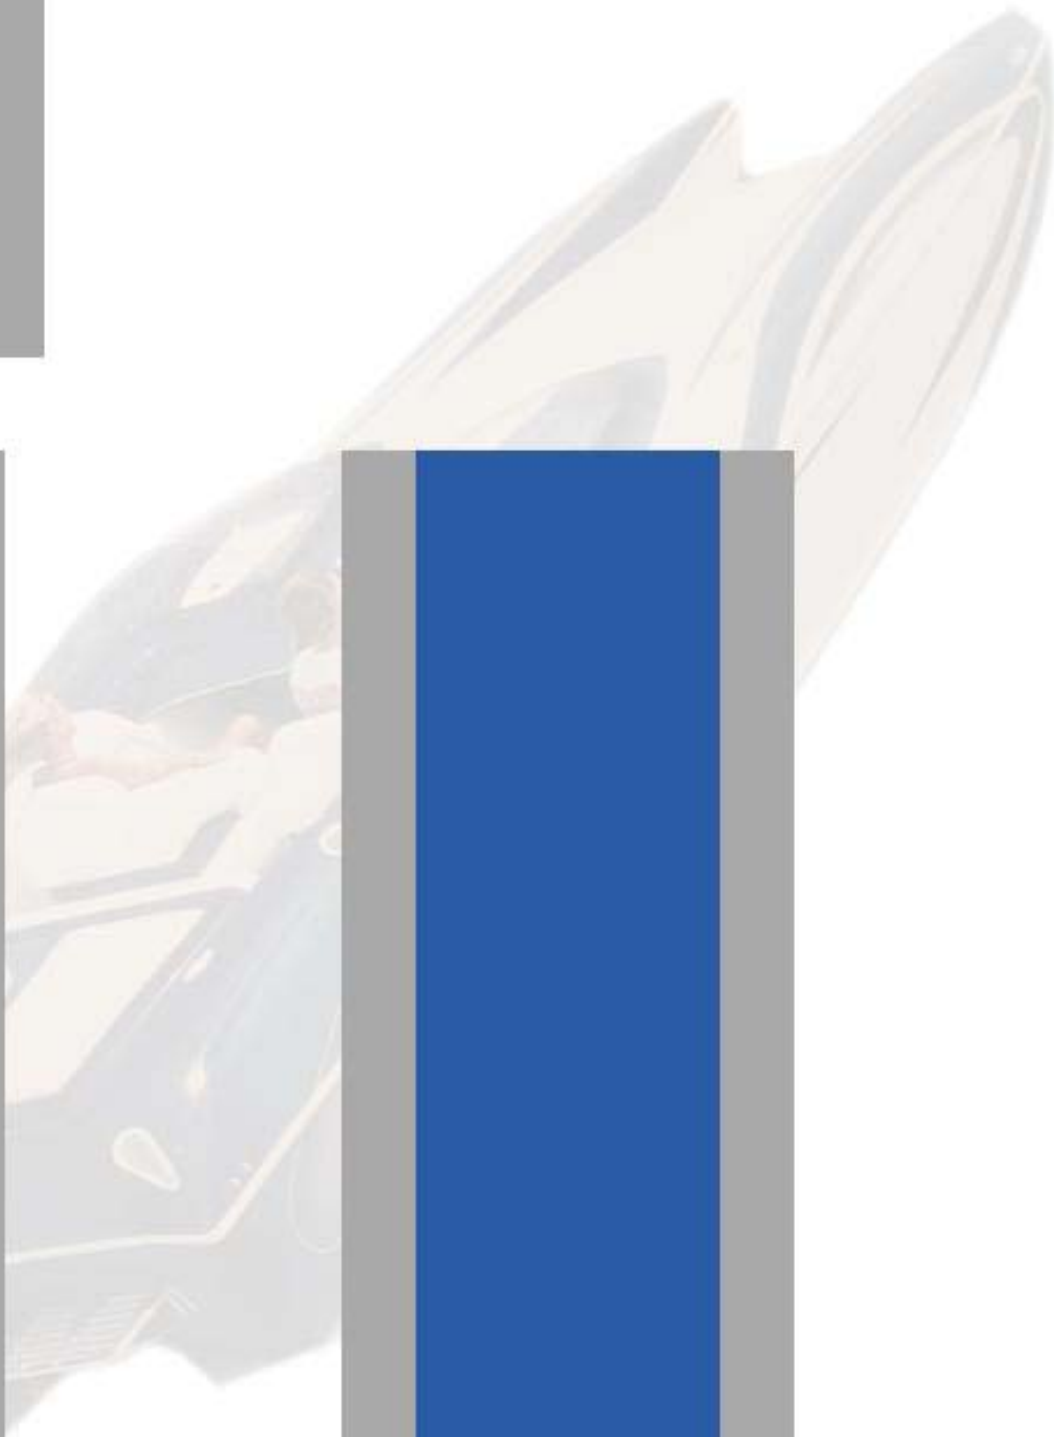

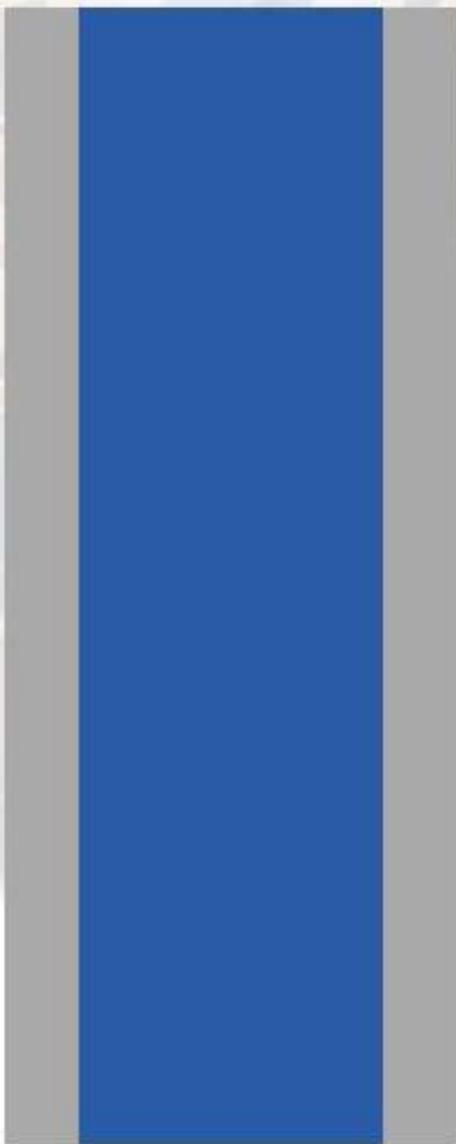

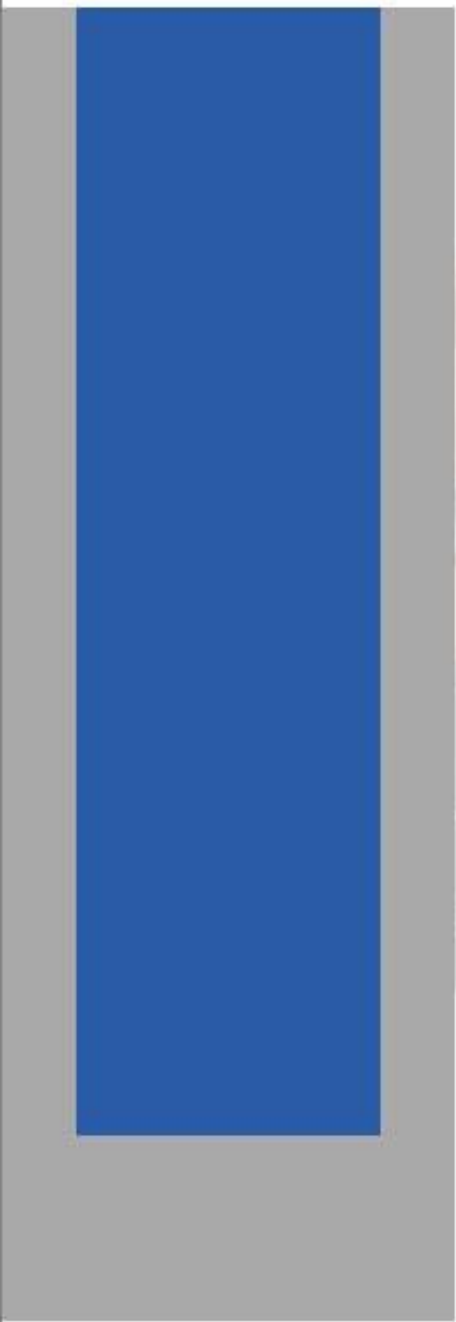

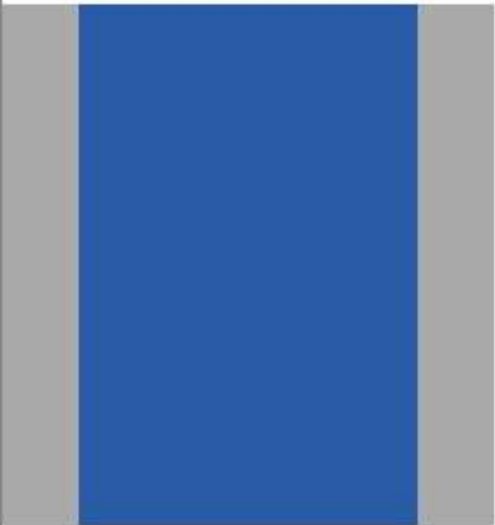

### LT-500SL LT-500 SS Line Upgrade. (Exterior Only)

Replace the external plastic  
lines on your LT-500 Trim  
Tabs with Stainless Steel.  
This kit includes two  
external braided lines,  
stainless steel fittings, and  
new upper cylinder mount  
blocks.

SP-007

**SP-007**  
**Dual Rocker Switch Panel**  
Machined from 1/4" billet  
aluminum, this panel is  
available in polished,  
powdercoated and anodized  
finishes. Measures 3" X 3".

48" Monster Tab Dual Ram

**MT-4800**

tab will actually compress air traveling through the tunnel and provide additional tail lift.

TT-SP1500

**TT-SP1500****Sponson Tabs - 28" Kit**

Sponson trim tabs are specifically designed for cat applications. The 2 1/4" mounting flange is designed to fit in the rear transom notch. Each kit includes one pair of tabs, two pumps with billet mounting plates, stainless braided lines, exterior bulkhead plates, and a billet knob style dash switch. SP1500 tabs are 12" wide and 28" long. DMP's patented billet hinge design and the 1/2" thick billet construction make these tabs ideal for any high performance application.

TT-SP1600

**TT-SP1600****Offset Sponson Tabs - 28" Kit**

Same features as our standard sponson tabs except this set has offset cylinders. Kit includes one pair of tabs, two pumps with billet mounting plates, stainless braided lines, exterior bulkhead plates, and a billet knob style dash switch. Tabs are 12" wide and 28" long.

TT-HP750

**TT-HP750****HP-750 Trim Tab Kit**

Kit includes one pair of tabs, two pumps with billet mounting plates, stainless braided lines, and a billet knob style dash switch. HP750 tabs are 12" wide and 15 1/2" long.

TT-HP1100

**TT-HP1100****HP-1100 Trim Tab Kit**

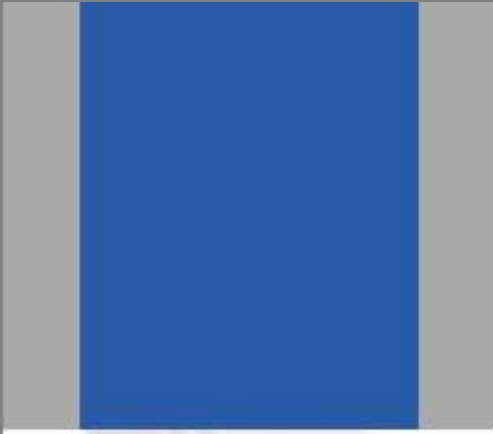

This trim tab kit includes one pair of tabs, two pumps with billet mounting plates, stainless braided lines, and a billet knob style dash switch. HP1100 tabs are 12" wide and 30" long.

TT-HP1550

**TT-HP1550****HP-1550 Trim Tab Kit**

Kit includes one pair of tabs, two pumps with billet mounting plates, stainless braided lines, and a billet knob style dash switch. HP1550 tabs are 15.5" wide and 17" long.

**HA-00024**  
**Hatch Actuator 24"**

24" Hatch Actuators have ignition protected motors that meet U.S.C.G. requirements. In the closed position the actuators are 31 1/2" from bolt hole to bolt hole. In the open position they extend to 55 1/2". The rams have a flat black finish.

**HA-00024**

**HA-00018**  
**Hatch Actuator 18"**

**HA-00018**

**HA-1000**  
**Hatch Actuator Mounting Bracket**

This stainless steel mounting bracket is used when mounting electric hatch actuators. 2 required.

**HA-1000**

**HA-1001**  
**Quick Release Pin**

Quick release pin for engine hatch brackets. Stainless steel pin with a blue anodized aluminum top.

**HA-1001**

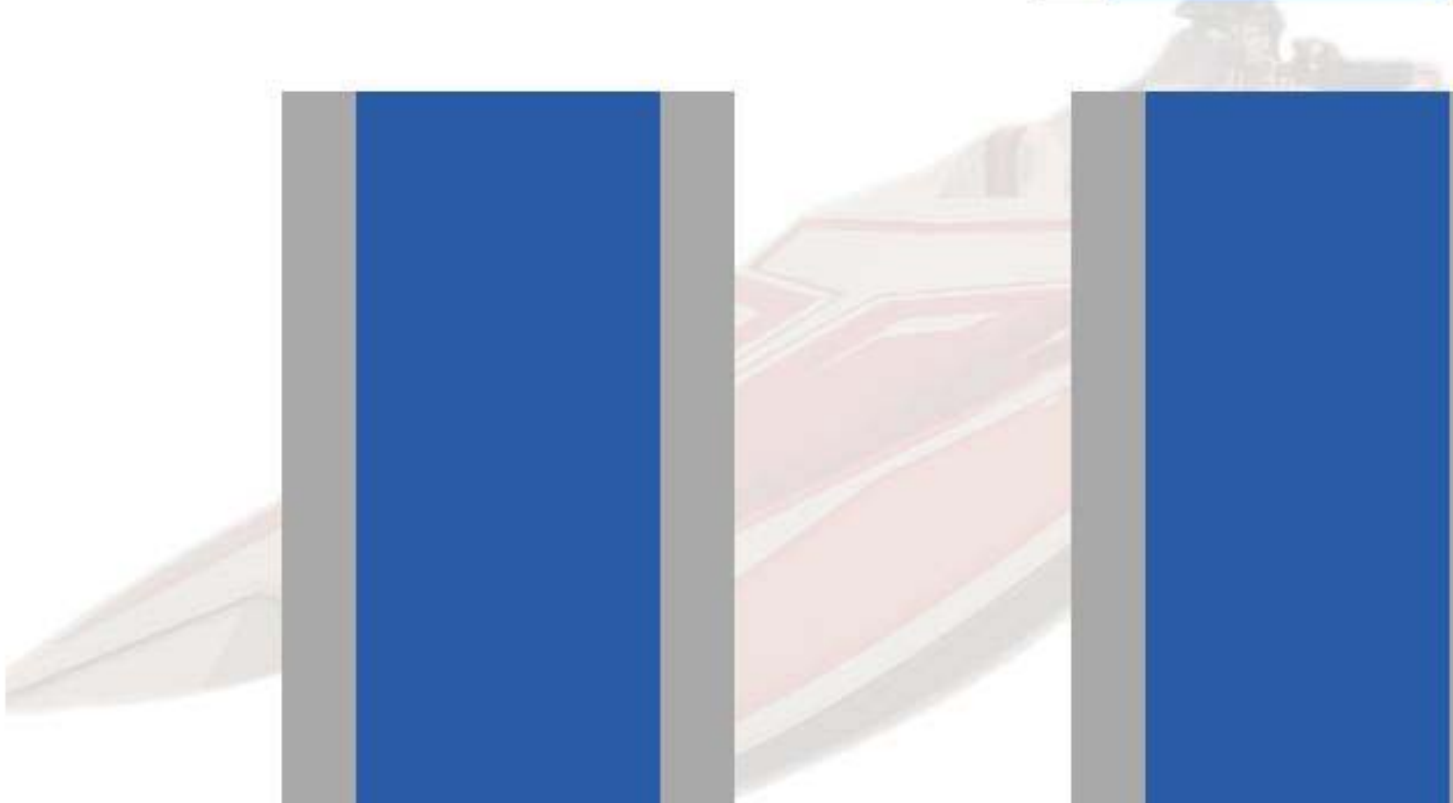

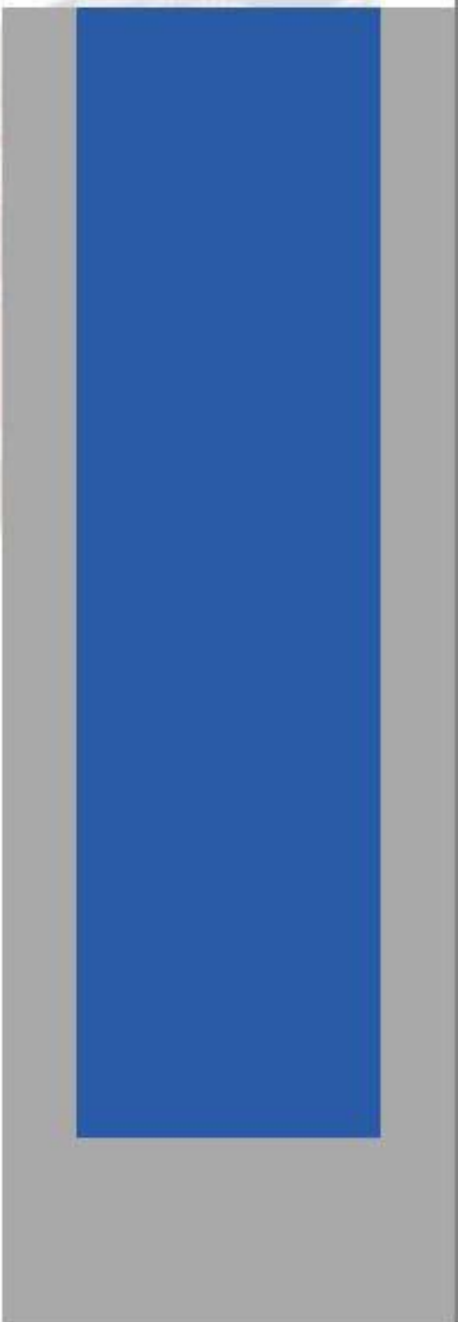

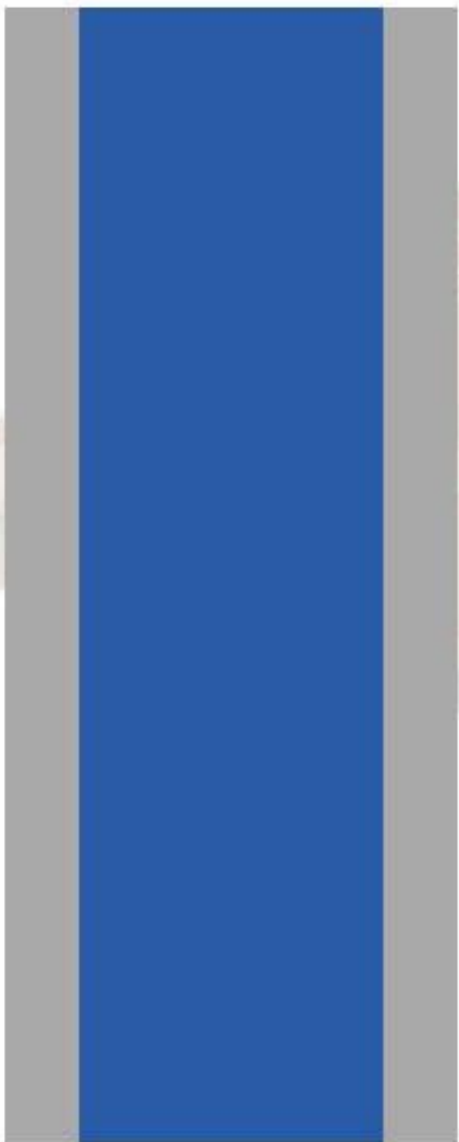

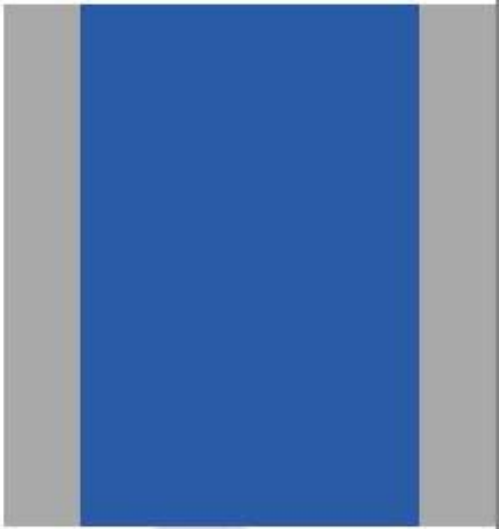

**Stainless Steel Ram Sleeves**  
Looking for a custom color on your hatch rams? DMP's actuator sleeves are available in polished and powdercoated finishes.

**HA-00025 18" Sleeve**  
**HA-00030 24" Sleeve**

**(951) 279-5005**

Danaher Motion electric rams are known as the highest quality linear motor on the market. They feature sealed USCG electric motors and a double seal cylinder assembly. These rams are rated at 500 lbs. lifting capacity.

PH-0010

**PH-0010**  
**Dana Power Hinges - Side Gunnel Mnt.**

PH-SS-BRD

**PH-SS-BRD**  
**Power Hinge Half Stainless Line Kit**

This stainless line kit allows for the connection of stainless line to plastic line. Kit consists of two 10" lines and two 14" lines along with bulkhead plates and brass fittings.

PH-VLV-001

**PH-VLV-001**  
**Power Hinge Bypass Valve**

This valve is included in DMP's Power Hinge hatch lifting systems. Designed to be mounted outside of the engine compartment in case of a power failure, this valve will allow the Power Hinges to be overridden to gain access to the engine compartment.

PHP-005

**PHP-005**  
**Power Hinge Pump Assembly**

Oildyne high performance pump for DMP Power Hinges. Includes a billet mounting plate and electrical solenoids.

HS-0100

**HS-0100**  
**Hatch Spring**

11 5/8" center to center length. Injection mold mounting bases with a heavy duty stainless steel spring.

PH-SPC-005

**PH-SPC-005**  
**Power Hinge Spacer Plates**  
 3/4" Thick (set)

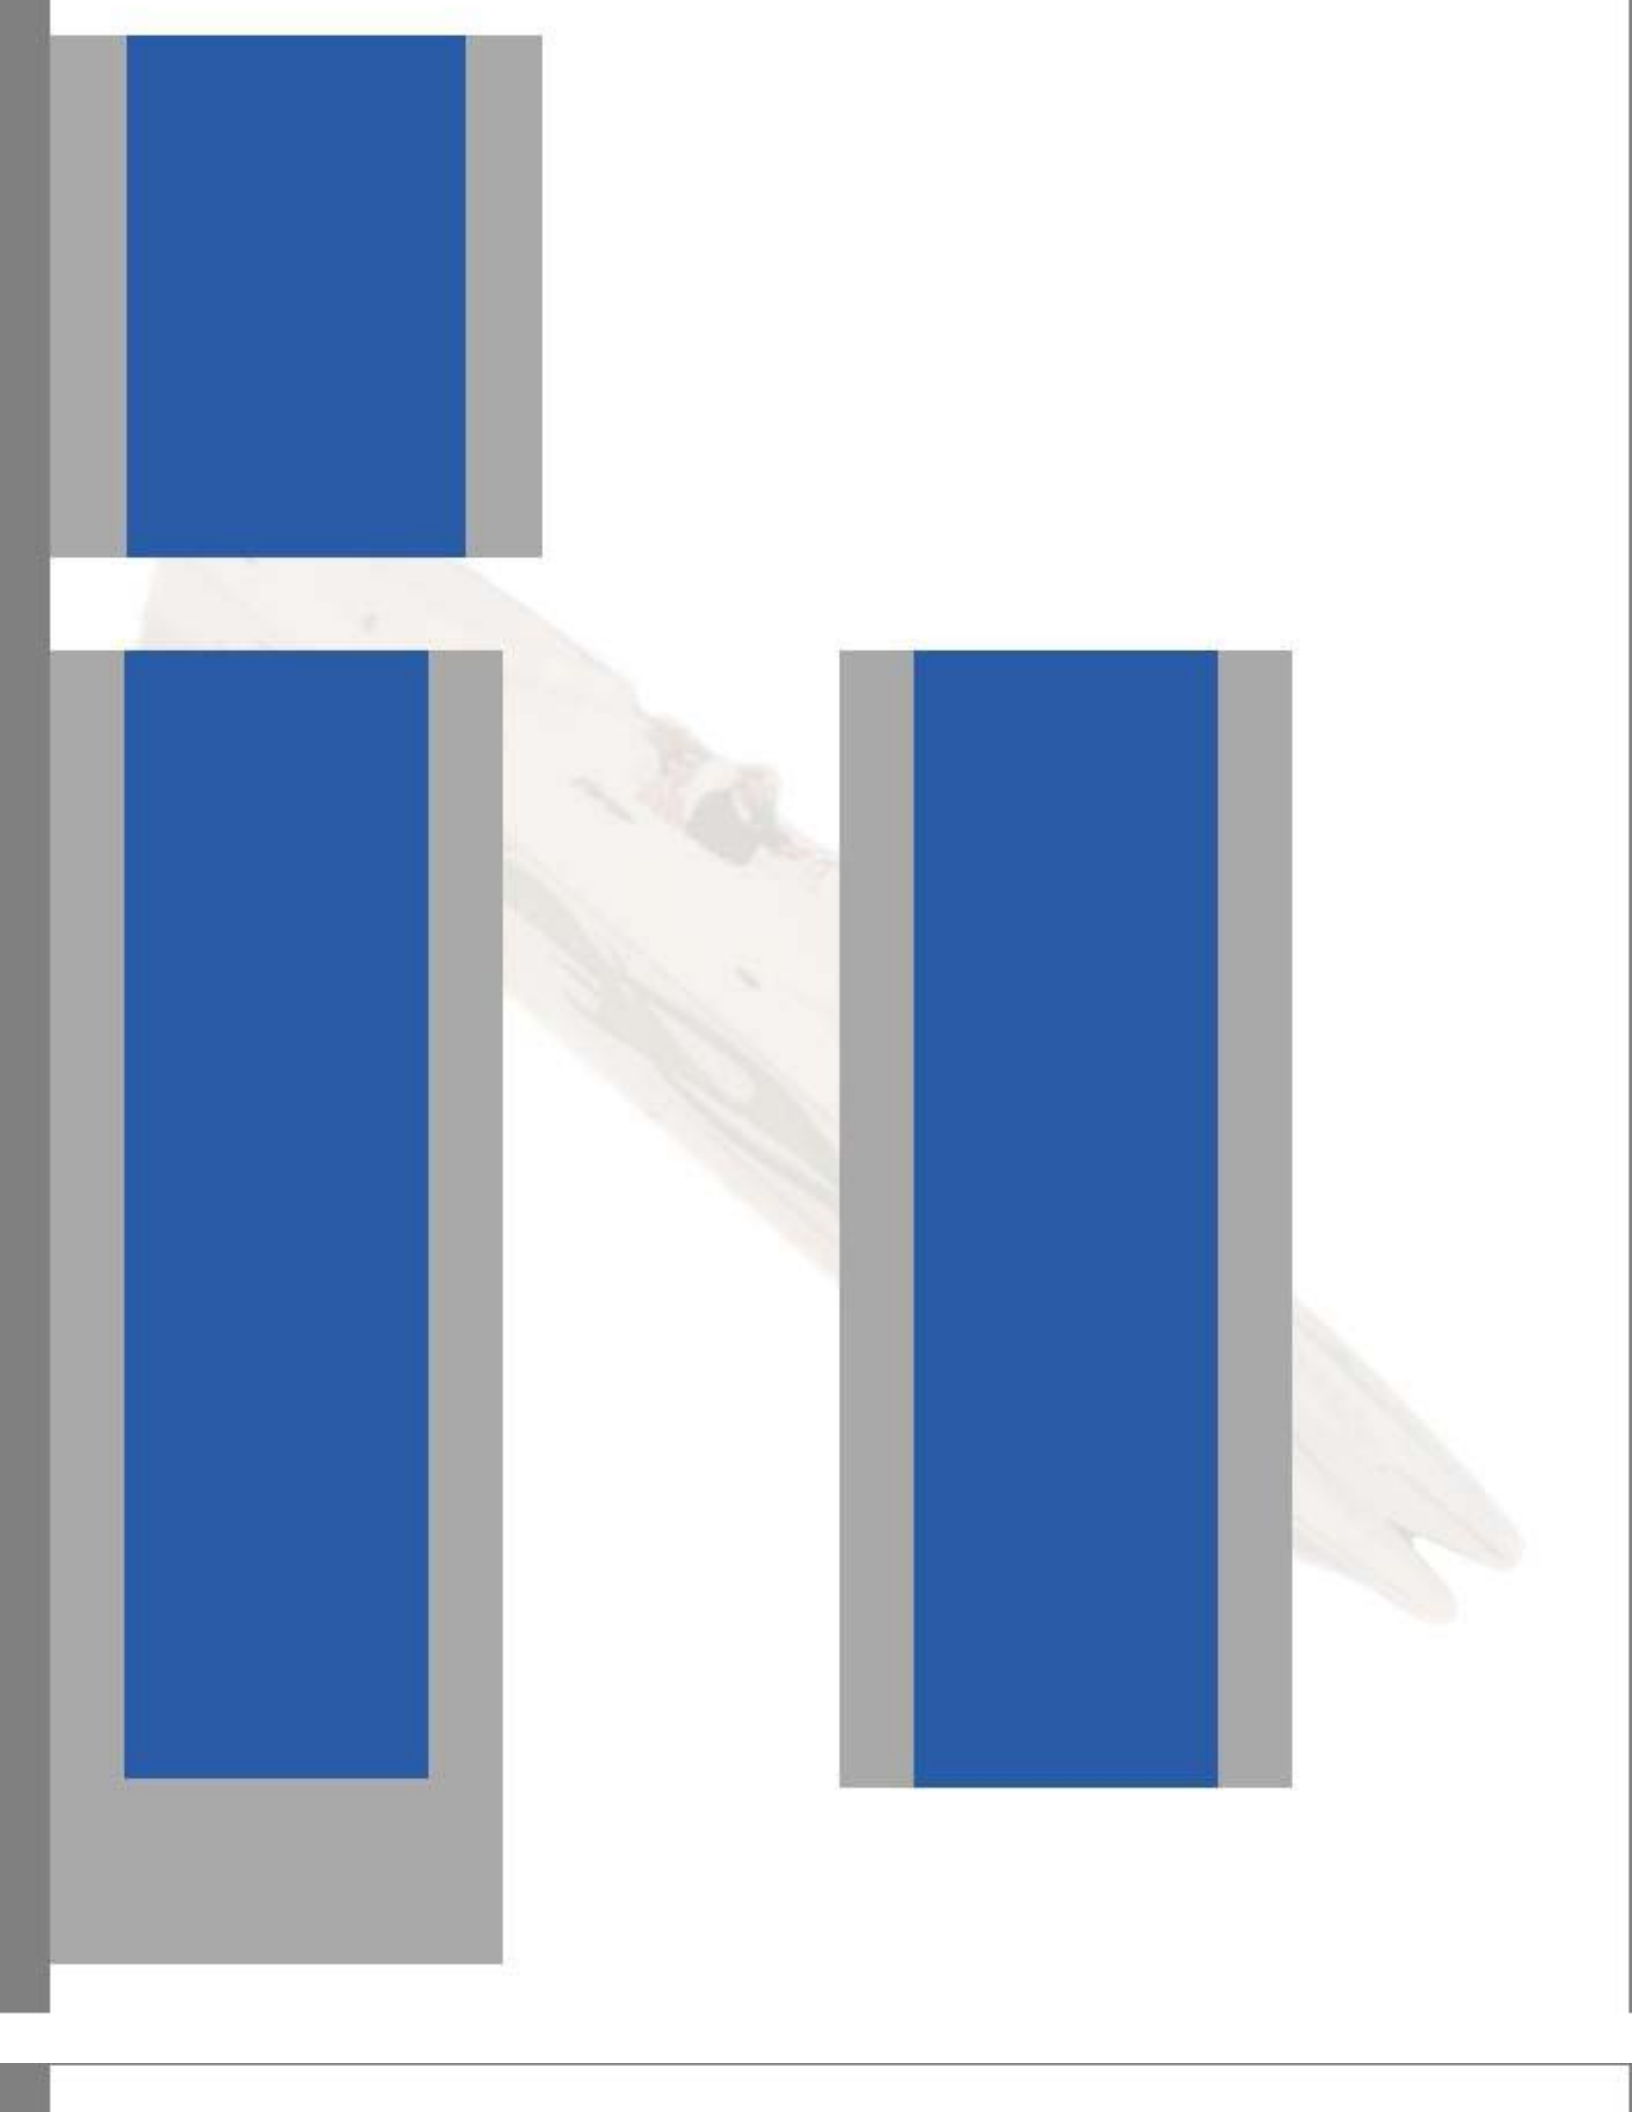

**When Installing Power Hinges...**

traditional hinges are not required. Power Hinges offer a cleaner installation inside and outside of the boat.

(951) 279-5005

Dana Marine is the original designer and manufacturer of Power Hinges. We pride ourselves in being a leader in designing innovative products for the marine industry. Quality hydraulic components and powdercoating finishes make our Power Hinges unlike any other replica on the market. Some copy products, some copy advertising, none can copy creativity.

#### Long Collector Headers

Chrome plated header kits include (2)headers, water lines, t-valve, bolts, and gaskets.

**BH-9000-1 454 Jet**

**BH-9002-1 460 Jet**

**BH-9003-1 455 Jet**

**BH-11000-1 454 V-drive**

#### Short Collector Headers

Chrome plated header kits include (2)headers, water lines, t-valve, bolts, and gaskets.

**BH-9000-2 454 Jet**

**BH-9002-2 460 Jet**

**BH-11000-2 454 V-drive**

#### Twist Style Headers

Chrome plated header kits include (2)headers, water lines, t-valve, bolts, and gaskets.

**BH-14000-1 454 Jet**

**BH-14000-2 460 Jet**

**BH-14000-3 455 Jet**

**BH-15000-1 454 V-drive**

#### Bassett Header Covers

Black naugahyde header covers with the Bassett logo. Sold in pairs.

**BH-9005-8 Long Collector 5 1/8"**

**BH-9005-9 Short Collector 4"**

#### Thru Transom Headers

Chrome plated header kits include (2)headers, water lines, t-valve, bolts, and gaskets. Accept 4" exhaust hose. Not for use under engine covers.

**BH-9001-1 454 Jet**

**BH-9001-2 460 Jet**

**BH-9001-3 455 Jet**

#### BH-BR50

##### Hi-Performance Header Mufflers

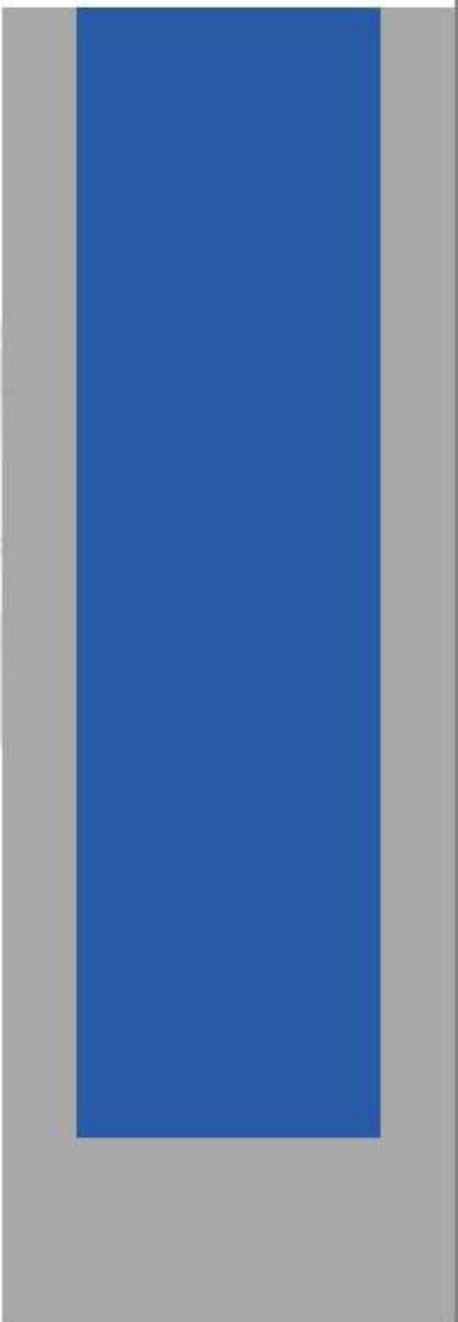

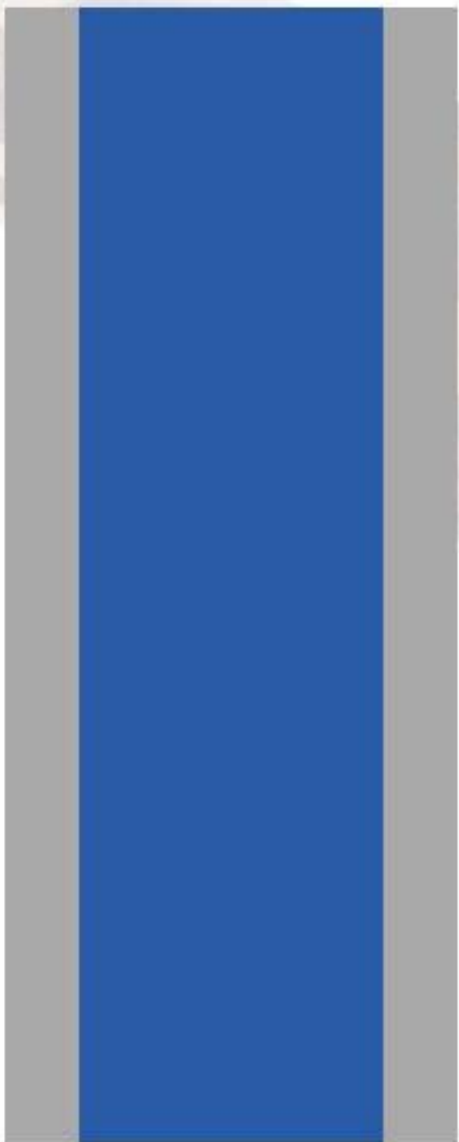

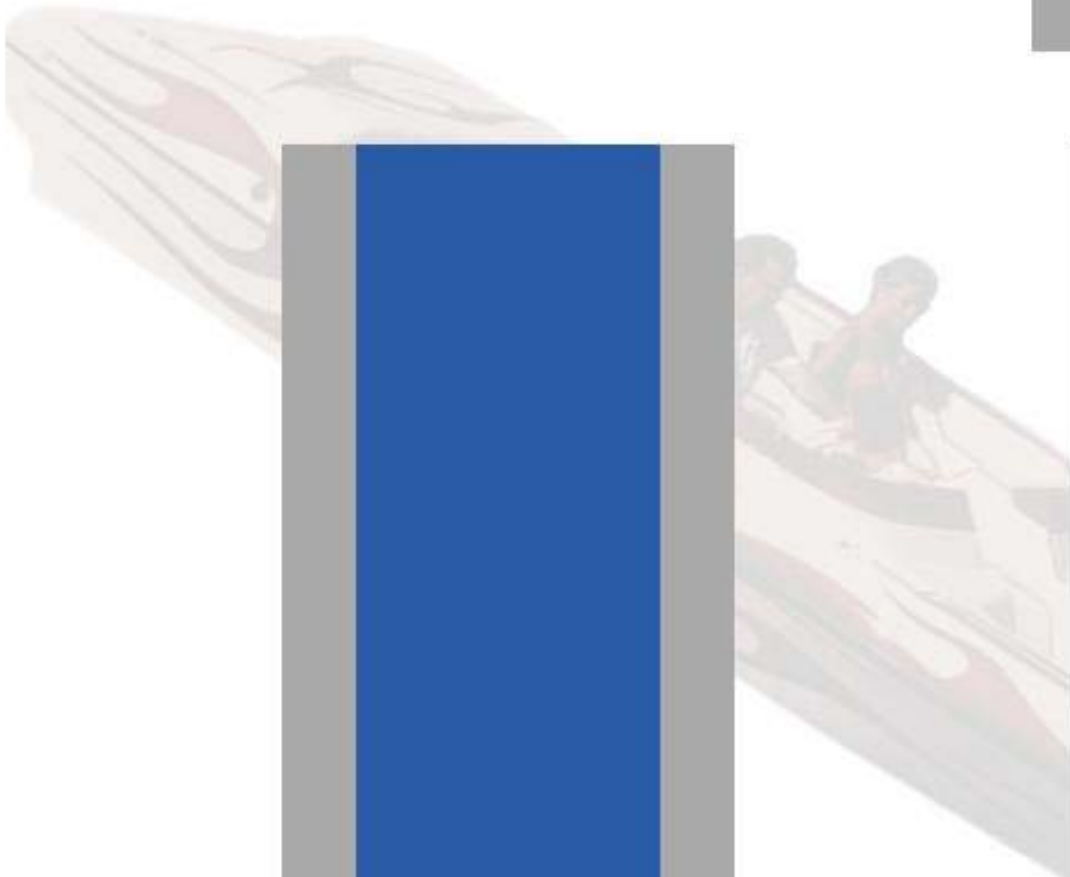

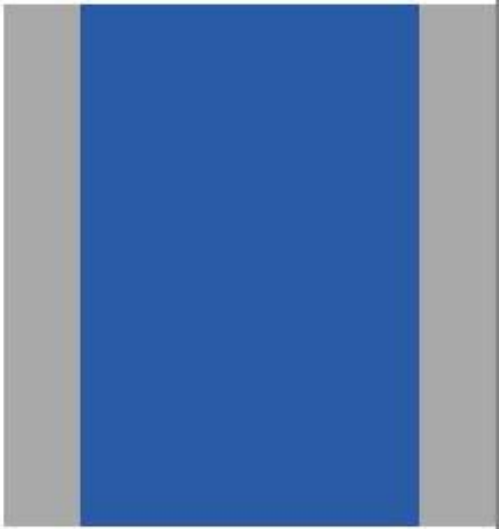

One pair of high flow stainless steel header mufflers for 4" headers. 10" long.

**BH-BR50**

**(951) 279-5005**

CAUTION: Bassett headers are water injected, not water jacketed. These headers operate on a very small amount of water. They are very HOT while the engine is running. The injected water is simply present to keep the chrome from turning blue and help dampen noise.

**BH-BR73**

**BH-BR73**  
**Bassett "T" Valve**  
 Control valve for water injected headers. Accepts -8 or 3/4" hose.

**BH-1001**

**BH-1001**  
**Brass Header Fittings**  
 Set of 8 fittings for Bassett headers. 1/8" pipe to -3.

**BH-1000**

**BH-1000**  
**Water Lines (pr)**  
 One set of stainless steel water lines for Bassett Headers. Includes -8 AN fittings. Must specify engine and header type.

**"T" Valve Replacement Parts**  
**BH-9007-5 Replacement Spring**  
**BH-9007-6 Replacement Ball**

## Exhaust Flappers

**EX-0055**

**EX-0055**  
**External Flapper 4"**

**EX-0065**

**EX-0065**  
**4 3/16" Replacement Flap**  
 Replacement flapper for 3 1/2" bell style exhaust tips. 4 3/16" diameter. Includes one flapper, stainless plate, and mounting screws.

**EX-0060**

**EX-0060**  
**3 3/8" Replacement Flap**  
 Replacement flapper for 2 7/8" bell style exhaust tips. 3 3/8" diameter. Includes one flapper, stainless plate, and mounting screws.

**External Clamp On Flappers...**  
 are very reliable compared to traditional internal flappers. External flaps are found on most new boats from the factory.

(951) 279-5005

When ordering new Bassett water lines please be sure to specify the engine and header type. Bassett "T" valves are designed to stop flowing water to the headers under 1600 RPM's. Upon acceleration water pressure builds in the "T" valve and opens the water flow to the headers.

**GB-310002****Gibson Transom Mount 496 Long**

4" Transom mount 496 marine mufflers. These mufflers are designed to pass new CA J2005 noise regulations on engines up to 425 HP. 8" long, 3 3/4" outside of the transom. Sold in pairs.

**GB-310002****GB-310003****Gibson Transom Mount 496 Series - Cut Flange**

4" transom mount 496 marine mufflers. 8" long, 3 3/4" outside of the transom. Sold in pairs.

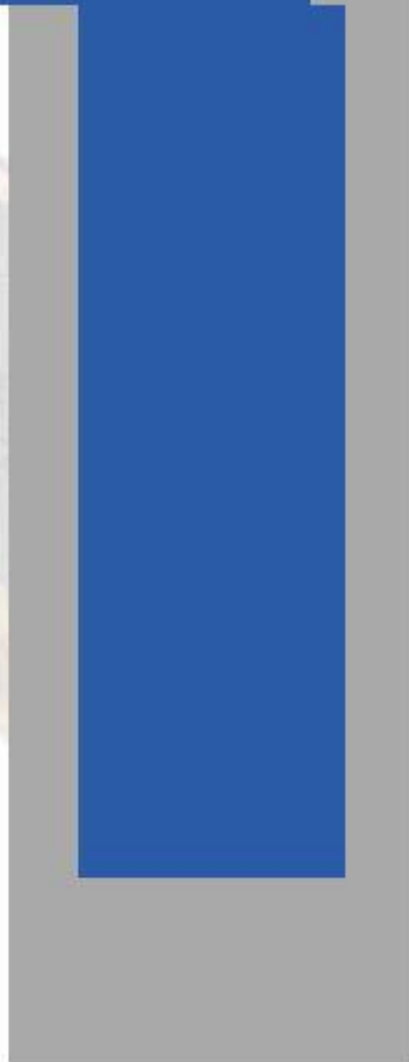

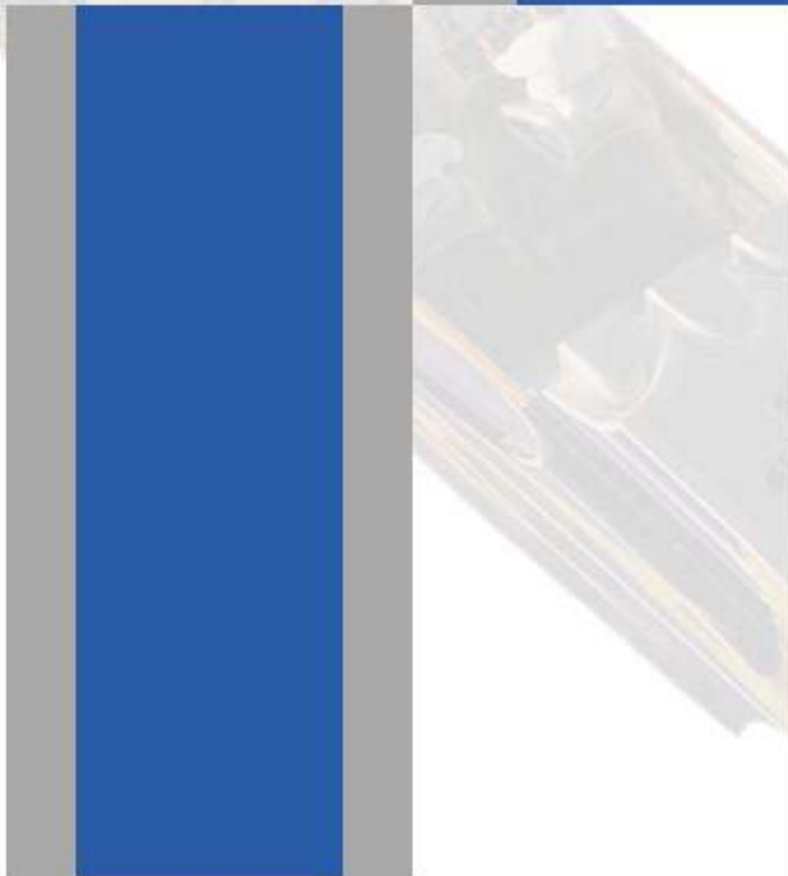

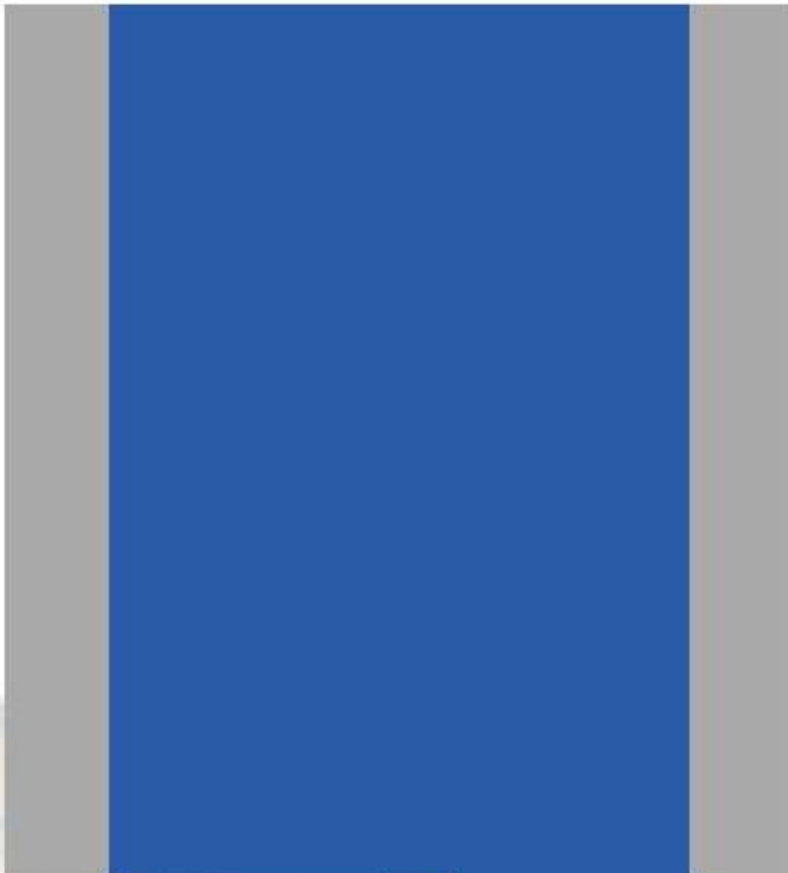

**GB-310003****Gibson Power Curves**

Designed for extreme performance engines. A simple design that diverts exhaust under water for silent idling. Power Curves are non-restrictive on engines up to 1400 H.P. Sold in pairs.

**GB-210002 4" Short****GB-210001 4" Long****GB-210004 4.5" Short****GB-210003 4.5" Long****EX-0055****External Flapper 4"****EX-0055****(951) 279-5005**

Gibson marine mufflers were specifically designed to allow high performance engines to pass new California noise regulations. These muffling systems will get your boat's exhaust to legal limits without hurting performance. Gibson is simply the best value in high performance marine mufflers.

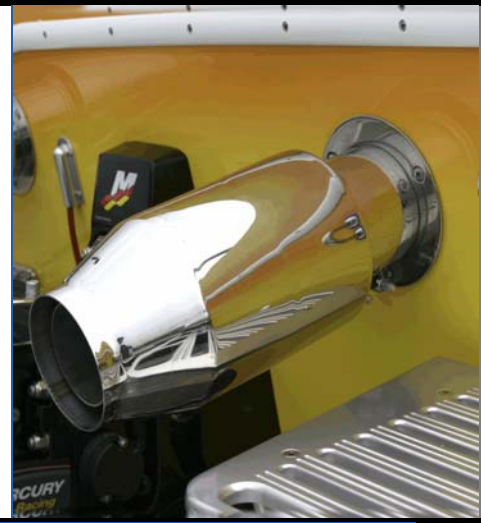

**Gibson Clamp On Mufflers**

Looking for a muffler that won't rob performance? Gibson Bullet mufflers will meet or exceed new California J2005 noise regulations without losing power. Gibson mufflers use a straight through design for maximum exhaust and water flow. 15" Long X 6" Diameter. Bullet mufflers are recommended on engines from 450-1200 HP.

**GB-110001 4"**

**GB-110003 4.5"**

**Gibson Transom Mount Mufflers**

Bullet mufflers will meet or exceed new California J2005 noise regulations without losing power. 12" Long X 6" Diameter. Recommended on engines from 450-1200 HP. Sold in pairs.

**GB-110002 4" Hose**

**GB-310001**

**GB-310001****Gibson Clamp On 496 Series**

4" Clamp on 496 marine mufflers. All stainless steel construction. These mufflers are designed to pass new CA J2005 noise regulations on engines up to 425 HP. 6.5" long. Sold in pairs.

These muffling systems will get your boat's exhaust to legal limits without hurting performance. Gibson is simply the best value in high performance marine mufflers.

#### EXM-7140

##### Standard Risers

Standard snail back style risers. Commonly found on jet and v-drive applications. This pair of risers includes mounting studs.

EXM-7140

#### EXM-7090

##### 35 Degree Risers

Small 35 degree risers. Commonly found on jet and v-drive applications. This pair of risers includes mounting studs.

EXM-7090

#### EXM-1600

##### Straight Risers

EXM-1600

#### Log Style Manifolds

Polished cast aluminum log style manifolds. Commonly used on v-drive and jet boat applications. Kit includes mounting studs and riser gaskets. Risers sold separately.

**EXM-6970 SB Chevy**

**EXM-9260 455 Olds**

**EXM-9600 429-460 Ford**

## Pro-Flow Marine Mufflers

#### SLP-0010

##### Econo Slip In Mufflers 4"

4 3/4" long and fits into most 4" exhaust tips. All stainless steel construction insures corrosion resistance. Noise levels will vary depending on the engine and exhaust tip location. Not recommended on engines producing more than 365 HP. Sold in pairs.

SLP-0010

#### SLP-0030

##### 4" Slip-In Pro-Flow Mufflers

Pro-Flow mufflers utilize DMP's proven Hi-Helix muffler core design. These mufflers are rated for applications up to 425HP. They offer maximum noise reduction while not hurting your engine's performance. The exclusively designed Vortex variable flapper will allow your engine to breathe in high RPM situations yet keep your boat within strict noise regulations. All stainless steel construction, they will fit into most 4" diameter exhaust tips. 6.5" long. Sold in pairs.

SLP-0030

#### SLP-0015

##### 4" Inline Pro-Flow Mufflers

Pro-Flow mufflers utilize DMP's proven Hi-Helix muffler core design. These mufflers are rated for applications up to 425HP. They offer maximum noise reduction while not hurting your engine's performance. The exclusively designed Vortex variable flapper will allow your engine to breathe in high RPM situations yet keep your boat within strict noise regulations. All stainless steel construction, they fit into 4" exhaust hose and are 6.5" long.

##### Inline Silencers (reduced)

Hi-Helix spiral core inline mufflers are 11.5" long. All stainless steel construction insures corrosion resistance. Noise levels will vary depending on engine and exhaust tip location. Not recommended on engines producing more than 425 HP. Sold in pairs.

**SLP-0020 3"**

**SLP-0025 3.5"**

SLP-0015

mufflers are available in a variety of shapes and sizes to fit almost any application. A variable internal flapper helps protect against reversion without robbing power.

SLP-0035

**SLP-0035****4" Clamp-On Pro-Flow Mufflers**

These mufflers are rated for applications up to 425HP. They offer maximum noise reduction while not hurting your engine's performance. The exclusively designed Vortex variable flapper will allow your engine to breathe in high RPM situations yet keep your boat within strict noise regulations. All stainless steel construction, they will clamp onto most 4" diameter exhaust tips. 6.5" long. Sold in pairs.

EX-0026

**EX-0026****4" Pro-Flow Muffler Tips - Short (pr)**

Pro-Flow mufflers utilize DMP's proven Hi-Helix muffler core design. These muffler tips are rated for applications up to 425HP. They offer maximum noise reduction while not hurting your engine's performance. The exclusively designed Vortex variable flapper will allow your engine to breathe in high RPM situations yet keep your boat within strict noise regulations. All stainless steel construction, includes external clamp-on flappers. 7" long, 2" outside and 5" inside. Sold in pairs.

**EX-0016****4" Pro-Flow Muffler Tips - Long (pr)**

Pro-Flow mufflers utilize DMP's proven Hi-Helix muffler core design. These muffler tips are rated for applications up to 425HP. They offer maximum noise reduction while not hurting your engine's performance. The exclusively designed Vortex variable flapper will allow your engine to breathe in high RPM situations yet keep your boat within strict noise regulations. All stainless steel construction, includes DMP's new heavy duty silent operation flapper carriage. 11.5" long, 6.5" outside and 5" inside. Sold in pairs.

EX-0016

EX-030

**EX-030****Transom Cover Plates**

5 1/2" diameter billet aluminum cover plates. O-ringed transom plates make sealing a cinch. Accepts a 5/16-18 bolt or stud. Available in polished, powdercoated, and anodized finishes.

EX-0080

**EX-0080****Flange and Gasket**

Polished stainless steel flange, 6" O.D., 4 1/4" I.D. with a silicone rubber transom gasket for a 4" stainless steel tube. Sold individually.

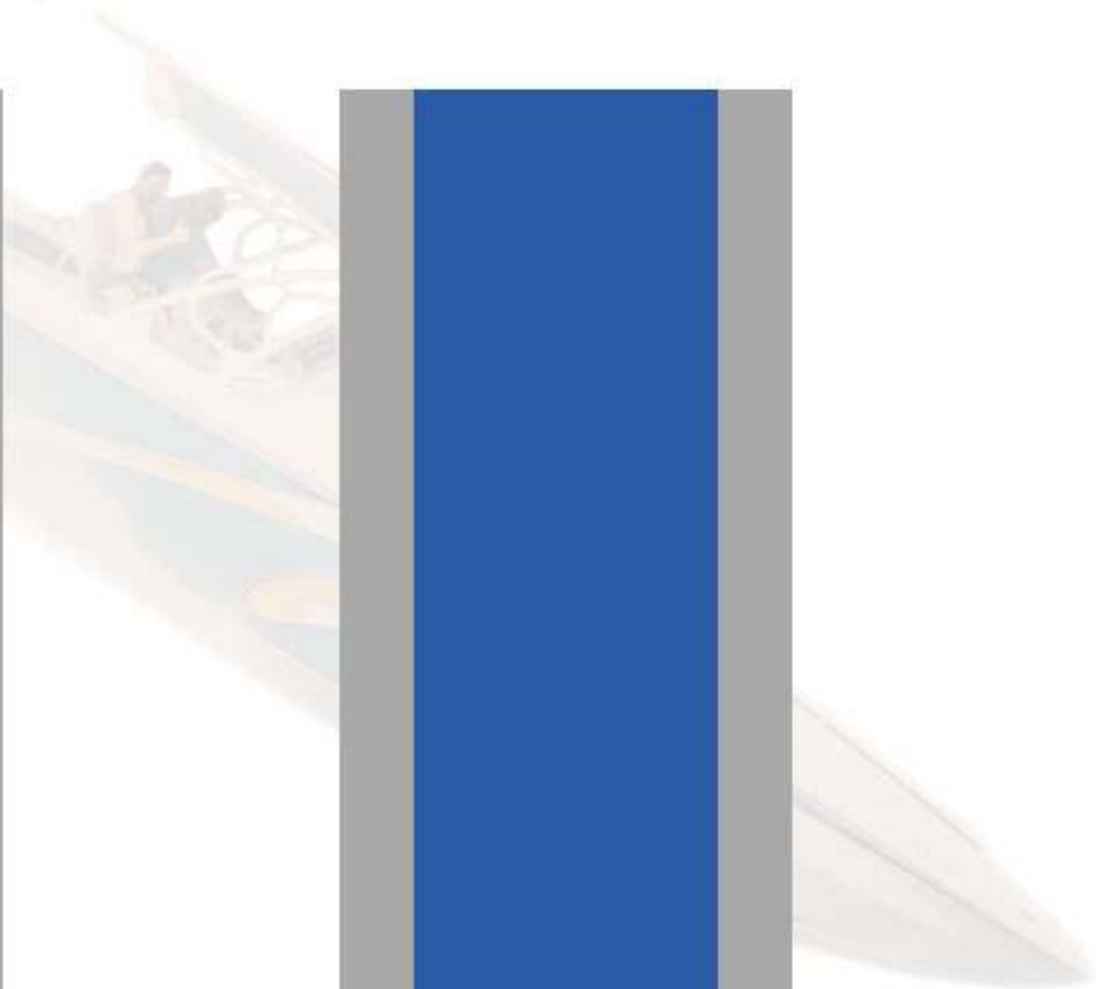

jet boats and v-drives. Tips  
include a flapper and  
mounting studs. Sold

**BOP-100**

**(951) 279-5005**

Dana Marine is the exclusive designer and manufacturer of Flow Torque exhaust systems. Our manifolds are leading the marine industry as the highest quality manifold on the market. Our system features a radical exterior design along with larger primary runners compared to any other manifold system, and a no water leak riser flange. These features make our exhaust systems the best value in performance marine exhaust.

call to order (951) 279-5005

**Pop-Up Cleats**

Accon Pop-Up cleats are a flush mount quick release cleat. The cleat remains in the closed position until the button is pressed. To close simply push the cleat down and it locks in the flush position.

**AC-202-4 4.5"**

**AC-202-6 6"**

**AC-202-8 8"**

**Pull-Up Cleats****Pull-Up Cleats**

Accon Slim Line pull up cleats have a sleek narrow design. Constructed out of marine grade 316 stainless steel. They are sealed so no water proofing cup is necessary.

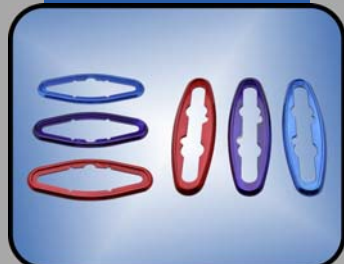

**AC-301-4 4.5"**

**AC-301-6 6"**

**AC-301-8 8"**

**Pull-Up Cleats Have A Locking Detent In The Up And Down Position**

**Add Custom Billet Bezels To Your New Cleats**

DMP manufacturers billet bezels for 4.5" and 6" Accon cleats. Available in polished, powdercoated, and anodized finishes.

**Water Proofing Cups**

Water proofing cups mount into the boat under pop-up cleats and accept a 3/8" hose to route unwanted water into the bilge.

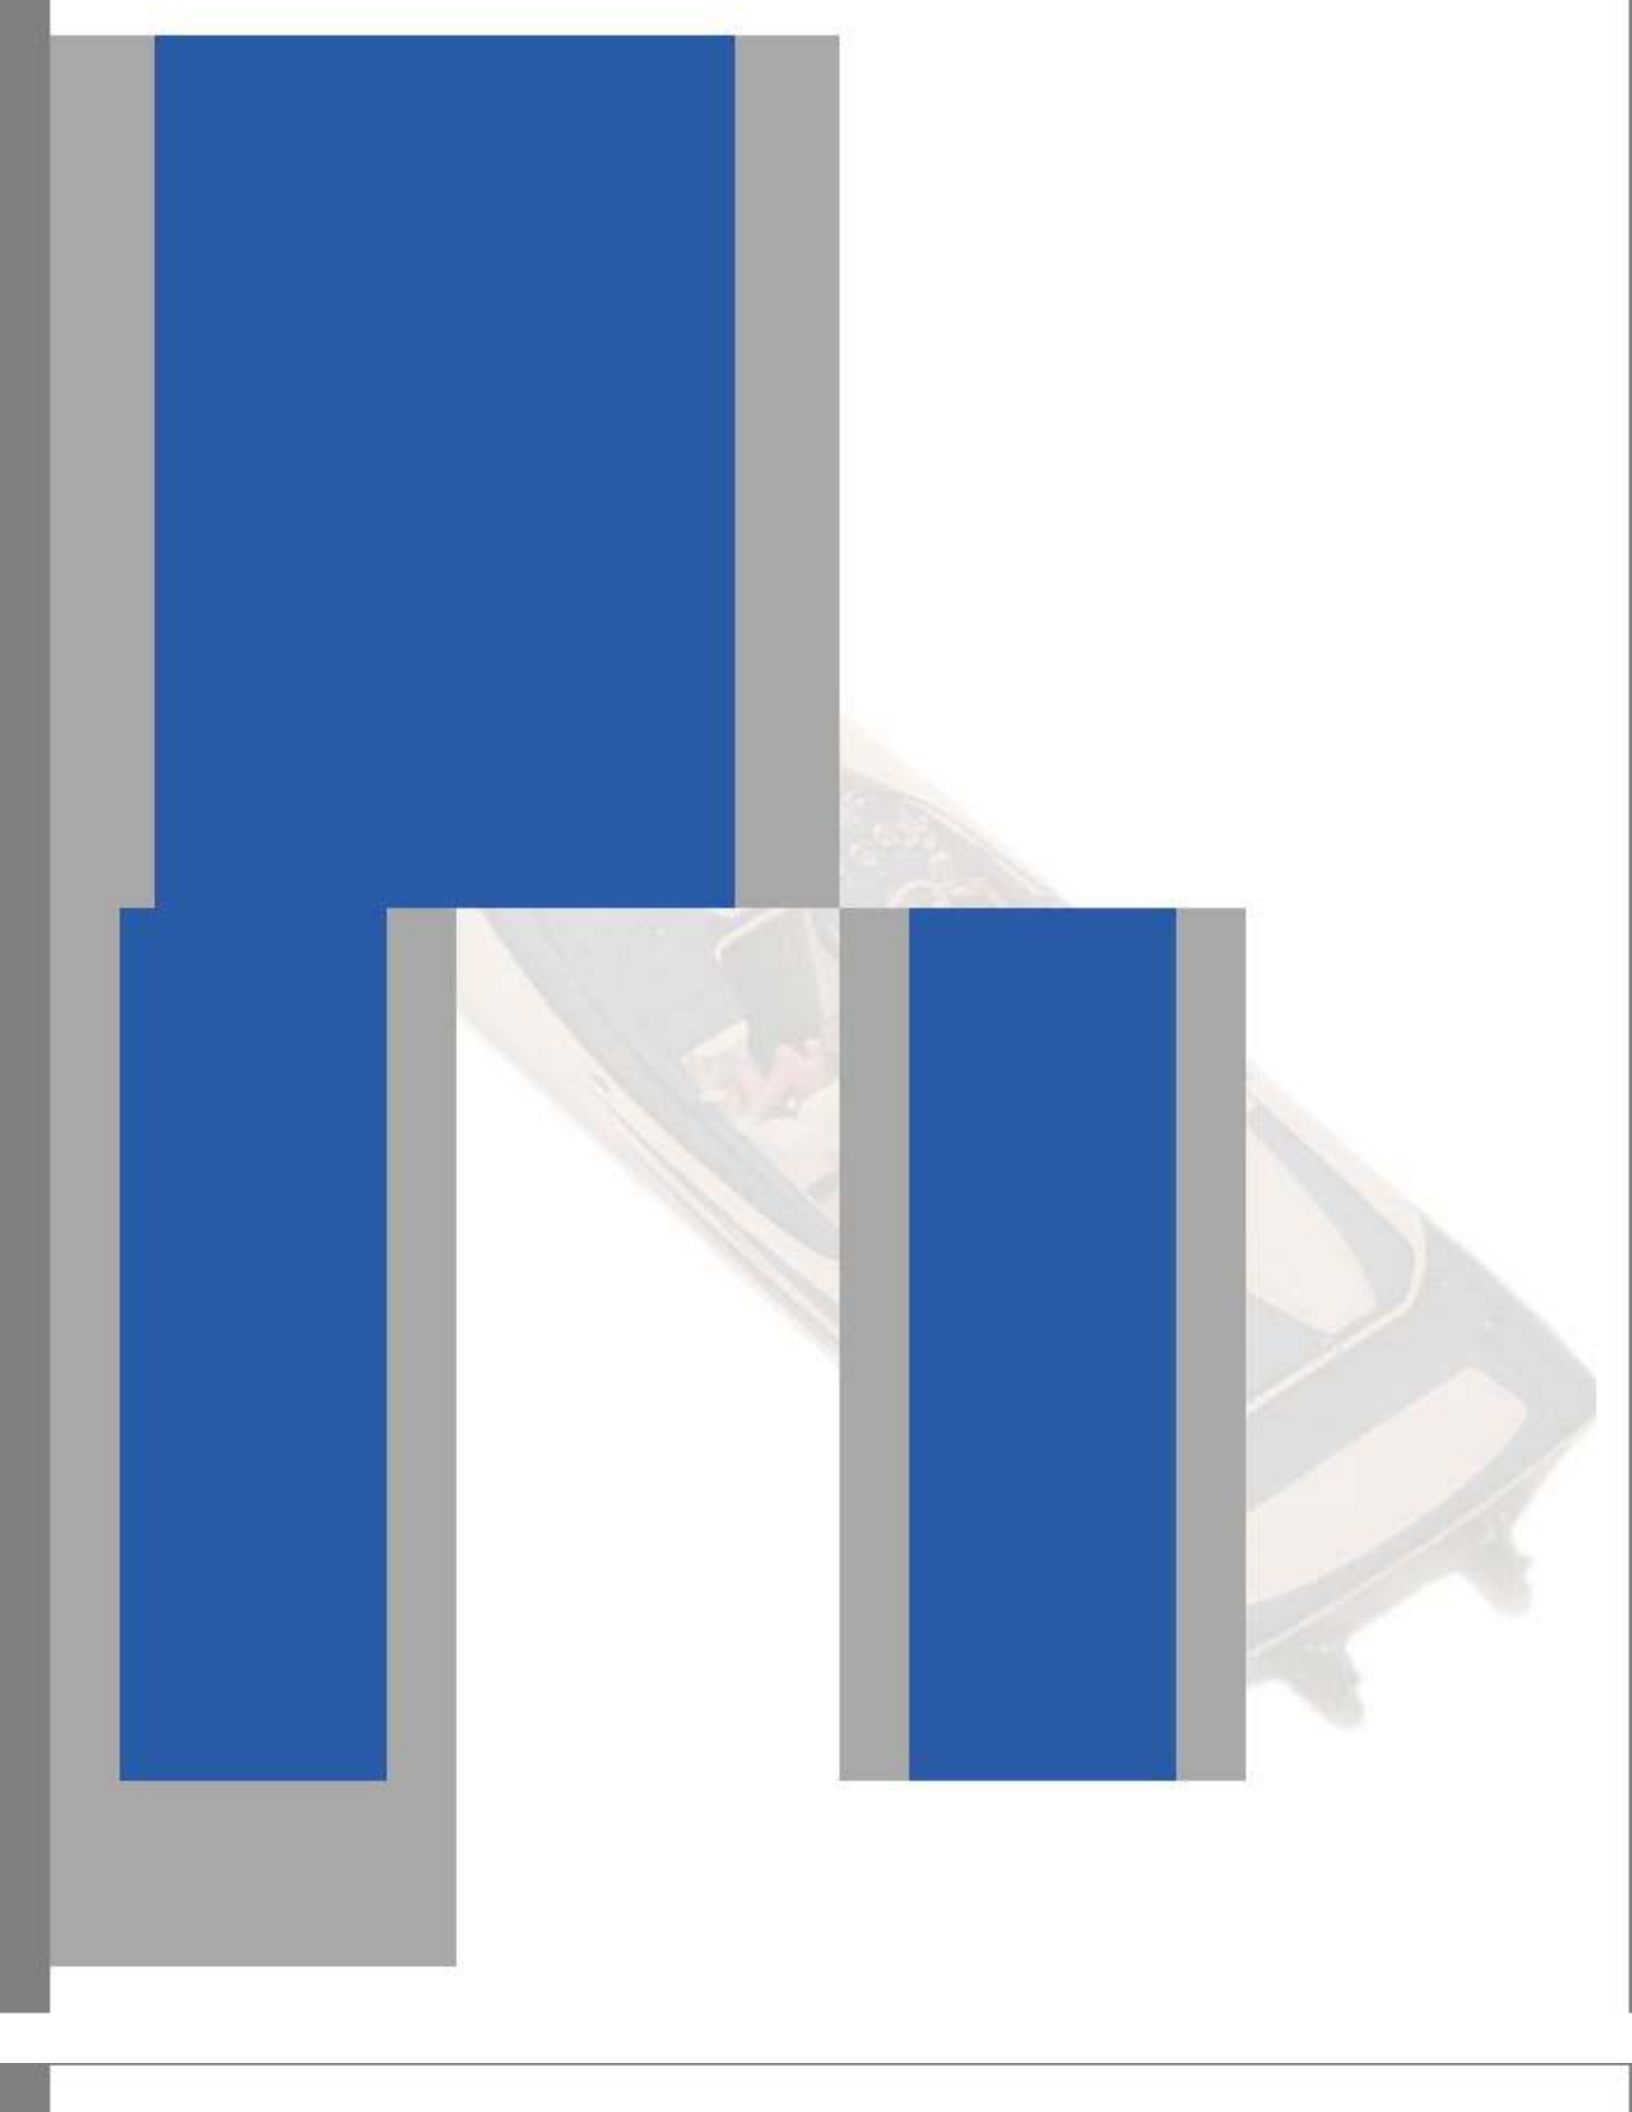

**AC-202-4C 4.5"**

**AC-202-6C 6"**

**AC-202-8C 8"**

(951) 279-5005

Accon pop-up and pull-up cleats are the preferred choice of cleats by most major boat manufacturers. Accon products are constructed of 316L stainless steel construction for maximum corrosion resistance.

SL-004

**Cat Eye Lights Are...**

sold in polished stainless steel or powdercoated in the latest candy colors.

**SL-004****LED Side Nav Lights**

One set of polished stainless steel LED nav lights. This new euro design is USCG approved. The set includes one port and one starboard light.

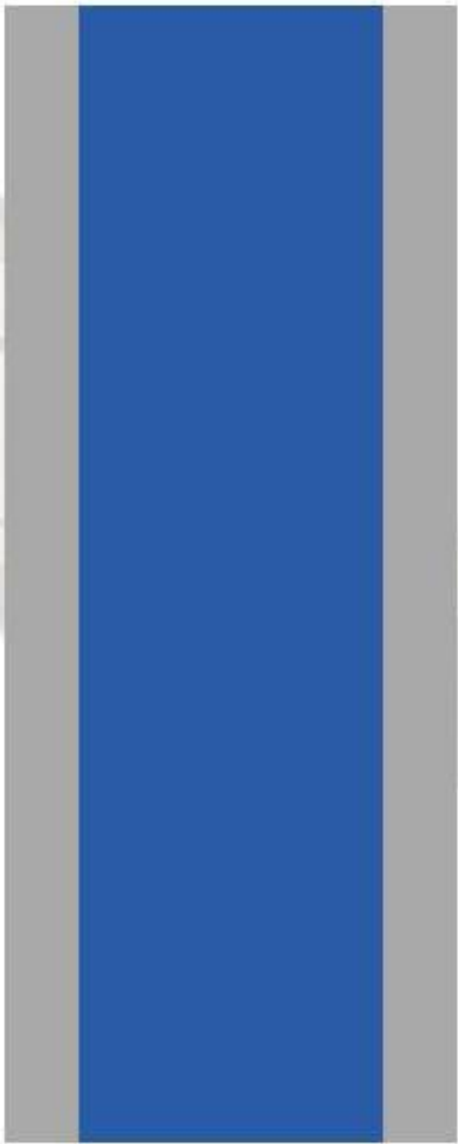

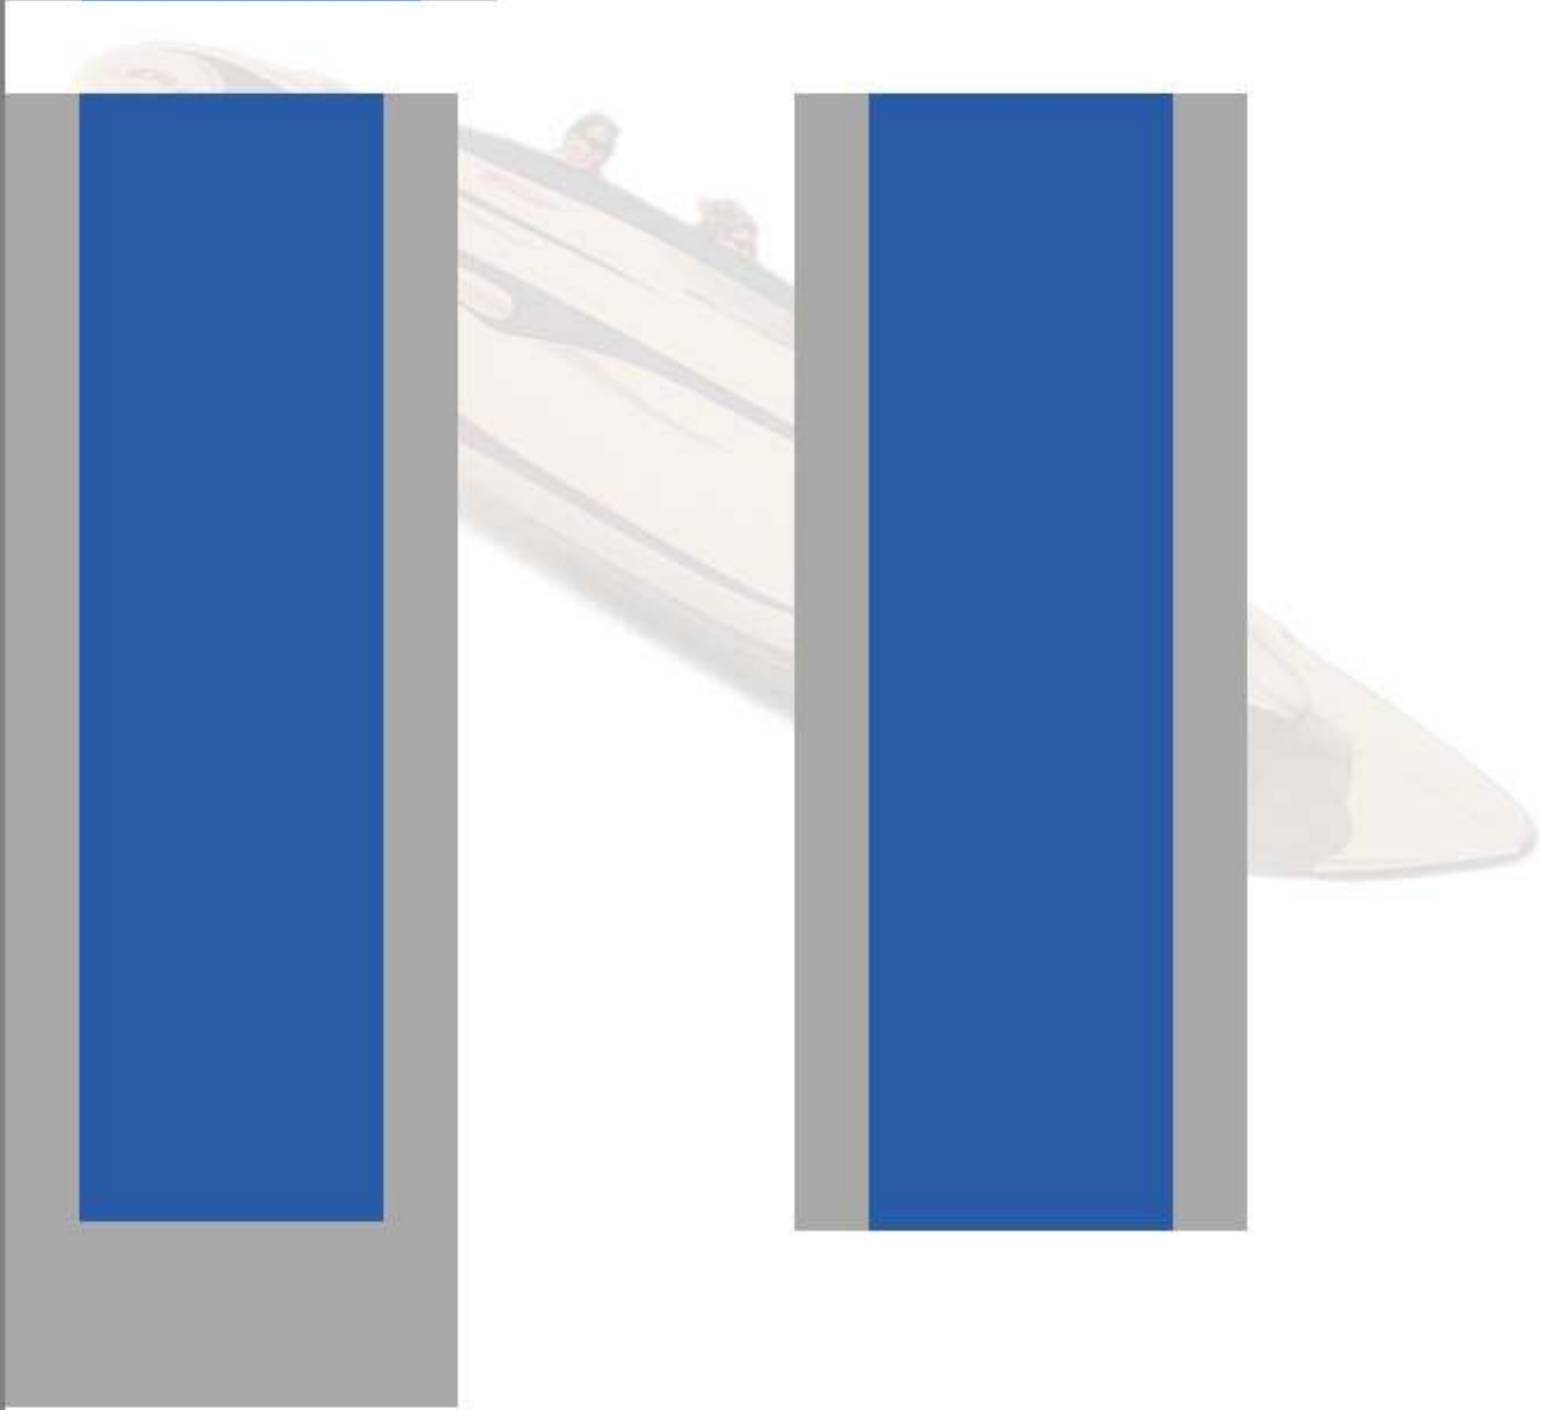

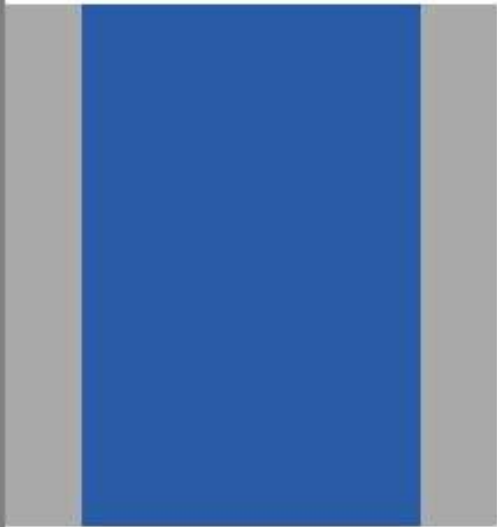

BLB-105

**BLB-105****Cat Eye Light Bezels (set)**

Billet aluminum bezels for Sea Dog cat eye lights. Available in polished, powdercoated, and anodized finishes. Sold in pairs.

(951) 279-5005

Dana Marine distributes quality lighting products from Accon, Sea Dog, Perko, Attwood, and Innovative Lighting. We have the latest in LED lighting for your boat and trailer.

**ICL-003**  
**Interior Courtesy Light -**  
**Screw Mounted**

Clear lense with a polished stainless steel housing. Outside dimensions are 2 15/16" X 3 3/4".

ICL-003

**ICL-004**  
**Interior Courtesy Light**  
**LED**

Clear lense with a polished stainless steel housing. Outside dimensions are 3 15/16" X 1 1/8".

ICL-004

**ICL-005**  
**Interior Utility Light**  
Surface mount interior light with a chrome brass housing. Outside dimensions are 2 1/2" X 1 13/16".

ICL-005

**ICL-006**  
**Interior Utility Light LED**  
Clear light with a polished stainless steel housing. Outside dimensions are 1 3/4" X 7/8".

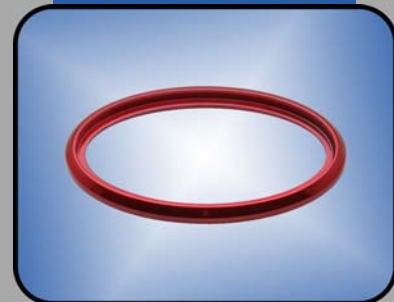

ICL-006

**Interior Dome Light**  
Satin finished stainless steel dome light. 4" lense diameter, 6 1/16" outside diameter.

**ILB-002**  
**Interior Oval Light Bezel**  
Billet aluminum bezel for ITC oval interior lights. Available in polished, powdercoated, and anodized finishes.

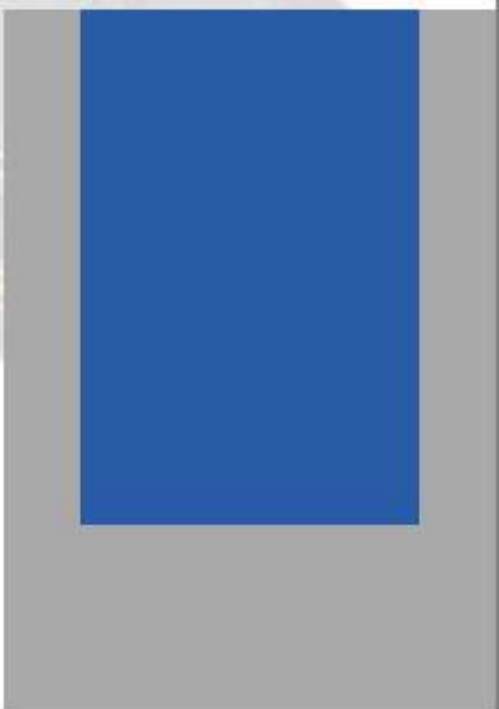

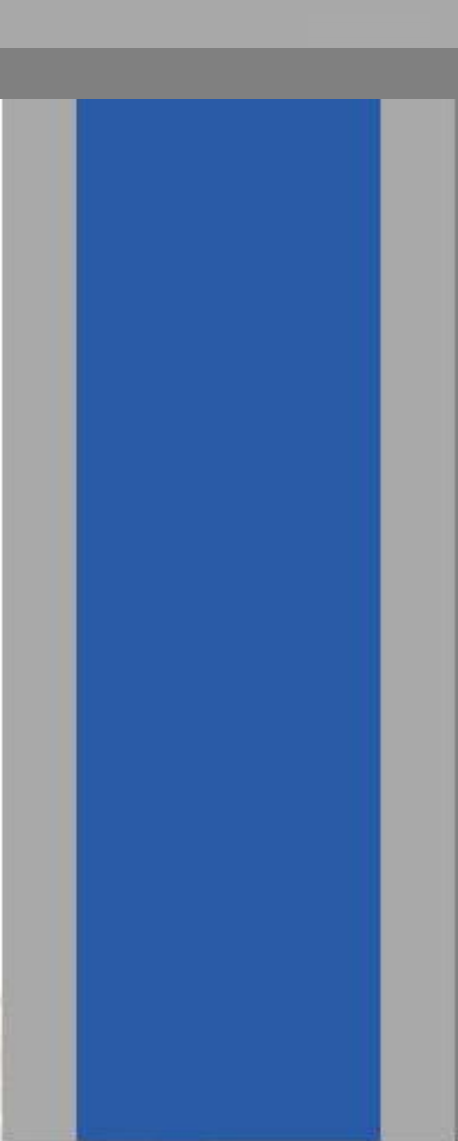

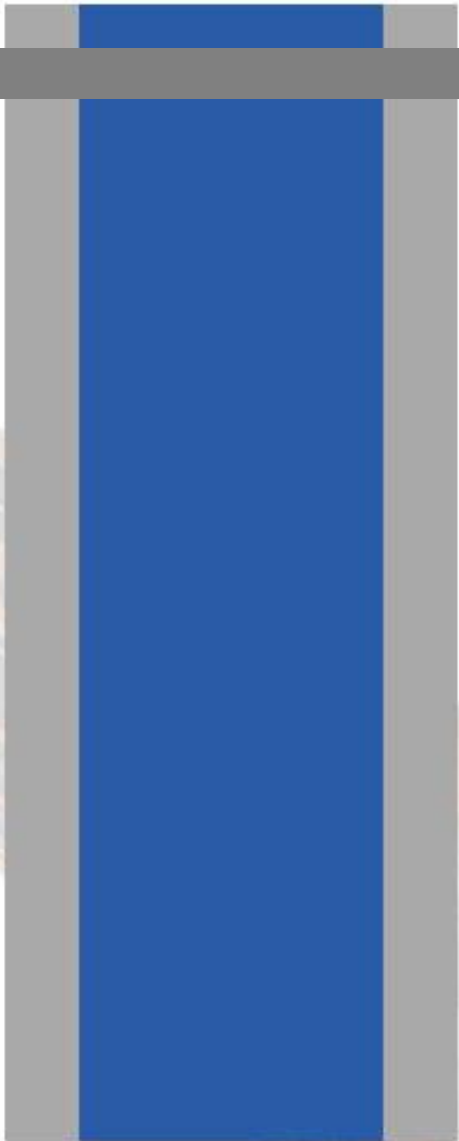

ILB-002

**ICL-002**  
**Interior Oval Courtesy Light**  
Flush mount interior lights with a clear lense. Outside dimensions are 2" X 4"

ICL-002

**Carburetor Fuel Lines - Blower Applications**

Dual feed carburetor lines for side mounted carburetors. Will work with blower and tunnel ram applications. Stainless steel tubing with aluminum fittings. Accepts a -6 AN hose end.

**CL-325 Standard Holley**

**CL-330 Holley Dominator**

**CL-340 Demon**

**CL-345 King Demon**

**STANDARD CARB LINE INFORMATION**

**Single Metering Plate Carbs Use Short Fuel Lines**

**Dual Metering Plate Carbs Use Long Fuel Lines**

**Standard Carburetor Lines**

Dual feed carburetor lines are constructed of stainless tubing and aluminum fittings.

**CL-300 Holley Short -6AN**

**CL-305 Holley Long -6AN**

**CL-315 Holley Long -8AN**

**CL-335 Demon -6AN**

**Holley Carburetor Fittings**

**CF-HOL1 600 Holley**  
9/16-24 X -6 AN

**CF-HOL2 Dual Feed**  
7/8-20 X -6 AN

**CF-HOL3 Dual Feed**  
7/8-20 X -8 AN

**Dominator Carburetor Lines**

Dual feed carburetor line for Holley Dominator carburetors. Stainless tubing with aluminum fittings.

**CL-310 -6 AN**

**CL-320 -8 AN**

**CF-RCH1****Fuel Pump Fittings**

**FPP-200 5/8-18 X -6 AN**

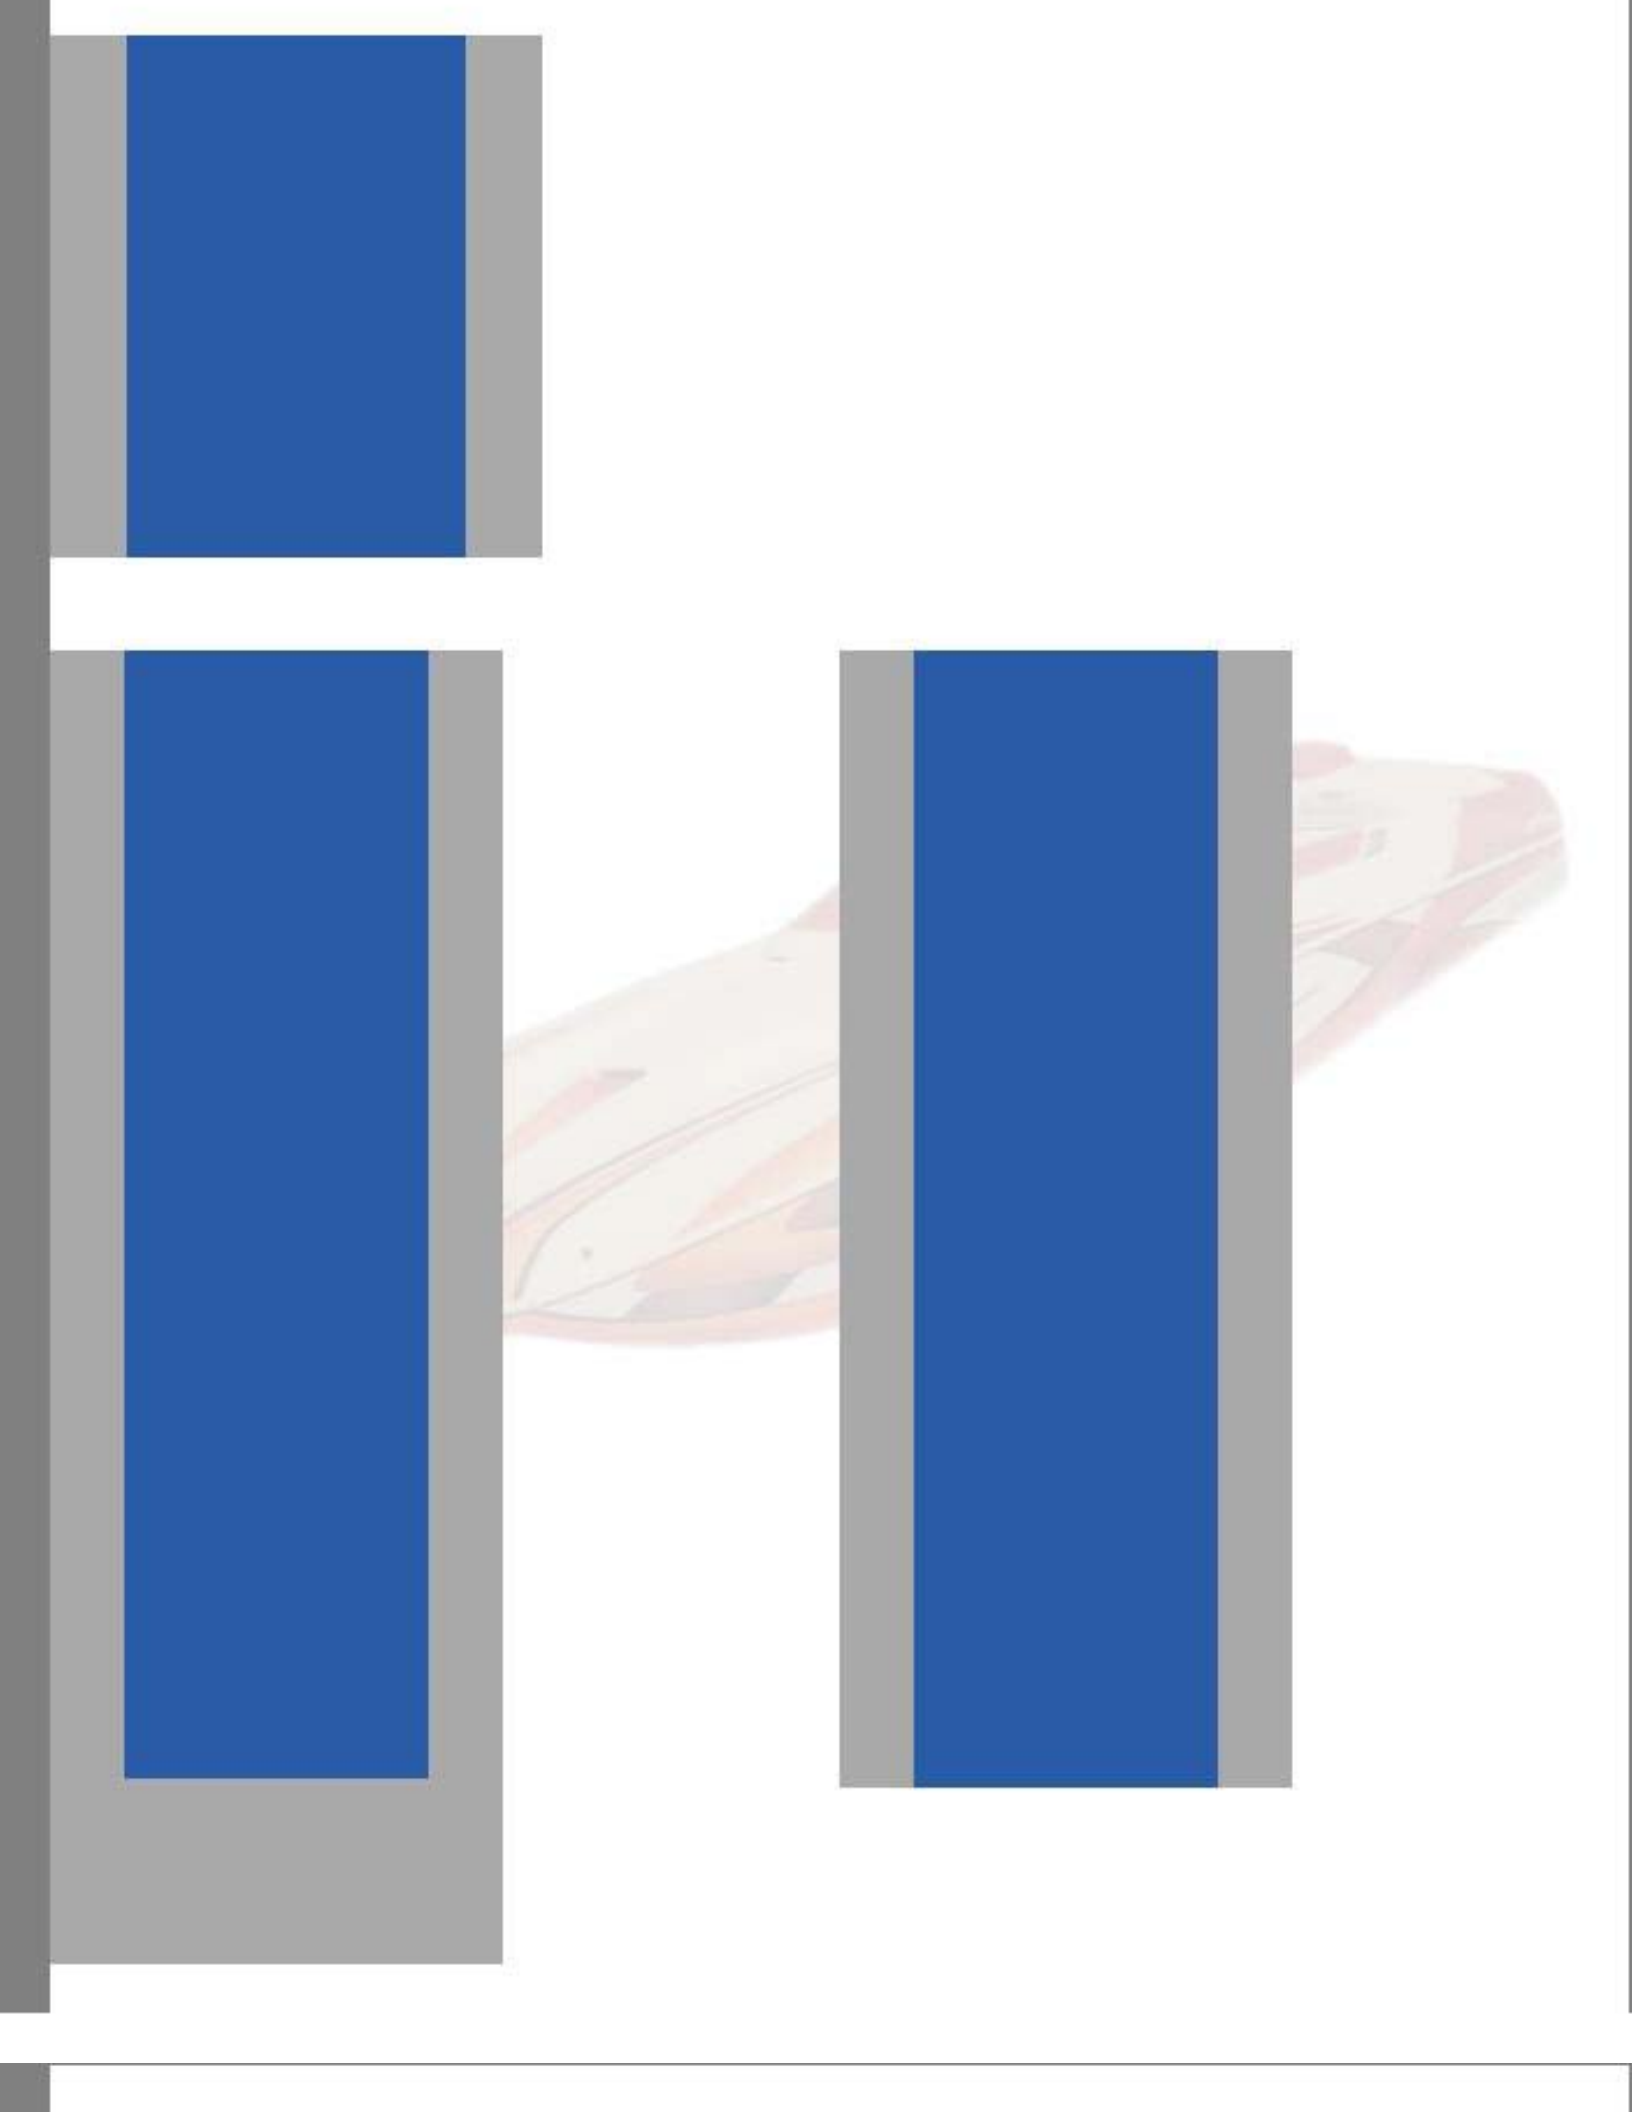

**FPP-205 1/2-20 X -6 AN**

**CF-HOL5****CF-RCH1****Carter Carburetor Fitting**

5/8-20 X -6 AN aluminum fitting.

**CF-HOL5****Banjo Carburetor Fitting**

**Holley 600**  
9/16-24 X -6 AN aluminum fitting.

## FP-1000

### Carter Electric Fuel Pump

Marine approved electric fuel pump by Carter Co. This pump is commonly found on carbureted engine packages. It has a 1/4" NPT inlet and outlet. It delivers 72 GPH at 5.75 PSI.

FP-1000

## FP-1001

### Carter Mechanical Fuel Pump BB Chevy 454

New Carter marine fuel pump for big block Chevrolet. This unit has a 1/4" NPT inlet and outlet. 7 PSI output.

FP-1001

## FP-1002

### Carter Mechanical Fuel Pump SB Chevy 350

New Carter marine fuel pump for small block Chevrolet. This unit has a 1/4" NPT inlet and outlet. 7 PSI output.

FP-1002

## Brass Fuel Valves

Marine approved fuel valves allow you to manually select fuel tanks. All ports are 1/4" NPT.

### FV-102 3 Way (2 Tank Installations)

### FV-103 4 Way (3 Tank Installations)

## Fuel Valves

## FV-100

### Billet Manual Fuel Valve

4 position fuel valve. Select tank 1, tank 2, both, or off. Clear anodized for corrosion resistance. Please specify the required fittings, -6 AN, -8 AN, -10 AN, 3/8" push on, or 1/2" push on.

FV-100

## FV-101

### IMCO Superflow Fuel Valve

This electric fuel valve meets USCG requirements and features a quick release manual override in the case of a valve failure. 1/2" NPT female ports.

FV-101

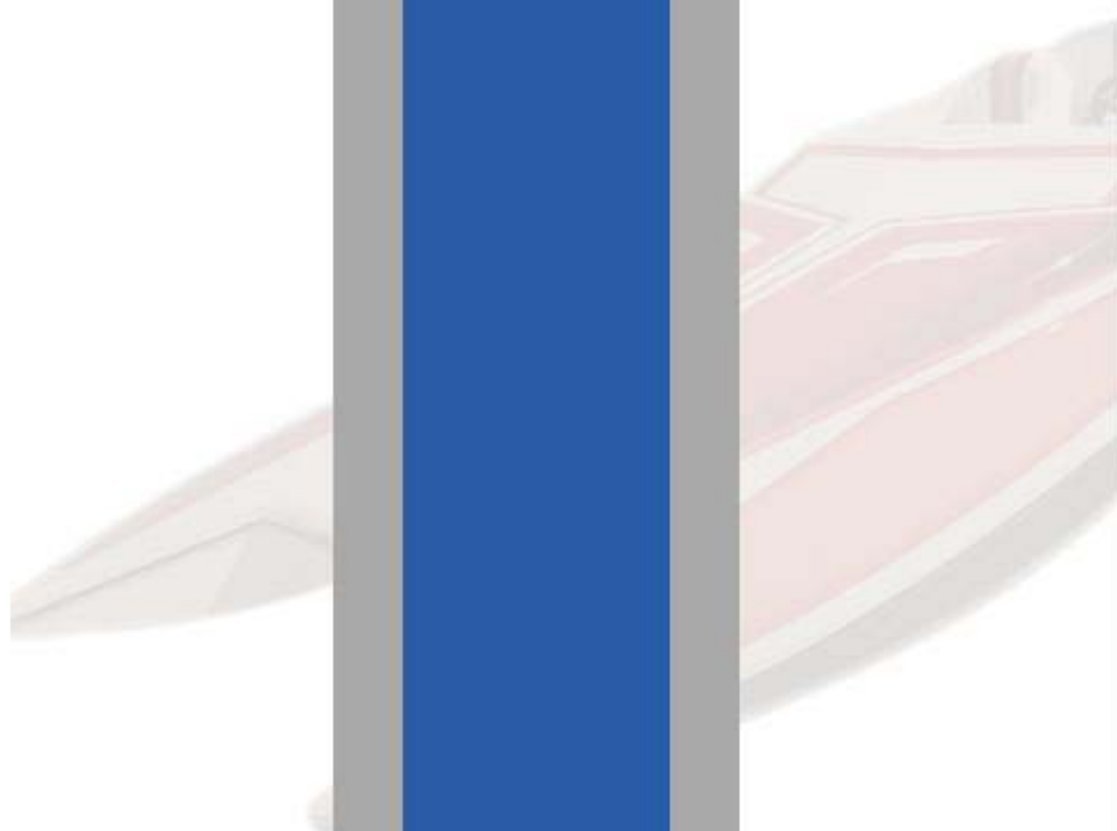

## Electric Fuel Valves...

allow the driver to switch fuel tanks electrically from the dash. They also have internal controls to switch the fuel gauge to the appropriate tank.

(951) 279-5005

DMP distributes quality fuel components that meet or exceed USCG requirements. When ordering a Billet Manual Fuel Valve, keep in mind that you can specify whatever fitting combination you want. If you want (2) 3/8" lines coming in from the tanks and a 1/2" line running to the motor, it's no problem. There's no additional charge for mixing fitting combinations.

### Replacement Fram Filters

Fram high performance water fuel separators feature a water drain for easy service.

**WSP-PCS5062M Short 6"**

**WSP-PCS5059M Long 9.5" WSP-PS3808 Mercruiser Replacement**

**WSP-K3926M**

### WSP-K3926M Fram Water Fuel Separator Head

Epoxy painted Fram high volume filter head. Has 1/2" NPT inlet and outlet.

**WSP-005**

### WSP-005 Billet Fuel/Water Separator Head

Billet water/fuel separator head and mounting bracket. High flow 1/2" NPT inlets and outlets. Accepts Fram PCS5062M and PCS5059M filters. Available in polished, powdercoated, and anodized finishes. (filter not included)

**WSP-7776**

### WSP-7776 Water Fuel Separator Kit Stainless Steel

Stainless steel head with (2) 3/8" NPT inlets and (2) 3/8" NPT outlets. This kit includes the head, two plugs, and one filter.

### Sierra Replacement Filters Water Fuel Separators for Mercruiser, Mercury, and Yamaha applications.

**WSP-7844 Short 3 3/4"**

**WSP-7845 Long 4 3/8"**

**WSP-7852**

### WSP-7852 Water Fuel Separator Kit Aluminum

Aluminum head with (2) 1/4" NPT inlets and (2) 1/4" NPT outlets. This kit includes the head, two plugs, and one filter.

**IFF-Filters**

### IFF-Filters Billet Inline Fuel Filters Chrome plated mini inline fuel filters. Includes a 10 micron stainless steel element.

**IFF-038 3/8" Push On**

**IFF-006 -6 AN**

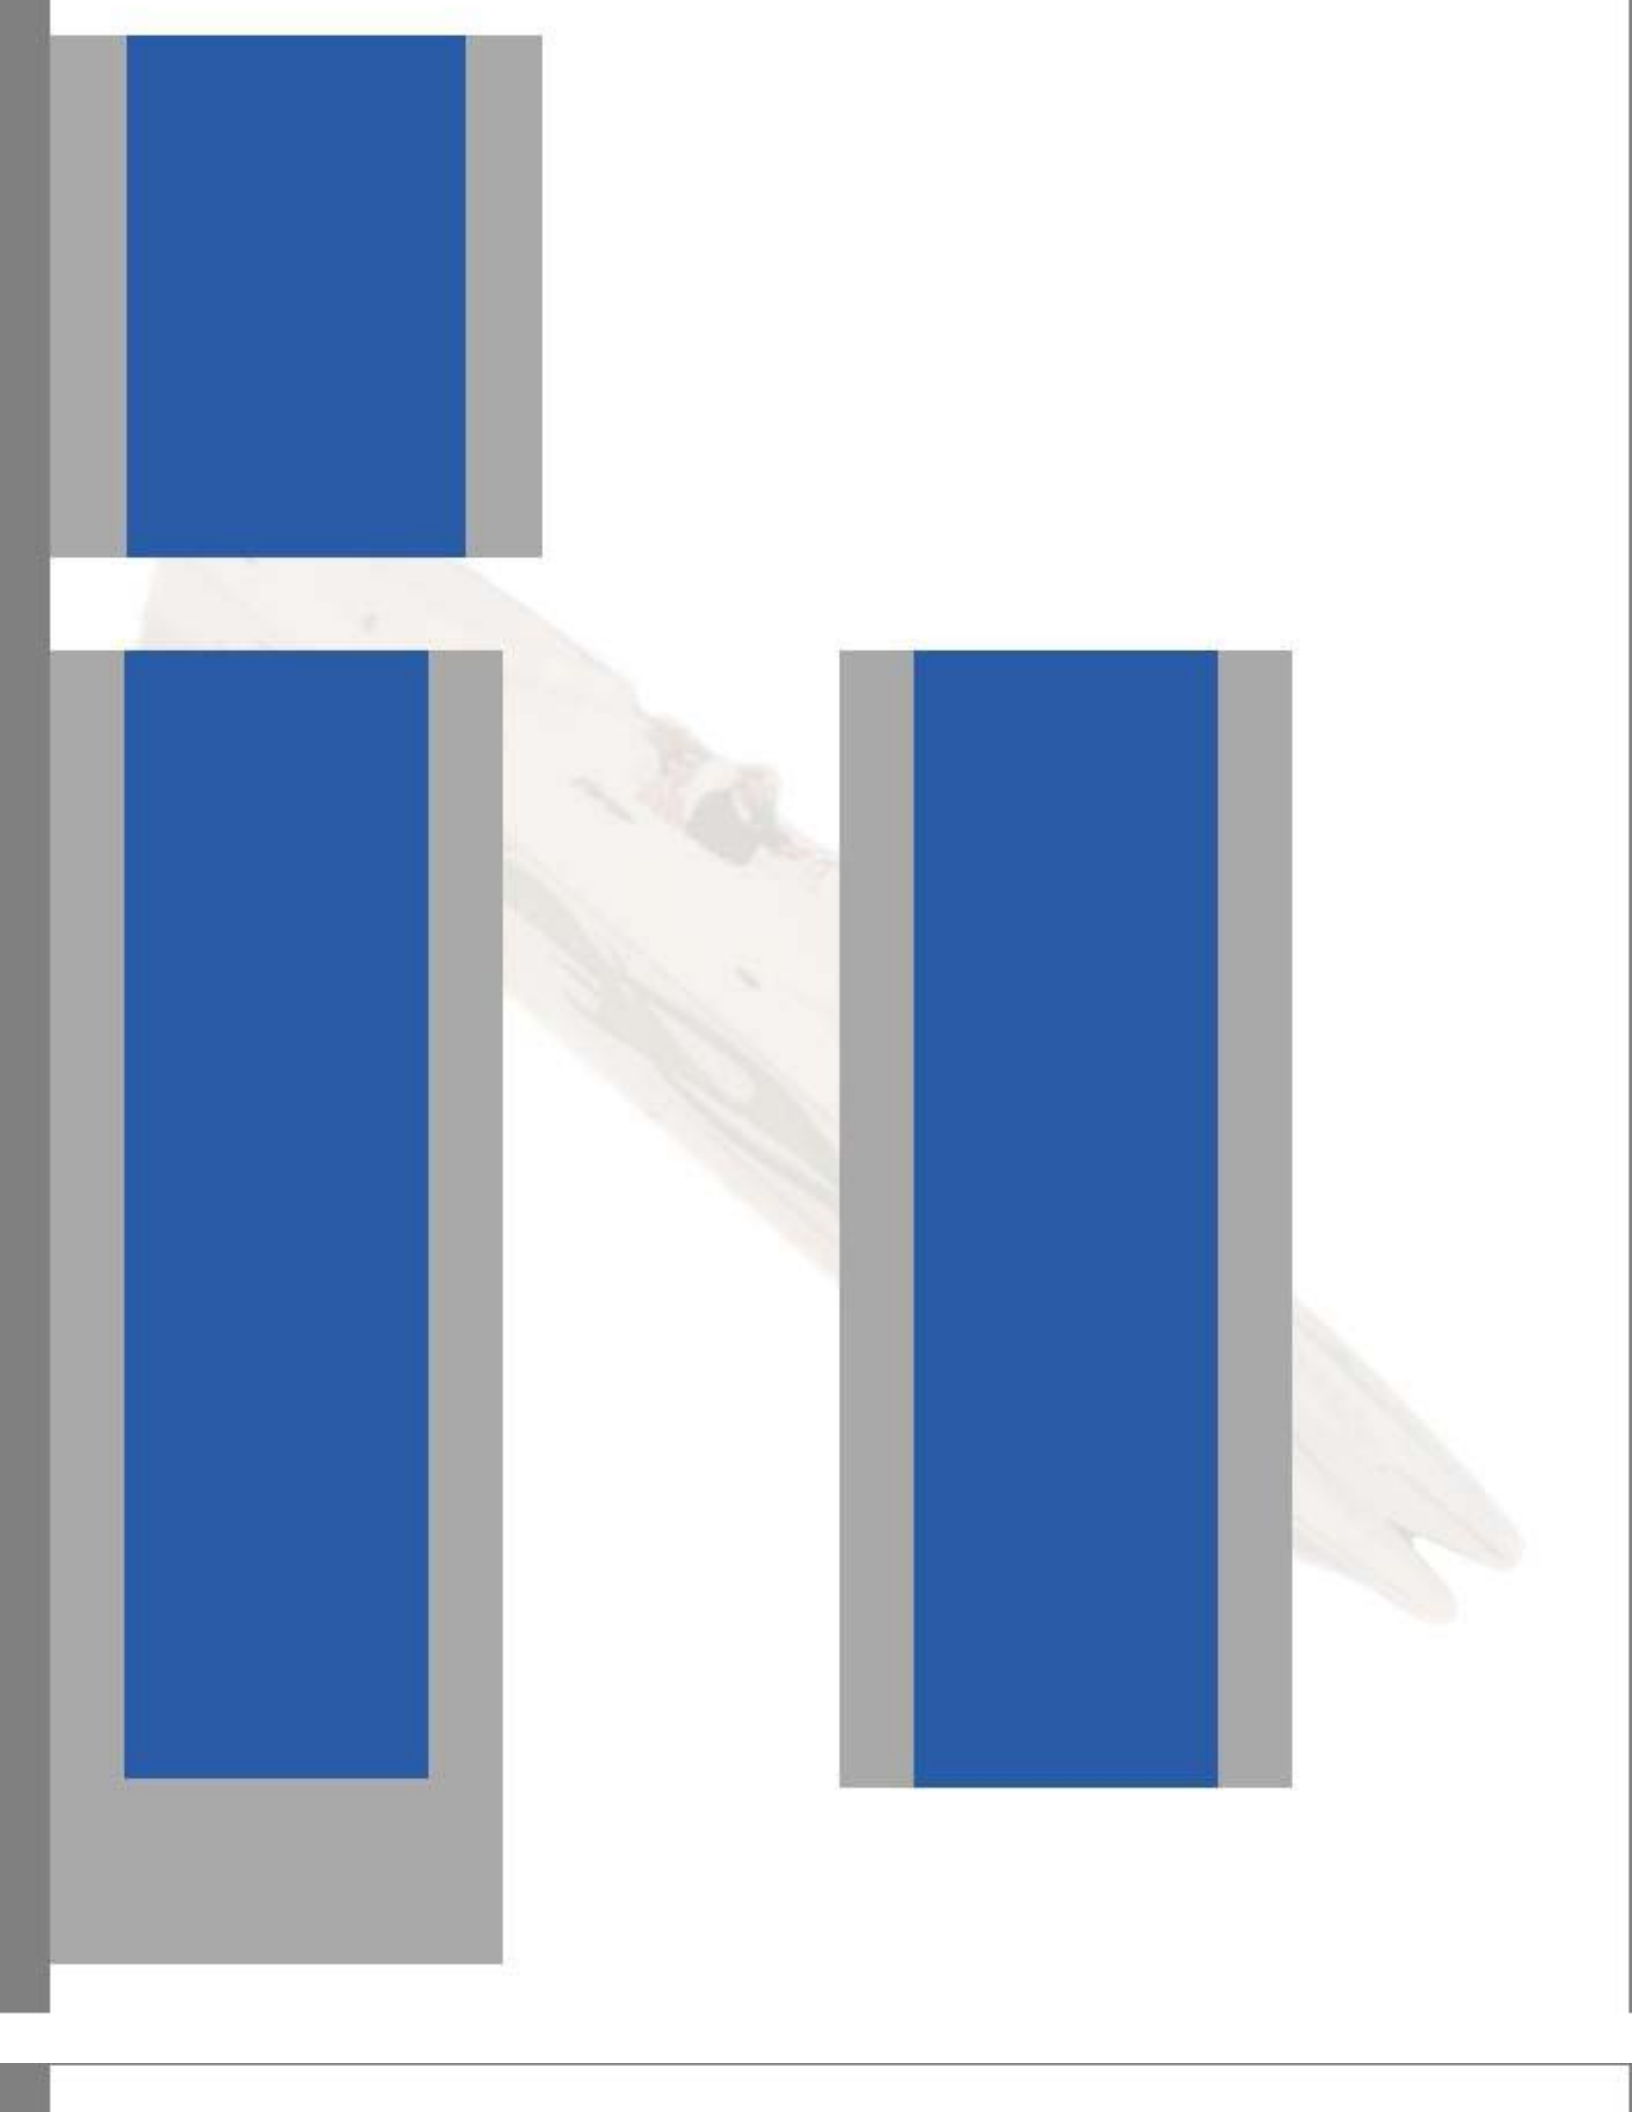

**IFF-008 -8 AN**

**IFF-100 Replacement  
Element**

(951) 279-5005

Water fuel separators should be changed every season. Once a water fuel separator becomes full of water it will overflow into the main fuel delivery to the engine. This can turn into a major disaster to repair. Water fuel separators are inexpensive and easy to change.

### Dual Gaffrig Flame Arrestors

Dual flame arrestors are available in 2", 3", and 5" element heights. Aluminum assemblies feature an adjustable mounting base that fits on 8.5" - 9" center to centers. Stainless arrestors are built specifically to the requested center to center.

**GF-2400 Aluminum Dominator**

**GF-2402 Aluminum Standard**

**GF-2500 Stainless Steel Dominator**

**GF-2502 Stainless Steel Standard**

**Standard Carburetor Flange Opening - 5 1/8"**

**Dominator Carburetor Flange Opening - 7 1/4"**

### Arrestor Dimensions

**Aluminum Arrestors - 21.5" X 8 3/4"**

**Stainless Arrestors - 18 3/4" X 10"**

## Carburetor Brackets

### Single Carb Oval Arrestors

Polished stainless steel oval flame arrestors for single carburetor applications. 10"W X 18"L.

**GF-2810 Standard 5 1/8"**

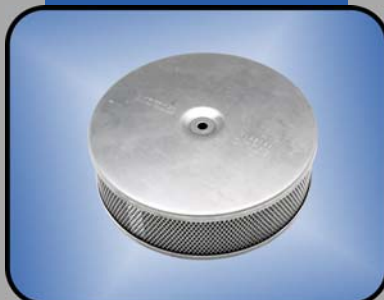

**GF-2812 Dominator 7 1/4"**

### BRB-1000

**Aluminum Flame Arrestor 2x7**

2 3/8" tall X 7" diameter  
USCG approved flame arrestor for Holley carburetors.

**BRB-1000**

### TB-003

**Chrome Holley Throttle Bracket**

Standard chrome plated steel throttle cable bracket for Holley carburetors. Cable clip sold separately.

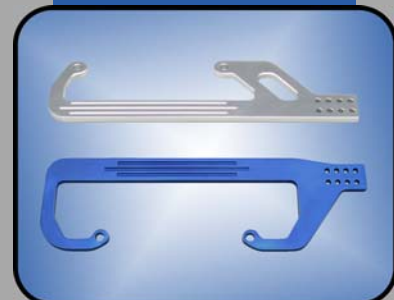

**TB-003**

### Billet Carburetor Brackets

Billet aluminum throttle brackets for Holley and Demon four barrel carburetors. These brackets are available in polished, powdercoated, and anodized finishes. Cable clip sold separately.

**TB-001 Standard Holley**

**TB-002 Holley Dominator**

### CC-36174

**Cable Clip 33C**

Stainless steel cable clips can be used to anchor a 33C style cable in several different applications. Commonly used on carburetor brackets.

**CC-36174**

### Carburetor Hex Bars

Polished aluminum hex bar assemblies for dual inline carburetor applications. Kits include a hex bar and spherical rod ends.

**CBL-858 7 13/16-8 5/8**

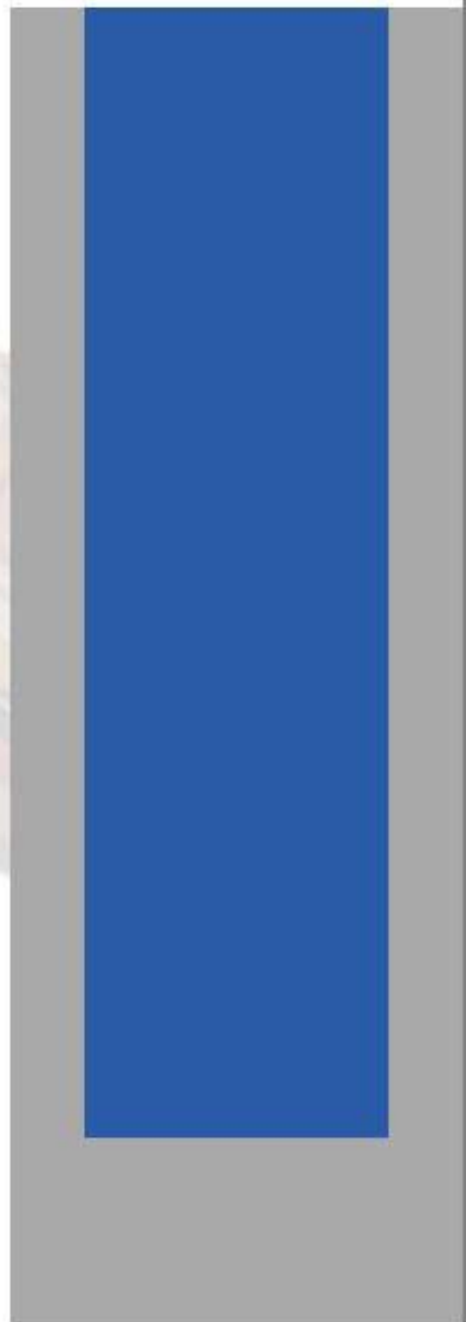

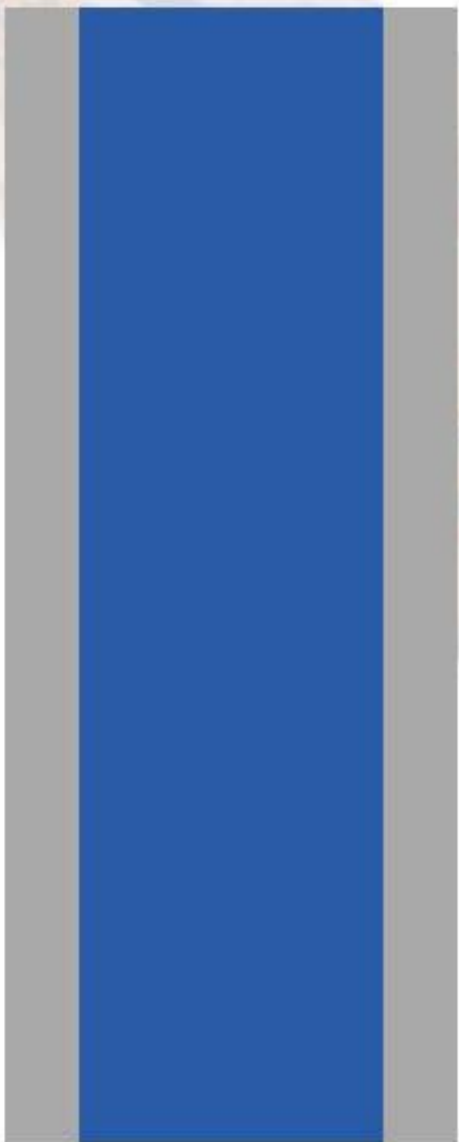

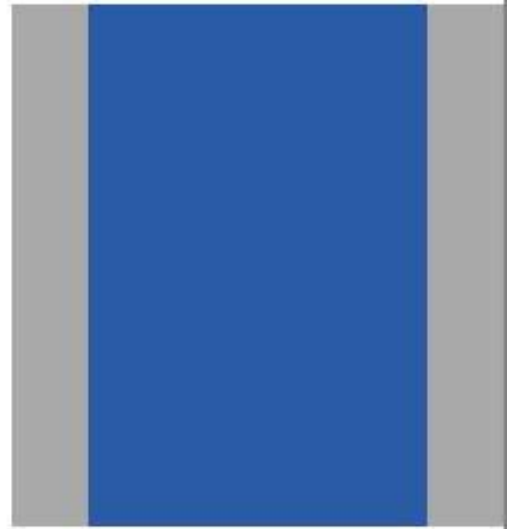

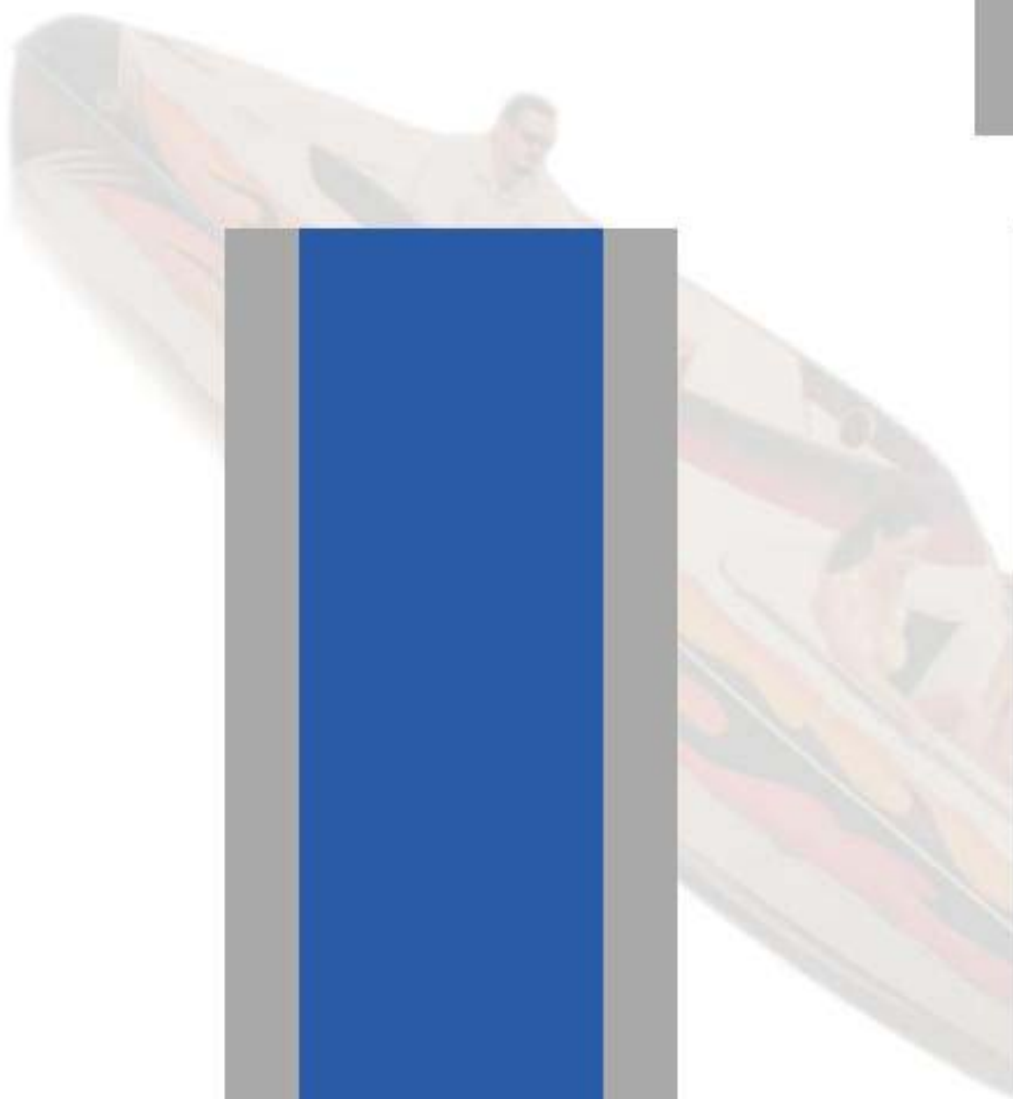

**CBL-938 8 9/16-9 3/8**

**CBL-800 9 3/8-10 1/8**

**(951) 279-5005**

When ordering a Gaffrig dual flame arrestor please specify the center to center dimension of your carburetors. All stainless steel dual arrestors are custom made to order.

**Gaffrig Flame Arrestors - Standard**

Gaffrig coast guard approved flame arrestors are constructed of highly polished stainless steel. The stainless steel element is non-restrictive for maximum air flow. 5 1/8" carburetor flange. Includes two 5/8" vent tube adapters.

**GF-2100 8" X 2"**

**GF-2104 8" X 3"**

**GF-2106 8" X 5"**

**GF-2200 10" X 2"**

**GF-2202 10" X 3"**

**GF-2204 10" X 5"**

**Gaffrig Flame Arrestors - Dominator**

Gaffrig coast guard approved flame arrestors are constructed of highly polished stainless steel. 7 1/4" carburetor flange. Includes two 5/8" vent tube adapters.

**GF-2300 10" X 2"**

**GF-2302 10" X 3"**

**GF-2304 10" X 5"**

**GF-2602**

**GF-2602****EFI Flame Arrestor - V Belt**

Polished aluminum top and base with a stainless steel 3" element. This unit fits early model 454 and 502 Magnum applications.

**GF-2600****EFI Flame Arrestor - Serpentine Belt**

Polished aluminum top and base with a stainless steel 3" element. This unit fits late model 454 and 502 Magnum applications.

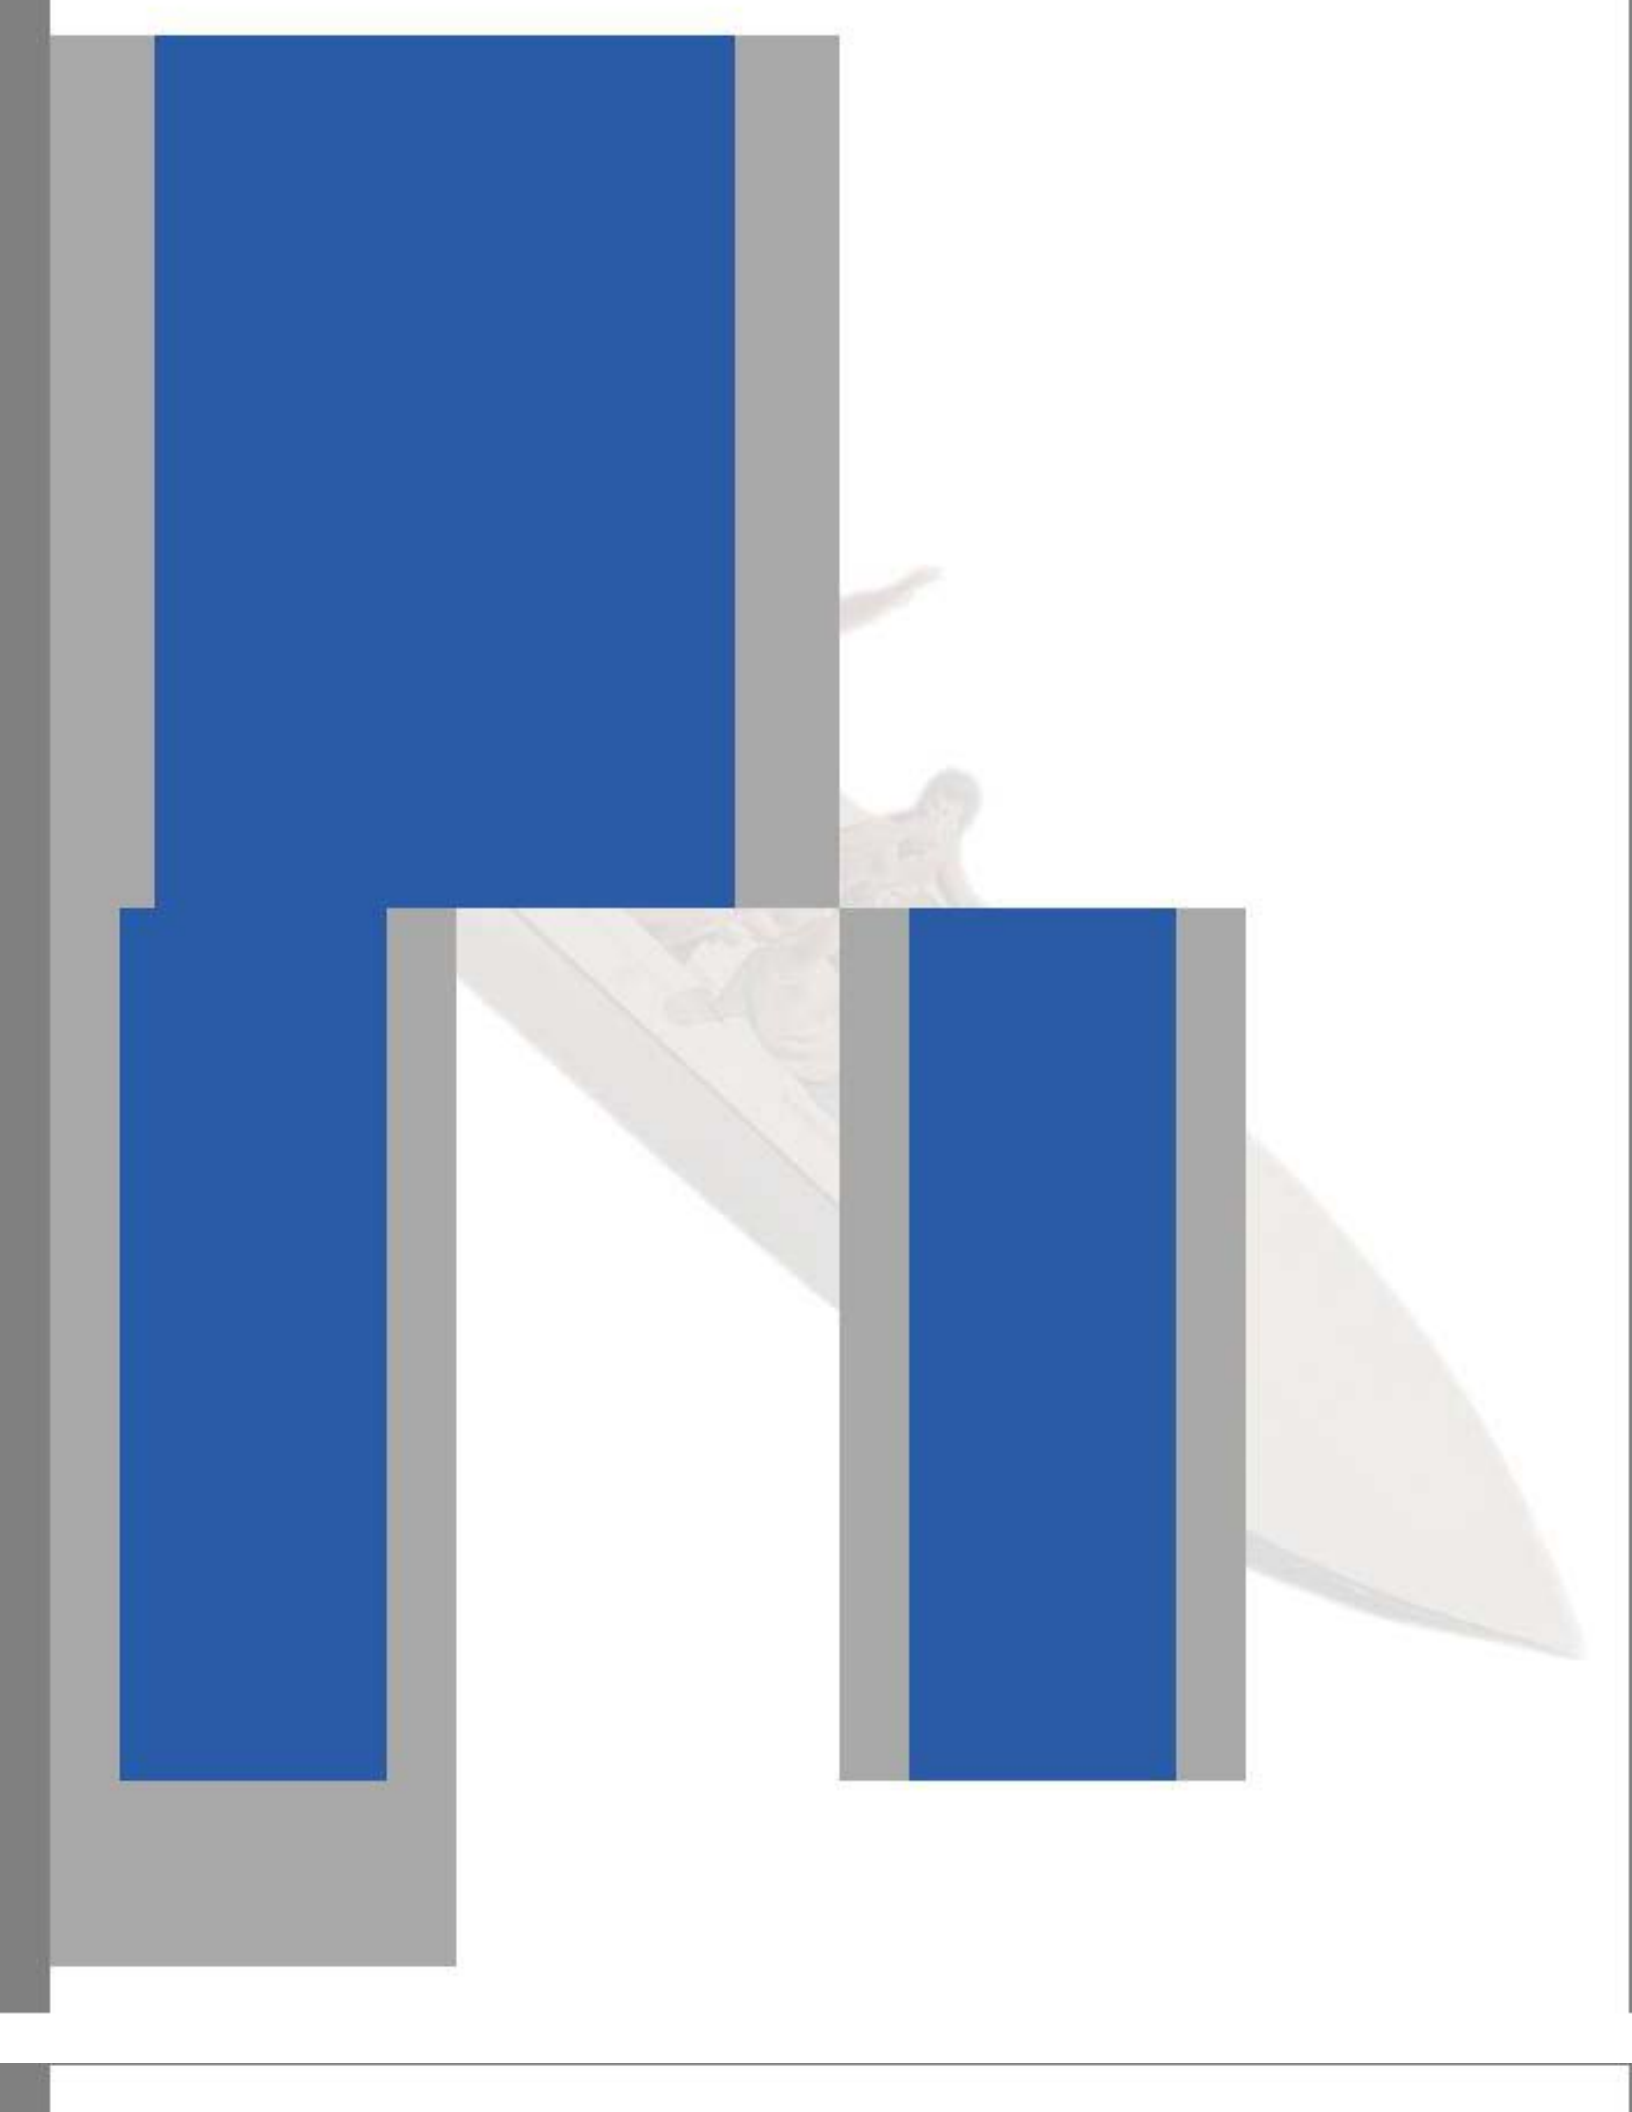

**Breather Tubes**

Stainless steel breather tubes accept 5/8" hose. Sold individually.

**GF-2700 90 Degree**

**GF-2702 Straight**

**GF-2600**

#### Ultra H2O Drive Showers

New Dana Marine Ultra H2O drive showers are constructed like no other in the marine industry. Unlike our competitors, our new euro top design features direct water routing to the top of the drive cap. The rear bolting flange eliminates all fasteners from the top of the shower. The new radius flow hydro designed water pickup develops up to 30 lbs. of water pressure. That's 10 lbs more than our competition! Dana Marine uses a full flow -10 AN (1/2" I.D.) water line, not -8 AN (3/8" I.D.) like our competition. Easy mounting, no drilling templates needed.

**DS-001 Bravo 1, 2, X, XZ, XR**

**DS-002 Bravo ITS**

**DS-003 Bravo 3**

## Outdrive Performance

#### DW-015

##### Drive Wedge

Cast aluminum drive wedges are designed to give your Bravo or Alpha outdrive more down trim movement. This wedge installs between the transom and the gimbel housing. 1" thick at the top and 1/4" thick at the bottom. Available in powdercoated finishes.

DW-015

#### Add Some Color To Your Drive...

fast and easy to install, get rid of the stock black plastic end caps.

#### Dana Marine Drive Shower Pickups...

are positioned behind the propeller to get a cleaner flow of water. Typical water pickups are positioned above the prop where they can cause cavitation and they often receive a disturbed water flow.

#### Cylinder End Caps

Dress up your outdrive with DMP's new stainless steel end caps for Bravo and Alpha drives. Kit includes 4 caps.

**CEC-1000 Kit**

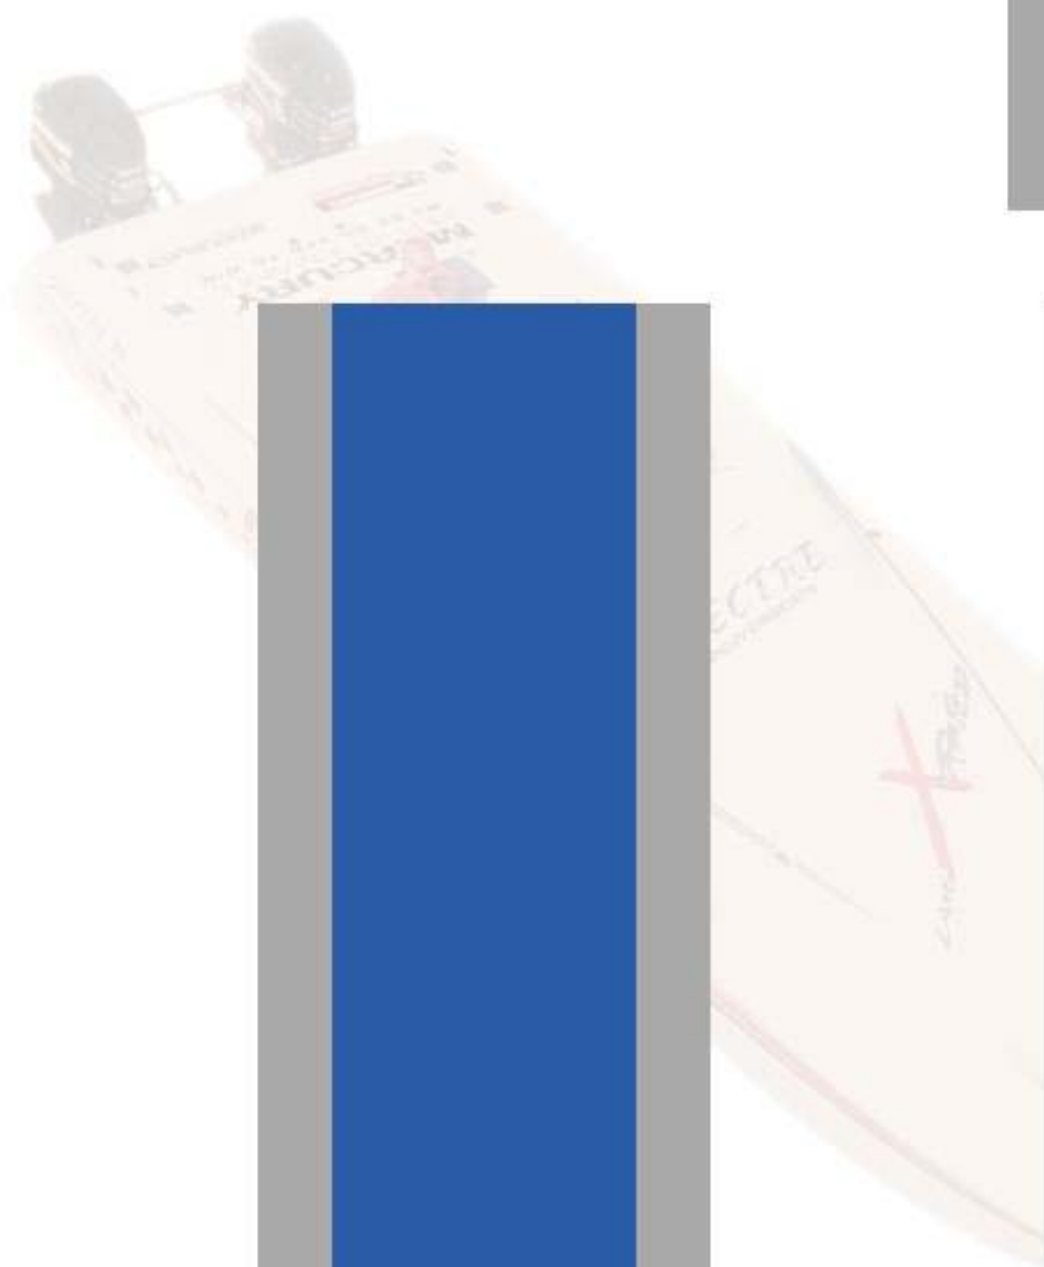

**CEC-1001 Cap Only (ea)**

(951) 279-5005

Adding a drive shower can drop your outdrive's oil temperature up to forty degrees. When you're running at high speeds the outdrive is up and out of the water. Extended periods of mid to high RPM running will create excessive heat in the outdrive. A drive shower will drastically reduce outdrive temperature and help prolong your outdrive's life.

CC-300617

### CC-300617 Inboard Steering Connection Kit

This kit is designed to attach steering cables to transoms or stringers. The kit includes a steering tube, mounting brackets, and a swivel ball.

CC-302123

### CC-302123 Merc I/O Cable Connection Kit

### Cable Clamps And Shims CC-001 33C Stainless CC-31532 43C Plated Steel

### Quick Release Ball Joints CC-002 10/32X10/32 SS CC-003 10/32X1/4-28 Plated

CC-004

### CC-004 Berkeley Reverse Connection Kit

Connection kit for a stock Berkeley JC or JG pump. Includes two slip nuts, pivot pin, nyliner bearings, and a safety clip.

### Female Rod Ends Stainless Steel Construction CC-005 10/32 CC-006 1/4-28

CC-36174

### CC-36174 Cable Clip 33C

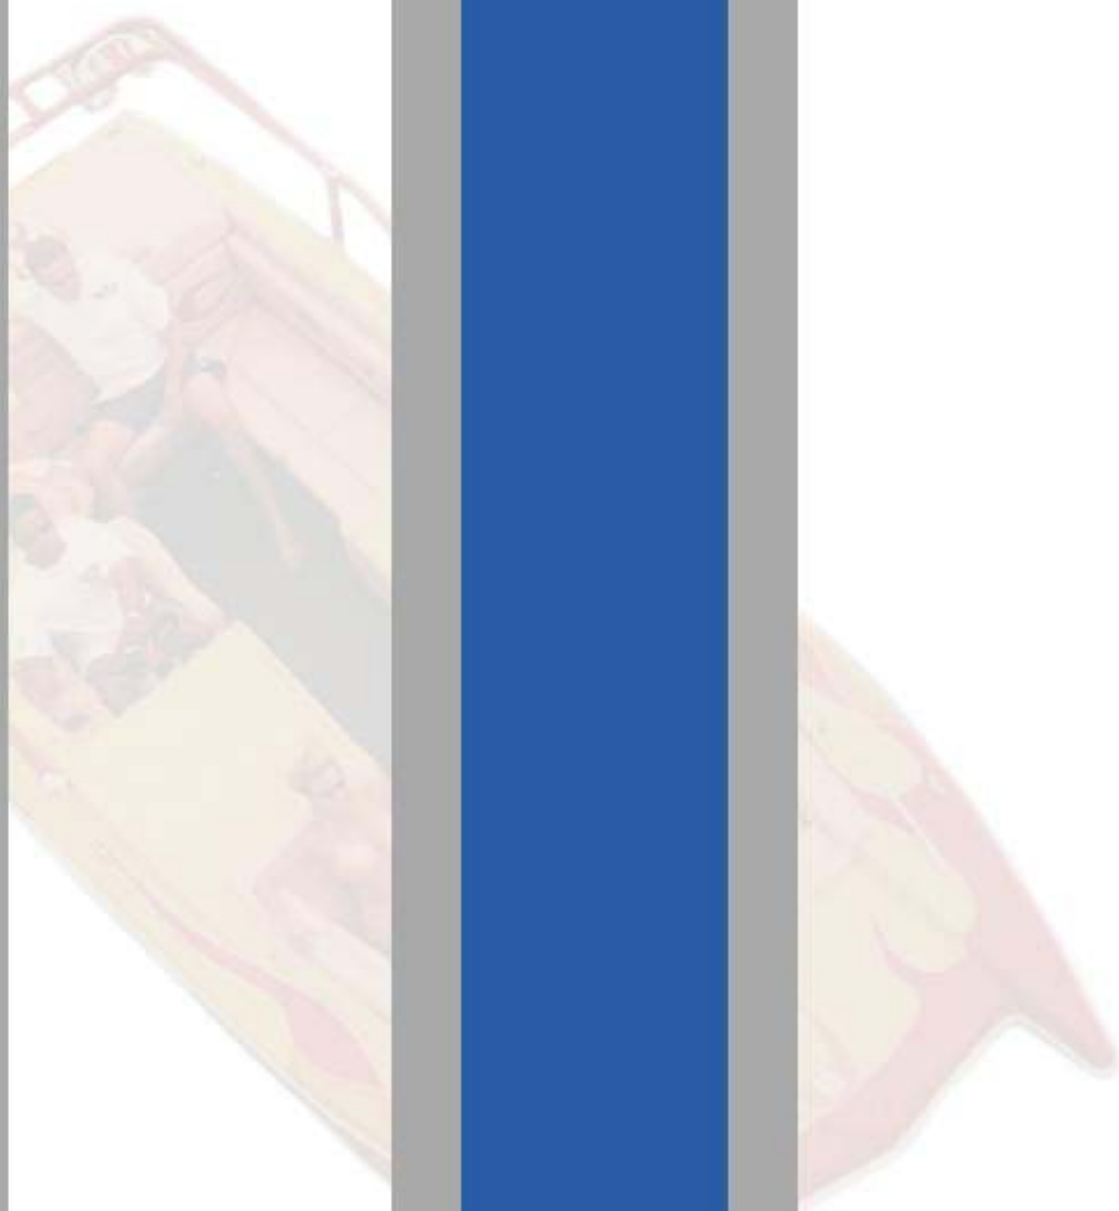

Stainless steel cable clips can be used to anchor a 33C style cable in several different applications. Commonly used on carburetor brackets.

### Male Rod Ends Plated Steel CC-007 10/32 RH CC-008 10/32 LH

### Cable Pivots Brass pivots with 1/4" pins CP-31029 33C 10/32" CP-31537 43C 1/4-28

**CS-002**  
**33C Cable Seal 45 degree**

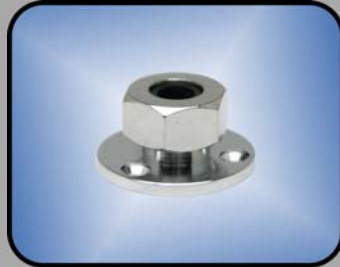

CS-002

**CS-001**  
**33C Cable Seal Straight SS**  
Polished stainless steel, o-ringed  
cable seal.

CS-001

**CS-004**  
**33C Cable Seal Straight Brass**  
Chrome plated brass cable seal  
for 33C type cables.

**45 Degree Cable Seals Are Commonly Used...**  
for exiting 33C cables through the transom when installing mechanical trim indicators.

**CS-007**  
**E Pump Cable Bellow**  
Rubber cable bellow used on Berkeley JE and JF jet drives. This bellow works with steering and forward/reverse cables.

CS-007

**CS-003**  
**Cable Seal 43 Series**  
Transom mount stainless steel cable seal for 43C & 43BC cables.

**(951) 279-5005**

DMP stocks a full line of hard to find ignition tune up kits. We sell quality names such as Mallory, MSD, and Sierra. DMP also stocks a full line of high performance MSD Ignition.

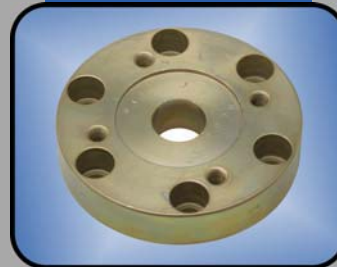

DPL-1000

**DPL-1000****Drive Plate Standard Duty**

This drive plate can be used on engines up to 450 HP. It has a universal bolt pattern to work on several flywheel applications.

**1350 Driveline Adapters**

Includes Mounting Bolts

**PTO-251 Chevy Flexplate**

**PTO-253 Chevy Flywheel**

**PTO-255 460 Ford**

**PTO-257 455 Olds**

**PTO-259 Late SB Chevy Flexplate**

**PTO-261 Late SB Chevy Flywheel**

**1310 Driveline Adapters**

Includes Mounting Bolts

**PTO-250 Chevy Flexplate**

**PTO-252 Chevy Flywheel**

**PTO-254 460 Ford**

**PTO-256 455 Olds**

**PTO-258 Late SB Chevy Flexplate**

**PTO-260 Late SB Chevy Flywheel**

**Adapter Measurements**

1310 flanges use a 3/8"-24 bolt with a 2" X 2 3/8" bolt pattern.

1350 flanges use a 7/16"-20 bolt with a 2 3/8" X 2 7/8" bolt pattern.

## Oil Removal

OIL-17215

**OIL-17215****Jabsco Oil Drill Pump**

This unit includes a drill pump, 40" outlet hose, and a 36" probe hose for dipstick oil removal. Requires a 1/4" or larger drill chuck.

**Oil Drain Kits**

Dana Marine oil drain kits feature a 36" drain hose and a banjo style oil pan plug. This allows for easy installation and you can aim the drain hose which ever direction you want.

**OIL-505 1/2-20 Kit**

**OIL-510 12MM Kit**

OIL-500

**OIL-500****Electric Oil Change Pump**

12 volt electric oil change pumps will extract oil through the dip stick or an oil drain hose assembly. The kit includes a variety of withdraw tubes and clip on battery connections.

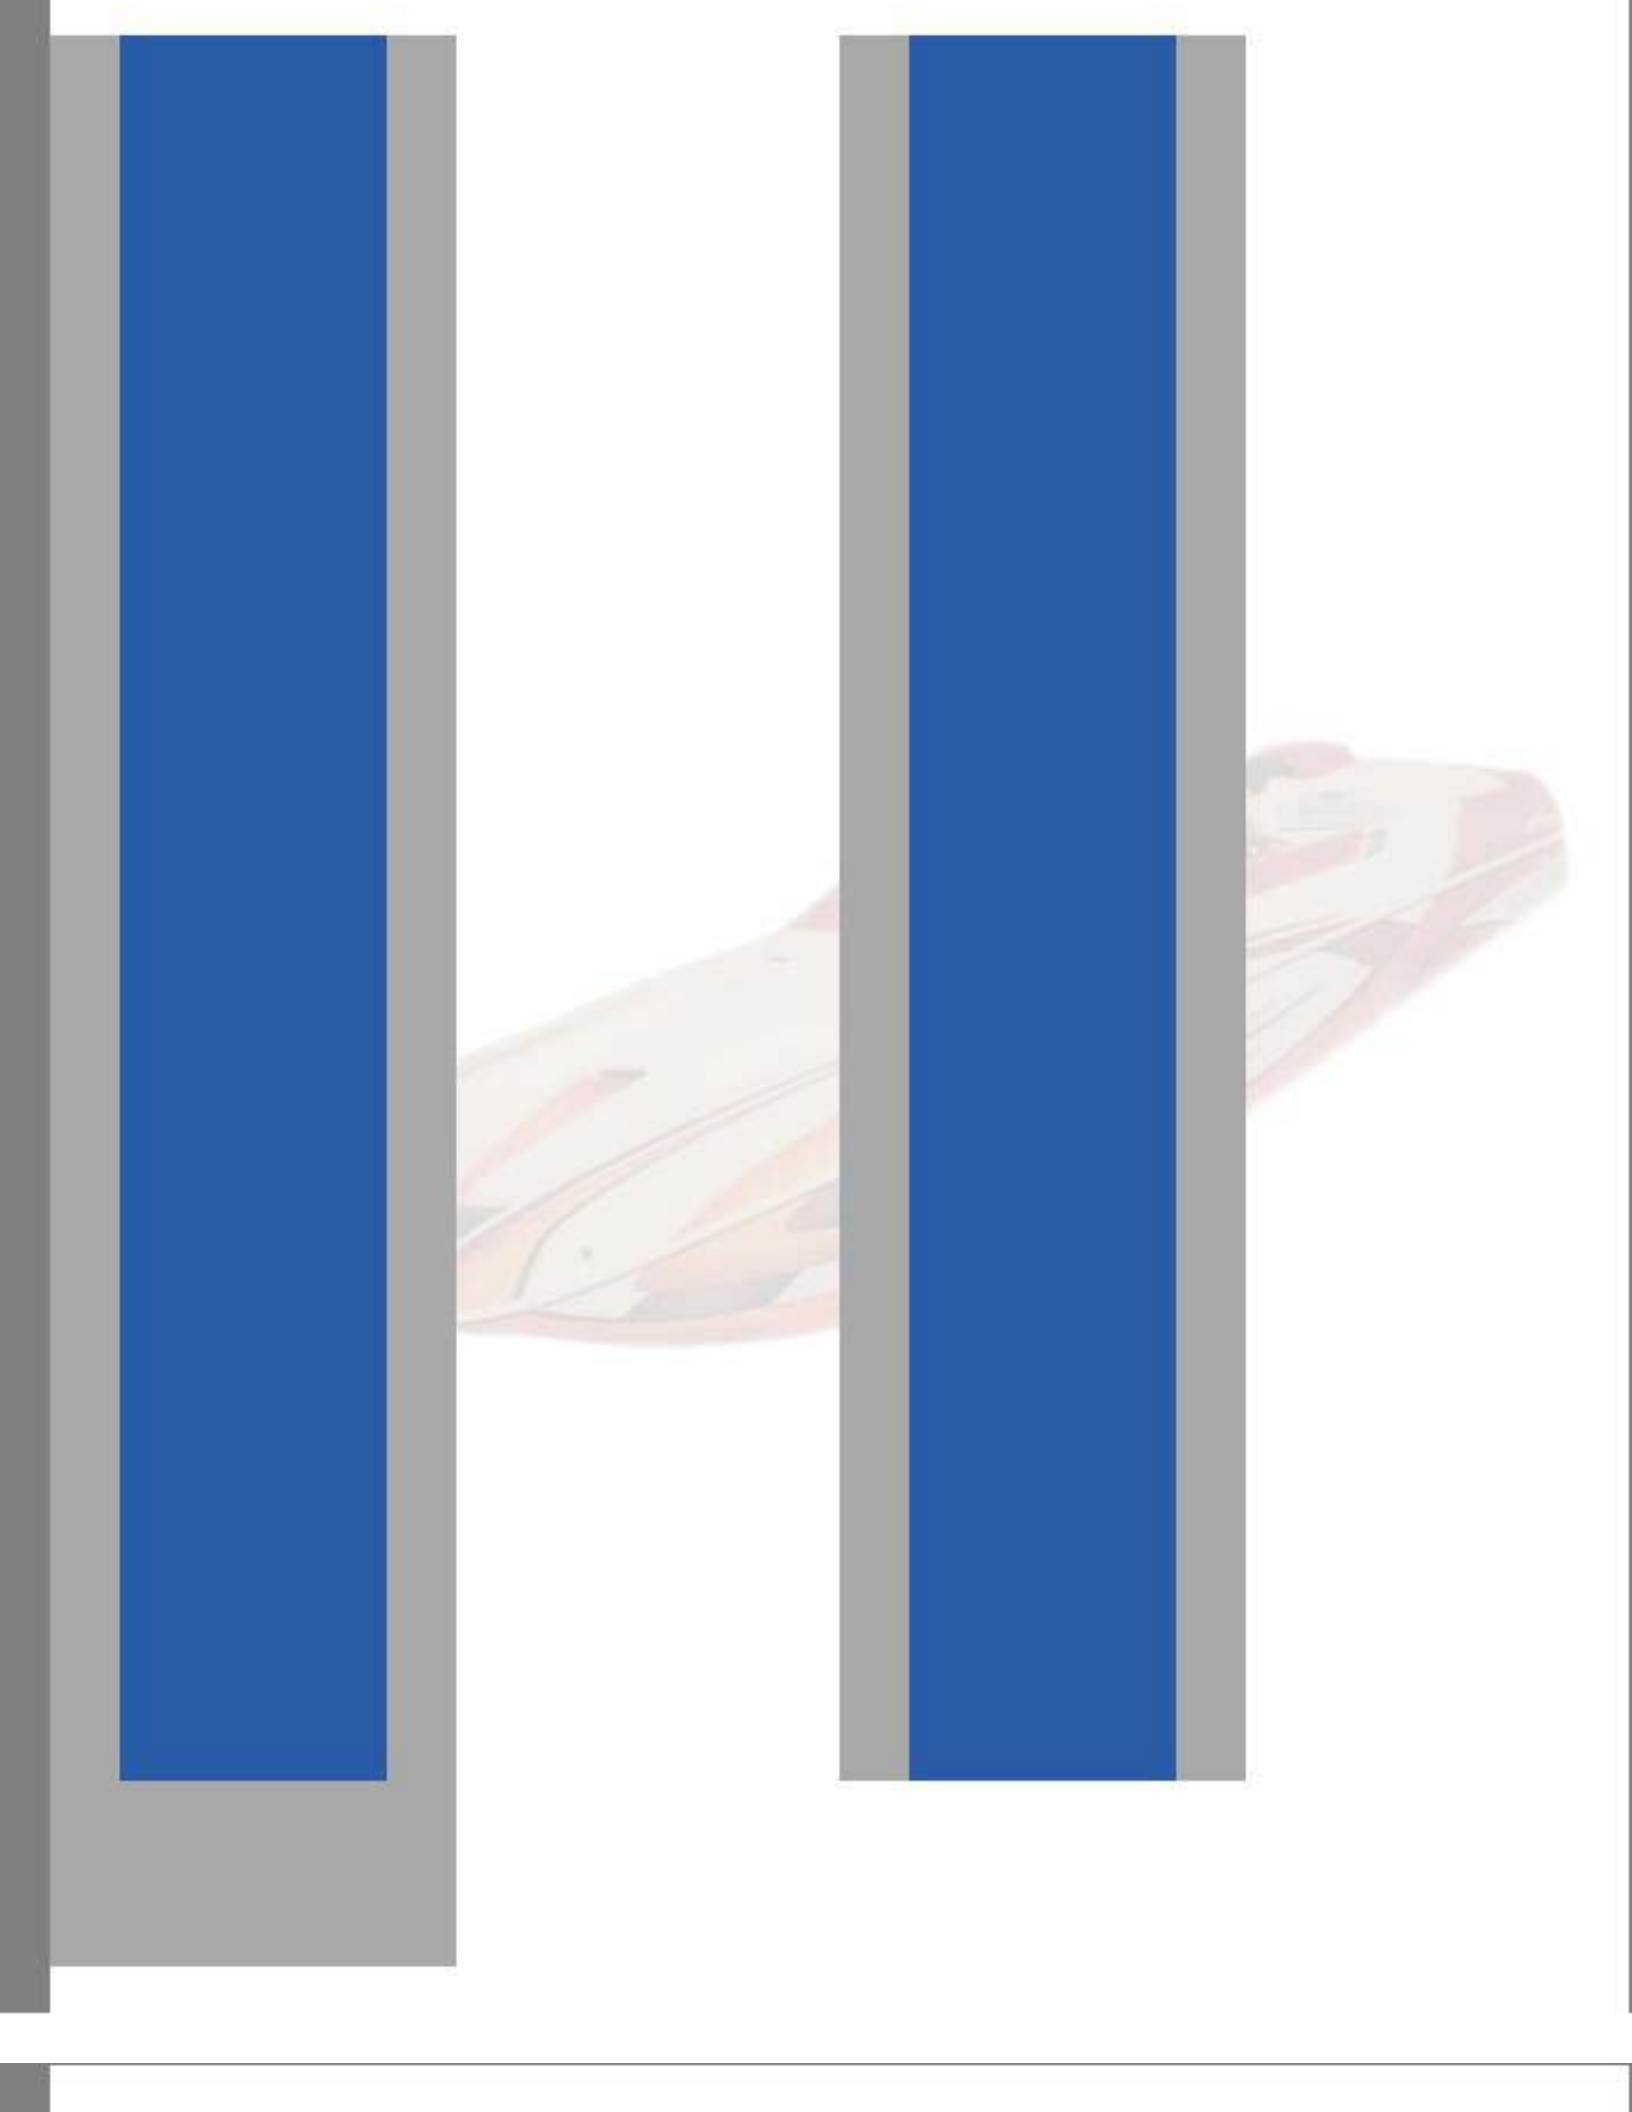

**DMP Oil Drain Kits...**

feature a swivel head banjo fitting. Unlike other oil drain kits, you can position this hose outlet in any direction. This feature makes installation much easier.

(951) 279-5005

Installing a DMP oil drain kit will help simplify the frustrating job of removing engine oil. With a drain hose permanently attached to your oil pan, you can push the hose through the transom and empty the oil into a bucket. To proceed faster, use one of our oil pumps to extract the oil through the drain hose. Changing your oil has never been so easy. Performing this operation out of the boat can potentially save a big mess inside of your engine compartment.

## GSKT-2009

### 455 Oldsmobile

High performance intake gasket with silicone bead.

GSKT-2009

GSKT-1011

**(951) 279-5005**

All DMP exhaust gaskets are designed for constant high temperature and thermally stressed applications. Constructed from a metal reinforced composite and graphite coated for maximum performance.

**Rear Motor Mounts**

Polished cast aluminum rear motor mounts are commonly used in jet boats and v-drives. Includes two stringer mounting feet and a bolt kit.

**MM-9140 BB and SB Chevy**

**MM-9150 455 Olds**

**MM-9170 429-460 Ford**

**Front Motor Mounts**

Polished cast aluminum front motor mounts are commonly used in jet boats and v-drives. Includes two stringer mounting feet and a bolt kit.

**MM-8970 BB Chevy**

**MM-1292 SB Chevy**

**MM-8980 455 Olds**

**MM-9000 429-460 Ford**

**Borg Warner Jet Adapters**

Six bolt aluminum flange to adapt Borg Warner style bellhousings to jet drive bearing caps. Commonly found on 3 point mounting systems.

**MM-100 Short - 3 3/4"**

**MM-101 Long - 5 1/2"**

**MM-9180**

**Motor Mount Feet (pr)**

**MM-0038****MM-0038**

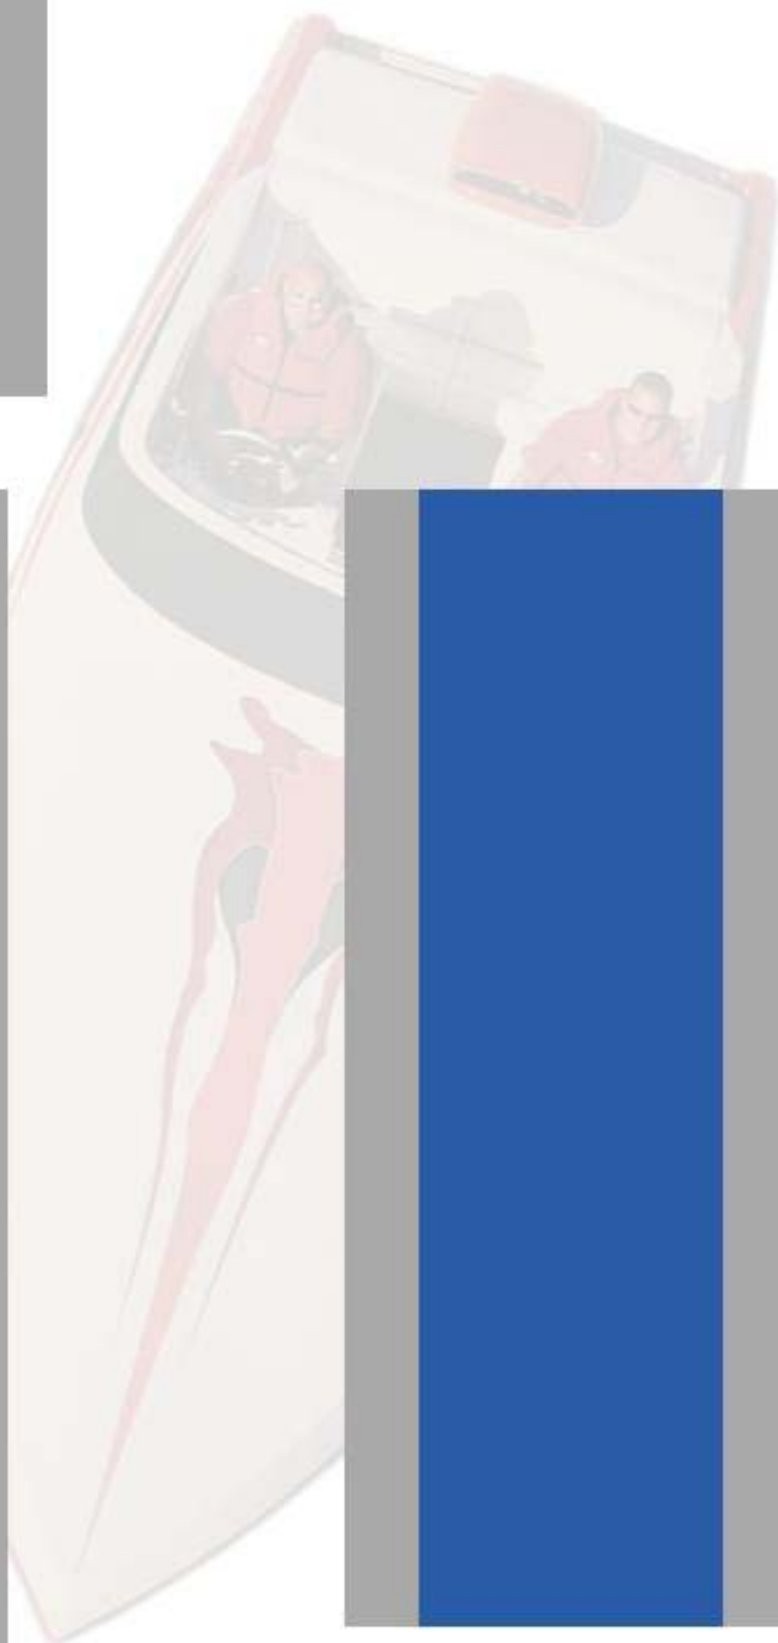

**Stringer Mount Kit for Mercruiser Offshore Mounts**

This kit consists of 4 stringer mount angles and 2 compression plates. These billet parts are available in polished, powdercoated, and anodized finishes.

**MM-1641****MM-1641**

**Top Mount Starter Bellhousing Chevy**

Polished cast aluminum rear bellhousing for BB and SB Chevrolet. This bellhousing can be used with the six bolt jet adapters or Borg Warner transmissions. It accepts a 2 bolt Delco style top mount starter.

### Motor Mount Angles

1/2" machined aluminum angles are pre-drilled for installation. Available in all finishes.

**MM-0015** 4" X 4"

**MM-0036** 3" X 6"

**MM-0020** 4" X 6"

**MM-0235** 8" X 8"

### ERK-250

#### Chevrolet Rail Kit

Billet universal rail kit for BB Chevrolet engines.

Includes (2) 2" X 2" X 1/4" X 36" long rails, (2) 1/4" X 2" X 36" stringer supports, (4) mount blocks, flywheel cover, front and rear motor mounts. Works with jet boat and V-drive applications.

ERK-250

### Stringer Rails And Support Plates

Billet aluminum, available in polished, powdercoated, and anodized finishes. Sold in pairs.

**ERK-255** Angles - 2" X 2" X 1/4" X 36"L

**ERK-260** Plates - 2"W X 36"L X 1/4"Thick

**MM-0040** Plates - 5"W X 42"L X 1/4"Thick

### ERK-265

Rail Mounting Blocks (ea)

ERK-265

### Don't Forget To Order Stringer Washers

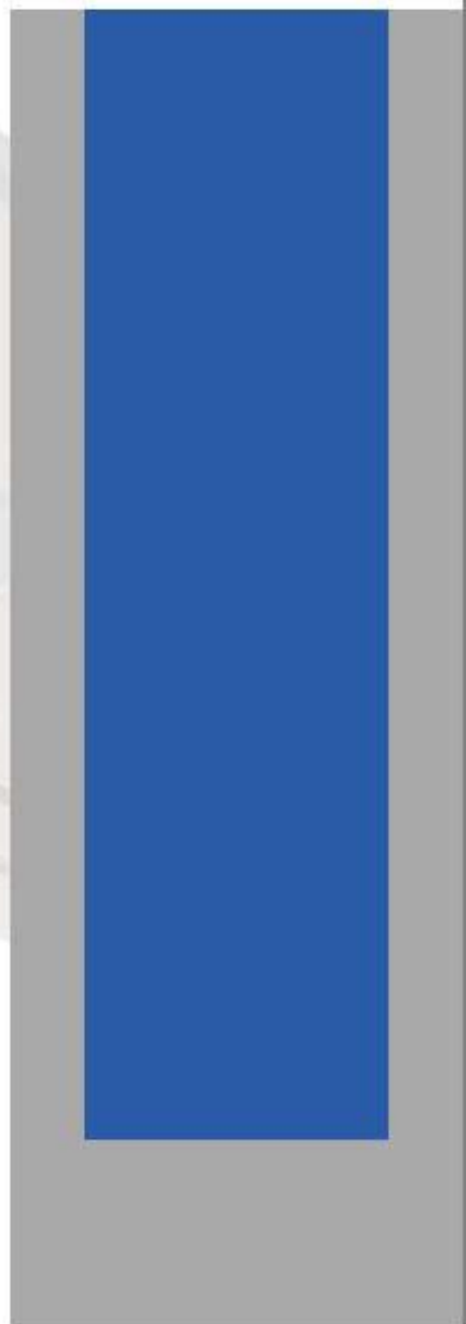

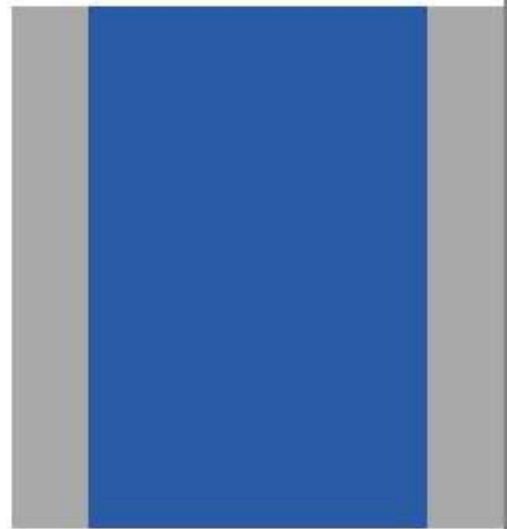

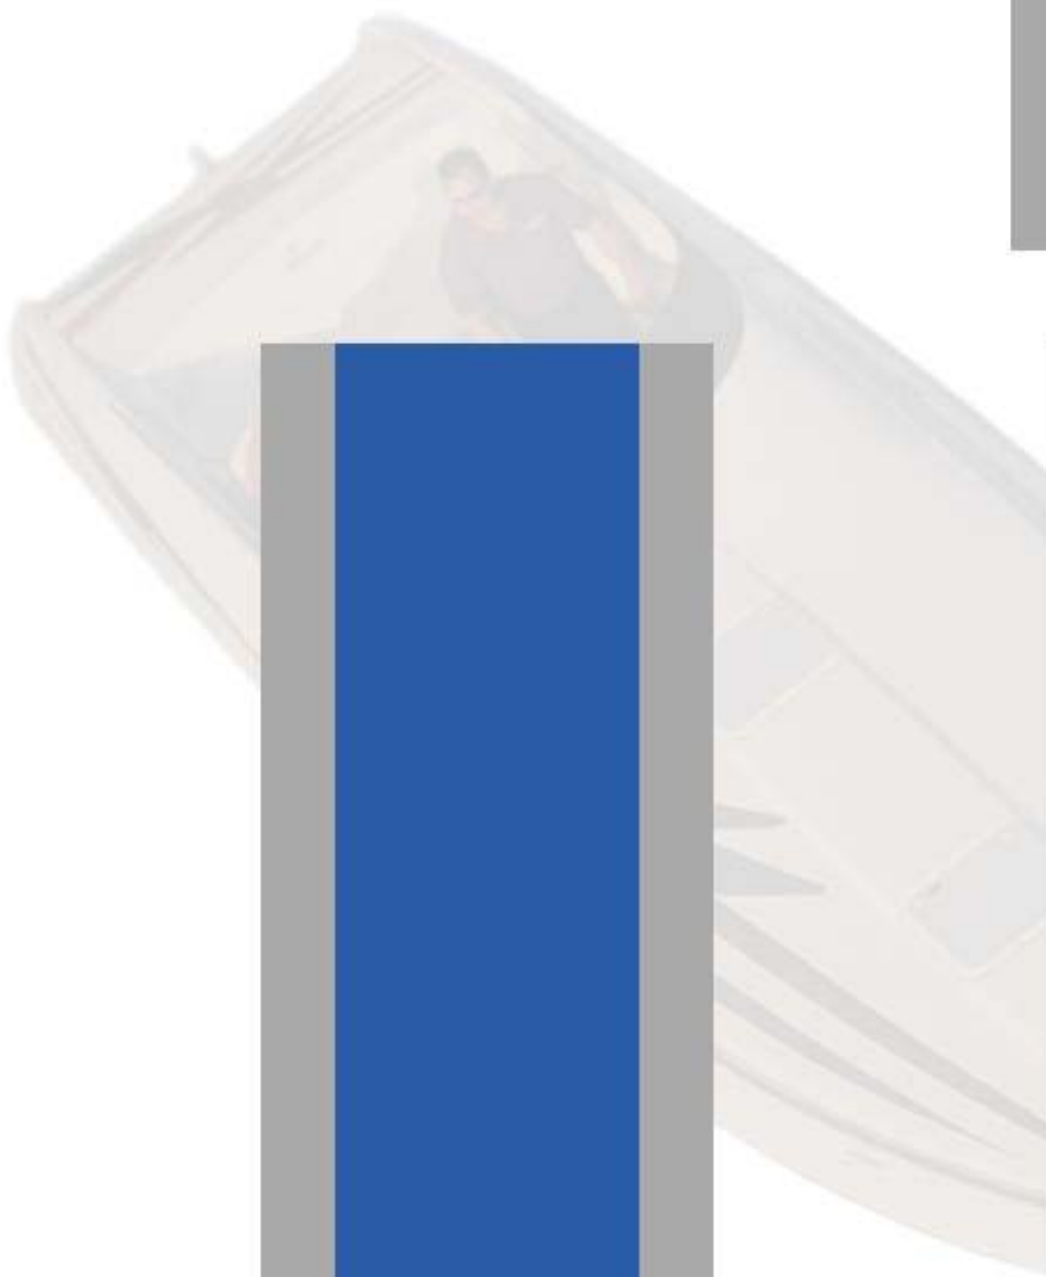

Aluminum washers will add strength to all bolts passing through the stringers. Available in all of the latest colors.

(951) 279-5005

When ordering cast aluminum motor mounts don't forget to order the necessary hardware to bolt the stringer feet to your stringers. Check out our stainless bolt section along with our billet aluminum stringer washers.

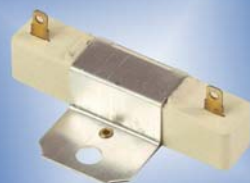

MSD-8464

**MSD-8464****Advance Kit**

MSD advance kit for all MSD distributors. Includes an assortment of springs and limit bushings.

MSD-8214

**MSD-8214****Ballast Resistor**

0.8 ohm resistor for points ignition systems.

MSD-8213

**MSD-8213****Coil Bracket**

Universal coil bracket for coils up to 2.250 diameter.

MSD-84661

**MSD-84661****Replacement Magnetic Pickup**

MSD pickup assembly for all MSD distributors.

MSD-8564

**MSD-8564****Distributor Cap Marine Socket Style**

Replacement distributor cap for MSD Marine Pro Billet distributors. Replaces early model distributor caps that have female socket style plug connections. Uses rotor part #8467.

MSD-8565

**MSD-8565****Distributor Cap Marine HEI Style**

Replacement distributor cap for late model MSD Marine Pro Billet and Ready to Run distributors. Accepts HEI style plug wires. Uses rotor part #8467.

MSD-8467

**MSD-8467****Racing Rotor**

Rotor for MSD marine Pro Billet and Ready to Run distributors.

MSD-8823

**MSD-8823****Vibration Mounts**

Rubber vibration mounts for MSD products. Sold in a pack of four.

### MSD Pro Billet Distributors

MSD Ignition is the leader in performance ignition technology. All MSD marine components are UL and Coast Guard approved. Whether you have a jet boat, v-drive, sport boat, or an offshore raceboat, MSD ignition will greatly improve the performance and driveability of your boat. Ignition boxes and coils sold separately.

**MSD-8560 Chevrolet**

**MSD-8562 Chevrolet Adjustable Collar**

**MSD-85806 429-460 Ford**

### Ready To Run Distributors

UL and USCG marine approved distributors. No MSD ignition box required. Works with any 12V coil. Get reliable MSD performance at a reasonable price.

**MSD-83606 Chevrolet**

**MSD-83506 460 Ford**

**MSD-85296 455 Olds**

### MSD Pro Ignition Kits w/ Rev Limiter

This Pro Marine MSD ignition kit includes a distributor, 6460 Ignition Control, 8222 High Vibration Coil, 8768 Soft Touch Rev Limiter, and a custom set of MSD tailored 8MM plug wires.

**MSD-1002 Chevrolet**

**MSD-1003 429-460 Ford**

### MSD Pro Ignition Kits

Pro Marine MSD ignition kits include a distributor, 6460 Ignition Control, 8222 High Vibration coil, and a set of custom tailored 8MM MSD plug wires.

**MSD-1000 Chevrolet**

**MSD-1001 429-460 Ford**

### MSD Ready To Run Ignition Kits

Ready to Run kits include a distributor, High Vibration Coil, and a set of custom tailored 8MM MSD plug wires. No ignition box needed.

**MSD-1004 Chevrolet**

**MSD-1005 429-460 Ford**

**MSD-1006 455 Olds**

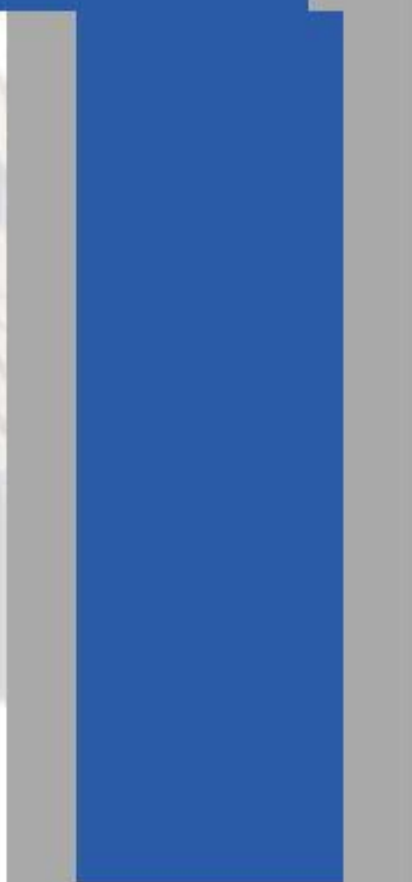

**(851) 279-5005**

For your convenience we've compiled a list of the popular marine engine firing orders.

**Chevrolet 1-8-4-3-6-5-7-2 - Clockwise rotation**

**460 Ford 1-5-4-2-6-3-7-8 - Counter clockwise rotation**

**455 Olds 1-8-4-3-6-5-7-2 - Counter clockwise rotation**

MSD-8768

MSD-5468

**MSD-8768****Marine Rev Limiter - MSD**

Soft Touch marine approved rev limiters are for MSD ignition systems only. This unit plugs directly into a MSD 6460 ignition box. It is supplied with a 4,000, 6,000, and 8,000 RPM module.

**MSD-5468****Marine Rev Limiter - Universal**

This rev limiter is for any ignition system not using MSD. The RPM limit is adjustable with a variable turn switch. The operating RPM ranges are 3,000 through 8,000 RPM.

**MSD Module Kits**

Fits MSD 8768 rev controls. Kits include (5) modules. Example: a 5000 kit includes a 5000, 5200, 5400, 5600, and a 5800 RPM module.

**MSD-87456 5000 Kit**

**MSD-87466 6000 Kit**

**MSD-87476 7000 Kit**

**MSD-87486 8000 Kit**

**MSD-8200****Blaster 2 Coil - Chrome**

Chrome Blaster 2 coils are a 12 volt coil that will work with most ignition systems. This unit includes a ballast resistor.

**MSD-8202****Blaster 2 Coil - Red**

Red Blaster 2 coils are a 12 volt coil that will work with most ignition systems. This unit does not include a ballast resistor.

MSD-8207

MSD-8222

MSD-8226

**MSD-8207****Blaster SS Coil**

The Blaster SS coil is compact and easy to adapt to any MSD ignition systems. It includes brass terminals and rubber vibration mounts.

**MSD-8222****Blaster High Vibration Coil**

Harsh applications such as a marine environment require a High Vibration Blaster coil. This 12V unit is internally potted to help prevent failure from vibration. This coil does not include a ballast resistor.

**MSD-8226****Blaster Coil GM**

Blaster coil for GM dual connector applications. Commonly found on jet drive engine packages.

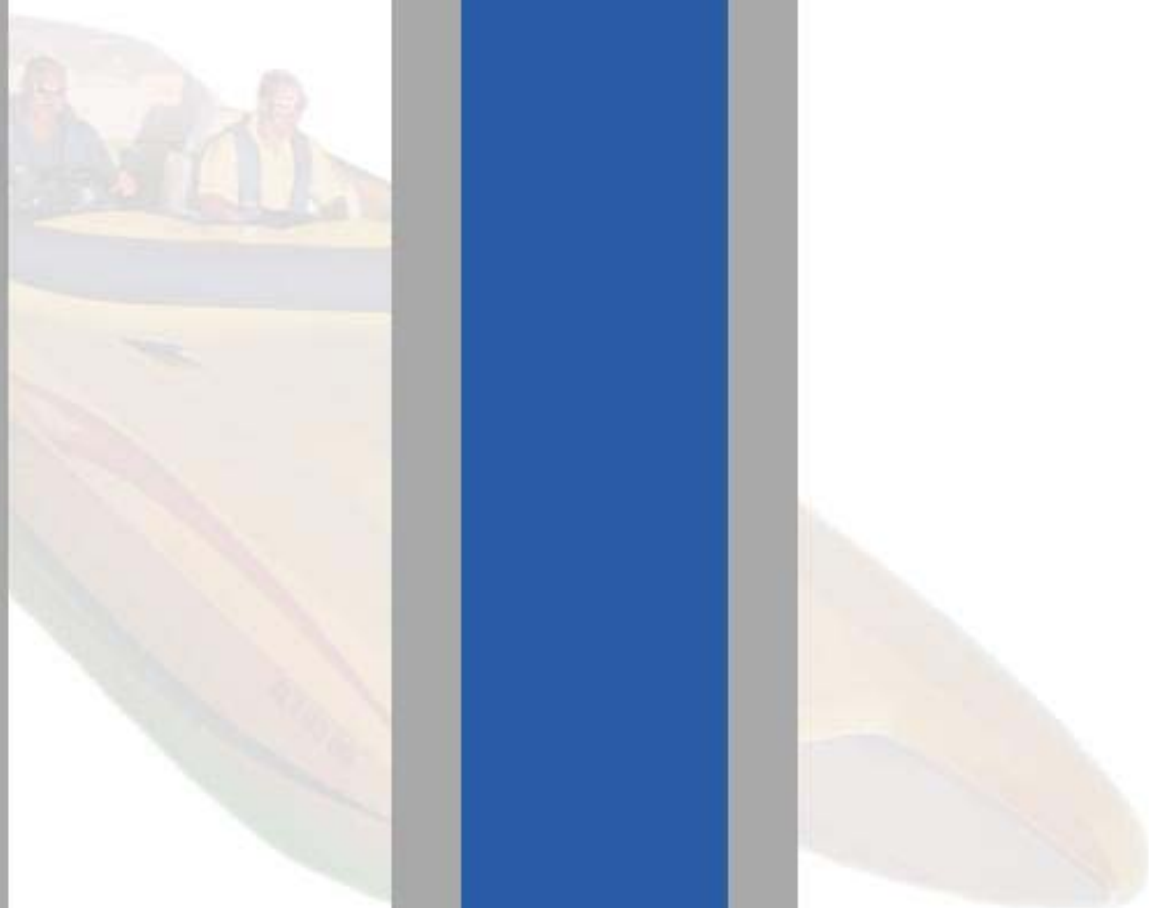

MSD-8200

MSD-8202

#### Plug Wires - Socket Style

Custom tailored MSD plug wires for standard female socket distributor caps. These wires are pre-cut and crimped with 90 degree boots for under the exhaust installations.

**MSD-3149 8MM Blue**  
**MSD-31499 8.5MM Red**

#### Plug Wires - HEI Style

Custom tailored MSD plug wires for HEI male end distributor caps. These wires are pre-cut and crimped with 90 degree boots for under the exhaust installations.

**MSD-3148 8MM Blue**  
**MSD-31489 8.5MM Red**

#### IGN-501

##### Billet MSD Transom Mounting Plate

Accepts MSD's 6460 Marine Box and either a standard 8200 series coil or an 8207 Blaster SS Coil. 13 3/4" L X 6" W. Available in polished, powdercoated, and anodized finishes.

#### IGN-503

##### Billet Coil Bracket - Universal

Billet aluminum coil bracket for MSD 8200 series coils. Single 7/16" mounting hole for universal mounting. Available in polished, powdercoated, and anodized finishes.

IGN-503

#### IGN-504

##### MSD Standard Mounting Bracket

Billet aluminum mounting plate for MSD 6460, 6560, and Mallory 6865M ignition boxes. Bolts to the right or left hand side of a BB Chevrolet head. Fits on the front or the back of the engine.

IGN-504

#### IGN-505

##### MSD Deluxe Mounting Bracket

Billet aluminum mounting plate for MSD 8207 or 8200 series coils and MSD 6460, 6560, or Mallory 6865M ignition boxes. Bolts to the right or left hand side of a BB Chevrolet head. Fits on the front or the back of the engine.

**BOF-005****BOF-005****Billet Oil Filter Head HP1**

Billet oil filter head and mounting bracket for Ford style oil filters. Accepts Fram HP1, Baldwin B253, and Ford PH8A filters. Four female 1/2" NPT ports insure high oil flow without using hard to find fittings.

Available in polished, powdercoated, and anodized finishes. (filter not included)

**BOF-002****BOF-002****Billet Oil Filter Head HP6**

Billet oil filter head and mounting bracket. High flow -12 AN inlets and outlets. Accepts Fram HP6 filters. Available in polished, powdercoated, and anodized finishes. (filter not included)

## Oil Filters

**OIL-HP6****OIL-HP6****Fram HP 6 Racing Filter**

HP 6 Filters feature a 20 GPM flow rate, anti-drainback valves, and a 25 micron filter. Designed for maximum flow and high pressure applications. 4 5/8" Dia. X 6 1/4" Tall.

**Baldwin Racing Oil Filters**

Suggested for use in high pressure racing applications. Features anti-drainback valve technology and a 20 PSI bypass valve. 3 3/4" O.D. X 5 3/4" T.

**OIL-B253 Ford/Chrysler**

**OIL-B279 Chevrolet**

**Fram HP Oil Filters**

HP Filters feature a 10 GPM flow rate, anti-drainback valves, and a 15 micron filter. Designed for high pressure applications. 3 3/4" Dia. X 6" Tall.

**OIL-HP1 Ford/Chrysler**

**OIL-HP2 455 Olds**

**OIL-HP4 Chevrolet**

**Standard Fram Oil Filters**

Fram Pro filters are great for standard marine applications. 3 3/4" Dia. X 5 1/8" T.

**OIL-PH5 Chevrolet**

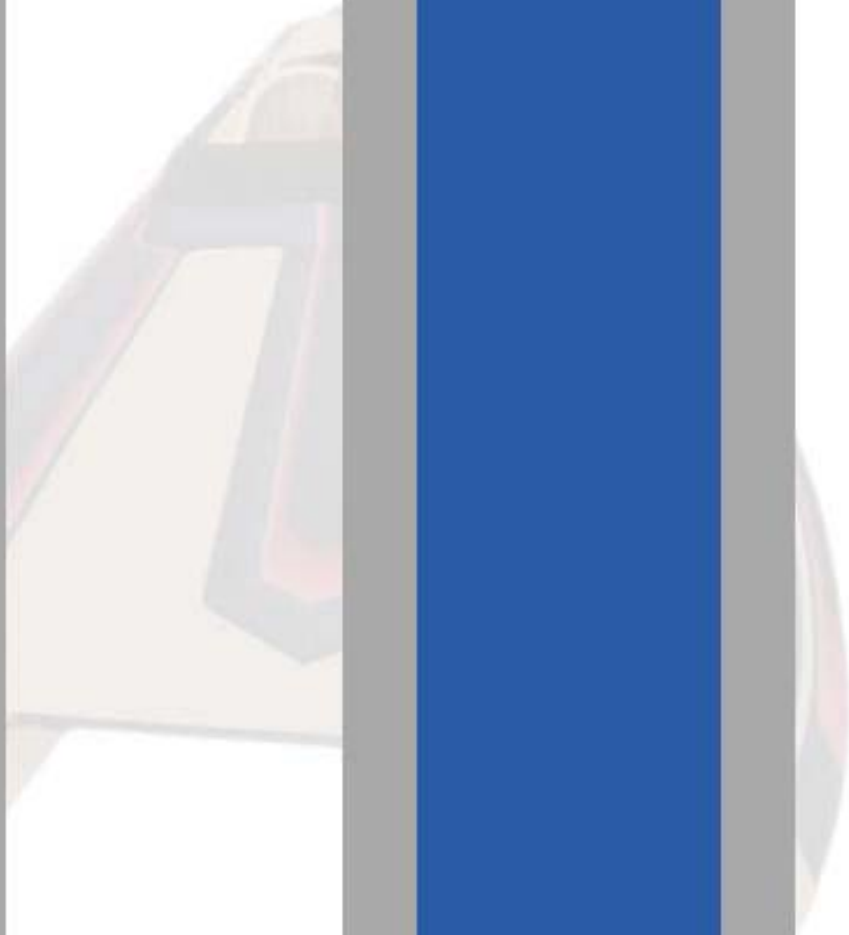

**OIL-PH30 Chevrolet**

**Short (4 1/8")**

**OIL-PH8A Ford/Chrysler**

to your oil pan, you can push the hose through the transom and empty the oil into a bucket. To proceed faster, use one of our oil pumps to extract the oil through the drain hose. Changing your oil has never been so easy. Performing this operation out of the boat can potentially save a big mess inside of your engine compartment.

#### WP-1000

##### Magnaflow Water Pump

Magnaflow pumps are a cam driven high volume water pump. They are chrome plated brass with (2) 1/2" NPT outlets and (1) 3/4" NPT or 1 1/4" slip on inlet.

WP-1000

#### WP-1001

##### Magnaflow Replacement Impeller

Impeller service kit for 1" Magnaflow. Includes two orings and the impeller.

WP-1001

#### WP-250

##### Jabsco Mercruiser Replacement Seawater Pump

Mercruiser replacement seawater pumps are all brass construction. Features 1 1/4" slip on hose connections with a rear removable cap. A one piece center housing allows easy and fast impeller replacement. Pulley not included.

#### Circulating Water Pumps

New marine water pumps - Not remanufactured. Early model motors have stamped steel timing chain covers. Late model motors have composite timing chain covers.

**WP-255 Late Model 454-502**

**WP-260 Early Model 454**

**WP-265 Late Model SB Chevy**

**WP-270 Early Model SB Chevy**

#### Neovane Replacement Impellers

Small Neovane - V-505, V-755, H500, and V-750. Identify this pump by the small eight screws that hold the cover plate on. Large Neovane - V-105. Identify this pump by the two screws that hold the cover plate on.

**WP-1018 Small Kit**

**WP-1017 Large Kit**

#### Cam Drives

**CMD-100 Chevrolet Standard**

**CMD-101 Late Model**

**Chevrolet w/ Factory Roller Cam**

#### Water Pump Service Kit Early Bravo

This kit includes a replacement impeller, bolts, backing plates, and gaskets.

**WPK-3309 Service Kit**

**WPK-3087 Impeller Only**

(951) 279-5005

DMP stocks all popular water pumps and service kits. Water pump impellers should be changed every season. Even if the boat doesn't get used much. The impellers dry out from sitting and become brittle. If you lose impeller blades through the cooling system it can be a major job to fish all of the rubber out of the system. Not to mention potentially getting stuck out in open water with an overheated engine.

WPK-3150

**WPK-3150  
Water Pump Service Kit Late  
Bravo**

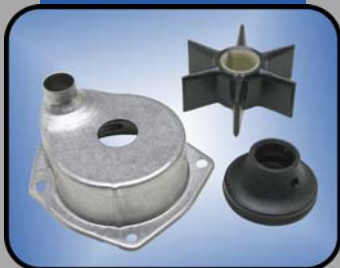

This kit includes an impeller, o-rings, bolts, backing plate, and a one piece Bravo housing.

WPK-3517

**WPK-3517  
Impeller Service Kit Alpha 1**

This kit includes an impeller and all the necessary components to replace your water pump impeller.

WPK-3147

**WPK-3147  
Impeller Service Kit Alpha Gen  
2**

This kit includes an impeller and all the necessary components to replace your water pump impeller.

TCC-8750

**TCC-8750  
Timing Chain Cover SB Chevy**

**Timing Chain Covers BB  
Chevy**

Polished aluminum covers accept a 4 bolt cam driven water pump. They include a front crank seal, bolt kit, and a cam drive.

**TCC-9350 MRK 4 BBC**  
**TCC-9360 Gen 5 BBC**  
**TCC-9370 Gen 6 BBC**

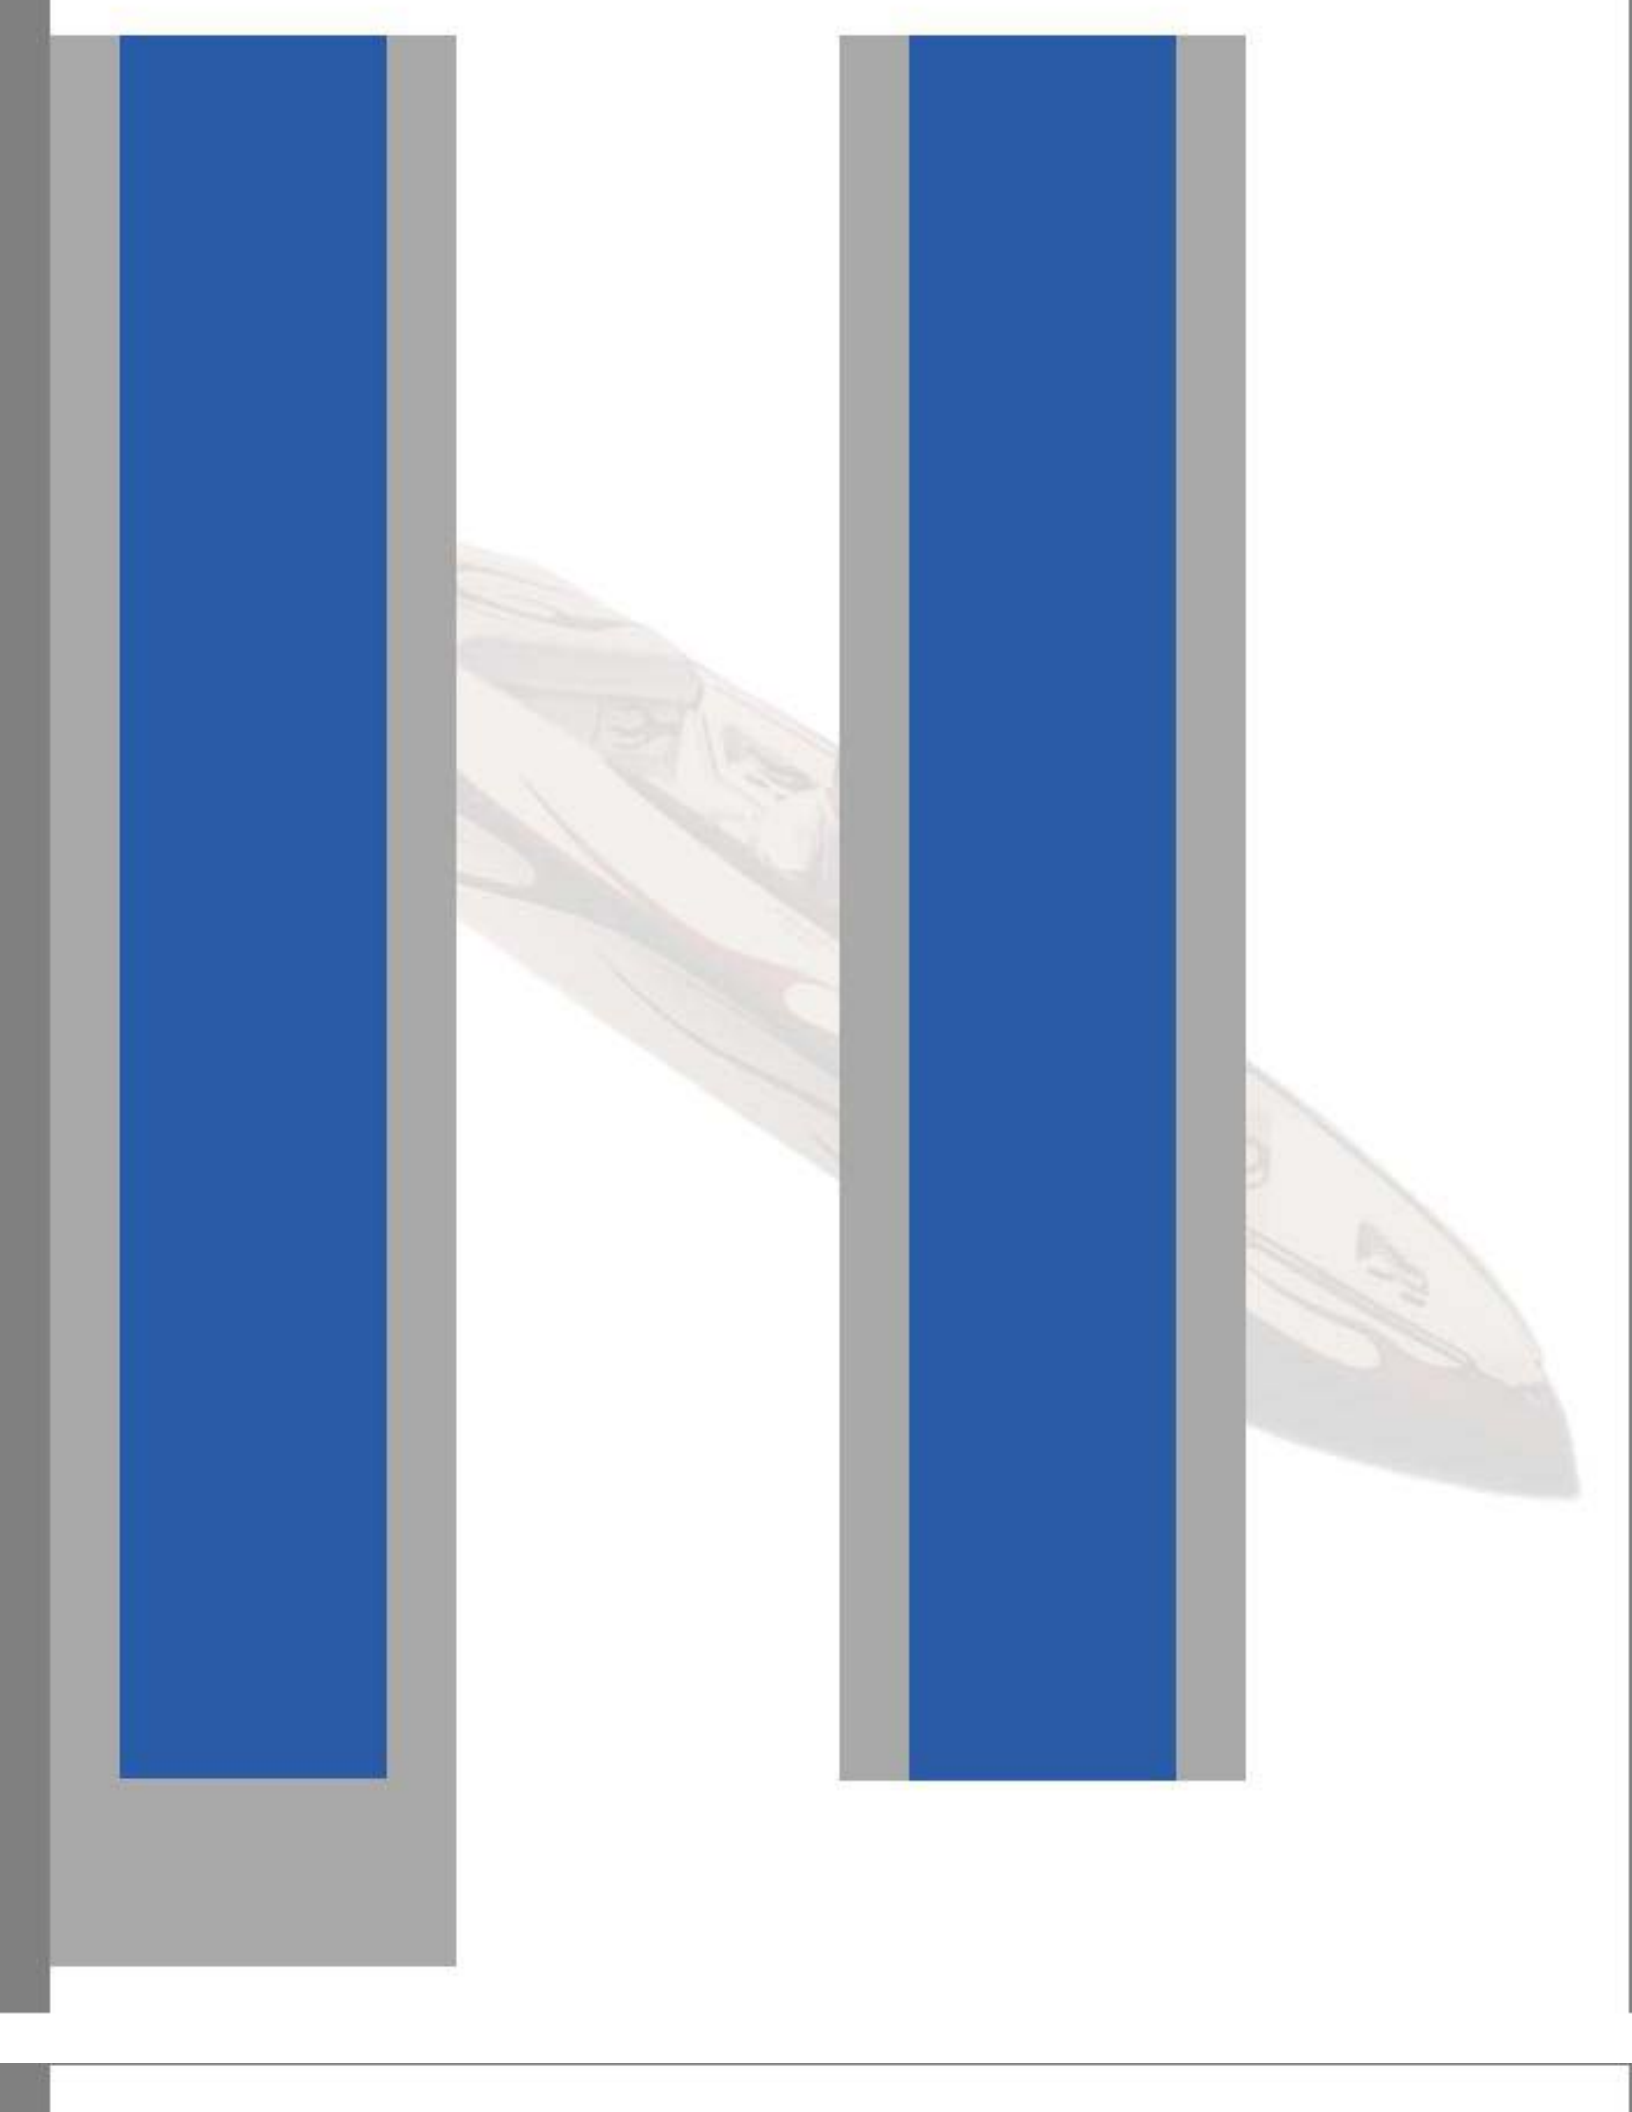

**Timing Chain Cover Gaskets**  
Gasket w/ front balance seal.

**GSKT-4006 BB Chevy**  
**GSKT-4007 SB Chevy**

GSKT-4005

**GSKT-4005  
Water Pump Gasket**  
Fits BB Chevrolet engines.
